\*EPA estimated 24 city/29 highway mpg with 2.3L DOHC I4 and manual transmission.

With up to 6,000 lbs. of pull, a surefooted stance and enough power to tackle your toughest workload, it's a compact pickup – that doesn't act like one.

Ranger isn't about to stop acting like the biggest truck around. The 4x2 Regular Cab can tow up to 6,000 lbs.\* with the available 4.0L SOHC V6 engine. And with 4x4 engagement on the FX4 models, traction is optimized for almost any terrain you need to conquer. We're talking standard premium shocks, two front hooks, two skid plates, all-terrain tires and more. Hello mountain.

\*When properly equipped

Kick back in this truck's comfortable cab. And crank it up. Ranger offers the optional Wheels & Tunes Package – with a 510-watt Audiophile Sound System, AM/FM stereo/in-dash 6-disc CD player with MP3 capability, multichannel amplifier, 6x8" coaxial speakers, 10" bass subwoofer and amplifier enclosure box (rear-floor-mounted). Not to mention 16" 5-spoke machined aluminum wheels. Hot sound inside and good looks outside. It's the perfect combination.
