

2012 TRANSIT CONNECT

Thank you for your interest in the new 2012 Transit Connect. Included in this brochure you'll find information about:

ENGINEERING: You need a commercial van for your growing business, but not a big van with its size and high operating costs. For you there's the compact and fuel-efficient Ford Transit Connect, the van designed to fit your business plan perfectly.

INTERIOR: Transit Connect provides all the practical benefits of a ruggedly built, hard-working van. But you won't feel as if you've been at the wheel of a truck at the end of your workday, thanks to the comfortable ride and car-like interior features.

EXTERIOR: You can maneuver a Transit Connect as easily as a small car. But don't let the appearance of its compact dimensions deceive you. Transit Connect is a truck built to take on whatever big task you give it, commercial or recreational.

TECHNOLOGY: Your Transit Connect can be equipped with features like hands-free calling and a camera displaying an image of what's behind you. It's all about working smarter, to help make your day on the road more convenient and productive.

Dealer Information

EXPERIENCED MY FORD YET? Get an inside look at the benefits of Ford ownership at the My Ford owner web site. It's a one-stop spot for managing important vehicle information – 24/7, whenever you need it. It's free to register for personalized maintenance schedules, incentives and offers, and much more. You can even access your Ford Credit information and online bill payment services. Log on to www.myford.fordvehicles.com to get started.

Equal parts capability and practicality.

The 2012 Ford Transit Connect is half economy and half versatility. Combining the maneuverability and efficiency of a large car with the cargo space and durability of a van, it's quite possibly the perfect commercial vehicle. Transit Connect is Built Ford Tough® with a payload rating of up to 1,600 lbs.² up to 129 cu. ft. of cargo space when properly equipped, and best-in-class fuel economy of 24 combined mpg.¹ It's right-sized and purpose-built to work hard, park easily and go a long way. And it does it all while conveying a professional image for you and your business. Day in and day out. The 2012 Ford Transit Connect.

XLV Van. Frozen White. Ford Custom Graphics by Original Wraps™ Inc.³ Available equipment.

¹Class is Small Cargo Vans. EPA-estimated 21 city/27 hwy/23 combined mpg for Van, 22 city/27 hwy/24 combined mpg for Wagon. ²When properly equipped. Van GVWR is 5,005 lbs. Load rating represents maximum allowable weight of people, cargo and body equipment combined, and is reduced by the weight of the optional equipment. ³Ford Licensed Accessory. Visit fordcommercialgraphics.com to develop your selection. See dealer for additional details. Vehicles throughout this PDF may be shown with optional and aftermarket upfit equipment.

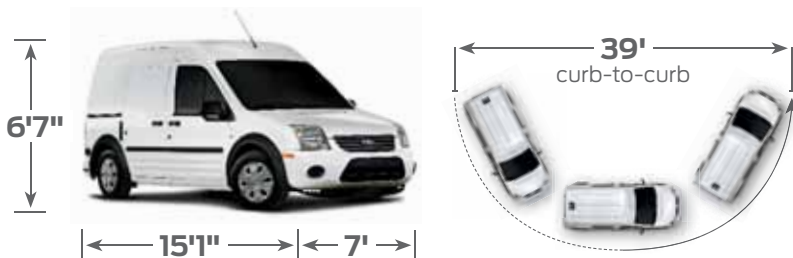

2012 **TRANSIT CONNECT** ford.com

Get in. Get out. Get it done.

With Transit Connect, maneuvering through heavy traffic, parallel parking, and even loading and unloading cargo are no problem. Designed with a low load height (under 2'), it makes getting things in and out as simple as possible. And, at 6'7" tall, it easily negotiates low-clearance areas. But don't let its compact size fool you, it's a truck built to take on whatever you can throw at it. Add in a 39' curb-to-curb turning diameter for working in tight places, and you have everything you need to get the job done, and quickly get on to the next one.

Your warehouse is right behind your seat.

Behind the surprisingly comfortable front seats, you'll find up to 129 cu. ft. of cargo space. You can easily carry items up to 6' long, 4' wide and more than 4' tall. The flat load floor and near-vertical walls help you make the best use of all that space to transport larger loads. And Transit Connect comes with a sliding side door on both the driver and passenger sides, plus swing-out rear doors with 180° or an available 255° hinge angle. Combined with low side and rear load heights, it feels like a warehouse on wheels.

Your new world: order. Transit Connect comes loaded with storage areas. The front overhead storage shelf has a retaining net, perfect for items you need to keep close, and the center console offers twin storage bins to handle receipts, invoices and coins. There's also additional space in the door pockets and a dash-top compartment.

6'8"
with both
side doors open

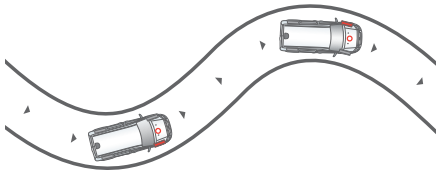

255°

More than tough enough.

Transit Connect proves tough things, not just good things, come in small packages. While compact, Transit Connect is rugged and durable, built with high-strength steel and a reinforced body shell. Designed to withstand hard, on-the-job duty, it's certified to Ford Light Commercial Vehicle Durability Standards, with testing to 150,000 customer-equivalent miles. Transit Connect is engineered for conditions that are tougher than most drivers will ever see, so you can get right to work. No matter how hard the job.

AdvanceTrac® with RSC® (Roll Stability Control™) automatically determines how to apply individual brakes and modify engine power to help keep all 4 wheels firmly planted in uncertain driving conditions! Standard on both Wagons and Vans, the electronic vehicle stability control system measures the roll rate 100 times a second.

XLT Premium Wagon. Winter Blue. Available equipment.

¹Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

2012 **TRANSIT CONNECT** ford.com

Hands control the wheel. Voice controls the rest.

Stay connected to calls and more with SYNC.

No more searching for your phone. No device on your ear. Connect to your world with voice-activated Ford SYNC.^{®1} Once paired, SYNC recognizes your phone and automatically transfers your contacts to support voice calling. Just touch a button on the steering wheel and say "Call Kevin." Personalize your experience at SyncMyRide.com.

Switch songs and playlists.

SYNC allows voice-activated control of your media player, too. Just plug it into the USB port and your entire music collection can be accessed by voice. Ask for your favorite artist or playlist ("Play genre: Country") and SYNC responds in an instant.

XLT Premium Wagon. Gray cloth trim. Available equipment.

¹Available feature. Available late 2011. Requires compatible mobile device. Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. SYNC does not include 911 Assist;[™] Vehicle Health Reports; SYNC Services; Traffic, Directions and Information; or AppLink.

It can easily work even harder.

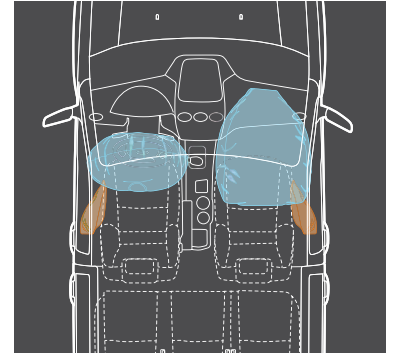

Transit Connect is already a hard worker right from the factory, but it can do even more with custom aftermarket upfits. Durable bulkhead partitions and flexible storage systems make the most of the one thing that sets it apart: versatility. Tailored specifically for you, your Transit Connect will make you even more productive.

1. Leggett & Platt offers: wire, steel and solid bulkheads; Racks & Bins, QuietFlex® and Cargo Management interior packages; drawer storage cabinets; rooftop ladder racks; utility carriers; and window security screens.
2. Dejana offers: Katerack® system of heavy-duty pull-out shelves; standard 6" and 10" shelves; and trade-ready packages for contractors, caterers and florists.
3. Adrian Steel offers: wire, steel and hybrid bulkheads; Base, Intermediate, Full and Premium Interior packages; flexible shelving; cargo dividers; drawer units; and literature holders.
4. Sortimo offers: wire mesh and solid bulkheads (with and without a window); Cargo Management; Multi-Purpose Double Floor; Courier Services and Multi-Rack packages; Tufflex Wall Cladding; L-BOXX set; Sliding Platform; Safety Net and a Mobile Tower.

Your truck. Your way.

There are many ways to make the infinitely versatile Transit Connect your own. From spotter mirrors and a rear view camera to standard air conditioning and much more, the options are available to make your work day easy, secure and efficient.

- Spotter mirror
- Rear view camera¹
- Air conditioning
- Airbag
- Reverse Sensing System¹

¹Available feature.

Create a more meaningful driving experience: Connect with Ford Custom Accessories for authentic personalization possibilities. The cost of select accessories – ordered and paid for at the time you buy or lease your Transit Connect – can be rolled into your monthly payment. And coverage for select accessories falls under the New Vehicle Limited Warranty that way too. See your dealer for details.

XLT Van customized with smoked hood and side window deflectors, molded splash guards, roof-mounted crossbars and Ford Commercial Graphics by Original Wraps™ Inc.†

- All-weather floor mats
- Ladder tilt by THULE®†
- Remote start systems
- Rear window grilles

†Ford Licensed Accessory.

2012 TRANSIT CONNECT ford.com

QUALITY, GREEN, SAFE AND SMART.

ford.com

New Vehicle Limited Warranty. We want your Ford Transit Connect ownership experience to be the best it can be. Under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/50,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion (perforation) coverage – all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty. □ **Roadside Assistance.** Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need towing. Your Ford Dealer can provide complete details on all of these advantages. □ **Ford Credit.** Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at fordcredit.com. □ **Ford Extended Service Plan.** For a purchase or lease, the Ford Extended Service Plan (ESP) gives you "Peace-of-Mind" protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for a Ford ESP, the only service contract backed exclusively by Ford and honored at all Ford Lincoln dealerships. □ **Insurance Services.** Get Ford Motor Company quality in your auto insurance. Our program offers industry-leading benefits and competitive rates. Call 1-877-367-3847, or visit us at fordvip.com for a no-obligation quote. Insurance offered by American Road Services Company (in CA, American Road Insurance Agency), a licensed agency and subsidiary of Ford Motor Company. □ **Genuine Ford Accessories** will be warranted for whichever provides you the greatest benefit: 12 months or 12,000 miles (whichever occurs first), or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty. Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer's warranty. FLA are fully designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for details and/or a copy of all limited warranties.
