COACHBUILDERS

Custom styling by Andrew Theodorou includes lengthening of the Chrysler Imperial body and chassis by nearly three feet, plus installation of a cordova top, complete with small rear opera window and port holes at the sides, providing near-perfect privacy. Upholstered rear-facing conversation seats are also included, as well as silver gray mouton rugs and velvety broadcloth trim. Optional accessories covering the full gamut of convenience are offered to the discerning buyer. Some of these include AM/FM stereo, television receiver, driver intercom, electrically-operated glass partition, rear air conditioning, beverage cabinet, remote radio-operated limousine page, and many others. Andrew Theodorou, of course, stands ready to discuss the inclusion of any accessory within the exceptional capability of his coachworkers.

Custom Styled Interior

A true limousine, with grace and elegance pleasing to the most discerning of tastes, can be yours through the matchless styling of Andrew Theodorou. This motorcar, essentially a Chrysler Imperial sedan, with all of its classic luxury, is customized to exact specifications by coachwork specialists, converting it to the most distinctive automobile to be found on the road. The finished product is the embodiment of everything that prestige motoring can be.
