

SHAPE THE FUTURE.

CHOOSING A MINIVAN THAT OFFERS AN ADVANCED SAFETY AND TECHNOLOGY PACKAGE LIKE NO OTHER VEHICLE IN ITS CLASS" DOESN'T MEAN THAT YOU CAN'T ARRIVE WITH SOME. AFTER ALL. YOU'VE WORKED HARD AND YOUR APPRECIATION FOR THE DETAILS DOESN'T DISAPPEAR WHEN KIDS ARRIVE. THAT'S WHY TOWN & COUNTRY LIMITED IS THE MOST LUXURIOUS MINIVAN IN ITS CLASS." IT'S ALL ABOUT DELIVERING A REFINED DOSE OF SURPRISE IN A PLACE YOU MIGHT NOT EXPECT TO FIND IT. IT'S A BIT OF CRAFTED ATTITUDE THAT'S IMPORTED FROM DETROIT.

COOL AND CUTTING EDGE. YOU'VE JUST CHANGED THE RULES OF THE CARPOOL. There's a reason why Town & Country drivers wear leather gloves. They appreciate the finer things. They also protect hands from the elements outside the vehicle. But mostly, they wear them because this minivan's ride, handling, and sport utility approach beckon driving gloves. With them, you can still work the steering wheel audio and cruise controls. And the standard Uconnect® Hands-Free Voice Command system means things happen just because you say so. Unless you want to feel the soft Nappa leather and smooth real wood trim or the warmth of Limited's standard heated steering wheel — you always have that option.

IT'S PRECISELY WHAT YOU'D EXPECT FROM A PREMIUM LUXURY VEHICLE. From the hue of burl to the simplicity of a soft-touch surface, Town & Country delivers the rarest blend of both purpose and pampering. The fact that it offers over 30 exclusive and best-in-class claims may not surprise you either.

THE MOST INNOVATIVE MINIVAN IN ITS CLASS."

EVERY DETAIL IS DESIGNED WITH PURPOSE

Town & Country Limited stands as the most luxurious minivan⁽¹⁾ with standard features such as Nappa leather-trimmed seating throughout the cabin, a class-exclusive heated steering wheel,⁽¹⁾ eight-way power driver and front-passenger seats, heated front and second-row seats, seating for seven, and available luxury second-row seats — most of which are also available on Touring and Touring-L. The 2012 Town & Country offers an available class-exclusive⁽¹⁾ Super Console which features a large driver-accessible storage area, and another large storage drawer is accessible by both first- and second-row passengers. Both areas can be covered with a sliding door to keep travel items out of sight. Two power outlets, perfect for charging media devices, are within easy reach of the driver. The console's four cup holders include two cup holders that can hold 12-oz cans or 1-liter bottles. The standard Three-Zone Automatic Temperature Control (ATC) system keeps everyone comfortable via its electronic thermostats. The push of a button activates the available class-exclusive⁽¹⁾ heated steering wheel.

TOWN & COUNTRY HAS THE MOST CONCEALED STORAGE SPACE IN ITS CLASS. ⁽¹⁾ Constructed with the most Quiet Steel[®] of any minivan in its class.⁽¹⁾ the exclusive Stow 'n Go[®] seating offers a best-in-class⁽¹⁾ storage system, a class-exclusive tailgate seating option.⁽¹⁾ and available class-exclusive one-touch power-folding third-row seats.⁽²⁾ for more possibilities than ever.

TOWN & COUNTRY IS THE ONLY PREMIUM MINIVAN WITH STANDARD POWER SLIDING DOORS AND POWER LIFTGATE."

THE MOST INNOVATIVE SEATING AND STORAGE IN ITS CLASS.

Luxury need not come at the expense of practicality. With all seats stowed, the Town & Country yields a flat cargo floor and 144.2 cubic feet of storage for easy loading without ever having to remove a seat. When the seats are in their upright position, in-floor bins store a multitude of items from laptops and purses to toys, backpacks, sleeping bags, and shopping bags. The available premium Super Console provides power outlets, cup holders, covered storage, and more to both first- and second-row passengers. The 2012 Town & Country also includes the class-exclusive⁽¹⁾ Stow 'n Place[™] roof-rack system, with the convenience of crossbars that attach to the side rails when not in use.

KEYLESS ENTER 'N GO. The personalized key fob enables passive vehicle entry. With the fob in a pocket or purse, doors automatically unlock as you approach the vehicle. This available system allows quick access without fumbling for the key.

EXCLUSIVE STANDARD DUAL POWER SLIDING DOORS.⁽¹⁾ With the push of a button, in cabin or on key fob, the dual sliding doors effortlessly open. These power doors detect obstacles in their path to automatically halt their motion and reverse.⁽²⁾

CHILD PROTECTION REAR DOOR LOCKS. A small lever on the front edge of the sliding door disables the rear doors' inside release handles.

REMOTE KEYLESS ENTRY. The power sliding doors and power liftgate allow you to slide open rear doors and open the liftgate, all with the touch of just a couple of buttons on the key fob, overhead console, or inside the cabin.

SECURITY ALARM. This system monitors the door-ajar switches as well as the ignition circuit for unauthorized entry. The lights flash and the horn sounds, alerting you if someone else is trying to enter your vehicle.

POWER ADJUSTABLE PEDALS. Adjustable brake and accelerator pedals allow you to customize the position, enabling the driver to maintain a comfortable distance from the steering wheel. The memory function on Limited customizes each key fob's position setting. POWER LIFTGATE WITH OBSTACLE DETECTION.⁽²⁾ Like the sliding doors, the power liftgate detects most obstacles in its path and will automatically stop and reverse.

DOOR ALERT. This selectable feature automatically flashes signal lights, indicating which sliding door is open.

EXCLUSIVE STOW 'N GO.®(1)

ONE MOTION. The simple fold-and-stow system allows the head restraint to fold down automatically for easier operation and reveals what makes Town & Country legendary: exclusive Stow 'n Go seating with in-floor storage bins and fold-in-floor second- and third-row seats. When the seats are in their upright position, in-floor bins are available to accommodate carry-ons.

THIRD-ROW POWER SEATS.

EXCLUSIVE ONE-TOUCH POWER-FOLDING THIRD-ROW SEATS. With the touch of a button the available class-exclusive one-touch powerfolding third-row 60/40 split-bench seat⁽¹⁾ folds directly into the floor. This feature also includes obstacle detection⁽²⁾ to automatically pause if something is detected within the seat's path of motion.

CANCE

From components to cabin appointments, this is a vehicle that's been thoroughly thought out. The Pentastar® engine boasts durability-enhancing features, like an advanced oil filter system that features an incinerable filter element. The engine is also Flex Fuel capable, allowing the option of using either gasoline or ethanol (E85) fuel. Town & Country's overall ride is further enhanced by suspension tuning and an easy-to-operate shifter. It's the only minivan in its class⁽⁰⁾ with the Fuel Economizer feature that alters transmission shift patterns to help improve real-world fuel efficiency. The integrated instrument panel includes a large vehicle information screen with a unified look to include touches of chrome around the climate controls, shifter, and gauge cluster rings. The gauges are also positioned for easier viewing and the steering wheel houses cruise and audio controls.

CALM AND COLLECTED ARE STANDARD FEATURES IN EVERY TOWN & COUNTRY DRIVER. When you're clad in spandex and late for pilates, you'll know why it matters to have a minivan this powerful, thanks to the most advanced engine produced by Chrysler Group LLC. The standard 3.6L Pentastar® V6 engine with Variable Valve Timing (VVT) delivers best-in-class 283 horsepower,⁽¹⁾ yet efficiently provides an EPA estimated 17 city/25 highway mpg. It applies some of the most advanced automotive engine technology available today for an exceptional blend of high torque, fuel efficiency, low emissions, and first-rate noise, vibration, and harshness control.

TOWN & COUNTRY IS THE ONLY MINIVAN IN ITS CLASS⁽¹⁾ TO OFFER REAR CROSS-PATH DETECTION.⁽³⁾ Difficultto-view side-vehicle zones are monitored by the radar technology of the available BLIND SPOT MONITORING (BSM),⁽⁴⁾ which alerts you to possible proximity danger as you drive. While traveling in forward gears, the driver will see an illuminated icon appear in the sideview mirror or hear an audible warning sound (if activated) when another vehicle is approaching alongside. BSM is included as part of the available SafetyTecTM Package and includes the class-exclusive⁽¹⁾ Rear Cross-Path Detection,⁽³⁾ which alerts the driver to most approaching low-speed vehicles when backing out of parking spots and activates any time the vehicle is in Reverse.

FORTY-TWO AVAILABLE ACTIVE AND PASSIVE SAFETY AND TECHNOLOGY FEATURES AND OUR CARE FOR FUTURE GENERATIONS MEET YOUR SECURITY STANDARD.

This comprehensive list includes the exclusive⁽¹⁾ available SafetyTec[™] Package. It bundles some of the most technologically advanced safety and security features offered among the over 40 ways it helps protect what matters most. Because you and your passengers are all unique, it makes sense that your Town & Country is in a class by itself. We call it SafetyTec. You'll call it peace of mind.

SUPPLEMENTAL SIDE-CURTAIN AIR BAGS.⁽⁵⁾ These air bags extend protection to all outboard front- and rear-seat passengers, including third-row outboard passengers. Upon side impact, the system deploys the specific side air bag and curtain required for occupant protection.

ADVANCED MULTISTAGE FRONT AIR BAGS.⁽⁵⁾ This feature regulates the amount of force necessary for the front occupants by impact severity, including low-risk deployment.

FRONT-SEAT MOUNTED SIDE AIR BAGS.⁽⁵⁾ Additional air bags are integrated into the front seats, so no matter where the seats are positioned, the air bags deploy consistently with driver and front-passenger seat positions.

TIRE PRESSURE MONITORING SYSTEM. Individual tire-pressure amounts are displayed in the instrument cluster and alert the driver to tires with high or low pressure.

CONSTANT FORCE RETRACTORS. Seat belt retractors sense vehicle impact and immediately apply pressure to the seat belt to properly position the occupant before the full load of impact is imparted. It then reduces the seat belt load in order to moderate forces during the impact event.

DRIVER'S INFLATABLE KNEE-BLOCKER.⁽⁵⁾ This separate air bag located in the lower instrument panel is designed to help position the driver properly for the front air bag.

ACTIVE FRONT-ROW HEAD RESTRAINTS.⁽⁶⁾ In the event of a rear-end collision, these restraints automatically move forward and upward to decrease the space between the head restraint and the occupant's head.

ENHANCED ACCIDENT RESPONSE SYSTEM (EARS). This system makes it easier for emergency personnel to see and reach occupants in the event of an accident by turning on interior lighting, flashing hazard lamps, and unlocking doors after air bag deployment. It also shuts off the flow of fuel to the engine. SMARTBEAMTM HEADLAMPS* / FRONT- AND SECOND-ROW HEIGHT-ADJUSTABLE SEAT SYSTEM⁽³⁾* / PARKVIEW® REAR BACK-UP CAMERA⁽³⁾ / PARKSENSE® REAR PARK ASSIST TRACTION CONTROL / ELECTRONIC STABILITY CONTROL⁽⁷⁾ (ESC) / ELECTRONIC LIFTGATE WITH OBSTACLE DETECTION⁽²⁾ / FRONT-PASSENGER KNEE BOLSTER⁽⁵⁾ / PROTECTION / ADVANCED MULTISTAGE AIR BAGS⁽⁵⁾ / FRONT-SEAT MOUNTED SIDE
