IT SPANS NEEDS AND DEMOGRAPHICS AND DUTIES WITH AN EASE LIKE THE GREATEST OF BRIDGES. BUILT AS THE ORIGINAL, IT'S AN ICON OF ADAPABILITY. IT'S A VEHICLE BUILT TO RECOGNIZE THE RESPONSIBILITY OF PROTECTING THOSE IT CARRIES. IT'S A VEHICLE THAT DOESN'T TAKE ITS DUTIES LIGHTLY: AND THAT, IN TURN, ALLOWS THOSE WHO TRUST IT TO DO JUST THAT. THIS IS LUXURY TO BE SHARED. THIS IS INVENTION OF THE HIGHEST ORDER.

THIS IS A LEADER, TRIED, TESTED AND TRUE. CHRYSLER TOWN & COUNTRY..

 \square \square

AS AN AVERAGE FAMILY. Town & Country minivan drivers have hauled THERE'S NO SUC kids, pets, packages, and cargo. They've traveled cross-country and across town, day in and year out. This about their experiences with the Chrysler Town & Country. On real-world roads. In is why we asked them everyday life. This is the test of ownership. The test of abundant safety and security technologies, comfort and convenience features, performance and efficiency, and the legendary Stow in Go® seating and storage system. And this is why Town & Country is still part of America's best-selling family of minivans ever,^{1*} year in and year out.

EVERY DETAIL IS DESIGNED WITH PURPOSE. From the utility of its versatility to the simple luxury of leather seating surfaces, Town & Country delivers the rarest blend of purpose and pampering. It's what you'd expect from a premium luxury vehicle. The fact that it offers over 30 exclusive and best-in-class claims² may not surprise you either.

CUTTING EDGE. The integrated instrument panel includes a large vehicle information screen with a unified look and touches of chrome around the climate controls, shifter, and cluster rings. The gauges are positioned for easy viewing, while the steering wheel houses cruise and audio controls for eyes-on-the-road, hands-on-the-wheel safety and convenience. The standard Uconnect[®] hands-free voice command system means things happen just because you say so. And if you simply want to enjoy the feel of soft leather and smooth real wood trim or the warmth of Limited's standard heated steering wheel – you always have that option.

NOT CUT CORNERS. From components to cabin appointments, this is a vehicle that's been thoroughly thought out. The Pentastar[®] engine boasts durability-enhancing features, like an advanced oil-filter system that features an incinerable filter element. The engine is also Flex Fuel capable, allowing the option of using either gasoline or ethanol (E85) fuel. The easy-to-operate gear shifter is conveniently placed adjacent to the steering wheel for enhanced ergonomics. Town & Country is also the only minivan in its class² with the Fuel Economizer feature that alters transmission shifts to help improve real-world fuel efficiency up to 25 mpg highway.

THE BEST MADE EVEN BETTER WITH BLU-RAY.[™] Let this premium level of entertainment features keep your passengers occupied. The 2013 Town & Country introduces an all-new class-exclusive² Blu-Ray Disc player to the available dual DVD system. With a standard single DVD system, two available nine-inch new VGA high-resolution screens that flip down from the overhead console, two USB ports, all-new HDMI connectivity, and game-console inputs, the kids don't have to settle on just one thing to watch. u

Blu-ray Disc

The video system can be operated from either the rear-seat entertainment unit, the wireless remote, or the radio head unit. The self-contained entertainment system is located in the overhead rail, which also contains storage for the wireless headphones and remote. LED Blue Sapphire halo lighting glows from the overhead rail, providing a relaxing environment for viewing. SiriusXM Satellite Radio³ is also standard on all models.

THE BEST FAMILY ENTERTAINMENT SYSTEM IN ITS CLASS.²

MOST INNOVATIVE SEATING AND STORAGE IN ITS CLASS.² e expense of practicality. The fold-and-stow second- and third-row seats ins, allowing you to go from seven seats to two, or any combination in ed, the Town & Country yields a flat cargo floor and 144.2 cubic feet of hout ever having to remove a seat. When the seats are in their upright multitude of items, from laptops and purses to toys, backpacks, sporting and shopping bags. The available premium Super Console provides power I storage, and more to both first- and second-row passengers. The 2013 s the class-exclusive² Stow 'n Place[®] roof-rack system, which can carry up convenience of folding crossbars that attach to the side rails when not in

TOWN & COUNTRY HAS THE MOST CONCEALED STORAGE SPACE IN ITS CLASS? Constructed with the most Quiet Steel® in its class,² the exclusive Stow 'n Go® is part of the best-in-class² storage system. It includes in-floor storage bins, a class-exclusive tailgate seating option,² and available class-exclusive one-touch power-folding third-row seats² for more possibilities than ever.

TOWN & COUNTRY LIMITED STANDS AS THE MOST LUXURIOUS MINIVAN IN ITS CLASS.²

It combines standard features such as Nappa leather-trimmed seating throughout the cabin, a class-exclusive² heated steering wheel, eight-way power driver and front-passenger seats, heated front- and second-row seats, seating for seven with available luxury second-row seats. The 2013 Town & Country offers an available class-exclusive² Super Console, which features a large driver-accessible storage area and another large storage drawer accessible by both first- and second-row passengers. Both areas can be covered with a sliding door to keep travel items out of sight. Two power outlets, perfect for charging media devices, are within easy reach of the driver. Two of the console's four cup holders hold 12-oz cans or 1-liter bottles. The standard Three-Zone Automatic Temperature Control (ATC) system keeps everyone comfortable via its electronic thermostats. The push of a button activates the available class-exclusive² heated steering wheel.

EXCLUSIVE STOW 'N GO.® 2

ONE MOTION. The simple fold-and-stow system allows the head restraint to fold down automatically for easier operation and reveals what makes Town & Country legendary: class-exclusive² Stow 'n Go seating with in-floor storage bins and fold-in-floor second- and third-row seats. When the seats are in their upright position, in-floor bins are available to accommodate carry-ons.

AVAILABLE THIRD-ROW POWER SEATS.

AVAILABLE CLASS-EXCLUSIVE² ONE-TOUCH POWER-FOLDING THIRD-ROW SEATS. With the touch of a button, the available class-exclusive² one-touch power-folding thirdrow 60/40 split-bench seat folds directly into the floor. This feature also includes obstacle detection⁶ to automatically pause if something is detected within the seat's path of motion.

283-HP BEST-IN-CLASS POWER AND TORQUE²

IT STANDS READY FOR THE WORLD. When getting everyone there confidently is the only option, you'll know why it matters to have a minivan this powerful, thanks to the most advanced engine produced by Chrysler Group LLC. The standard 3.6L Pentastar[®] V6 engine with Variable Valve Timing (VVT) delivers best-in-class² 283 horsepower, yet efficiently provides an EPA estimated 17 city/25 highway mpg. It applies some of the most advanced automotive engine technology available today for an exceptional blend of high torque, fuel efficiency, low emissions, and first-rate noise, vibration, and harshness control.

CONSTANT FORCE RETRACTORS. Seat belt retractors sense vehicle impact and immediately apply pressure to the seat belt to properly position the occupant before the full load of impact is imparted. It then reduces the seat belt load in order to moderate forces during the impact event.

ON GUARD

DRIVER'S INFLATABLE KNEE-BLOCKER.⁷ This separate air bag located in the lower instrument panel is designed to help position the driver properly for the front air bag.

ACTIVE FRONT-ROW HEAD RESTRAINTS.⁸ In the event of a rear-end collision, these restraints automatically move forward and upward to decrease the space between the head restraint and the occupant's head.

> ENHANCED ACCIDENT RESPONSE SYSTEM (EARS). This system makes it easier for emergency personnel to see and reach occupants in the event of an accident by turning on interior lighting, flashing hazard lamps, and unlocking doors after air bag deployment. It also shuts off the flow of fuel to the engine.

SUPPLEMENTAL SIDE-CURTAIN AIR BAGS? These air bags extend protection to all outboard frontand rear-seat passengers, including third-row outboard passengers. Upon side impact, the system deploys the specific side air bag and curtain required for occupant protection.

ADVANCED MULTISTAGE FRONT AIR BAGS? This feature regulates the amount of force necessary for the front occupants by impact severity, including low-risk deployment.

FRONT-SEAT MOUNTED SIDE AIR BAGS? Additional air bags are integrated into the front seats to offer additional pelvic and thorax protection. The air bags deploy consistently with driver and front-passenger seat positions.

TIRE PRESSURE MONITORING SYSTEM. Individual tire-pressure amounts are displayed in the instrument cluster and alert the driver to tires with high or low pressure.

The class-exclusive² available SafetyTec[™] Package bundles additional technologically advanced offerings among the over 40 standard and available safety and security features that help to protect what matters most. Because you and your passengers are all unique, it makes sense that your Town & Country is in a class by itself. We call it SafetyTec. You'll call it peace of mind.

CRUMPLE ZONES. In the event of an impact, specifically designed front and rear crush zones absorb energy and redirect it away from passengers, helping to reduce the risk of injury.

PARKSENSE® REAR PARK ASSIST.¹⁰ This available feature uses radar technology to detect most obstacles behind the vehicle and gives the driver both visual and audible alerts about those obstacles.

BLIND SPOT MONITORING (BSM).⁹ Difficult-to-view side-vehicle zones are also monitored by the radar technology of this available feature, which alerts you to possible proximity danger when driving. While traveling in forward gears, an illuminated icon appears in the driver's sideview mirror and an audible warning sounds (if activated) when another vehicle is approaching alongside. BSM is included as part of the available SafetyTec[™] Package and includes the class-exclusive² Rear Cross-Path Detection.¹⁰

TOWN & COUNTRY IS THE ONLY MINIVAN IN ITS CLASS² TO OFFER REAR CROSS-PATH DETECTION.¹⁰ Included as part of the available SafetyTec Package, Rear Cross-Path Detection¹⁰ alerts the driver to most approaching low-speed vehicles when backing out of parking spots. SECURITY ALARM. This system monitors the door-ajar switches as well as the ignition circuit for unauthorized entry. The lights flash and the horn sounds, alerting you if someone else is trying to enter your vehicle. POWER LIFTGATE WITH OBSTACLE DETECTION.⁶ Like the sliding doors, the power liftgate detects most obstacles in its path and will automatically stop and reverse. POWER ADJUSTABLE PEDALS. Available adjustable brake and accelerator pedals allow you to customize the position, enabling the driver to maintain a comfortable distance from the steering wheel. The memory function on Limited customizes each fob's position setting.

KEYLESS ENTER 'N GO. The personalized key fob enables passive vehicle entry. With the fob in a pocket or purse, doors automatically unlock as you approach the vehicle. This available system allows quick access without fumbling for the key. CHILD PROTECTION REAR DOOR LOCKS. A small lever on the front edge of the sliding door disables the rear doors' inside release handles.

(CLUD)

EXCLUSIVE² STANDARD DUAL POWER SLIDING DOORS. With the push of a button, in cabin or on key fob, the dual sliding doors effortlessly open. These power doors detect most obstacles in their path to automatically halt their motion and reverse.⁶ DOOR ALERT. This selectable feature automatically flashes signal lights, indicating which sliding door is open.

REMOTE KEYLESS ENTRY. The power sliding doors and power liftgate allow you to slide open rear doors and open the liftgate, all with the touch of just a couple of buttons on the key fob, overhead console, or inside the cabin.
