

TRAILBLAZER

TrailBlazer and TrailBlazer EXT

STRENGTH TIMES TWO.

When your ambitions take you beyond the ordinary, it helps to have a strong, capable SUV. Like the five-passenger Chevy TrailBlazer and the seven-passenger TrailBlazer EXT. No matter which vehicle you choose, you'll enjoy knowing that TrailBlazer models equipped with the Vortec 4200 six-cylinder engine have unsurpassed standard horsepower* among midsize SUVs — plus the enduring strength of full-length hydroformed steel side rails. Chevy TrailBlazer. From the family of Chevy Trucks — the most dependable, longest-lasting trucks on the road.†

*Unless otherwise noted, all class claims in this brochure are based on latest available competitive information. †Dependability based on longevity: 1981–July 2001 full-line light-duty truck company registrations. Excludes other GM divisions.

To learn more about the features that make Chevy TrailBlazer and TrailBlazer EXT models so strong and capable, please use the attached CD-ROM.

TrailBlazer EXT

MORE LENGTH. MORE ROOM.

The beauty of Chevy TrailBlazer EXT is in the way it delivers its tremendous capability. Its added length means room inside for seven adults. Wide rear side doors help passengers get in and out with ease. And an available Vortec 5300 V8 SFI engine* delivers an unsurpassed 290 horsepower in the midsize SUV class.

Thoughtful features of TrailBlazer EXT include:

- Rear-seat air conditioning and heat vents.
- Power rear vent windows.
- Remote Keyless Entry with content theft alarm.
- Rear-window defogger.
- Dual power heated outside mirrors.
- 17-inch Sport aluminum wheels.
- Available OnStar.†

*Interim availability.

†Call 1-800-ONSTAR-7 or visit onstar.com for system information and details.

Chevy TrailBlazer EXT 4x4 in Majestic Red Metallic (extra-cost option). Shown with available features.

TrailBlazer EXT Interior

EXTENDED CAPABILITY.

Sometimes you need lots of room for passengers. Other times, room for lots of cargo. Then there are times when you need both. That's why there's Chevy TrailBlazer EXT, available in LT and The North Face Edition* trim levels. Inside, seven passengers can ride in comfort. Plus there's more hip and shoulder room in the third-row seat than in Dodge Durango or Ford Explorer. And when it's cargo space you need, no midsize SUV gives you more behind the third-row seat. You'll also enjoy:

- Premium Cloth interior.
- Available Premium Leather seating surfaces for the first and second rows.
- Eight-way power driver seat with lumbar support.
- Second-row 65/35 fold-and-tumble seats.
- Third-row 50/50 split-folding seat.
- Versatile three-position rear parcel panel.

*Interim availability.

Adaptability

LONG ON VERSATILITY.

Chevy TrailBlazer and TrailBlazer EXT are designed to provide lots of useful and functional interior space. In fact, all TrailBlazer models are adaptable enough to accommodate passengers or cargo, or both. What's more, TrailBlazer has more overall cargo volume than Jeep Grand Cherokee. Other versatile standard features include:

- Second-row 65/35 split-folding seats.
- Auxiliary 12-volt power outlets.
- Rear liftgate/liftglass.
- Underfloor and side panel storage compartments in cargo area.

◀ SEVEN-PASSENGER CAPABILITY

Everyone in TrailBlazer EXT will ride in comfort, thanks to the spacious interior that provides plenty of legroom — even for those seated in the standard third-row seat. All seating positions also include the peace of mind that three-point lap and shoulder safety belts provide. To see how the EXT interior can be configured to fit your needs, use the CD-ROM included with this catalog.

◀ VERSATILE REAR PANEL

TrailBlazer EXT models feature a standard rear parcel panel that adjusts to three different positions. Use the attached CD-ROM to view a demonstration.

BOSE SPEAKER SYSTEM ▼

You'll enjoy the rich, superb sound of the available Bose speaker system that features six Bose speakers. A six-disc in-dash CD changer is also available (not offered in TrailBlazer LS models).

◀ THIRD-ROW 50/50 SPLIT-FOLDING SEAT

A standard third-row seat in TrailBlazer EXT models is designed to comfortably accommodate two adults. In addition, passengers seated there will find more hip and shoulder room than Dodge Durango or Ford Explorer provide. And even with two adults seated in the third row, there's still more than 22 cu. ft. of cargo space behind the seat — ideal when you're transporting gardening and landscaping supplies.

◀ DVD ENTERTAINMENT SYSTEM

A factory-installed DVD entertainment system* is available for TrailBlazer models (except LS). It's located in the headliner between the first and second row of seats. The DVD system includes the capability to play audio or video, a seven-inch flip-down monitor, two wireless headphones, a remote control unit, and jacks and ports for camcorder playback and video games.

*Not available on models equipped with the available power sunroof.

◀ CARGO CONFIGURATIONS

The second- and third-row seats in TrailBlazer EXT models can be configured in a variety of ways. And when the seatbacks are folded forward, 100 cu. ft. of space is created along with a nearly flat load floor. This helps accommodate long or bulky items more easily.

◀ SECOND-ROW 65/35 FOLD-AND-TUMBLE SEATS

It's easy to create just the amount of extra cargo room you need with the standard second-row fold-and-tumble seats in TrailBlazer EXT. The versatile seats can be folded down or folded up and out of the way by simply releasing a handle. And for added passenger comfort, the seatbacks can be reclined in four different positions.

◀ SIDE STEPS

Frame-mounted tubular side bars with textured step pads, available from GM Accessories, add a customized look to your TrailBlazer. They also help you enter and exit your vehicle easily. And they're covered by the New Vehicle Limited Warranty.* You can find out more about GM Accessories available for Chevy TrailBlazer at chevy.com.

*3 years/36,000 miles (whichever comes first). See your Chevy dealer for details.

TrailBlazer LS

DISCOVER NEW TERRITORY.

Remarkably powerful and well-equipped to handle just about any adventure — that's Chevy TrailBlazer LS. Its 275-hp engine provides the power to take you where you want to go (use the CD-ROM included with this catalog to learn more about this remarkable engine).

There's also a five-link rear suspension that helps contribute to a smooth, comfortable ride. Plus TrailBlazer LS provides these standard features:

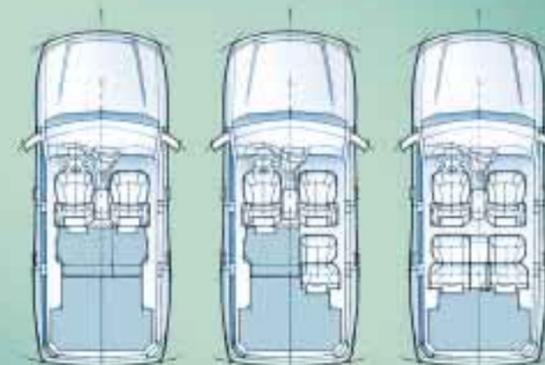

- Custom Cloth interior.
- Dual-zone climate control.
- Auxiliary 12-volt power outlets.
- Four-wheel ABS disc brakes.
- Autotrac 4x4 system (standard on 4x4 models).
- Rear liftgate/liftglass.
- Underbody spare tire storage.
- Convenient tool and jack stowage.
- Hidden underfloor storage in cargo area.

Chevy TrailBlazer LS interior in Medium Oak Custom Cloth. Shown with available features.

INTERIOR VERSATILITY AND SPACE ►

In Chevy TrailBlazer, the entire second-row 65/35 split-bench seat can be folded forward to create over 80 cu. ft. of cargo space — more than Jeep Grand Cherokee provides. Or each side can be folded and lowered individually to suit your cargo-carrying needs. Visit chevy.com to learn more.

Chevy TrailBlazer The North Face Edition interior in Medium Pewter with Premium Leather accents. Shown with available features.

◀ BASE CAMP DUFFEL BAGS AND NUPTSE BLANKET

When you need to carry along extra gear, TrailBlazer The North Face Edition models come with two Base Camp duffel bags. Also included is a down-insulated Nuptse blanket, made exclusively for TrailBlazer.

The North Face Edition

FORGE A NEW TRAIL.

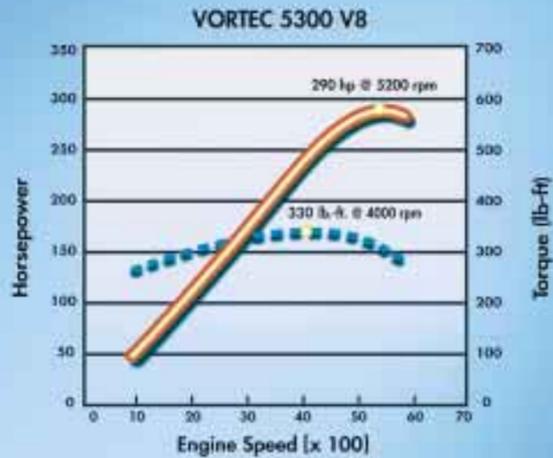

Chevy Trucks has teamed up with The North Face — the premier outfitter of outdoor equipment and apparel —

for a new TrailBlazer model. Introducing TrailBlazer The North Face Edition,* available in both the five-passenger TrailBlazer and seven-passenger TrailBlazer EXT. The North Face Edition is built for rugged, real use and includes features like:

- The North Face-exclusive Two-Tone exterior appearance and The North Face badging.
- Heated front bucket seats trimmed with The North Face-exclusive Ballistic nylon inserts and Premium Leather accents (first and second rows only in EXT models).
- The North Face Accessories — two weatherproof Base Camp duffel bags, one down-insulated Nuptse blanket, heavy-duty floor mats with The North Face logo, headlamp washers, liftgate luggage rack* for transporting gear, clearance lights and more.

*Interim availability.

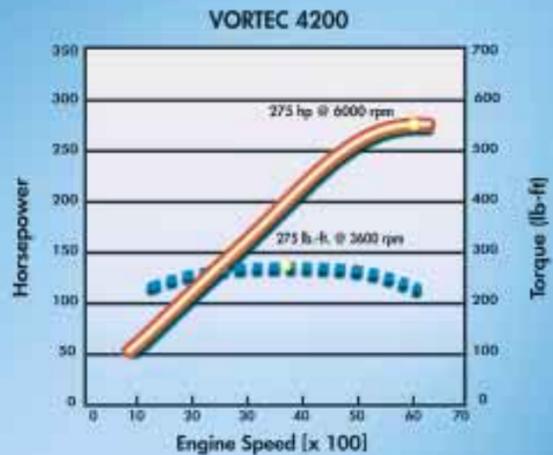

VORTEC 5300 V8 TORQUE CURVE ▲

The 290-hp Vortec 5300 V8 SFI engine,* available in TrailBlazer EXT models, features 330 lb.-ft. of peak torque at 4000 rpm. This helps provide exceptional pulling capability throughout the torque curve.

*Interim availability.

VORTEC 4200 TORQUE CURVE ▼

The standard 275-hp Vortec 4200 six-cylinder engine is designed with a broad torque curve. This helps the engine deliver 90 percent of peak torque from 1600 to 5600 rpm.

TRAILERING BASICS

Towing a trailer involves all major vehicle systems of your Chevy Truck, including powertrain, steering, suspension and brake systems. Easy and safe trailering requires a properly equipped vehicle, additional trailering equipment and an appropriate trailer. It also requires loading both the vehicle and trailer properly, using safe driving techniques, meeting regional legal requirements and following break-in and maintenance schedules. You are responsible for being sure you have the appropriate equipment and hitch for your specific trailering situation. If you plan to tow a trailer, consult your Owner's Manual, speak to a trailering expert at your Chevrolet dealership or visit our web site at chevy.com.

The following chart will assist in determining how to best equip your Chevy Truck for trailering. To help you understand the chart, consider these trailering factors:

Torque: Indicates the strength of the engine. Low-end torque reflects how much force is generated to get your vehicle moving.

Horsepower: Indicates how much work the engine does at a certain engine speed. At mid- to high-engine rpm, it's what keeps you moving at highway speeds.

Axle Ratio: Along with your vehicle's transmission gears, a higher rear axle ratio contributes to how much available torque and horsepower (mechanical leverage) can be applied to the drive wheels for launch and uphill performance. Higher rear axle ratios, however, sacrifice fuel economy when not trailering.

Ball Hitch Trailering: There are two types of ball hitches. A weight-carrying hitch consists of a ball and coupler with no means to distribute the hitch weight. It is used primarily for lightweight trailers. Heavier trailers, however, require a weight-distributing hitch which uses spring bars to transfer some of the hitch weight forward onto the tow vehicle's front axle and rearward onto the trailer's axle(s).

RGAWR and GVWR: The addition of trailer hitch weight cannot cause vehicle weights to exceed Rear Gross Axle Weight Rating (RGAWR) or Gross Vehicle Weight Rating (GVWR). These ratings can be found on the certification label located on the driver door or door frame.

GCWR: The Gross Combination Weight Rating (GCWR) is the total allowable weight of the completely loaded vehicle and trailer including any passengers, cargo, equipment and conversion. A properly equipped tow vehicle and trailer at the maximum GCWR should be able to accelerate and merge with traffic, climb typical interstate grades at highway speeds, handle the combination on most road surfaces, and stop adequately within a reasonable distance. The GCWR for your vehicle should not be exceeded.

TRAILERING CAUTIONS

NOTE: Please read the following trailering cautions/safety information before trailering with your new vehicle.

NOTE: The safety steps described here are by no means the only precautions to be taken when trailering. See the Owner's Manual for the Chevy Truck of your choice for additional guidelines and trailering tips.

■ If you don't use the correct equipment and drive properly, you can lose control of your vehicle when you pull a trailer. For example, if the trailer is too heavy, your vehicle brakes may be less effective. You and your passengers could be seriously injured. Pull a trailer only after taking the following steps:

TRAILER BRAKES

If your trailer weighs more than 1,500 lbs. loaded, then it must have its own adequate brakes. Be sure to read and follow the instructions for the trailer brake controller so that it is installed, adjusted and maintained properly.

■ Don't tap into your vehicle's brake system if the trailer's brake system will use more than 0.02 cu. in. of fluid from your vehicle's master cylinder. If it does, neither braking system will work well. You could even lose your vehicle's brakes.

■ The trailer brake parts must be able to take 3,000 psi of pressure. If not, the trailer brake system must not be used with your vehicle. If everything checks out thus far, then have a qualified individual make the brake fluid tap at the port on the master cylinder that sends fluid to the rear brakes. Don't use copper tubing because it will bend and ultimately break. Use only double-walled steel brake tubing.

HITCHES

It's important to have the correct hitch equipment. Crosswinds, large trucks going by and rough roads are just a few of the reasons why you'll need the right hitch. Here are some rules to follow:

■ If you'll be towing a trailer that, when loaded, will weigh more than 4,000 lbs., be sure to use a frame-mounted, weight-distributing hitch and sway control of the proper size. The equipment is very important for proper vehicle loading and good handling when you're driving.

■ If you have to make any holes in the body of your vehicle to install a trailer hitch, be sure to seal the holes if you ever remove the hitch. If they're not sealed, dirt, water and deadly carbon monoxide from the exhaust can get into your vehicle.

TRAILBLAZER AND TRAILBLAZER EXT TRAILERING DATA

NOTE: Weight-carrying hitch limit: 4,000-lb. trailer with 400-lb. tongue weight. Weight-distributing hitch and sway control required over 4,000-lb. trailer weight. The vehicle owner is responsible for obtaining the hitch ball, a hitch of the proper size, type and capacity, and other appropriate equipment required to safely tow both the trailer and the load that will be towed. Ask your Chevrolet dealer for advice about the proper trailering equipment for your new vehicle.

ENGINE TRANSMISSION		VORTEC 4200 SIX-CYLINDER AND 4-SPEED AUTOMATIC		
MODEL	MAX. TRAILER WEIGHT (LBS.) ¹	AXLE RATIO	GCWR (LBS.)	
2WD	5300	3.42	10,000	
	5800	3.73	10,500	
	6300	4.10	11,000	
4x4	5200	3.42	10,000	
	5700	3.73	10,500	
	6200	4.10	11,000	
TRAILBLAZER EXT 2WD	4900	3.42	10,000	
	5400	3.73	10,500	
	5900	4.10	11,000	
TRAILBLAZER EXT 4x4	4800	3.42	10,000	
	5300	3.73	10,500	
	5800	4.10	11,000	

ENGINE TRANSMISSION		VORTEC 5300 V8 SFI AND 4-SPEED AUTOMATIC (EXT MODELS ONLY)		
MODEL	MAX. TRAILER WEIGHT (LBS.) ¹	AXLE RATIO	GCWR (LBS.)	
TRAILBLAZER EXT 2WD	5800	3.42	11,000	
	7200	3.73	12,500	
TRAILBLAZER EXT 4x4	5700	3.42	11,000	
	7000	3.73	12,500	

¹ Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your Chevy Truck dealer for additional details.

NOTE: Trailer tongue weight should be 10 to 15 percent of total loaded trailer weight (up to 750 lbs.). Addition of trailer tongue weight cannot cause vehicle weights to exceed Rear Gross Axle Weight Rating (RGAWR) or Gross Vehicle Weight Rating (GVWR). These ratings can be found on the certification label located on the driver door or door frame. ■ Base cooling system includes all content required to attain maximum trailer rating. No optional cooling equipment available.

USING GROSS COMBINATION WEIGHT RATINGS (GCWRs) TO DETERMINE ENGINE, TRANSMISSION AND REAR AXLE RATIOS: You can use your desired GCWR calculation to determine the powertrain you will require to tow a specific trailer with your TrailBlazer. The last column to the right in the chart above shows the maximum allowable GCWR based on all available TrailBlazer engine, transmission and rear axle combinations. The GCWR includes the total loaded weight of both TrailBlazer and the trailer.

Power & Trailering

A POWERFUL STATEMENT.

It's a fact: the standard Vortec 4200 six-cylinder engine

in Chevy TrailBlazer models delivers unsurpassed

standard horsepower among midsize SUVs. And when

it comes to trailering, no midsize SUV delivers more

standard trailering capacity (up to 4,000 lbs.²) than

TrailBlazer. For even more trailering capacity, TrailBlazer

EXT 2WD models equipped with the newly available

Vortec 5300 V8 SFI engine[†] can tow up to 7,200 lbs.² To

help make trailering easier, TrailBlazer models also offer:

■ Integrated hitch platform on rear bumper.

■ Four-wheel antilock disc brakes.

■ Autotrac 4x4 system (standard on 4x4 models).

■ Available seven-pin trailer wiring harness connector.

■ Available Electronic Traction Assist on TrailBlazer LT

LTZ, EXT LT and The North Face Edition 2WD models.

²See chart at left for complete trailering details.

Additional Information

YOU NEVER TRAVEL ALONE.

Chevy Trucks are the most dependable, longest-lasting trucks on the road* — sold and serviced by the largest dealer network in the USA. When you buy a Chevy Truck, you also get a rock-solid, comprehensive owner protection plan that includes a New Vehicle Limited Warranty, 24-Hour Roadside Assistance and Courtesy Transportation. Your Chevrolet dealer has all the details.

Visit chevy.com for:

- 360° views ■ Detailed feature explanations and demonstrations ■ Pricing and offers ■ Dealer locators
- Competitive comparisons ■ Warranty information
- GMAC financing options

And visit gmmobility.com for:

- GM Mobility Program information

*Dependability based on longevity: 1981–July 2001 full-line light-duty truck company registrations. Excludes other GM divisions.

With the push of a button, available OnStar service connects you with trained OnStar Advisors. They'll offer valuable assistance for just about any situation — 24 hours a day, seven days a week — providing safety, security and convenience wherever you drive. OnStar services require vehicle electrical system and wireless service to be available and operating for features to function properly. For more information and details, call **1-800-ONSTAR-7** (1-800-667-8277) or visit us at onstar.com.

THE CHEVROLET OWNER CENTER

The Chevrolet Owner Center is a place where you'll be able to easily and conveniently find relevant information and services for your vehicle. Register your vehicle at chevy.com/mygmlink to access information including:

- Maintenance reminders ■ Important safety information ■ Service history tracking ■ Personal Digital Assistant (PDA) applications ■ Your Owner's Manual ■ News and events ■ Warranty and service information ■ Special offers and privileges

NEW VEHICLE LIMITED WARRANTY

This warranty is for GM vehicles registered in the USA. See your Chevrolet dealer for terms and conditions.

Covered for 3 years/36,000 miles (whichever comes first):

- The complete vehicle ■ Tires ■ Towing to your nearest Chevrolet dealership ■ Cosmetic corrosion resulting from defects ■ Repairs made to correct any vehicle defect ■ No charge for most warranty repairs

Covered for 6 years/100,000 miles (whichever comes first):

- Rust-through corrosion

24-HOUR ROADSIDE ASSISTANCE

Call **1-800-CHEV-USA** toll free anytime during the warranty period. Towing and basic technical advice come with the Basic Care Package. Courtesy Care provides additional features,* including locksmith services, flat tire changing, fuel delivery, non-warranty towing and jump starts. Some services will incur costs. Chevrolet reserves the right to modify or discontinue Basic Care and Courtesy Care at any time. *During the term of the New Vehicle Limited Warranty.

COURTESY TRANSPORTATION

Ask your participating Chevrolet dealer for Courtesy Transportation if you drop your vehicle off for repairs under the New Vehicle Limited Warranty. Also see if you qualify for expense reimbursement and/or vehicle rental. Services vary at election of participating dealer.

CHEVROLET CUSTOMER ASSISTANCE CENTER

Call **1-800-222-1020** toll free to talk directly to specialists who can handle any product or service concern you may have.

FROM DAY ONE ...

The vehicle is checklist-ready for you to drive away, and a full orientation awaits you on everything about your new Chevy TrailBlazer.

FOR MORE INFORMATION ON 2003 CHEVROLET CAR OR TRUCK PRODUCTS, CALL 1-800-950-2438 OR VISIT US AT CHEVY.COM.

ACCELERATE YOUR COLLEGE SAVINGS

GM — along with many other leading companies — has teamed up with Upromise, the revolutionary college savings accelerator that can help you save thousands of dollars for college. When you purchase or lease an eligible new Chevrolet, GM will contribute \$150 into your Upromise college savings account. For complete details on the GM-Upromise program, go to <http://upromise.gm.com>. Enrollment is simple and absolutely free. To receive the \$150 GM contribution, you need to be a Upromise member 30 days before you take delivery of your vehicle.

IMPORTANT: A WORD ABOUT THIS BROCHURE We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment specifications, models and availability. Since information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details. Chevrolet reserves the right to lengthen or shorten the model year for any product for any reason or to start and end model years at different times.

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES

Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials or workmanship of any alterations by such a supplier.

THE GM CARD® — WHAT ARE YOU CHARGING TOWARD?® The GM Card rewards you 5% on every credit card purchase, making it the fastest way to save toward the GM car or truck of your dreams. For information or to apply for the GM Card, call **1-800-8GM-CARD** or visit our web site at gmcards.com.

UPDATED SERVICE INFORMATION Chevrolet dealers receive useful service bulletins about Chevrolet products. You can purchase them by calling **1-800-551-4123**.

ASSEMBLY Chevrolet vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Chevrolet vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

ENGINES Chevrolet vehicles are equipped with engines produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide.

GM PROTECTION PLAN The GM Protection Plan offers mechanical repair protection in addition to that provided by GM's New Vehicle Limited Warranty. Coverage for vehicle maintenance is also available. Ask your dealer about the GM Protection Plan. Coverage available only in the U.S. and Canada.

RUST-THROUGH CORROSION PROTECTION Chevrolet vehicles are designed and built to resist corrosion. All body sheet-metal panels are warranted against rust-through for 6 years/100,000 miles (whichever comes first). Application of additional rust-inhibiting materials is not required and none is recommended. See your Chevrolet dealer for terms of this limited warranty.

TrailBlazer CD-ROM Includes:

Do you have a few more questions about the lineup of TrailBlazer models? Find out the answers right here on the attached CD-ROM. It's the next best thing to driving a new 2003 TrailBlazer. Here's just a sample of what you'll see on the CD-ROM:

- The ability to see TrailBlazer, TrailBlazer EXT and The North Face Edition models in every available color, inside and out, from every angle.
- Detailed description of OnStar* features.
- Autotrac 4x4 system (standard on 4x4 models) demonstration.

Be sure to visit chevy.com for more information on TrailBlazer models and the rest of the 2003 Chevrolet line of cars and trucks.

*Call 1-800-ONSTAR-7 or visit onstar.com for system information and details.

MINIMUM SYSTEM REQUIREMENTS:

- Windows 95/98/2000 ■ 266 MHz/Pentium II Processor
- 32MB Ram ■ 12x Speed CD-ROM drive ■ 16-Bit (Thousands) color display ■ At least 800x600 resolution ■ 16-Bit sound card
- QuickTime 3.0 or later (QuickTime 5.0 included on disk)

To experience more of TrailBlazer, place CD into CD-ROM drive. It will start automatically unless your AutoPlay has been disabled. If the CD does not begin on its own, double-click "My Computer" on your desktop followed by "start.exe."

NOTE: Vehicles may be shown with available equipment. All content is based on the latest product information available at time of printing and is subject to change without notice.
