¹ Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger air bag. See the Owner's Manual and child safety seat instructions for more safety information. ² Dependability based on longevity: 1981-July 2007 full-line light-duty truck company registrations. Excludes other GM divisions. ³ Whichever comes first. See dealer for details. ⁴ With rear seats removed. ⁵ Cargo and load capacity limited by weight and distribution. ⁶ Maximum payload capacity includes weight of driver, passengers, optional equipment and cargo. ⁷ Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your Chevy dealer for additional details. ⁸ Requires rear air conditioning. ⁹ Requires available Convenience Package. ¹⁰ E85 is a combination of 85% ethanol and 15% gasoline. Go to chevy.com/biofuels to see if there is an E85 station in your area. ¹¹ Some accessories may not be available on all models. See dealer for details. ¹² Not available with rear body-color halo trim.
