

TAKING ACTION TODAY. FOR TOMORROW.

transportation starts right at the top:

"What we do at General Motors profoundly affects the lives of many people. As the world's largest maker of cars and trucks, we realize our impact extends beyond those who drive our vehicles, who work here and who live in our communities. We also know that our actions today can positively affect the lives of future generations. It's a huge responsibility, but also a great opportunity. And that's why corporate responsibility is an integral part of everything we do at GM.

At General Motors, our commitment to environmentally friendly We're determined to be part of the solution to the environmental issues that we as a global community are facing. To that end, GM is investing billions of dollars in a broad-based advanced technology strategy to help reduce the world's dependency on oil. This includes everything from biofuels like E85 ethanol, to plug-in hybrids, to electrically driven vehicles powered by advanced batteries and hydrogen fuel cells. We've also made steady and significant progress over the past five years to reduce our own energy use, conserve natural resources and decrease greenhouse gas emissions from GM products and facilities."

Rick Wagoner

Chairman and Chief Executive Officer, General Motors

Fadillac.

THE FULL-SIZE LUXURY SEDAN REINVENTED EVOLUTION

Padillac.

DTS's presence is unmistakable. Measuring well over five metres from bumper to bumper, DTS is one of the largest sedans on the road today. This impressive stature is accentuated by elegant geometric shapes, sweeping horizontal lines and crisp intersections. DTS is also replete with bold details that reward closer inspection, including such Cadillac trademark touches as vertical headlights, fast-illuminating LED tail lights, a full-width LED centre high-mounted stop light and sculpted alloy wheels. Importantly, the DTS body is as seductive to the wind as it is to the eye. Its aerodynamic drag measures just 0.32, which results in improvements in performance, fuel efficiency and interior peace and quiet.

EVEN THE WIND IS SEDUCED PRESENCE

- Standard Nuance leather with a sandstone grain finish and a soft feel.
- 2. Available Tuscany leather semi-aniline and specially tanned for a glove-like premium feel.
- 3. Available Tehāma leather a buttery aniline leather that usually graces the most exclusive home furnishings.
- 4. Natural burled walnut wood (available) : The natural grain adds warmth and depth throughout the cabin.

Both the standard and available steering wheels feature switches for the audio and cruise control systems conveniently mounted on the hub, allowing you to make adjustments without ever taking your eyes off the road.

Fine materials make the DTS passenger compartment a delight for you, your family, your colleagues and your friends. Chrome and aluminum accents abound. Burled walnut trim is available to adorn the instrument panel, console and doors. DTS also offers a choice of three different premium leathers — the most in any full-size luxury sedan — including available Tehāma aniline skins so supple, they're typically found only on the most exclusive home furniture. To complete this picture of extraordinary luxury, specify the available heated wood and leather-trimmed steering wheel with power tilt and telescopic adjustments.

DELIGHT YOUR SENSES PREMIUM

LISTEN UP CONCERT

To your ear, the DTS cabin is simply a delight. Unwanted noises are banished by a host of advanced features, including sound-absorbing steel and laminated side-window glass. The sounds you do wish to hear come through with a rare clarity, thanks to the superb standard audio system. It features a CD player, with eight premium speakers and an auxiliary input jack that allows you to entertain your passengers with music stored on your MP3 player. For still greater listening pleasure, an in-dash six-disc CD changer system is available, as are XM Satellite Radio™ and a DVD navigation system featuring the aural purity of Digital Signal Processing.

No matter what your preference in audio entertainment, you'll find plenty to choose from with DTS's available XM Satellite Radio™.* It offers the largest playlist and the most commercial-free music on the planet — broadcast coast to coast.* Genres range from decades to dance, rock to rap, and country to classical — all with digital-quality sound. There's also news, talk, comedy and sports channels — including more than 1000 NHL games. No wonder more than seven million people subscribe to XM Satellite Radio. Ask your dealer for more information.

*Includes three trial months beyond which service fees apply. Available in 10 Canadian provinces and 48 contiguous United States.

CHART YOUR COURSE

Why interrupt the pleasure of the drive to ask directions or pore over a map, especially when DTS's available DVD navigation system can act as your personal travel guide? With roughly 11 million kilometres of roadway stored in its memory, it can guide you to destinations across Canada and the U.S.* For your convenience, the system includes a voice recognition feature that responds to your spoken commands. It can talk back, too, to provide you with detailed, turn-by-turn directions.

At time of print, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas.

The available DVD navigation system includes a sophisticated 165 mm (6.5 in.) high-resolution touch screen with a 3D mode feature that displays turn-by-turn instructions and fast route calculations.

LEADING-EDGE ENGINEERING — AT YOUR SERVICE

To provide you with the most sophisticated driving experience possible, DTS offers some of today's most innovative optional technologies. Adaptive Cruise Control (ACC), for instance, automatically slows your DTS when you encounter slower traffic ahead and maintains a pre-set following distance. StabiliTrak intervenes automatically to help end lateral skids and restore steering control. Another innovation, IntelliBeam™, switches between high-beam and low-beam headlights when appropriate during night driving, for optimal illumination and vision.

A SUBTLE STRENGTH NORTHSTAR

Instead of the traditional mechanical throttle linkage, DTS connects your right foot to the Northstar V8 via drive-by-wire Electronic Throttle Control (ETC). This advanced electronic technology affords a greater degree of efficiency and control.

EXTRAORDINARY BALANCE MAGNETIC

The available Magnetic Ride Control suspension features shock absorbers filled with metal particles and a special fluid that stiffens automatically when exposed to a magnetic field.

MAGNETIC RIDE CONTROL

PERFORMANCE RIDE

- 1 Head curtain side air bags rear. Provides neck and head protection in certain side impacts. Full-length air bags protect all outboard occupants.
- 2 Head curtain side air bags front. Provides neck and head protection in certain side impacts. Full-length air bags protect all outboard occupants.
- 3 Seat-mounted side air bags front. Provides protection for the mid-section of the body in certain side impacts. Seat-mounted air bags protect driver and outboard front passenger.
- 4 Dual-stage frontal air bag driver. Provides protection in moderate to severe frontal impacts.
- 5 Industry-first dual-depth dual-stage air bag passenger. Deploys in two sizes and at different pressures as determined by safety belt use, seat position and crash severity. Provides protection in moderate to severe frontal impacts.

PREPARED FOR WHATEVER PROTECTION

With OnStar® and one year of the premium Directions & Connections Plan including Turn-by-Turn Navigation*, DTS links you directly to the world's most comprehensive in-vehicle security, communications and diagnostics system.**

*Turn-by-Turn availability impacted by some geographic/cellular limitations, advisor-assisted routing available.

**OnStar services require vehicle electrical system (including battery), wireless service, and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. OnStar Hands-Free Calling requires a Hands-Free enabled vehicle, prepaid minutes or enrollment in a shared minutes plan and existing OnStar service contract. Subscription Service Agreement required.

For 2008, DTS introduces two important new technologies to help you reach your destination safely. The available Lane Departure Warning system uses advanced sensors to inform you when you may have strayed out of your chosen lane on the highway. Available Side Blind Zone Alert notifies you automatically when there is another vehicle travelling in your "blind spot". They join a host of other standard and available DTS safety systems, including StabiliTrak, a full-range traction control system and six air bags offering eight zones of protection. For an extra dimension of safety and security, DTS also offers OnStar and one year of the Directions & Connections Plan as standard equipment.

DTS Platinum Edition takes the DTS concept to a higher plane of style, comfort and exclusivity. You ride on premium full leather seats in a cabin trimmed in your choice of Ebony or Light Linen, with genuine Light Ash wood accents. In addition to the seats, the steering wheel, console and instrument panel are finished with leather exquisitely crafted with French seams. Specific exterior badging and chrome accents, 18-inch chrome-finished wheels, a sunroof, DVD navigation system and a host of other premium features complete the package. 24 | DTS PLATINUM EDITION

THE NEXT STEP ACCESSORIES

Show your unique personality and endow your DTS with an even higher level of style and functionality by adding carefully chosen quality accessories. Genuine GM Accessories are designed especially for your DTS and engineered to the highest standards, ensuring excellent fit, finish and functionality. They're covered under the 4-year/80,000-km Cadillac Limited Warranty.* They can also be included in your new-vehicle lease or finance agreement through GMAC. Ask your dealer for a complete list of the GM Accessories available for DTS. Or visit gm.ca

Now you can upgrade the ride, handling and appearance of your DTS with either of the two available brightly polished 18-inch aluminum alloy wheels.

*Whichever comes first, when permanently installed by the dealer at the time you purchase or lease your new vehicle.

▲ These fitted all-season vinyl floor mats help prevent snow, salt and mud from soiling your DTS's premium carpeting.

▲ This fitted vinvl cargo-area mat looks great and helps protect your trunk from damage from water, snow, mud and debris.

▲ This bright chrome grille adds a distinctive and elegant accent to DTS's contemporary styling.

CADILLAC OWNER PRIVILEGES

By choosing to drive a new 2008 DTS, you automatically enter a world of elite owner privileges, thanks to a host of programs that will enhance your safety and convenience and reduce your overall cost of ownership. For the first 4 years or 80,000 km of ownership*, Cadillac No-Charge Scheduled Maintenance will cover all regularly scheduled maintenance required by your DTS. During the same period, the Cadillac Limited Warranty will cover all parts and labour costs* that may be incurred to correct defects in material or workmanship. You are also covered by GM's Powertrain Limited Warranty, which is in effect for the first 5 years or 160,000 km of ownership.** While the Powertrain Limited Warranty is in effect, you enjoy the support of Cadillac Roadside Service* throughout Canada and the United States should you require towing, fuel delivery, a jump start or help with a flat tire or lock-out situation. In addition, Alternative Transportation* provides you with shuttle transportation for daily service and an alternate car (or reimbursement for rental or other transportation expenses) for overnight service, whenever your DTS requires scheduled maintenance or repairs covered under the Cadillac Limited Warranty. Other Cadillac owner privileges include Trip Planning* assistance and Trip Interruption Protection,* and you may be reimbursed by General Motors of Canada for reasonable hotel, meal and alternative transportation expenses incurred should your trip be interrupted by a repair covered under the Cadillac Limited Warranty. See your Cadillac dealer for complete details on all Cadillac Owner Privileges.

*Program in effect for the first 4 years or 80,000 km (whichever comes first) of ownership. Conditions and limitations apply.

**Whichever comes first, conditions and limitations apply.

ACQUISITION OPTIONS

In addition to the many exclusive privileges of Cadillac ownership, Cadillac and General Motors of Canada have created a range of supplementary support programs to enhance your ownership experience. Some of these programs assist you in purchasing or leasing the Cadillac of your choice. Others help protect you and your new Cadillac over the long term.

- GMAC Express Credit Application a convenient way to get pre-approved credit towards the purchase or lease of your next GM vehicle.
- GMAC Purchase Financing On-the-spot financing at your GM dealership†
- GMAC SMARTLEASE® A smart alternative to traditional financing†
- GMAC SMARTWEAR™ worry-free leasing protecting you against unexpected excess wear costs. Must be purchased when signing a GMAC SMARTLEASE agreement††
- The GM Card Eligible cardholders may be able to redeem up to \$3500 in GM Card® Earnings toward the total purchase price or lease down payment on selected vehicles. † For more information on The GM Card please call 1-800-461-3279.

Additional Ownership Programs:

• GM Protection Plan (GMPP) — the only extended services plan backed by the resources and commitment of General Motors, GMPP may be purchased at the time of your sale or lease, or subsequently during the New Vehicle Limited warranty period.†† †Subject to eligibility. ††Conditions and limitations apply.

Information Resources

You can obtain more information about Cadillac vehicles and programs from your Cadillac dealer, or at these information centres:

- The GM website at gm.ca
- The Cadillac Contact Centre at 1-888-446-2000 or (1-800-263-3830 for TDD users)
- For more information about GMAC visit gmac.ca or call 1-800-616-4622.

A word about this brochure

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been adapted since the time of the printing, please check with your Cadillac dealer for complete details. General Motors of Canada Limited reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times.

A word about assembly

Cadillac vehicles are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in Cadillac vehicles. Certain equipment ordered may be unavailable at the time of assembly and we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.

A word about corrosion

Cadillacs are designed and built to resist corrosion. All body sheet metal components are warranted against rust-through corrosion for 6 years. There is no deductible for rust-through repairs. Application of additional rust-inhibiting materials is not required under the corrosion coverage and none is recommended.

 *OnStar services require vehicle electrical system (including battery), wireless service, and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. OnStar Hands-Free Calling requires a Hands-Free enabled vehicle, prepaid minutes or enrollment in a shared minutes plan and existing OnStar service contract. Subscription Service gement required.
 **Turn-by-Turn availability impacted by some geographic/cellular limitations, advisor-assisted routing available.
 †At time of print, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas.

 1 Wheels shown on page 31.

 1 Includes weight of trailer, cargo, passengers and equipment. All towing recommendations are subject to change. Trailer tongue load should be 10% of the maximum trailer weight but should never exceed the load rating for that vehicle, engine or hitch combination. See your dealer or refer to the DTS Owner's Manual for details.

- S Standard. O Optional individually or in combination with other optional equipment.
