

Mercedes-Maybach S-Class.

MAYBACH

Mercedes-Benz

Life offers a wealth of opportunities. You opt for the best every day. Celebrate refined motoring of the utmost exclusivity: in a luxury saloon bearing a legendary name. Discover the finest place for unforgettable moments: the new Mercedes-Maybach S-Class.

The pinnacle of refined motoring.
The new Mercedes-Maybach S-Class.

A Mercedes-Benz S-Class is the epitome of luxury motoring and pioneering innovation. It takes a very special saloon to surpass this level: the new Mercedes-Maybach S-Class.

Numerous chrome features such as the V12 tailpipe trims and inserts on the B-pillar and rear apron immediately lend the car an exclusive radiance. The new Mercedes-Maybach S-Class is also noticeably larger – its wheelbase exceeds the long version of the S-Class by 20 cm. The newly designed rear doors open up onto a lavish interior.

Two luxurious Executive seats with reclining function are showcased by exceptional fine wood trim features. Take your seat and enjoy the view through the panoramic roof with optional MAGIC SKY CONTROL¹. The roof changes colour at the touch of a button from dark to transparent and vice-versa in a matter of seconds. Unique features such as individual interior fragrancing and ionisation and embossed Maybach emblems conjure up a fitting setting in which to chink the optionally available silver-plated champagne glasses. Just wallow in all this luxury – you deserve nothing less.

We invented the automobile.
Now we have perfected it.

Take-back of end-of-life vehicles. At the end of its long life, you can return your Maybach S-Class to us for environment-friendly disposal in accordance with the European Union (EU) End-Of-Life Vehicle Directive. But that day lies a long way off.

A network of vehicle take-back depots and dismantlers has been established to make it as easy as possible for you to return your vehicle. You can leave it at any of these points free of charge and, by doing so, make an important contribution to completing the recycling process and conserving resources.

For further information about the recycling and disposal of end-of-life vehicles and take-back conditions, please visit your national Mercedes-Benz website.

Please note: Changes may have been made to the products since this brochure went to press (18.09.2014). The manufacturer reserves the right to make changes to the design, form, colour and specification during the delivery period, provided these changes, while taking into account the interests of the vendor, can be deemed reasonable with respect to the purchaser. Where the vendor or the manufacturer uses symbols or numbers to describe an order or the subject of an order, no rights may be derived solely from these. The illustrations may show accessories and items of optional equipment which are not part of standard specification. Colours may differ slightly from those shown in the brochure, owing to the limitations of the printing process. This brochure has been compiled by Daimler AG of Germany and is distributed internationally. It provides a general indication of the range of models, features, optional extras and/or colours available in various countries. Some of the models, features, optional extras and/or colours shown may not be available in your country or may only be available in a different specification. Additionally some models, features, optional extras and/or colours may only be available in combination with others. For current and more specific information in relation to the range of models, features, optional extras and/or colours available in your country, and their pricing, you should contact your nearest authorised Mercedes-Benz Passenger Car Dealer.
