FOR GREATER COMFORT AND CONVENIENCE IN YOUR

*Nash Airflyte*

AMBASSADOR • STATESMAN • RAMBLER

## FOR SOLID COMFORT IN *Nash* TWIN BEDS

### *The Deluxe Mattress*

Equip your Nash Airflyte with Deluxe form-fitting mattresses and enjoy the utmost in solid sleeping comfort! The new Nash mattress is especially designed to fit your Nash twin beds. Easy to carry and easy to install, a single mattress for each bed comes in a neat plastic bag. When they are not in use, tuck your mattresses away in the luggage compartment. The tough water-resistant plastic bag with easy-working zipper will keep each mattress in perfect condition despite the hardest use.

The Twin Bed arrangement in the Airflyte is an exclusive Nash feature—designed for your con-

venience. Many Nash owners use the beds regularly on hunting, fishing or camping trips. Remember, the Twin Beds in your Nash Airflyte are an *extra* feature. Make the most of this feature with new Nash Deluxe mattresses!

## FOR SUMMER SLEEPING IN *Nash* TWIN BEDS

### *Plastic Screens*

Park beside a stream or in the middle of a forest . . . make up your twin beds and then cover the windows with the new plastic slip-on screens especially designed for your Nash Airflyte 2-door or 4-door Sedan. Open the windows a crack in bad weather, roll them all the way down on a clear night. Here's complete protection against mosquitoes and other insects. Install screens on your car doors in a minute . . . remove them just as easily and pack them away with your Nash Deluxe mattress bags. Simple to install . . . perfect fit . . . long lasting!

FOR A NEW LISTENING  
THRILL... THE NEW

# Nash Airflyte Radio

**DESIGNED EXCLUSIVELY FOR THE NASH AIRFLYTE.** Wherever you drive . . . in crowded city traffic or on open country by-ways . . . the new Nash Airflyte Long Distance Radio brings you the finest in listening pleasure. Engineered especially for your Nash Airflyte, this new radio incorporates all of the latest advances in automotive radio design.

**POWER AND SENSITIVE STATION SELECTION.** Nash owners who want the ultimate in automobile radio performance will choose the new Nash Airflyte Long Distance Radio. A superb, high-powered receiver with six low current, long-life tubes, and supersensitive tuning, this new radio will give you a new thrill in listening. The new super power speaker is centrally located in the dash for balanced sound reception throughout the car. Designed to match the smart Airflyte interior trim, the modern control panel for this new radio is finished in smart, glistening chrome.

**BALANCED TONE AND AUTOMATIC TUNING.** Here's power and range that reproduce the most delicate overtones of a symphony orchestra. Here's reception so crystal clear you hear the crack of the baseball bat or the referee's whistle. New balanced tone control give you a choice of tone from base to treble. Fully automatic tuning is provided with five station push button control. The station dial in a new design is edge-lighted for quick, clear identification at night. Yes, everything you look for in the finest home sets is built into the new Nash Airflyte Long Distance Radio.

#### **Vacuum Control Antenna**

A touch of the finger on the conveniently located control, and you automatically adjust to desired height the new Vacuum Control Antenna for your Nash Airflyte Radio. Enjoy the convenience of automatically moving your radio antenna out of sight and out of danger when driving your car into the garage.

#### **Manual Control Antenna**

If your choice is the manual type, install the new Nash Manual Antenna. It is engineered to fit the Nash Airflyte Radio and assures excellent selectivity and range in city traffic or on country highways. The three-sectional antenna is easily extended for greater sensitivity.

## Spotlight with Rear View Mirror

Powerful long-range beam . . . Rear View Mirror adjusted from the inside . . . designed especially to fit the Nash Airflyte. Here it is, a perfect combination of two important accessories . . . the Nash Spotlight with Rear View Mirror! With pistol-grip control, adjustment of both spotlight and mirror is simple and convenient from inside the car. Pick out road signs or house numbers, quickly and easily . . . or set your Nash spotlight beyond headlight range for safer driving.

### Door-Top Mirror

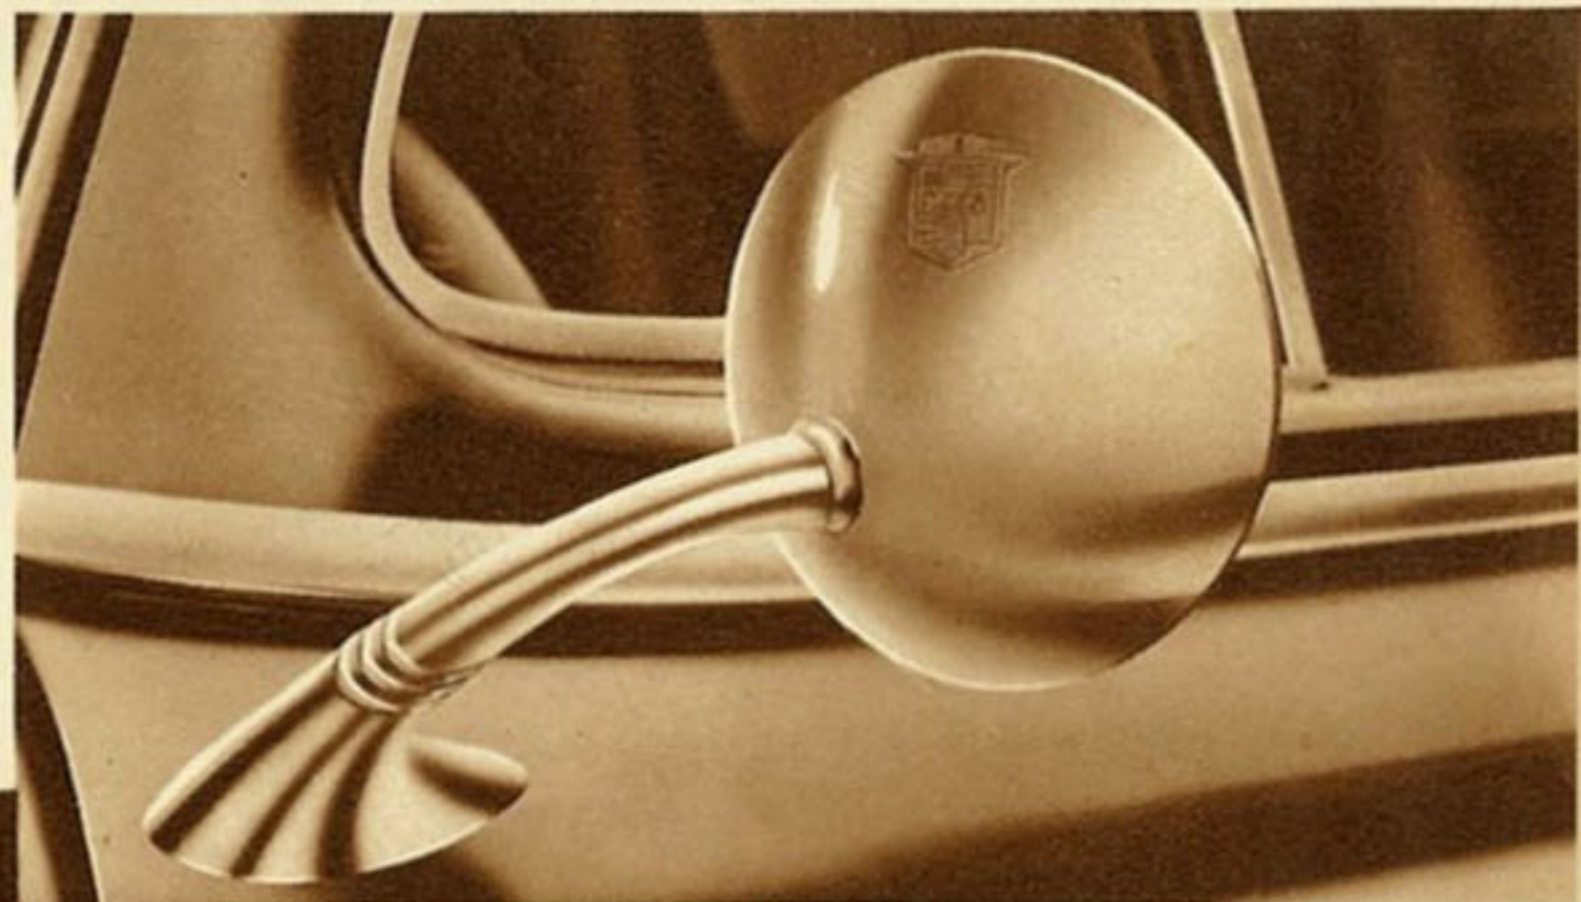

Designed for use on the Rambler, but also adaptable to the Ambassador and Statesman, the Nash Door-Top Mirror fits on top of either front door. The new Door-Top Mirror provides wide view of the road to the rear without obstructing forward vision. Installation with two set screws is fast and simple. Heavily chrome plated for beauty and long-life.

### Safety Lights

In bad weather you can depend on Nash Fog Lights, pictured at the left. These sealed-beam units assure fixed focus, trouble-free light providing maximum visibility in fog, rain, snow or sleet.

### Back Up Lights

also are available to eliminate the annoyance and danger of backing up at night. Nash Back Up Lights spread a wide, powerful beam for backing from a garage or parking in close quarters.

### CUSTOM STYLED *Rear View Mirror*

Here's a "must" accessory for your Nash Ambassador, Statesman or Rambler. The new Custom Styled Rear View Mirror is designed exclusively for the Nash Airflyte and approved by Nash engineers. A permanent installation by your Nash dealer makes this mirror a part of the car. Its aerodynamic styling is in keeping with the advanced Airflyte design. Finished in heavy weather-resistant chrome, the new Nash Custom Styled Mirror has a large 4½-inch reflector.

### NON-GLARE *Rear View Mirror*

For safety's sake, eliminate dangerous headlight reflections with the Nash Non-Glare Rear View Mirror. When blinding headlights come up behind, the Non-Glare Mirror tilts with a flick of the finger into "night position" that deflects the glare away from the driver's eyes. Another touch and the mirror returns to "day position" for perfect daytime vision. Every driver will appreciate the safety and comfort provided by the Nash Non-Glare Rear View Mirror. This accessory is specially engineered to fit the Nash Ambassador, the Statesman or the new Rambler.

### NASH Hood Ornament

George Petty, originator of America's most popular feminine figure, has combined the lines of his famous Petty Girl with those of Airflyte styling in the new Nash Hood Ornament. Here is the well-known Nash Flying Lady in new form and fashion. Finished in heavy chrome for lasting beauty.

### NASH Custom Seat Covers

Nash seat covers are master tailored to fit the Airflyte with solid or split front seat back. With a wide choice of attractive colors to complement the car's interior and body colors, Nash Airflyte seat covers are your best buy. Available in new "Saran" plastic, silk-smooth water repellent rayon fabrics and new color-fast fibres.

### NASH Protect-O-Mat

Designed to fit the Nash Airflyte, this all-new rubber floor mat keeps car floors neat and clean, prevents carpet wear or covers worn spots. The exclusive "rib and ramp" design means easier cleaning. There are no cups or cavities to hold dirt or water. Available in three attractive colors.

### NASH Car Care Materials

**RADIATOR SEAL.** Permanently seals leaks in cores, pump and hose connections.

**HYDRAULIC BRAKE FLUID.** Recognized by service men and motorists as the world's finest.

**AUTO WATER TREATMENT.** Prevents the formation of rust and corrosion all year in any weather.

**PERFECT SEAL GASKET CEMENT.** Better for replacing gaskets and preventing corrosion on metal.

**RADIATOR CLEANSER.** Restores radiator and cooling system to like-new condition.

**GLASS CLEANER.** Keeps windows clean and glistening in the car or home.

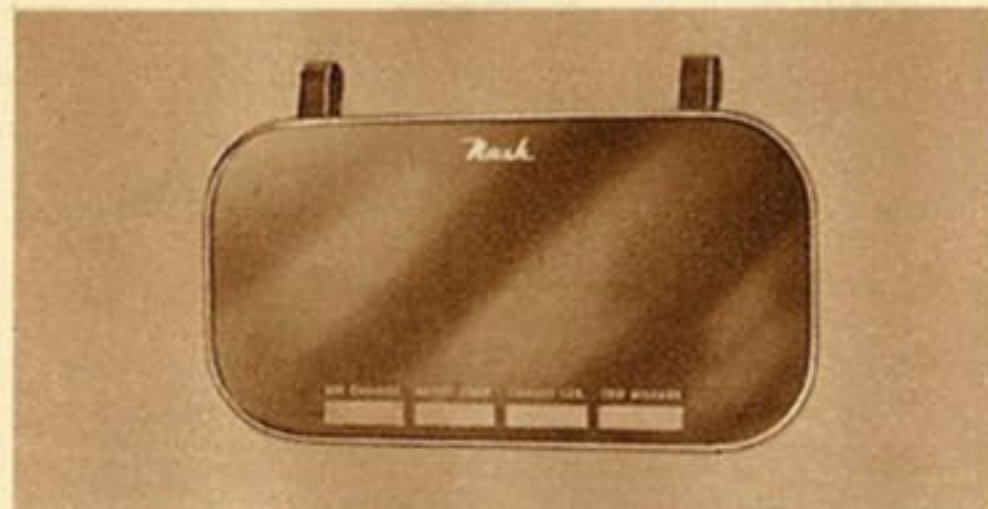

**POLISH AND CLEANER.** Use it on the car; use it at home on metal or wood surfaces.

**CHROME CLEANER.** Works like magic. Restores original luster to all chrome car parts.

**FABRIC CLEANER.** Oil, grease, dirt, fresh paint and chewing gum quickly and safely removed.

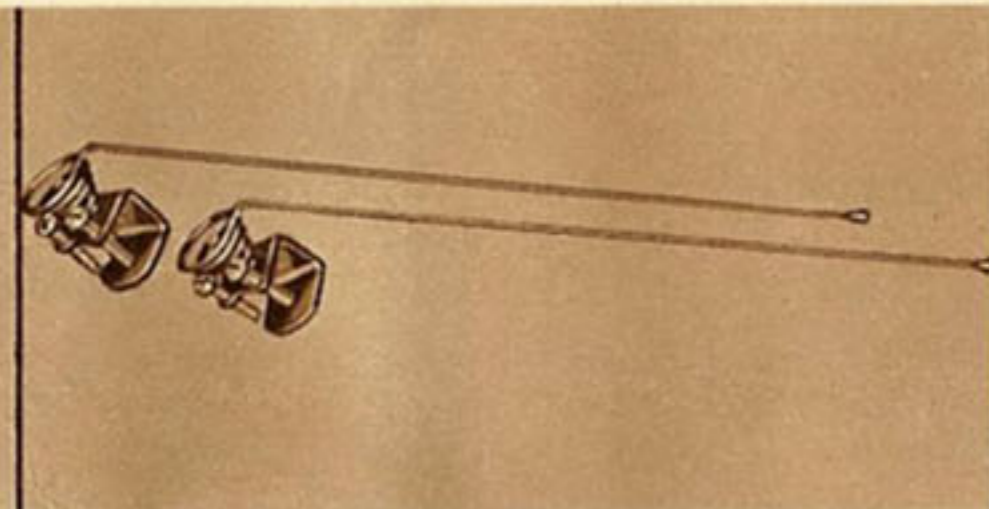

**WINDSHIELD WASHER SOLVENT.** Those two little "Squirts" will do the job with Nash Solvent. It will not freeze.

**GENERAL USE OIL.** Carry it in your car. Keep a can in the home for lubricating fine parts.

### Visor Vanity Mirror

Clipped to the sun visor, the Nash Vanity Mirror is within easy reach of front seat passengers. A flick of the fingers brings it into position for checking personal appearance or recording mileage or service data.

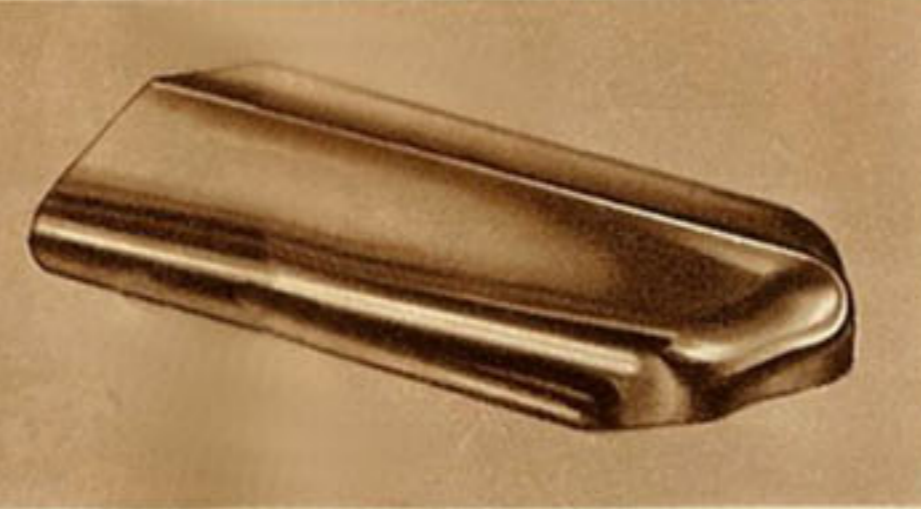

### Curb-L-Arm

Protect the side of your car from bumps and scrapes when parking along the curb. Reduce wear and tear on white sidewall tires. When you near the curb, Curb-L-Arm automatically sounds a warning signal.

### License Plate Frame

For that finishing touch, dress up your Nash Airflyte with chrome license plate frames! Sturdy and rust-resisting, they combine both beauty and utility. Frames cover sharp edges of plates, protect hands.

### Exhaust Extension

New in appearance and new in construction, the Exhaust Extension is an accessory that serves a very practical purpose . . . while adding distinctive individuality to the Nash Airflyte.

### NASH "Lustur Seal"

Nash "Lustur-Seal" is your best buy in car beauty insurance! Lustur-Seal is far more than a wax or polish. It is a specially designed treatment that protects and preserves the finish of your car indefinitely. It seals against sun, salt-air, chemicals, dust and grime. Let your Nash dealer show you how "Lustur-Seal" preserves car finish and restores the original luster.
