AMC automobiles incorporate thousands of different components produced by American Motors Corporation, affiliated companies and various independent suppliers. From time to time during the manufacturing process, it may be necessary to produce AMC automobiles with different components or differently sourced components than initially scheduled. All components must meet the standards of American Motors Corporation and will provide the performance expected from AMC automobiles.

EAGLE'S "REVOLUTIONARY SWITCH"... SELECT DRIVE

For the first time, every 1982 Eagle from American Motors offers you a choice: 2-wheel drive for over-the-road economy or full-time 4-wheel drive for traction and security... either mode at the flick of a switch. Select Drive, an innovative engineering achievement that lets you switch back and forth between 2-wheel drive economy and full-time 4-wheel drive traction... Unlike all other conventional part-time 4-W/D systems, Select Drive, designed for full-time operation, lets you enjoy 4-wheel drive security to meet any weather or road condition.

Are you heading into a rainstorm? Are there icy patches or fresh snow on the road? Do you find yourself on a muddy country lane? Once again the choice is yours. Simply stop the vehicle and slide the lever to the right. Now you are in 4-wheel drive for that feeling of confidence and security. It's that simple! To change back to 2-wheel drive economy, just stop the vehicle, reverse the switch... Select Drive, it's that easy and instant to operate. The American Eagle... it's a switch from every other car in the world.

1982 BUYER PROTECTION PLAN

This warranty gives you 12-month or 12,000-mile (20,000 km) coverage on many items not covered by most automobile warranties. It covers wiper blades, brake linings, light bulbs — everything we put on the automobile except tires. If any part American Motors supplies goes wrong on your

1982 automobile, you won't have to pay for the parts or the labor. You are responsible to see that your automobile is maintained, at your expense, according to the 1982 Owner's Manual and Maintenance Schedule booklet.

American Motors' Buyer Protection Plan also includes provision for:

- Service adjustments
- Warranty service for owners who move or travel
- Warranty coverage for subsequent owners

- Tire policy
- New automobile pre-delivery service
- A loaner automobile
- Special trip interruption protection

THE TOUGH AMERICANS

To earn the name "Tough Americans," American Motors engineers and manufacturers durable yet fuel-efficient and smartly-styled automobiles... and then stands behind them with the only full warranty in the industry.

Then, there is the exclusive Ziebart® Factory Rust Protection with galvanized steel in 100% of the exterior body panels, backed by the innovative full 5-year No Rust-Thru® Warranty.

Finally, at no extra cost, American Motors offers the new Extended Powertrain Protection Limited Warranty, providing protection for specific powertrain components for an additional 12 months or 12,000 miles.

(See your AMC salesperson for details on this exclusive warranty protection)
