Ford Quality Backed By Lifelong Sheet Metal Guarantee*

We hope you'll never have to replace the sheet metal body parts on your new vehicle, but down the road you may have to. And if you do, there's something very important you should know. **All sheet metal body parts are not created equal.** Inferior imitations may rust prematurely, fit incorrectly and be improperly finished. And you are the loser.

Ford's Lifelong Sheet Metal Guarantee* Your Ford-branded original equipment replacement sheet metal comes with a Lifelong Guarantee. Should our sheet metal ever show signs of inside to outside corrosion perforation, we will repair or replace it at no cost to you for as long as you own the vehicle. (See your Ford or Lincoln-Mercury dealer for further details). At Ford, we build quality into our products and are willing to stand behind that quality.

Ford Sheet Metal Body Parts Meet Exacting Standards

Genuine Ford Motor Company replacement sheet metal body parts meet exacting original equipment specifications to provide the right fit and finish for your Ford-built vehicle. These sheet metal parts are produced with quality rustproofing materials to provide anti-rust and corrosion protection.

Important Protection Processes

Ford Motor Company replacement sheet metal body parts are identical to the original equipment sheet metal body parts they replace. Following are protection processes used that separate our sheet metal body parts from some low-cost imitations.

Precoated Metal — A corrosion-resistant coating is applied when the steel is manufactured.

Galvanized Steel — Steel is coated with zinc by a special process that affords superior corrosion resistance.

Phosphate System — This system thoroughly cleans and treats bare metal parts to improve corrosion resistance.

Cathodic Electrocoat — This special primer is applied by dipping negatively charged parts in a tank of positively charged primer to provide even greater corrosion resistance.

At Ford Motor Company, quality is Job 1. We are committed from design through product life, to provide you with the finest grade of replacement sheet metal body parts.

Insist on Ford. Only genuine Ford Motor Company original equipment and replacement sheet metal body parts are covered under your corrosion protection warranty.

Secure Your Vehicle

A. Keyless Entry. Feel secure with Ford's keyless entry system that not only locks or unlocks your car doors up to 50 ft., but also turns on the interior lights of your car with the press of the unlock button. The transmitter fits right on your keychain. Your vehicle's starter is automatically disengaged whenever the transmitter is used to lock the doors, and returns to normal operation whenever the transmitter is used to unlock the doors. Your door may be opened with a key and the starter interrupt system turned off manually. This remote keyless entry will also work with the factory option keyless entry system. For all Ford cars with power door locks and remote trunk release. Base Part No.: 54220K31 and Sugg. Retail Price from \$99.95

B. Anti-Theft System. Prevent unwanted entry the easy way with the anti-theft system featuring an electronic key — no button sequence to remember. Once your engine is turned off and the key removed, the starter circuit is interrupted and the engine cannot be started again until your individually coded key is inserted (196,885 code combinations make the risk of duplication remote.) A deluxe ultrasonic system is also available which blankets the vehicle interior with invisible waves for protection while pin switches protect the hood and trunk. Intruders are greeted by a blaring horn. Available for all Ford cars except Festiva and Probe. Base Part No.: 19A361. Sugg. Retail Price: \$55.00 (Standard), \$130.00 (Deluxe).

An Added Flair

C. Louvers. Dress up your car, while providing instant shade with our rear window louvers. Install them, and presto! Passengers are cooler, and fabric is protected from fading. The powder coat black painted aluminum construction won't warp (the way some plastics do) — and if you want to paint it to match your car's finish, go ahead. It'll look great! Installation? Very easy. In fact, there's no drilling necessary (a permanent adhesive holds the mounting brackets directly on the rear window glass). The Louvers tilt up for cleaning. Available for Escort (excl. wagons), Mustang 3 Dr., GT and Probe. Base Part No.: 6144268. Sugg. Retail Price: \$180.00

D.I.Y. **D. Front End Cover.** Protect the front of your new Ford the classy way with attractive front end covers. They not only help protect your car's finish from stone chips, they also add a sporty look to your new car. Durable black vinyl backed by a soft, non-woven white flannel reduces moisture build-up between the cover and the paint finish. Each cover has the carline name or logo embroidered on for a personalized touch. Available for Escort Pony, Escort LX and GT, Tempo, Mustang LX and GT, Taurus, Thunderbird STD, LX, and Super Coupe, Probe GL, LX and GT. Base Part No.: 19A413. Sugg. Retail Price: \$91.00

- The fine accessories shown in this catalog have the backing of Ford Motor Company and include the high standards of our engineering quality, reinforced by our expertly trained technicians.

A Word About Prices

- Prices vary depending on your specific vehicle and the differences in style, size, and adapting kits.
- Space does not permit us to list the specific price for the many possible applications of each accessory. If you see a single suggested retail price, that price will usually not

- be affected by different applications. If you see a suggested retail price “from” a given price, the price shown represents the lowest price within that product’s range of application.
- Suggested retail prices do not include installation costs.

Order With Ease

- All accessories are available through our parts department.
- When placing an order, please include the special Ford Base Part Number for the accessory(s).
-  When you see this symbol on accessories shown in this catalog, it means that the item is a “Do-It-Yourselfer” and requires no dealer installation.
