Golf Alltrack

Volkswagen

Tread happily.

Golf Alltrack

Whether you're exploring new pavement or taking a detour onto a dirt road, the Golf Alltrack is the key to unlocking destinations that were once out of reach. Equipped with 4MOTION® all-wheel drive, an Off-Road Mode,* and increased ground clearance to accommodate varied terrain with more confidence, the Golf Alltrack was designed to take the road less traveled. No matter how you adventure, it's safe to say you'll be doing so with a turbocharged smile on your face.

*Always ensure that your vehicle is equipped with appropriate tires and equipment and always adjust your speed and driving style to the road, terrain, traffic, and weather conditions. See Owner's Manual for further details and important limitations.

Taking a detour off the highway to traverse previously uncharted territories has its perks. Scenery. Fresh air. Tranquility. But looking for adventure off the beaten path doesn't always mean a smooth drive. Fear not, the Golf Alltrack was engineered with 4MOTION all-wheel drive, Off-Road Mode,* and Hill Descent Control, which actively helps control the application of your brakes. Smoother sailing, even on rough terrain and in inclement weather.

FEATURES

4MOTION all-wheel drive

Driving Mode Selection with Off-Road Mode and Hill Descent Control

1.8L TSI® engine

4MOTION all-wheel drive

The 4MOTION all-wheel-drive system transfers torque between the front and rear wheels. In normal driving conditions, power is delivered to the front wheels. But 4MOTION can also send torque to the rear axle when you need it. Talk about a power move.

[vw.com/models/golf-alltrack/section/performance](https://www.vw.com/models/golf-alltrack/section/performance)

Traction, under control.

SEL with Driver Assistance and Lighting Package shown in Pure White

*Always ensure that your vehicle is equipped with appropriate tires and equipment and always adjust your speed and driving style to the road, terrain, traffic, and weather conditions. See Owner's Manual for further details and important limitations.

Rugged good looks.

SEL with Driver Assistance and Lighting Package shown in Pure White with Base Carrier Bars and Bike Holder Attachment

When searching for a car designed for the outdoors, it's easy to compromise on aesthetics. Thankfully, the Golf Alltrack is an all-around eye pleaser that checks all the boxes. A rugged bumper design and exterior cladding help weather the storms, while additional ground clearance makes the Golf Alltrack nimble on dirt, snow, and various terrain.* It's part sporty wagon, part rugged, and one all-wheel adventurer.

FEATURES

Silver roof rails
17" alloy wheels

AVAILABLE FEATURES

Bi-Xenon headlights with LED DRL
Panoramic sunroof
18" alloy wheels
Steering wheel-mounted paddle shifters

Hill Descent Control

This feature helps you go down steep grades that can be partially slippery. With Hill Descent Control, active when in Off-Road Mode*, the Golf Alltrack will brake for you while going downhill, keeping your ride at a constant, controlled speed.

Off-Road Mode*

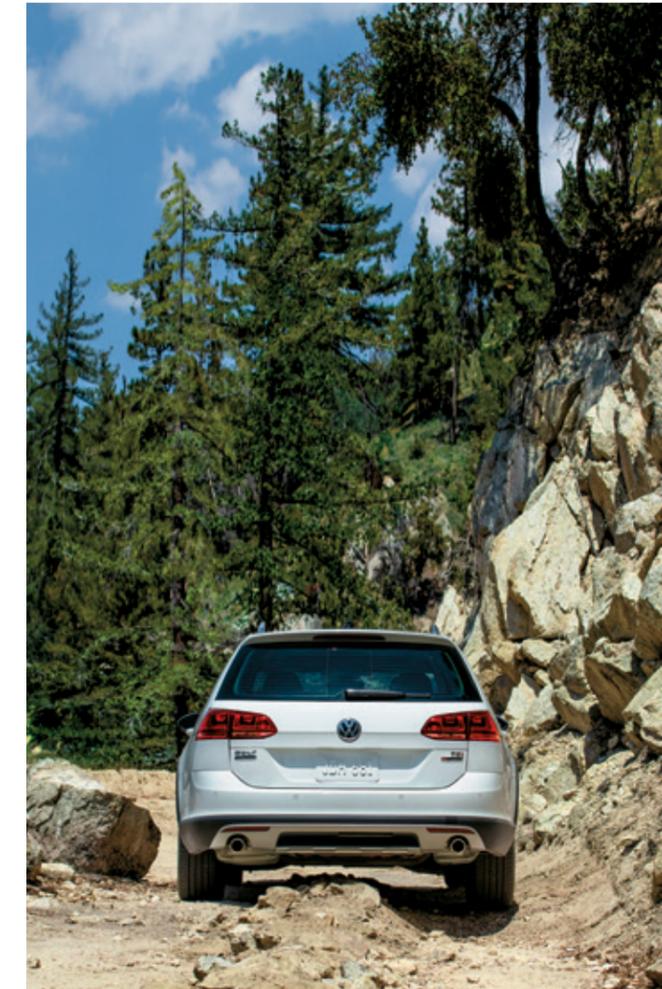

With a specialized engine and ABS configuration, Off-Road Mode is designed to help you traverse a variety of different terrains; it allows you to comfortably drive down steep grades and optimizes driving and traction control. It's "adventure mode for the off-road."

Rugged bumper design and exterior cladding

A tough yet refined exterior, the Golf Alltrack is engineered with sleek reinforcements to help combat rough road conditions and inclement weather. In short, it's ready for almost anything.*

Increased ground clearance

Designed to allow easier maneuvering through varied terrain — like the uneven rocky ground of a campsite — the increased ground clearance of the Golf Alltrack shows how we went above and beyond, so you can go out and about.

*Always ensure that your vehicle is equipped with appropriate tires and equipment and always adjust your speed and driving style to the road, terrain, traffic, and weather conditions. See Owner's Manual for further details and important limitations.

There's a lot of outside, inside this Volkswagen.

The great outdoors meets the great indoors. Inspired by nature's wide-open spaces, the interior of the Golf Alltrack is spacious, with 60/40-split folding rear seats. And with stylish elements like available Marrakesh Brown leatherette seating surfaces, it's designed to stop you right in your tracks.

FEATURES

- Unique interior trim
- Folding rear seat with release levers in cargo area
- Rear seat with center armrest and pass-through

AVAILABLE FEATURES

Marrakesh Brown interior

SEL with Driver Assistance and Lighting Package shown in Marrakesh Brown leatherette

Volkswagen Car-Net® Security & Service*

With your 6-month trial and then paid subscription, you can enjoy a host of available features that help you locate your last parked location,** check if the doors are locked, call for help in an emergency,[†] and even get vehicle health and diagnostic reports.^{††}

Volkswagen Car-Net Guide & Inform[‡]

With available Car-Net Guide & Inform, you can access gas prices, weather, sports scores, and more through SiriusXM Travel Link[®] services with a 3-month trial subscription. You also get SiriusXM[®] Traffic with a 3-month trial subscription, which offers real-time traffic information and puts your info front and center.

Be more active. And interactive.

The Golf Alltrack comes with some progressive features to help you rough it without actually having to rough it. Like a rearview camera, available Fender[®] Premium Audio System, and available Climatronic[®] dual-zone climate control. While the available touchscreen navigation system will help you follow your North Star. The Golf Alltrack has the features needed to stay in touch with the tech you love.

FEATURES

Rearview Camera System

AVAILABLE FEATURES

Fender Premium Audio System
Climatronic dual-zone climate control
Discover Media touchscreen navigation system
Keyless access with push-button start^{††}

Volkswagen Car-Net App-Connect[§]

VW Car-Net App-Connect lets you link your compatible smartphone with Apple CarPlay[™], Android Auto[™], or MirrorLink[®] to use select apps on the touchscreen display of your Volkswagen. Everything from streaming music to mobile maps can be accessed on the touchscreen.

Helps you stay out of trouble.

The Golf Alltrack is equipped with five available Driver Assistance features that assist you on the road. So you can undertake any drive with greater confidence.

Lane Departure Warning (Lane Assist)^{§§}

When moving, the available Lane Departure Warning (Lane Assist) can sense if you start to drift into another lane without using the turn signal. It will help steer to help keep you in the correct lane.

Forward Collision Warning and Autonomous Emergency Braking (Front Assist)^{§§}

The Forward Collision Warning system (included in Front Assist) has a sensor in the front to help monitor traffic and can alert you to a potential collision. If a collision is imminent, Autonomous Emergency Braking (included in Front Assist) can help brake the car.

Adaptive Cruise Control (ACC)^{§§}

The available Adaptive Cruise Control (ACC) helps maintain a relative distance from the car in front of you. If the car in front of you speeds up or slows down, the sensors can detect the change and your car follows suit.

Park Distance Control (Park Pilot)^{§§}

The available Park Distance Control (Park Pilot) has sensors that help you back out of or drive into a parking spot. Audible signals and the Optical Parking System on the display indicate how much space you have in the front and back while parking. If you get too close, an alert sounds as a warning. The display provides additional support for the driver by showing the position of obstacles.

Parking Steering Assistant (Park Assist)^{§§}

The available Parking Steering Assistant (Park Assist) can help judge if a parking spot is big enough for your Volkswagen. Whether parallel or perpendicular, this feature will help steer your vehicle into the space. You operate the accelerator, brake, and shifter; it does the rest.

*Verizon Telematics, Inc., is the VW Car-Net Security & Service service provider. Trial or paid subscription required. VW Car-Net Security & Service services require vehicle cellular connectivity and availability of vehicle GPS signal; certain services may collect location information. See Terms of Service, Privacy Policy, and other details at www.vw.com/carnet. Always pay careful attention to the road, and do not drive while distracted. **Requires VW Car-Net Mobile Application. Standard text and data rates apply. Do not use feature to locate stolen vehicle. †Automatic Crash Notification may be enabled for up to 6 months without activating a trial or paid subscription; Manual Emergency Call feature and all other VW Car-Net Security & Service features require trial or paid subscription. ††Refer to your vehicle's warning and indicator lights for the most current diagnostic information. Always consult Owner's Manual for maintenance guidelines. ‡Always pay careful attention to the road, and do not drive while distracted. SiriusXM audio and data services each require a subscription sold separately, or as a package, by Sirius XM Radio Inc. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. All fees and programming subject to change. Do not leave vehicle unattended with the engine running, particularly in enclosed spaces. §Always pay careful attention to the road, and do not drive while distracted. Not all features available on all operating systems. Standard text and data usage rates apply. App-Connect features require compatible device, operating system, and mobile apps. See mobile device and app providers for terms and privacy. Android Auto is a trademark of Google Inc. Apple CarPlay is a trademark of Apple Inc. MirrorLink is a registered trademark of the Car Connectivity Consortium LLC. §§Driver Assistance features are not substitutes for attentive driving. See Owner's Manual for further details and important limitations.

A lot goes in before you do.

The Golf Alltrack is a fun-to-drive, ready-for-adventure, über-versatile wagon. But it's also part of the award-winning 2016 Golf family, which is why the engineers crafted a solid foundation. With seven stability-enhancing features and an Intelligent Crash Response System (ICRS).* It's proof that a lot goes in before you do.

NHTSA 5-Star Safety Rating

The 2017 Golf Alltrack has earned a 5-star overall safety rating from the National Highway Traffic Safety Administration (NHTSA).** That's a high-five for high performance.

Intelligent Crash Response System (ICRS)*

In the event of a collision that deploys the airbags, the ICRS can turn off the fuel pump, unlock the doors, and activate the hazard lights. It helps react if you might not be able to.

Seven stability-enhancing systems

From Electronic Brake-pressure Distribution (EBD), which helps maintain appropriate stopping power during a hard-braking situation, to Electronic Stability Control (ESC), which can adjust engine throttle and apply corrective forces to the wheels that need them most, there are in total seven stability-enhancing systems at your service.

Automatic Post-Collision Braking System

Not every collision brings a car to a stop. That's why our vehicles include the Automatic Post-Collision Braking System, which can help stop your car after a collision, helping reduce the chance of additional impacts.

Tire Pressure Monitoring System (TPMS)

Monitoring and maintaining proper air pressure in your tires helps with efficiency¹ and safety. The TPMS helps alert you to a loss of tire pressure so you can know when to add air.

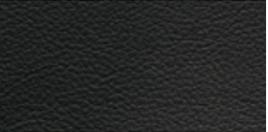

*The Intelligent Crash Response System (ICRS) will only activate in a collision where the airbags deploy or safety belt pretensioners activate. Not all collisions cause airbags to deploy or safety belt pretensioners to activate. **Government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (www.safercar.gov). ¹Airbags are supplemental restraints only and will not deploy under all crash circumstances. Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age. ²22 city/30 highway mpg (2017 Golf Alltrack 1.8L engine, 6-speed automatic transmission). EPA estimates. Your mileage will vary and depends on several factors, including your driving habits and vehicle condition.
