

2001 LESABRE BY BUICK

Central Pontiac Buick & GMC Ltd.

227 Highway 20 East at Rice Road, Fonthill, Ontario L0S 1E6

Telephone: (905) 892-2653, 382-3022 Fax: (905) 892-1340

Your Sales Representative:

The remarkable thing about Buick LeSabre isn't that it comes with all the essentials today's sophisticated family requires. After all, spacious comfort, superb craftsmanship, along with reassuring safety and security are basic to every Buick. Instead, it is the way LeSabre goes beyond to encompass the attributes that make owning and driving it a sheer pleasure. Once behind the wheel, a host of luxuries and thoughtful conveniences surround and pamper you. And on the road, LeSabre's sophisticated performance and confident road manners will earn your instant approval. LeSabre by Buick. Everything your family needs. All the things you want.

LESABRE LIMITED

Look beyond LeSabre Limited's classic lines and you'll discover an exceedingly well-engineered luxury sedan. LeSabre Limited's extremely rigid body combines with its four-wheel fully independent suspension system to deliver confidence-inspiring road manners. All, of course, with Buick's renowned smooth, silent ride. A sophisticated electronic full-range traction control system reduces wheelspin to ensure smooth acceleration on slippery road surfaces. StabiliTrak, is available for added driving security. StabiliTrak is a vehicle dynamic control system. It integrates the steering wheel angle sensor with the anti-lock braking system, traction control system and the Powertrain Control Module. If the sensors detect a change in the vehicle direction that doesn't agree with the steering angle, StabiliTrak applies the appropriate braking or engine forces to help correct the situation. It's part of a package that includes a Head-Up Display which relays driving information, (like your speed) onto the windshield at eye level and self-sealing tires. LeSabre Limited. The heart of a classic – with a most contemporary beat.

Opposite page: LeSabre Limited shown in Dark Bronzemet Metallic, with Gran Touring Suspension Package which includes 16-inch aluminum wheels.

LESABRE LIMITED INTERIOR

LeSabre Limited's interior invites you to enjoy a silent and spacious sanctuary filled with welcome luxuries. Buttery-soft leather seating areas are available. A party of six rides in complete comfort. Power everything means precisely that, including six-way power driver and front passenger seats. Automatic dual-zone ComforTemp climate controls allow the driver and front passenger to select individual temperature settings. Heated outboard front seats are standard to provide a warm welcome on cold winter mornings. And a premium AM/FM/CD/cassette audio system with six speakers entertains with concert hall clarity. Complete as LeSabre Limited is, some options do remain. For those days when you'd prefer to have more of the great outdoors indoors, we suggest the power sunroof with built-in sunshade.

Opposite page: LeSabre Limited with front and rear armrests. Shown in Taupe with available leather-trimmed seating surfaces.

LESABRE CUSTOM

Enjoyable though LeSabre Custom may be for its passengers, it reserves an even greater pleasure for its driver. Let's begin with the effortless manner its 205-horsepower 3800 Series II V6 whisks you ahead of busy traffic. The four-speed automatic transmission shifts with fluid smoothness. The Buick engineers have calibrated LeSabre's suspension to achieve a soft, smooth, silent ride while maintaining complete composure when cornering. Something else to inspire your confidence are LeSabre Custom's four-wheel disc brakes and advanced anti-lock braking system. Swift. Smooth. Silent. And that's just the beginning of LeSabre Custom.

Shown at right, top to bottom: • LeSabre's trunk is nothing short of cavernous. Low sill height makes it easy to lift heavy objects up and in. And it's extra wide to make bulky objects an easy fit. • Power remote control mirrors let you adjust the height and width of the rear view from the driver's seat. Both foldaway in case they are bumped by someone walking past. • Electronic traction control is standard on LeSabre Limited and available on LeSabre Custom. It helps improve acceleration at all speeds on slippery road surfaces.

LESABRE INTERIOR

A great deal of thought went into the design of LeSabre's interior. The controls for the power windows, exterior mirrors and door locks are conveniently placed on the door armrests. The standard audio system features an AM/FM stereo with a CD player, cassette and six speakers. It may be touch controlled from the steering wheel for safety and convenience. But functionality is only half the LeSabre interior story. Form also plays an important role. Gentle curved surfaces, wood-tone trim accents and deeply recessed gauges all help create an atmosphere of warmth and traditional Buick elegance.

Shown at left, top to bottom: • An available power sunroof with retractable sunshade makes enjoying LeSabre Limited a breeze. • LeSabre features a drawer in the instrument panel that glides open to conveniently store your sunglasses and more. • Now you can set LeSabre's cruise control without taking your hands from the steering wheel or your eyes from the road. • LeSabre is always playing your song thanks to a wide range of available audio systems, including the trunk-mounted 12-disc CD changer shown here and available on Limited.

LESABRE COMFORT

LeSabre comfort begins with space. Plenty of room for six passengers to stretch out, relax and enjoy the ride. Your seats have been orthopaedically designed and tested so that you arrive refreshed and relaxed, no matter how long the drive. Those who suffer from allergies can take comfort in the fact that LeSabre's ventilation system removes pollen particles from incoming air. And, of course, air conditioning is also standard. From the multitude of features it contains, to the thoughtful way they are laid out, everything is done with your comfort in mind.

- Shown at left, top to bottom:
- Automatic dual-zone ComforTemp climate controls let the driver and front seat passengers select individual temperature settings, standard on LeSabre Limited.
 - An available Office Seating Package features leather seating surfaces, five-passenger seating, writing surface, dual cupholders, auxiliary power outlets and rear seat heat/ventilation outlets.
 - Six-way power driver seat controls are standard on LeSabre Limited and LeSabre Custom.
 - A six-way power passenger seat is standard on LeSabre Limited and available on LeSabre Custom.

LESABRE SAFETY AND SECURITY

Buick comfort also includes your peace of mind. That's why you'll find such innovative safety thinking as our energy-absorbing Catcher's Mitt front seat design. It helps keep you in place during a low-speed rear impact. Self-aligning front head restraints are also included to help reduce head motion that may cause neck injury. Buick LeSabre for 2001. Safe keeping for you and your family.

Shown at left, top to bottom: • For safety and security, a Twilight Sentinel system keeps LeSabre's exterior lights on up to 3 minutes after you exit the car. It's standard equipment. • The available Head-Up Display projects important information such as your speed onto the windshield. As a result, your eyes are always on the road. • In addition to dual front air bags, LeSabre also includes front seat-mounted side-impact air bags for added safety.* • Lock-out protection is also standard on every LeSabre. If the keys are in the ignition, you can't lock the doors. • StabiliTrak is available on LeSabre Limited. It helps assist the driver in maintaining vehicle control and adds a reassuring sense of confidence behind the wheel.

*Remember, always wear your safety belt, even with air bags.

A NOTE ABOUT CHILD SAFETY: Children generally are safer if they are secured in a rear seat using the appropriate child safety seats and restraints, which is why General Motors recommends that child safety seats be properly secured in a vehicle's rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active air bag. Refer to the Owner's Manual and child safety seat instructions for more safety information.

LESABRE TECHNOLOGY

Beneath LeSabre's elegant exterior is a world of advanced technology. Its rugged steel body creates a strong cage for extra occupant

protection in the event of a collision. It also helps eliminate squeaks and rattles. Even handling is improved by its extremely rigid design. Of course, Buick's traditional smooth, silent ride and effortless handling have been well looked after by a team of engineers who specified a four-wheel fully independent suspension. LeSabre's sophisticated 3800 Series II V6 has earned wide recognition for its smoothness, reliability and the ability to generate 205 horsepower along with excellent fuel efficiency in a full-size vehicle. Buick LeSabre for 2001 – this is one thoroughly modern classic.

Shown at right, top to bottom: • The high torsional rigidity of LeSabre's body helps improve handling and safety. • The 3800 Series II V6 develops high torque at low engine speeds so that maximum power is developed with effortless ease and smoothness. • Travel up to 166,000 km before your first scheduled tune-up thanks to features like LeSabre's platinum-tipped spark plugs.*

*Maintenance needs vary with different uses and driving conditions. Refer to the Owner's Manual for more information.

ONSTAR

Buicks are defined by their elegance and superior comfort, as well as their power and high level of security. Part of that upscale experience is provided by OnStar. It is an innovative in-vehicle communications and assistance service that's designed to give you greater safety, security and confidence while on the road.* It uses existing Global Positioning System (GPS) technology and wireless communications to provide you with person-to-person assistance from Advisors standing by 24 hours a day — all at the touch of a button, so you're talking hands-free.

The OnStar Safety and Security Plan is included for one year on LeSabre Custom and LeSabre Limited models equipped with the 1SE Preferred Equipment Group. At the touch of a button, an OnStar Advisor is available to contact emergency service providers or roadside assistance. When air bags are deployed in an accident, a vehicle's OnStar System will automatically contact the OnStar Centre. Your Advisor can also help track your vehicle if it is stolen and help guide authorities to its location. In addition, OnStar offers the Premium Services Plan of convenience and concierge-type services. See your dealer for more details about all the terms and plans available for your Buick.

OnStar. We're here for you — wherever you go.

COMMITMENT

For years Buick has been giving its customers a smooth ride.

We've done it by imagining, designing and then building high-quality, dependable automobiles that have earned your trust — and often the admiration of other manufacturers. Since 1915, innovative design, careful craftsmanship and a certain Buick flair for style have blended to produce unique automobiles that have gained a loyal following across Canada. Small wonder when you consider the fact that the Buick engineers take nearly as much satisfaction in driving their works as they do in creating them.

But for you, Buick's smooth ride goes far beyond the elegant, dependable vehicle in your driveway. It also includes the friendly, courteous, professional way you're treated from the moment you enter any Buick dealership. And that comfortable ride goes coast to coast in Canada and the United States via a network of committed dealers whose single goal is to continue your Buick-smooth ride, whether you're looking for expert sales assistance or fast, factory-trained service.

To learn more about the 2001 Buick Le Sabre, we invite you to visit our Web site at: **gmcanada.com**

Customer Communication

Marketing Centre at

1-800-GM-DRIVE

or 1-800-463-7483

(1-800-263-3830 for TDD users.)

*Service contract required. OnStar uses existing emergency service providers as well as cellular and satellite technologies. Vehicle electrical system needs to be operating for features to function properly.

GM TOTAL™ WARRANTY

Every new GM car and light-duty truck is backed by the GM TOTAL™ Warranty, 3-year/60,000 km (whichever comes first) which covers complete vehicle repairs, including parts and labour, to correct any defects in material or workmanship occurring during the warranty period. The GM TOTAL™ Warranty requires no deductible. Tires are included. Warranty features include towing, no-charge warranty transfer, 6-year/160,000 km (whichever comes first) corrosion perforation coverage and 8-year/130,000 km (whichever comes first) coverage on catalytic converters and powertrain control modules (PCM). Regular maintenance is not included. Application of additional rust-inhibiting materials is not required under the corrosion coverage and none is recommended. See your dealer for terms of this limited warranty.

GM ROADSIDE ASSISTANCE

When you drive away in your new GM car or light-duty truck, the security and convenience of round-the-clock Roadside Assistance is available via a toll-free number usable anywhere in Canada or the United States. During the warranty period, whenever a problem may arise, your Roadside Service Advisor is just a phone call away. Whether it's lock-out assistance, a jump start, a flat tire change, fuel delivery or towing assistance, simply call 1-800-268-6800 and we'll be there to assist you without charge. See your dealer for details.

GM COURTESY TRANSPORTATION

Your GM dealer may offer courtesy transportation while your new GM vehicle is serviced at your GM dealership for repairs covered under the 3-year/60,000 km GM TOTAL™ Warranty. Certain restrictions apply. See your GM dealer for full details.

GM PROTECTION PLAN

GMPP coverage provides you with "Peace of Mind" protection from repair costs (parts and labour), as well as many associated expenses that may occur to your vehicle beyond the GM TOTAL™ Warranty period. Whether you're purchasing or leasing your GM vehicle, there's a GMPP coverage level and plan term to suit your budget and driving needs. Be sure to ask your GM dealer about the many benefits you receive through your purchase of the General Motors Protection Plan, the only Extended Service Plan backed by the resources and commitment of General Motors.

GMAC

General Motors Acceptance Corporation of Canada, Limited (GMAC) is a General Motors division that was created specifically to assist GM dealers in marketing new vehicles to qualified GM customers. You can arrange GMAC financing right in your GM dealer's showroom and the terms of your arrangement can be tailored to fit your particular needs. It's a convenient, flexible alternative to a conventional bank loan.

GM SMARTLEASE

GM SMARTLEASE is administered by GMAC as an alternative to traditional financing. Qualified SMARTLEASE customers pay for the portion of the vehicle that is used, rather than paying for the entire vehicle as with traditional financing. Consider these SMARTLEASE benefits: Affordable monthly payments, drive more vehicle for your money, drive a new vehicle more often, no resale risks or trade-in hassles and a guaranteed option-to-purchase price when your lease ends. Most importantly, there are no surprises with SMARTLEASE. See your GM dealer about the benefits of SMARTLEASE. Or call 1-800-GM-DRIVE.

THE GM CARD

Start your dream rolling with The GM Card®. With The GM Card, your dream of owning a new GM car, truck or van can quickly become a reality. Every time you make a purchase using The GM Card, you earn 5% of that purchase which you can apply towards the Total Purchase Price or lease down payment of your next eligible new GM vehicle*. Earn up to \$500 per Cardholder year* by simply charging your usual purchases on your GM Card. What's more, there is no annual fee.

To receive an application or for full terms and conditions, please see your local GM dealer, TD Bank branch or call 1-800-GM-DRIVE.

® Registered Trade Mark of General Motors Corporation, TD Bank licensed user.

† See The GM Card Program Rules for details. See your dealer for vehicle eligibility.

GM GRADUATE PROGRAM

If you're a recent graduate from a recognized college or university, you may qualify for \$1,000 (all taxes included) off on the purchase or lease down payment of the new GM vehicle of your choice.* Anyone graduating from a 3-year university degree program, a 2-year college program or, in Quebec, a 3-year CEGEP D.E.C. (Technique) program between May 1, 1998 and December 31, 2001 can take part. To get credit for your degree, see your GM dealer for full details, or call toll-free 1-800-GM-DRIVE.

*Excluding Saturn, Saab and Isuzu. Offer not to be used in conjunction with \$1,000 GM Card Student Bonus Offer.

GM MOBILITY PROGRAM

If you or your passenger(s) have a physical disability which prevents you from driving or riding in a factory-equipped vehicle, find out about the GM Mobility Program for Persons with Disabilities. You may be eligible for reimbursement of up to \$1,000 (all taxes included) for adaptive equipment you may require for your new GM vehicle. Your GM dealer can also set up complete GMAC financing for you. (SMARTLEASE not eligible.) Beyond that, your GM dealer can provide you with lists of qualified driver assessment centres and mobility equipment installers. Call this toll-free number for more information: 1-800-GM-DRIVE or TDD users, 1-800-263-3830.

GM ACCESSORIES

If you want to personalize your vehicle to make it your own, ask your Sales Consultant about genuine GM Accessories. Your GM dealer can supply and install quality GM Accessories specifically engineered for your GM vehicle. When installed at the time of purchase or lease, GM provides GM TOTAL™ Warranty coverage for all dealer-installed GM Accessories.

GM GOODWRENCH SERVICE

Regular maintenance can help your new vehicle last longer, run better and be more fuel efficient. It can also enhance your resale or trade-in value.

At GM Goodwrench Service, we know your life is busy. So, when it's time for routine maintenance service, we promise to do everything we can to help you get on with your day and to get you back on the road where you want to be. Plus, nobody knows your GM vehicle better than GM Goodwrench Service factory-trained technicians. GM Goodwrench Service is available at select GM dealers.

GM CUSTOMER SATISFACTION

It's good to know, when you travel long distances, that there are hundreds of GM dealers in Canada, each one ready to provide you with professional service and genuine GM parts. You can phone the GM Customer Communication Marketing Centre toll-free at 1-800-GM-DRIVE or 1-800-463-7483 (TDD users, 1-800-263-3830) to talk with trained representatives regarding any General Motors product or service. The Centre is open Monday through Friday 7:30 a.m. to 11:30 p.m. (EST) and Saturday 7:30 a.m. to 6:00 p.m. (EST). You can also reach us at our Web site at gmcanada.com

A WORD ABOUT THIS BROCHURE

Some of the equipment shown or described throughout this brochure is available at extra cost. This brochure is based on the latest information at the time of printing. General Motors of Canada Limited reserves the right to make changes at any time, without notice, to specifications, equipment, colours, models, availability, programs and services. Your Buick dealer is the best source for up-to-date information. General Motors reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times.

A WORD ABOUT ASSEMBLY

Buick vehicles are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in Buick vehicles. Certain equipment ordered may be unavailable at the time of assembly and we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes that they are acceptable to you.

General Motors, GM, the GM emblem, the GM Canada Web site address, Buick, the Buick logo, Century, LeSabre, the OnStar logo, the OnStar button, Park Avenue, Regal, SmartLease, Soli-Ray, Solar-Ray, StabiliTrak, Tilt-Wheel, the TOTAL Warranty and Twilight Sentinel are all trade marks of the General Motors Corporation and/or General Motors of Canada Limited.

GMAC is a registered trade mark of the General Motors Acceptance Corporation.

PASS-Key and TheftLock are registered trade marks of the Delco Electronics Corporation.

Catcher's Mitt is a trade mark of the Lear Corporation.
