

# 2002 BUICK RENDEZVOUS

A woman with short blonde hair is smiling broadly, showing her teeth. She is wearing a dark green long-sleeved shirt. Behind her, the face of a man is partially visible, also smiling. The background is a solid green color.

I love the ride of a sedan.

A woman with short blonde hair is looking directly at the camera with a slight smile. She is wearing a dark blue long-sleeved shirt. Her hands are clasped in front of her. The background is a solid blue color.

We need the room

of a minivan.

I want the look of an SUV.

**autosynthesis** (ô-tō-sîn'-thĭ-sĭs) *n.* (2002)  
A blending of automotive DNA to create  
a totally new breed of vehicle.

RENDEZVOUS

**Dual zone climate control**

You like it warm, your front-seat passenger likes it cool? Rendezvous' dual zone climate control allows you both to adjust temperatures to suit your liking. (CXL only.)

**Low step-in height**

Rendezvous' doorsills are only a few inches higher than those of a sedan. Its low step-in height makes getting in or out hassle-free.

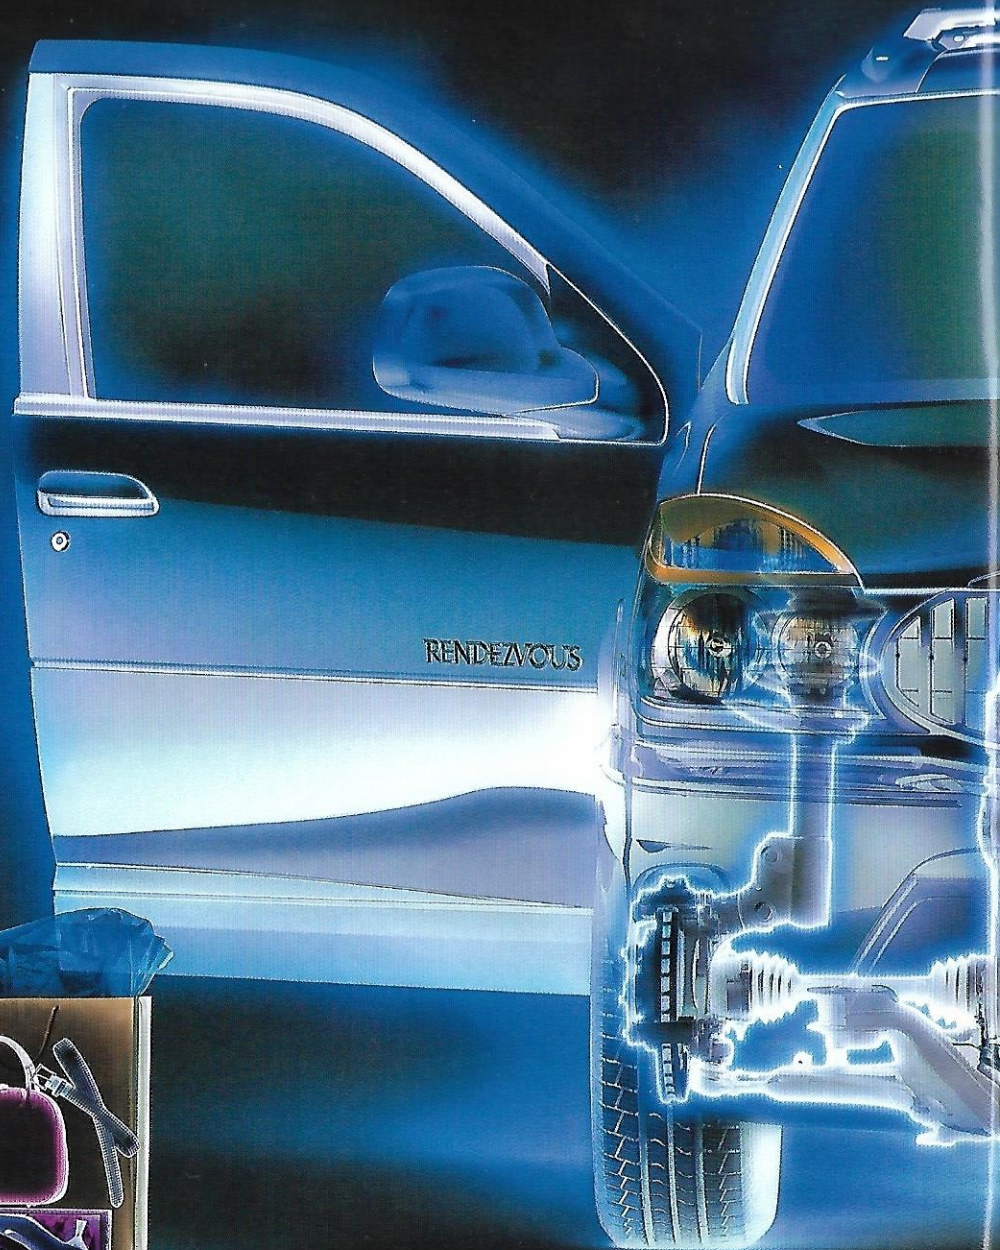

The feel of a

**Audio system with in-dash six-disc CD**

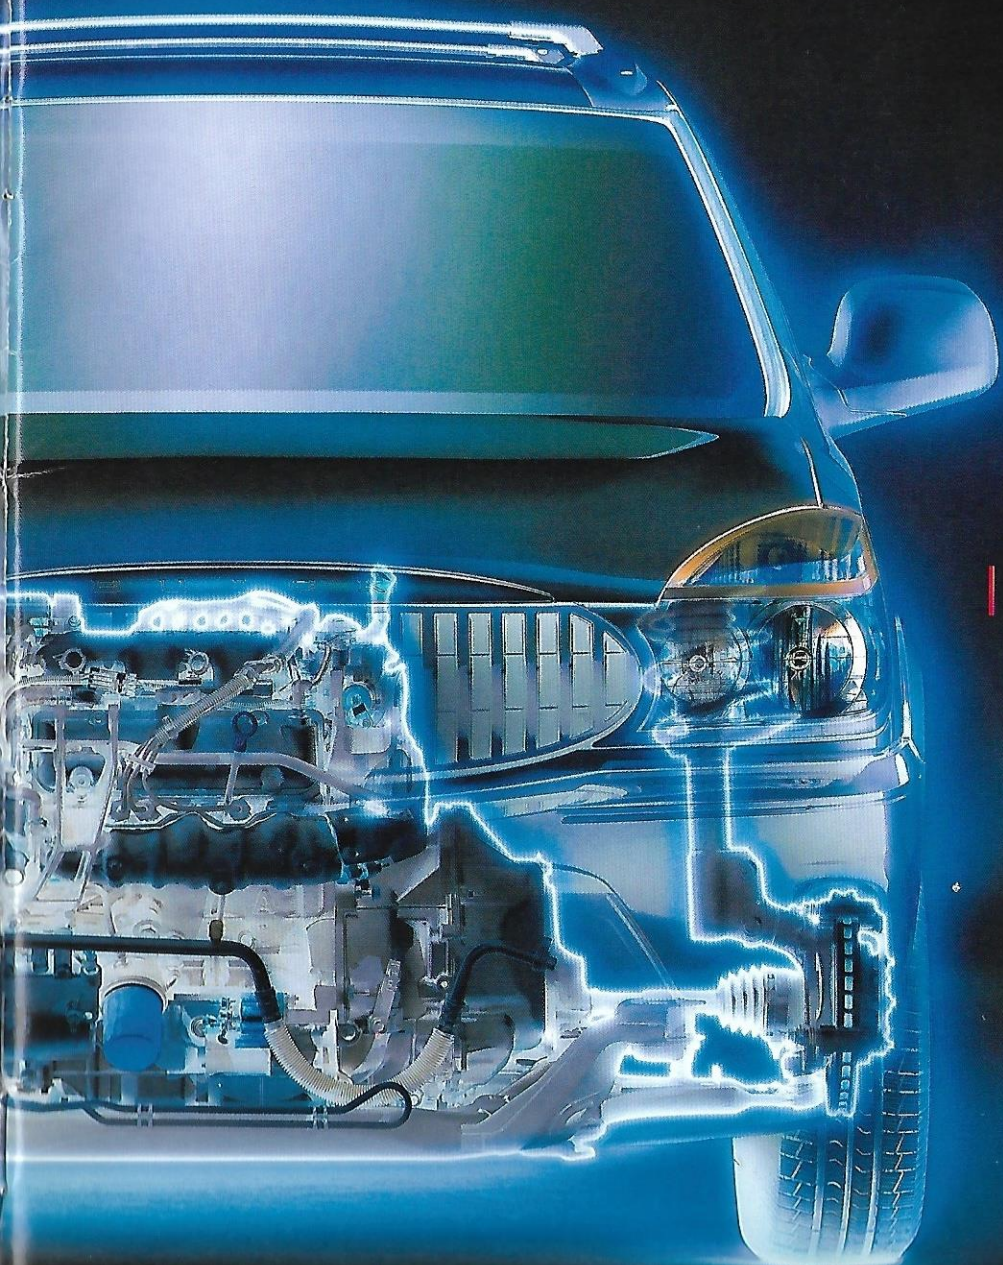

Rendezvous' available eight-speaker premium sound system features a CDX AM/FM receiver, in-dash six-disc CD changer and graphic equalizer for superb sound reproduction.

**Head-up windshield display**

The available head-up display projects important driving information on the windshield in front of you, allowing you to keep your eyes on the road.

### Three-dimensional gauges

A full set of titanium nickel-type gauges provide comprehensive information to the driver while displaying a distinctive, elegant appearance.

### Fully independent suspension

A four-wheel independent suspension with rear monotube shock absorbers provides excellent handling and road feel, as well as a smooth, car-like ride.

luxury sedan.

### ABS disc brakes

The stopping power of four-wheel anti-lock disc brakes helps provide a reassuring measure of safety and security.

### 3.4 liter V6 engine

An impressively quiet, 185-hp engine also delivers equally impressive fuel economy — 19 city/26 hwy mpg.\*

Shown with available equipment.

Rendezvous' available third-row seat gives it comfortable room for up to seven adults.

#### Reconfigurable seating

A flat-folding third-row rear bench seat (available) and the forward-flipping second-row split bench seat give Rendezvous on-the-spot reconfigurability for different cargo and passenger needs.

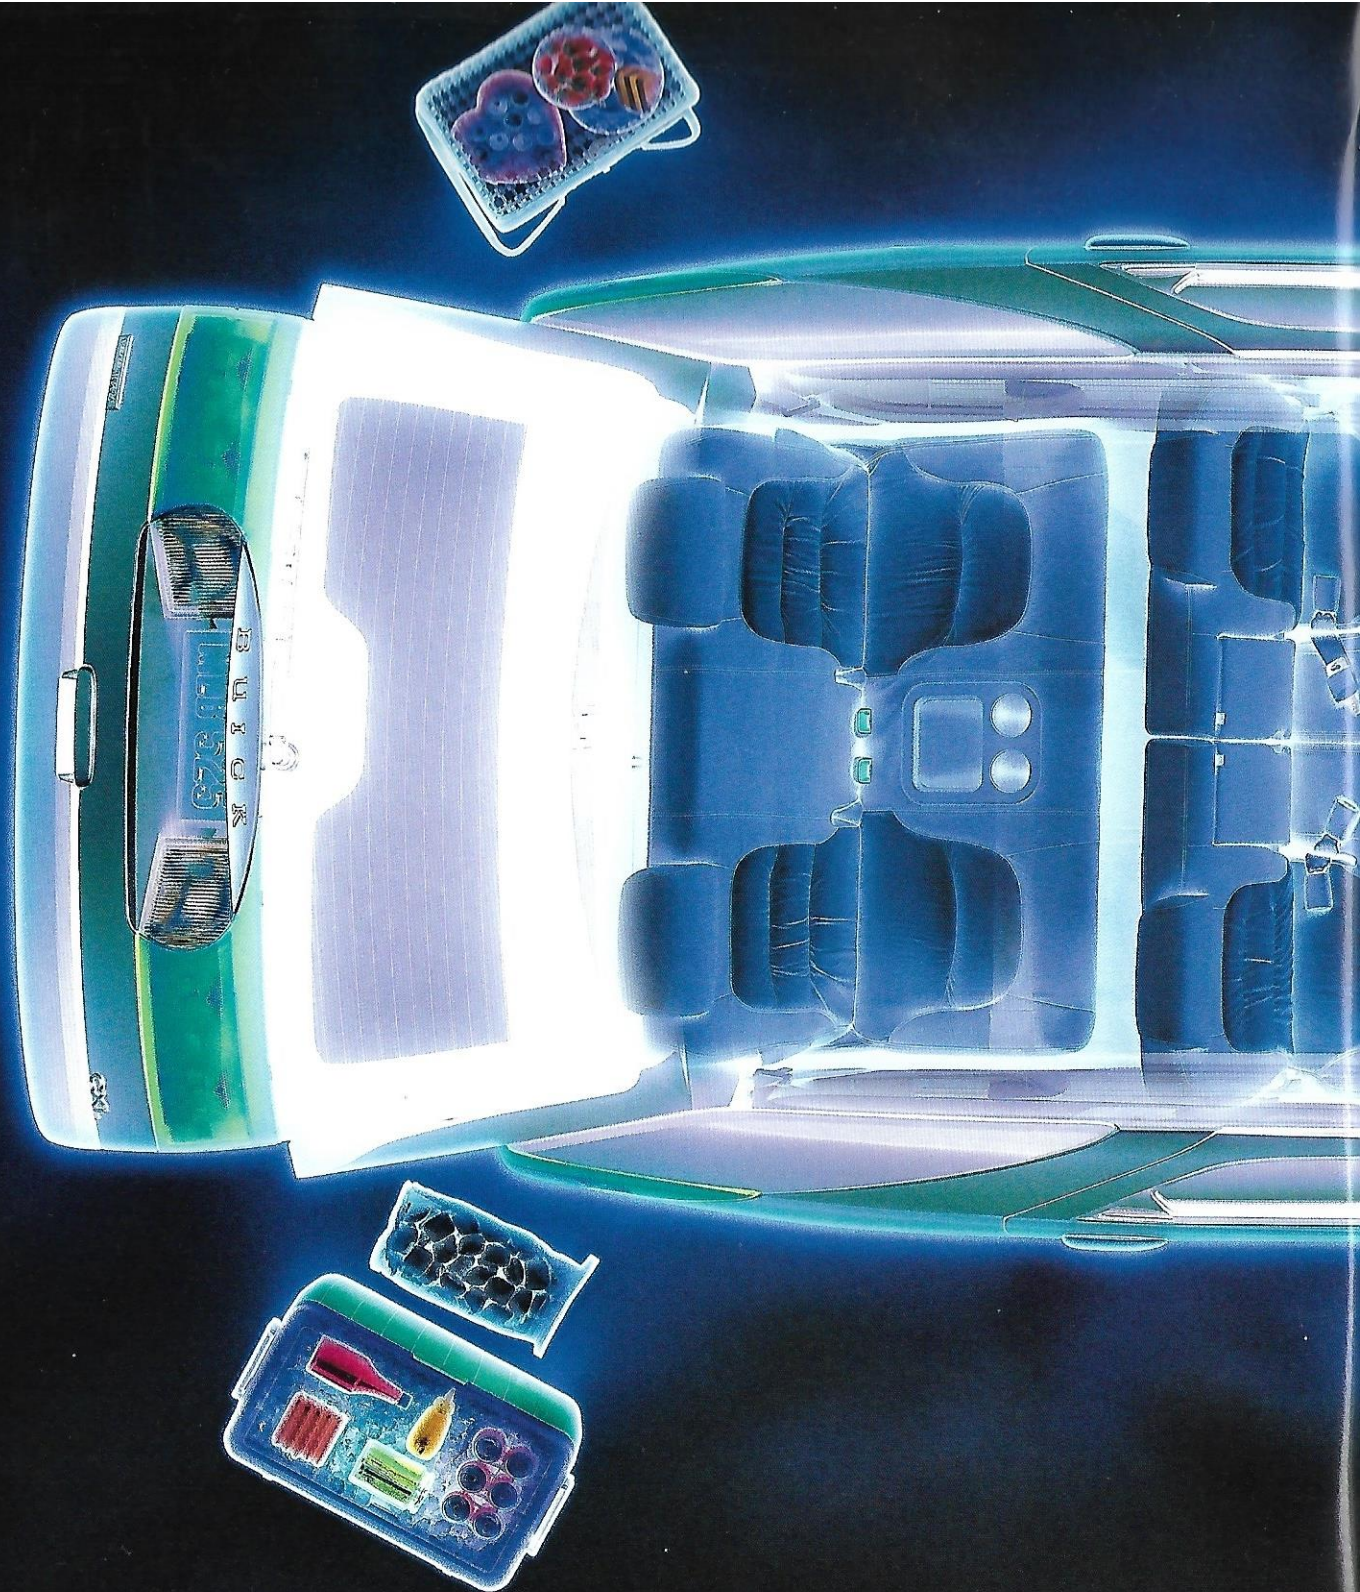

## The flexibility

#### Ease of entry/exit

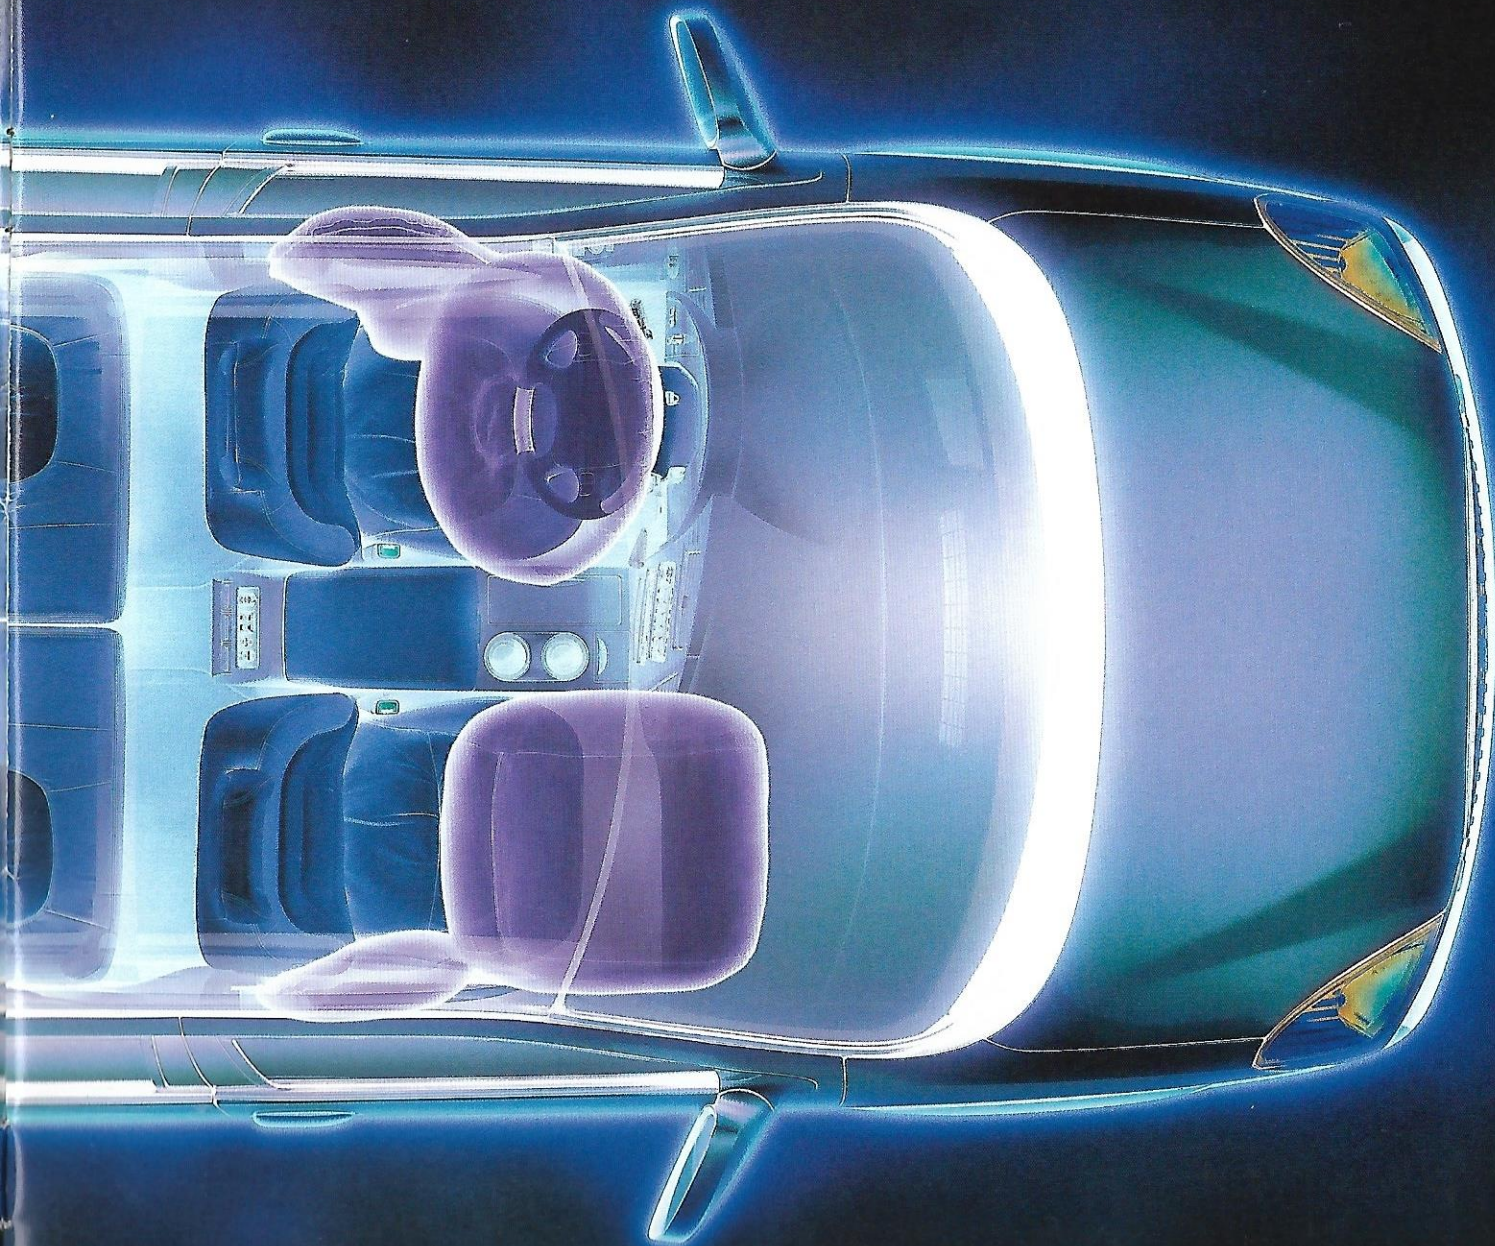

Passengers will find second-row flip-and-fold seats make access to the rear of the vehicle very convenient.

#### Rear park assist

The available ultrasonic rear park assist system helps identify how close you are to a parked vehicle or certain stationary objects while backing up.

#### Rear-seat audio

With the available rear-seat audio system, second-row passengers can listen to a music source different from that in the main cabin.

#### Power outlets

Four conveniently-located auxiliary power outlets accommodate today's wide variety of mobile equipment.

of a minivan.

11

#### Center console

The unique center console is large enough to store both a laptop computer and cell phone, with storage specifically designed for a purse or planner underneath.

#### Air bags

Dual front and seat-mounted side-impact air bags help reduce the risk of certain injuries to the driver and front passenger in the event of a collision.\*

\*Always use safety belts and proper child restraints, even with air bags. Children are safer when properly secured in the rear

Shown with available equipment.

The innovative Versatrak™ on-demand all-wheel drive system adapts to changing conditions as you drive, helping to provide traction where you need it, instantly. (Standard on CXL, available on CX.)

#### Command view

Rendezvous' vast expanse of solar control glass and high seating position give drivers and passengers impressive visibility.

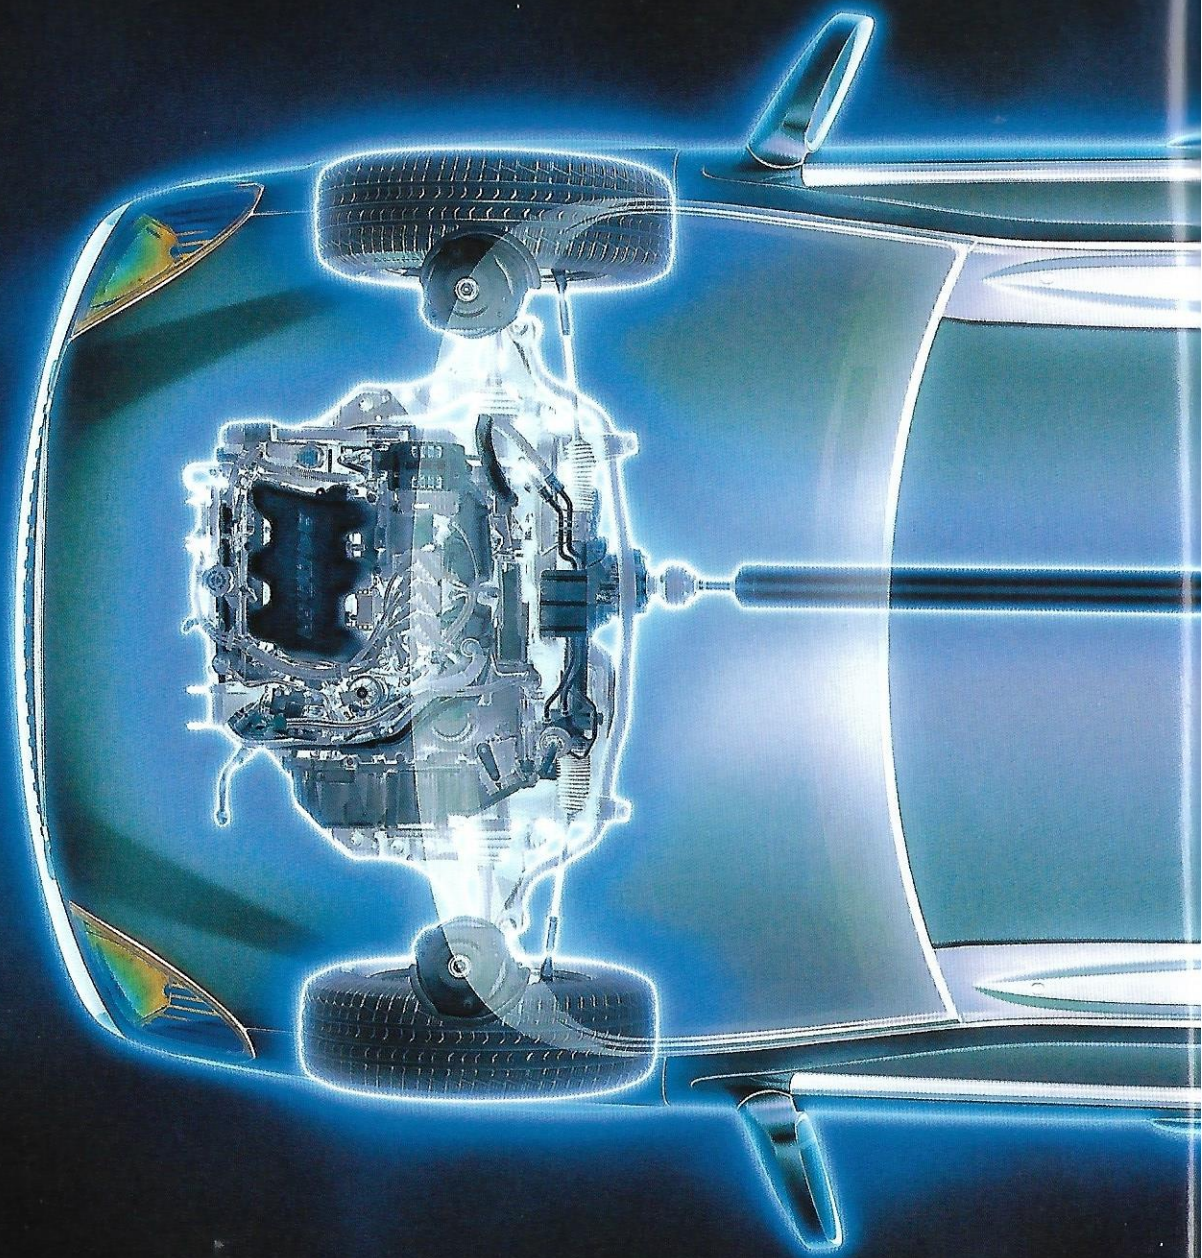

## The attitude of

#### Roof rack

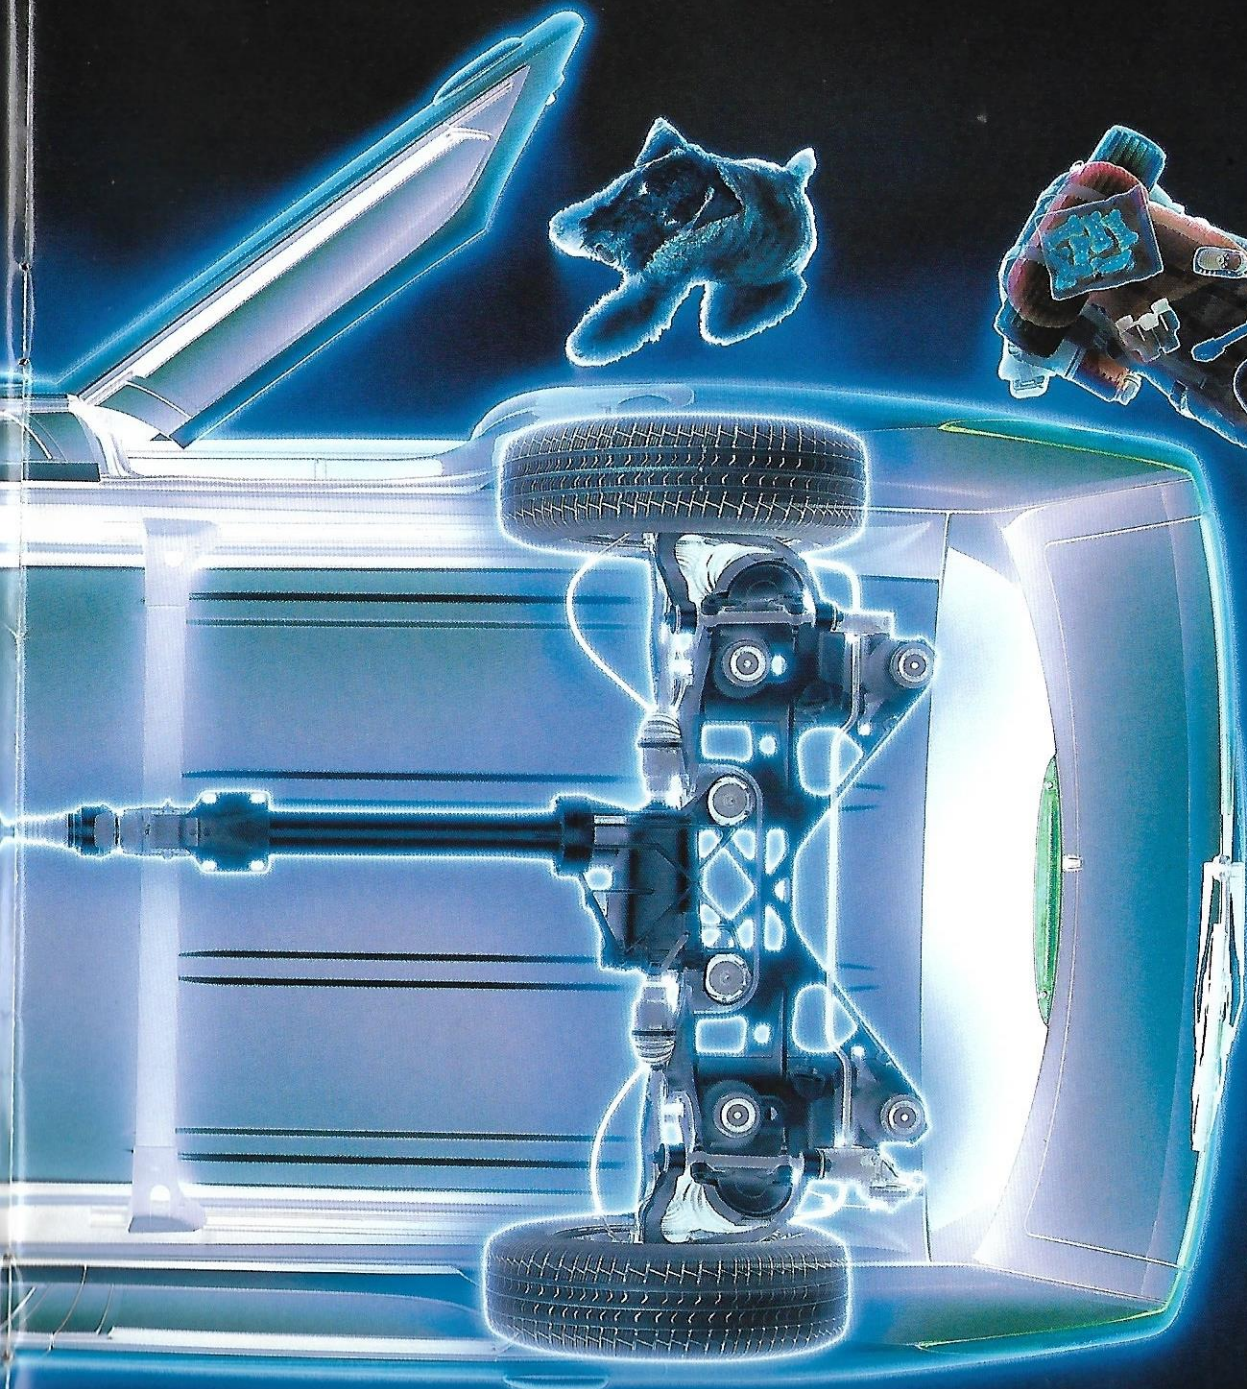

The roof rack features sliding crossrails and helps expand your carrying capability. (CXL only.)

#### Rugged, yet refined styling

From the tip of its sophisticated grille to its subtle side cladding to its distinctive rear glass, Rendezvous' bold, aggressive SUV-like styling makes a statement all its own.

#### Cargo capacity

Rendezvous' impressive cargo capacity of over 108 cu. ft. of space, with the third-row seat folded flat and the second-row seats removed, is easily accessed through its 48"-wide rear opening.

#### Automatic rear level control

This available system automatically helps level the rear of the vehicle when heavy loads are carried or a trailer is being towed.

a sport utility.

15

#### Top-flight accessories

A wide range of GM Accessories is available to further enhance the Rendezvous experience. Accessories like bike racks, ski racks or aero-styled cargo carriers help make carrying your gear a breeze.

#### Towing capacity

While Rendezvous can tow up to 2,000 lbs., adding the available towing package lets you tow up to 3,500 lbs. of whatever fun you want to take along.\*

\*Maximum trailer weight ratings are calculated assuming a standard equipped base vehicle plus driver. The weight of optional equipment.

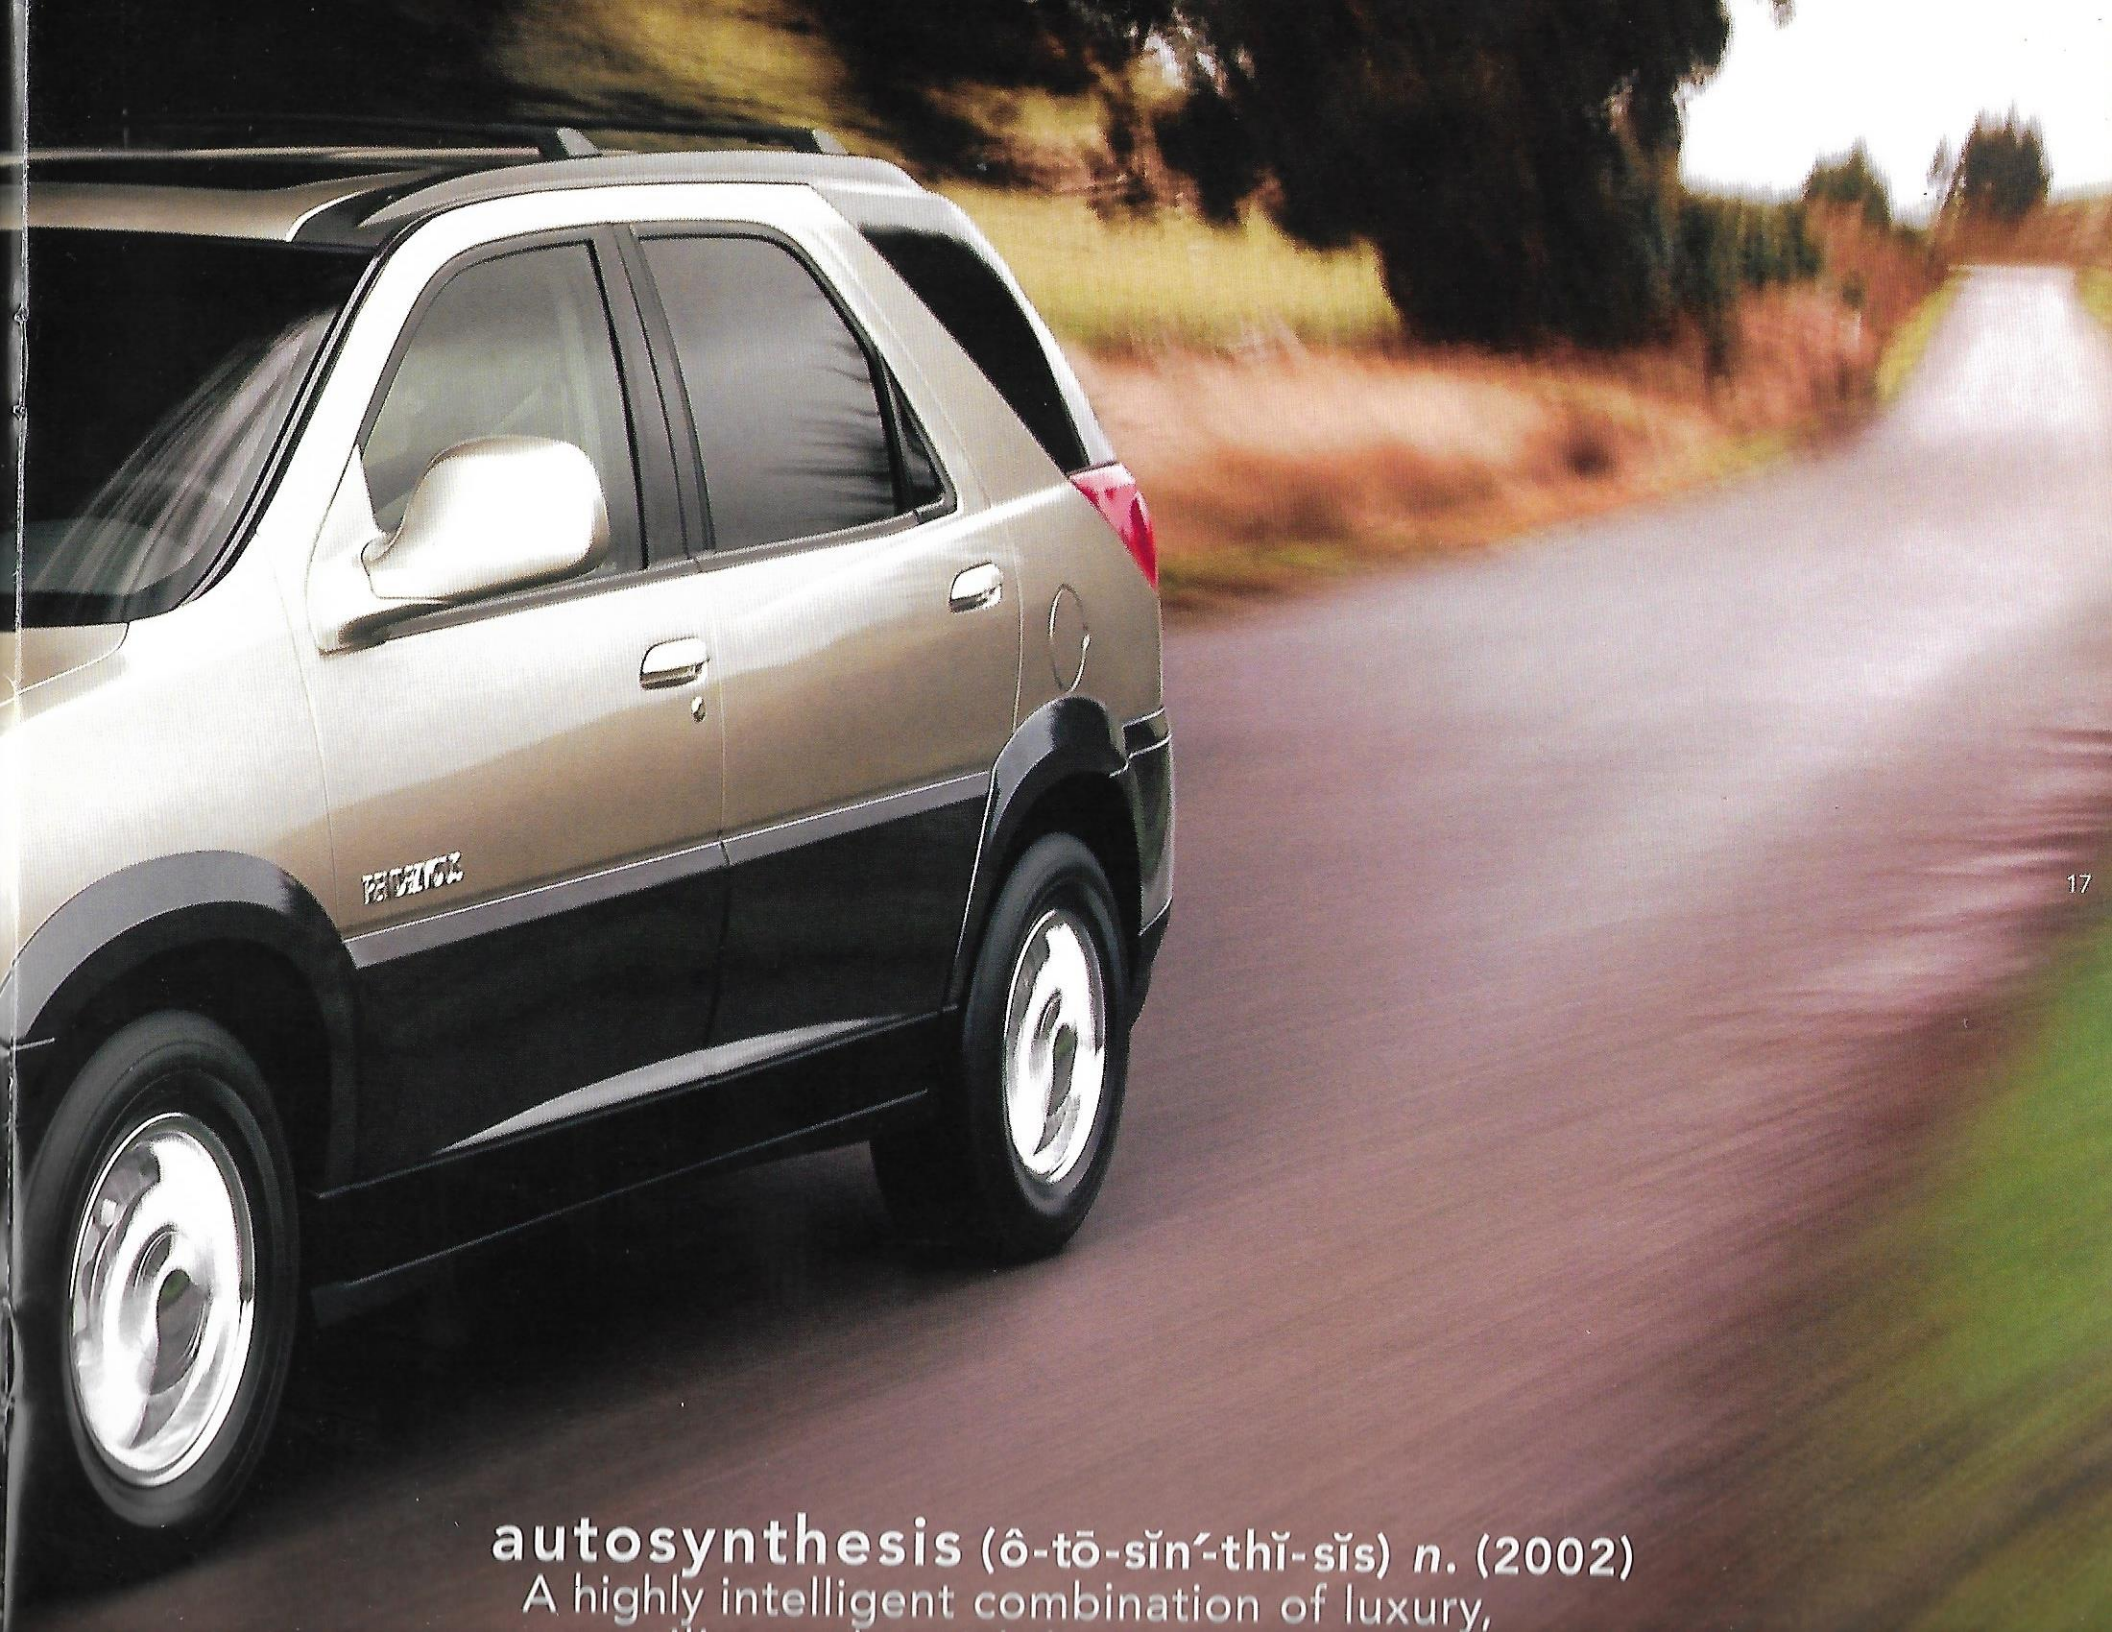

So innovative.

Shown with available equipment.

**autosynthesis** (ô-tō-sin'-thĭ-sĭs) *n.* (2002)  
A highly intelligent combination of luxury,

Because you don't always know what your fast-paced lifestyle will demand next, Rendezvous' on-the-spot reconfigurability makes doing virtually everything easier. So whether your schedule has you chauffeuring a baseball team, making trips to the lumber yard or heading out for a night on the town with your significant other, Rendezvous is more than up to the task. Log on to [www.buickrendezvous.com](http://www.buickrendezvous.com) for a virtual view of Rendezvous' reconfigurable interior.

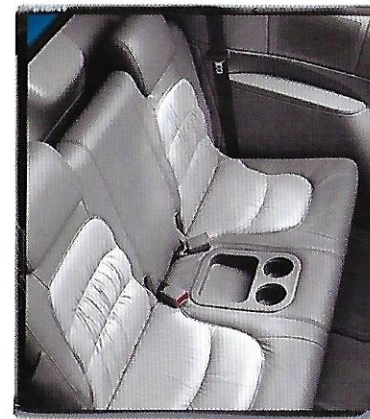

## A multitude of options inside.

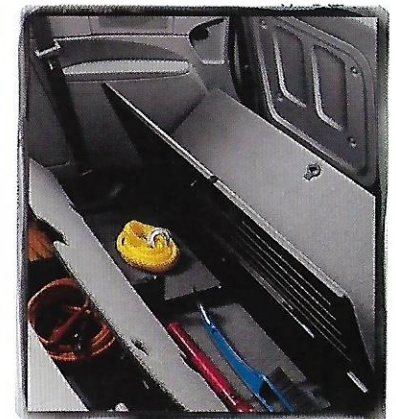

The standard **second-row split-bench seat** reclines, adjusts forward and back and with a pull of a single lever, folds and flips forward for easy access to the rear.

If you prefer, **second-row captain's chairs** are available. These seats also recline, slide forward and back, and are easily folded and removed.

The available **third-row bench seat** folds flat to the floor, giving you maximum use of space. In the "up" position, it's a nice place to be, even for two adults.

Rendezvous also offers a specifically designed **rear cargo storage system** to help keep your gear safely contained and out of sight. (Standard on CXL, available on CX.)

Rendezvous CXL interior in Gray, shown with available equipment.

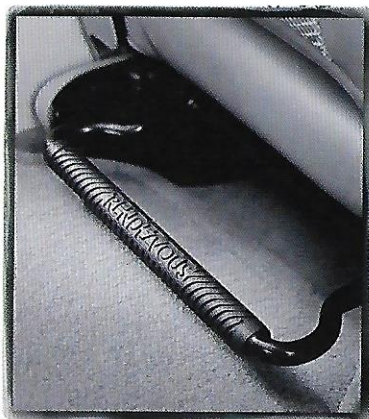

And that's what Rendezvous' interior is all about. We've created an environment that really works for you, making the most of both form and function, and every square inch of available space. Not to mention, surprising and delighting you with some very cool innovations you'll wonder how you ever did without.

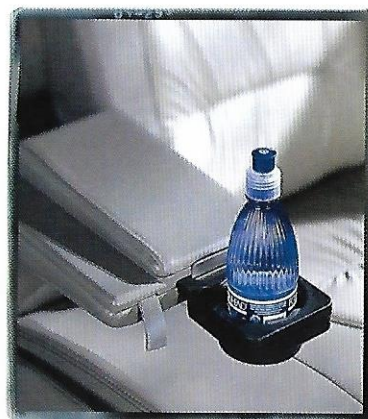

## Unlimited convenience throughout.

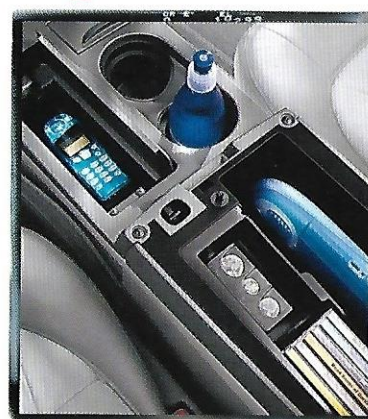

A reclining, **six-way power adjustable driver seat** is standard on CXL (also available for the front passenger seat). On CX models, six-way power seats are available for both driver and front-seat passenger.

Second-row passengers will enjoy the added comfort of **footrests** that can be flipped up or down for convenience. (Standard on CXL, available on CX.)

The second-row split bench seat also features **pull-down armrests** with flip-out cup holders and extra storage compartments inside for added touches of convenience.

This front-row **center console** functions as your personal equipment organizer. It features a lockable storage compartment designed to hold a laptop computer, as well as a special compartment for your cell phone. It also includes a unique storage area underneath, large enough to hold purses or small packages. Log on to [www.buickrendezvous.com](http://www.buickrendezvous.com) for a virtual view of this feature.

Cutting-edge technology. Personal service. An unparalleled level of safety, security and information services. When you have OnStar® onboard your Rendezvous, you have one of the world's most advanced mobile satellite/cellular communications networks at your command.

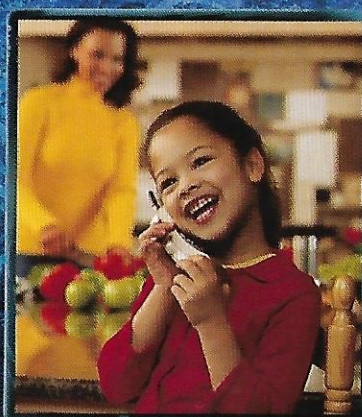

## The unmatched security of OnStar.

With the **Safety and Security Plan**, a touch of this button immediately connects you with an OnStar Advisor, who can contact emergency service providers 24 hours a day. If your Rendezvous is stolen, OnStar can track it. Lock your keys inside and OnStar can unlock your doors, just about anywhere. It can even diagnose an engine problem

The available **Premium Service Plan** augments the Safety and Security Plan by providing access to over five million service listings, including hotels, restaurants, dealerships, hospitals and ATMs. OnStar Advisors can help make reservations, purchase tickets or get you almost anywhere you want to go, all from the comfort of your Rendezvous.

With **OnStar Personal Calling**, keeping in touch with your family at home or people at work is easier and safer than ever. Available with either plan, it connects you with a nationwide wireless service. This voice-activated system dials the number for you and your party answers through your stereo speakers, allowing you to keep your hands on the wheel

OnStar **Virtual Advisor** is an added benefit to Personal Calling subscribers, providing up-to-date information on weather, news, stocks, sports scores, even your e-mail, right in your Rendezvous. It's voice activated, so all you have to think about is driving.\*

**OnStar**  
ON BOARD

\*One-year OnStar Safety and Security service agreement standard on CX models with SB and SD packages and CXL models. OnStar uses existing emergency service providers and cellular telephone and satellite technologies. Vehicle electrical system must be operating for OnStar to work. Call 1-800-ONSTAR-7 or visit [www.onstar.com](http://www.onstar.com) for system limitations and details.

\*\*Existing OnStar service agreement required. Additional usage charges apply for Personal Calling. Available in select markets. OnStar voice recognition system may not work with all voices.

†Existing OnStar service contract required. Advance payment of Personal Calling minutes required. Additional charges apply. Available in select markets.

A silver SUV is shown from the rear, towing a white sailboat on a trailer. The scene is set on a paved road with a body of water and trees in the background. The text "So capable." is written in red on the left side of the image.

So capable.

**autosynthesis** (ô-tō-sĭn'-thĭ-sĭs) *n.* (2002)

A synthesis of highly desirable features that results in a uniquely useful vehicle.

One of the many innovative ideas you'll find at work

in Rendezvous is the Versatrak all-wheel drive system.

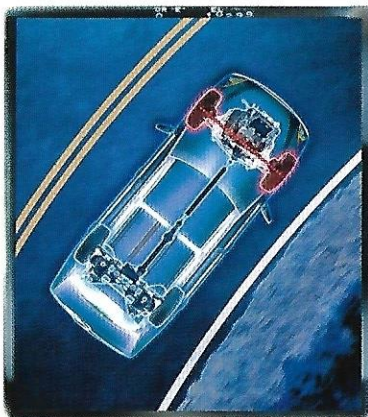

It allows Rendezvous to operate in fuel-saving front-wheel drive mode under normal driving conditions, yet instantly adapts to changing road conditions, helping to maintain traction when and where you need it.

No buttons to push, no levers to throw. (Standard on CXL, available on CX.) Log on to [www.buickrendezvous.com](http://www.buickrendezvous.com) for a video demonstration of Versatrak.

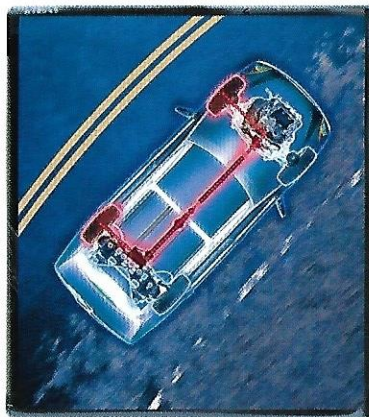

## The innovation of Versatrak AWD.

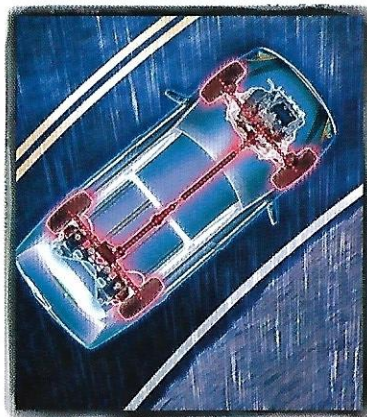

28

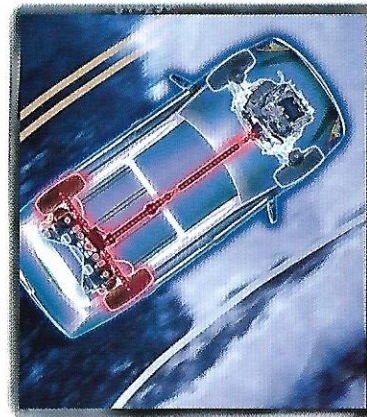

Under **normal driving conditions** (dry, solid pavement), Rendezvous remains in front-wheel drive mode; in other words, transmitting power to and utilizing the traction of only the front wheels.

Should two of your wheels leave a solid surface and transition onto a **less-than-stable surface**, such as gravel, the Versatrak system detects which wheels have the most traction and sends power to those wheels accordingly.

If you encounter **low traction conditions**, such as a wet road, Rendezvous' Versatrak all-wheel drive system keeps the vehicle in all-wheel drive until it detects that the front wheels have regained good traction.

**Ice and snow** present their own set of challenges. Should you suddenly come upon a patch of ice, Versatrak again instantly detects which wheel or wheels have the best traction, and sends power there. The system is so unobtrusive, you may never notice it at work.

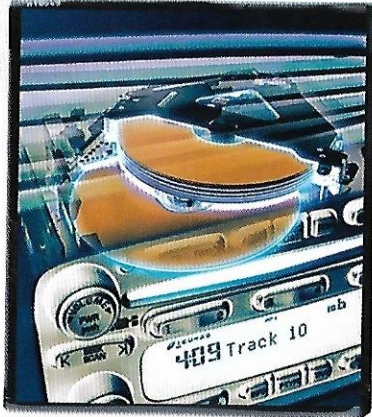

Take a seat inside Rendezvous and don't be surprised if you think you are behind the wheel of a luxury sedan. Given its elegant leather-trimmed seats (CXL only), a premium CD sound system, a sculpted, beautifully detailed instrument panel and a wealth of convenient, well thought-out touches, it's easy to see why.

## An inside look at luxury.

An available premium audio system features an in-dash, **six-disc CD changer**, CDX AM/FM receiver with text display and a six-phase graphic equalizer.

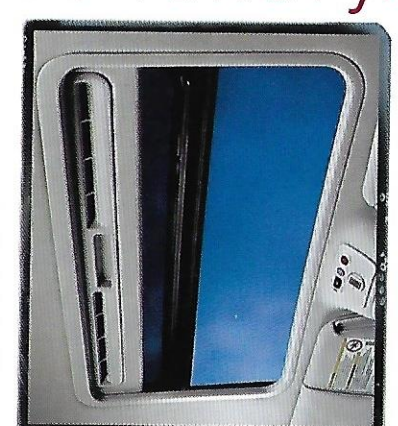

Rendezvous features an **eight-speaker sound system** for superb imaging and sound quality, including two upper door-mounted high frequency tweeters. (Standard on CXL, available on CX.)

An available **rear-seat audio system** provides two headphone jacks with individual volume controls so second-row passengers can listen to their favorite CD while those up front can listen to the radio.

The **dual zone automatic climate control** allows both driver and front seat passenger to adjust temperatures to their liking — perfect when some like it hot and some like it cold. (CXL only.)

An available **multi-position power sunroof** features a vent mode, express open operation and an integral sliding sunshade for both an elegant appearance and sound dampening.

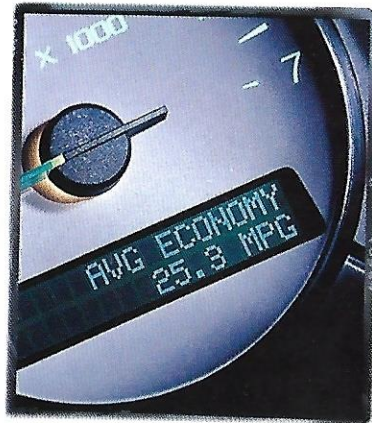

AIR BAG

Because there is simply no substitute for confidence on the road, Rendezvous offers a number of advanced features specifically designed to enhance that sense. From steering wheel-mounted audio controls that help keep your hands on the wheel, to jewel-like backlit gauges that keep you well informed, you'll find this vehicle is superbly geared toward enhancing the feeling of control while you drive.

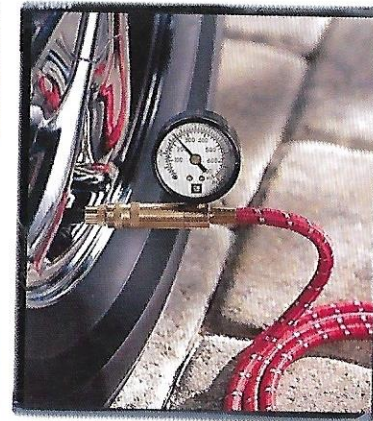

## The confidence of control.

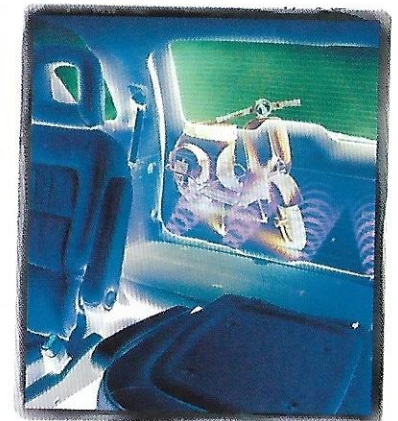

The **Driver Information Center** provides you with outside temperature, compass, instant and average fuel economy, fuel range and low tire pressure. It also allows you to program in your own personal features such as automatic door locks and interior and exterior lighting functions. (Standard on CXL, available on CX.)

The available **head-up windshield display** projects a wide array of information directly in front of you, including current speed, turn signal operation, high beam status, audio system details, low fuel warning and more. All helping you to keep your eyes on the road ahead.

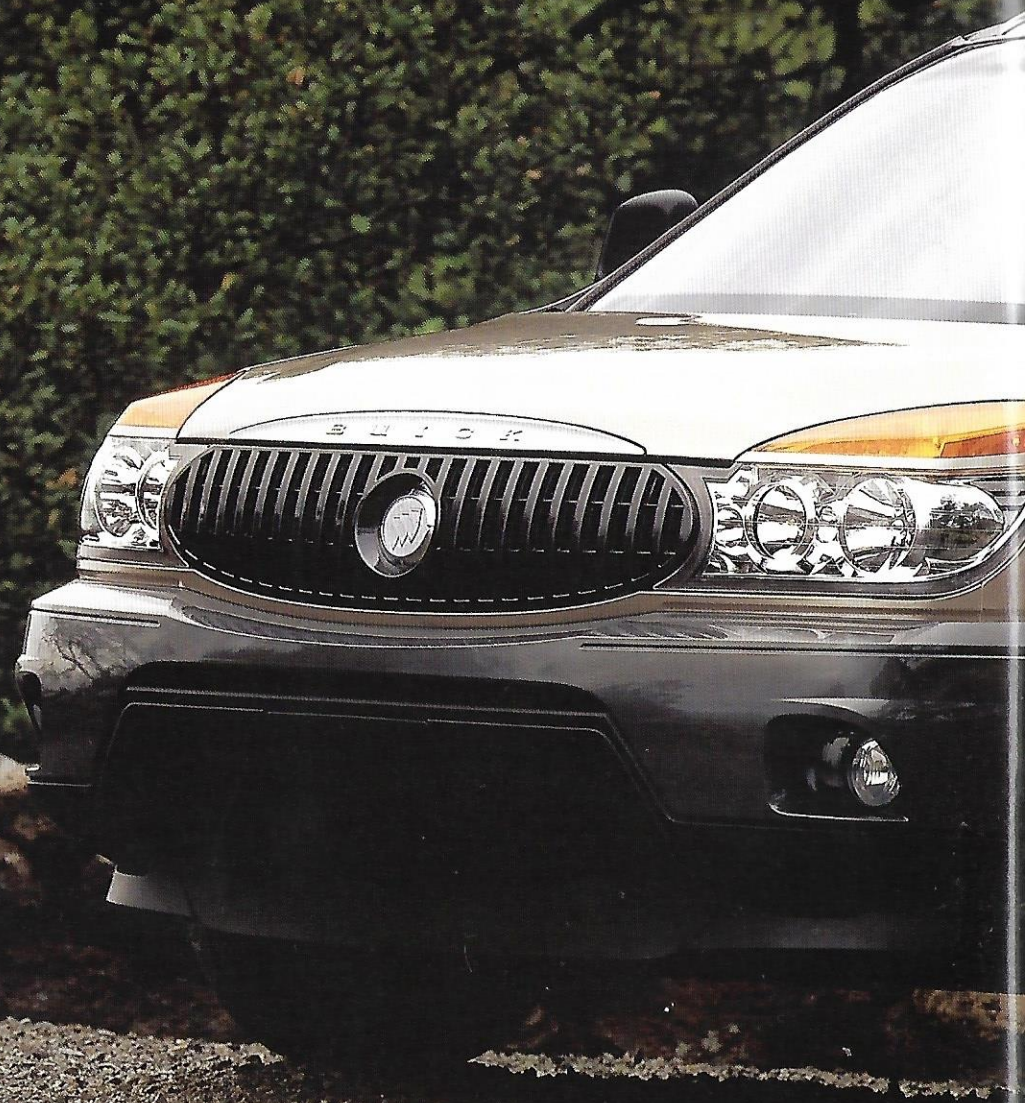

The automatic rear level control, included with the available trailering package, utilizes an **onboard air compressor**. With the standard air hose attachment mounted in a hidden rear compartment, you can inflate items like tires, beach toys and sports equipment.

An **ultrasonic rear park assist system** utilizes sonar waves to help identify how close you are to a parked vehicle or certain stationary objects at least ten inches high (like that cool scooter back there) when in reverse. (Standard on CXL, available on CX.)

So valuable.

Rendezvous CX in Light Driftwood Metallic with Storm Gray lower accent, shown with available equipment.

**autosynthesis** (ô-tô-sĩn'-thĩ-sĩs) *n.* (2002)  
A melding of the best of three different  
vehicles into one outstanding value.

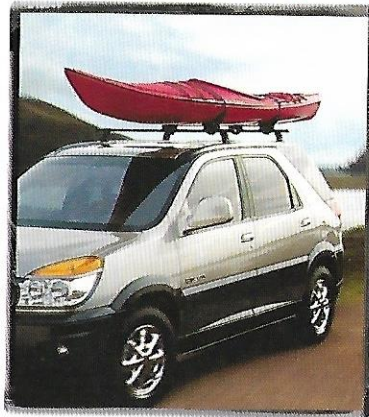

This available **roof-mounted ski carrier** is able to easily carry up to six pairs of skis or four snowboards.

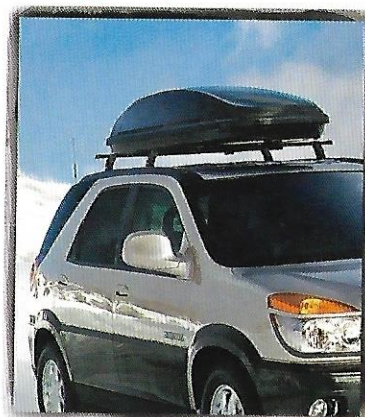

While Rendezvous sports all kinds of cargo room, there will be times when your gear requirements will be more than even the biggest interior can handle. That's where the wide range of available GM Accessories comes into play, such as the Adventure Cargo Carrier Package, the Cycling Nature Package and the Skiing Recreation Package. For the complete line-up of GM Accessories for Rendezvous, ask your dealer for a catalog or go to [www.buickrendezvous.com](http://www.buickrendezvous.com).

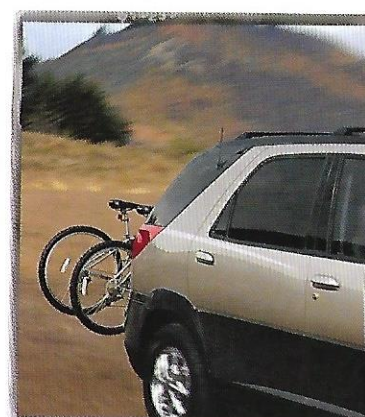

## Geared up and going places.

Once you've added the available **roof rack utility bars**, you can attach additional accessories to carry different gear such as this kayak.

This available hard **cargo carrier** is the ideal way to store and protect extra cargo that you want to keep out of the elements. Constructed from durable plastic, it comes in two sizes and in a choice of two exterior textures. It opens and locks from both sides for extra convenience. Your dealer can even paint the smooth-textured carrier to match

Get the rear trailer hitch, and an available **hitch-mounted bike rack** can be attached to the rear of your Rendezvous, allowing you to carry up to four bicycles. The unit tilts down so you have easy access to the cargo area. A roof-mounted version is also available to keep your two-wheeled friends riding high.

\*See your dealer for painting information.

We hope this brochure has provided you with an excellent understanding of Rendezvous' unique combination of luxury, versatility and capability. For even more information, including reviews, current pricing, competitive comparisons and dealer locations, visit [www.buickrendezvous.com](http://www.buickrendezvous.com). You can also reach us anytime by calling 1-800-4A-BUICK.

**A word about this brochure.** We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Some information may have been updated since the time of printing, so please check with your Buick dealer for complete details. Buick reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times. **Child safety.** Children are safer if they are secured in a rear seat using the appropriate child safety seats and restraints, which is why General Motors recommends that child safety seats be properly secured in a vehicle's rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active air bag. Front-seat side-impact air bags help reduce the risk of injury to front seat occupants in side impacts. See your vehicle Owner's Manual and child safety seat instructions for more safety information.

**Engines.** Buicks are equipped with engines produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide.

**Assembly.** Buicks and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Buicks with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you. **Updated service information.** Buick regularly sends its dealers useful service bulletins about Buick products. Buick monitors product performance in the field. We then prepare bulletins for servicing our products better. You can receive these bulletins too. Ask your dealer or, for ordering information, call 1-800-551-4123. **Warranty.** The GM 3-year/36,000-mile New Vehicle Limited Warranty covers repairs for any new Buick, including labor and parts, to correct any defects in material or workmanship occurring during the warranty period. The complete vehicle (including tires) will be covered for 3 years or 36,000 miles, whichever comes first. (Excludes normal maintenance.)

See your Buick dealer for terms of this limited warranty. The **GM Card®** For information or to apply for The GM MasterCard®, call 1-800-BGM-CARD. **SmartLease® by GMAC®** For information about SmartLease or any of the other quality GMAC financing options, see your Buick dealer or call 1-800-32-SMART. **GM Mobility Program.™** Buick recognizes the importance of mobility to everyone's life and, therefore, offers financial assistance to persons with disabilities through the General Motors Mobility Program. This program can provide up to \$1,000 reimbursement toward the cost of aftermarket mobility equipment for drivers or passengers. For details and free resource information, visit [www.gmmobility.com](http://www.gmmobility.com).
