

2018 Yukon/XL/Denali
SUPERCHARGED

SPECIALTY VEHICLE
ENGINEERING

Specialty Vehicle Engineering's 2018 Yukon/XL/ Denali Performance Packages are available in three power levels:

HIGH/OUTPUT
SERIES

SPORT EDITION
SUPERCHARGED

800HP (6.8L modified engine and supercharger assembly. Denali Only)

500HP (5.3L stock factory engine)
575HP (6.2L stock factory engine. Denali only.)

Each of these supercharged vehicle packages provide stunning performance with the versatility of a full-sized SUV.

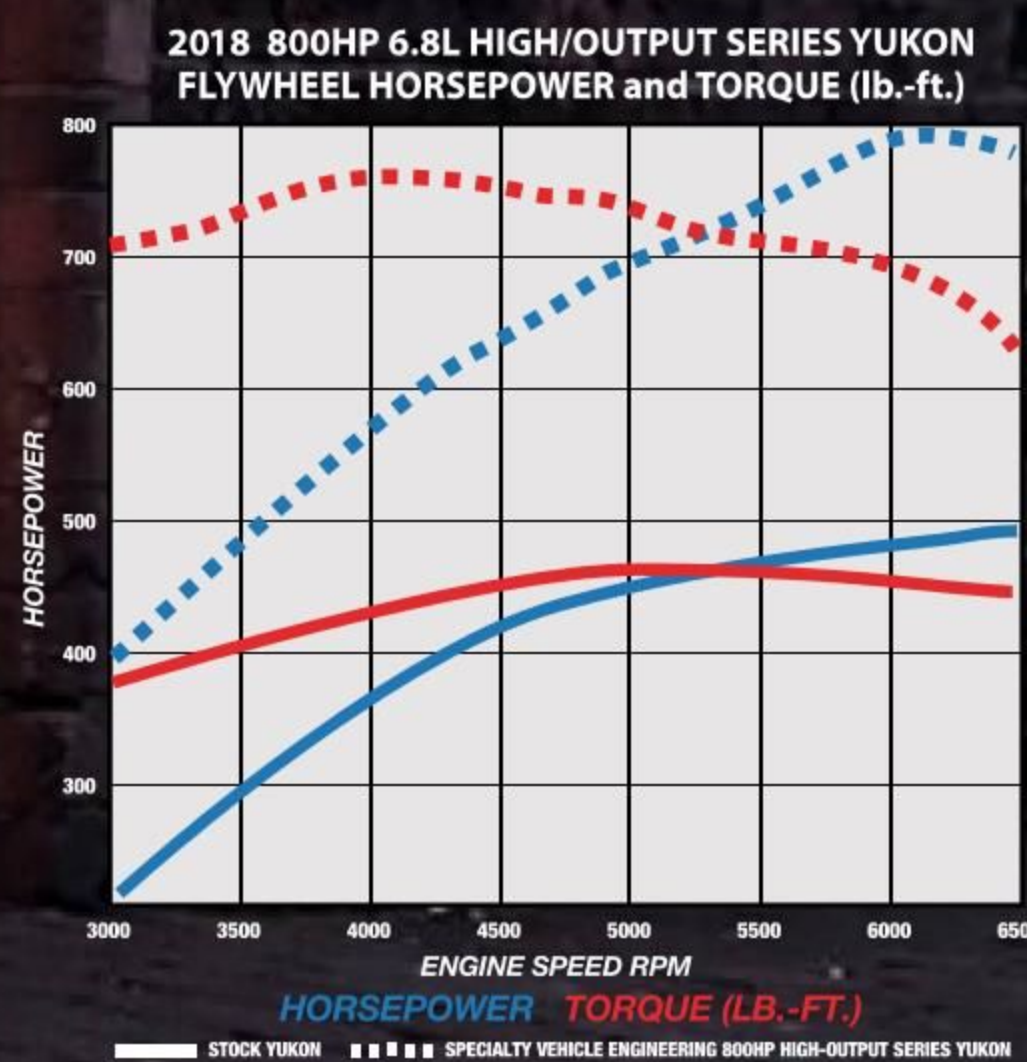

800 Horsepower

Our 800 horsepower **HIGH/OUTPUT** 416 C.I.D. (6.8L) engine and supercharger assembly* represents the latest in state-of-the-art race engine technology. This powerhouse engine and supercharger assembly delivers 800 horsepower with 750 lb.-ft. of torque, and features a blueprinted aluminum block, race-quality computer-balanced rotating assembly, including forged 4340 steel crankshaft and forged steel H-beam rods, forged aluminum pistons, CNC-ported cylinder heads, and a custom supercharger. Neck-snapping performance not for the faint-at heart.

*Not emission legal in California and can only be legally used while participating in sanctioned motorsports racing events.

Specialty Vehicle Engineering's High/Output Series supercharged engine with 800 horsepower and 750 lb.-ft of torque makes this 2018 Yukon one of the fastest SUVs on the road. Shown with optional supercharger paint (black is standard).

2018 800HP High/Output Series Yukon Denali shown with chrome-finish 12-spoke wheels with H/O centercaps¹, Sport Suspension Lowering Package with 2" front and 3" rear lowering springs¹, body color painted front grille surround¹, 800HP hood cowl badges², High/Output Series door and liftgate badges²

AVAILABLE ONLY THROUGH YOUR GMC DEALER!

For over 25 years, we've been a Second Stage manufacturer for GM, providing Specialty Vehicles for its dealers, and performance enthusiasts alike. From 1996-2002 we built over 55,000 Camaro SS, WS-6 and Firehawk Specialty Vehicles as GM's Tier One supplier, and over 1000 supercharged Camaros, GM full-size trucks and SUVs to-date.

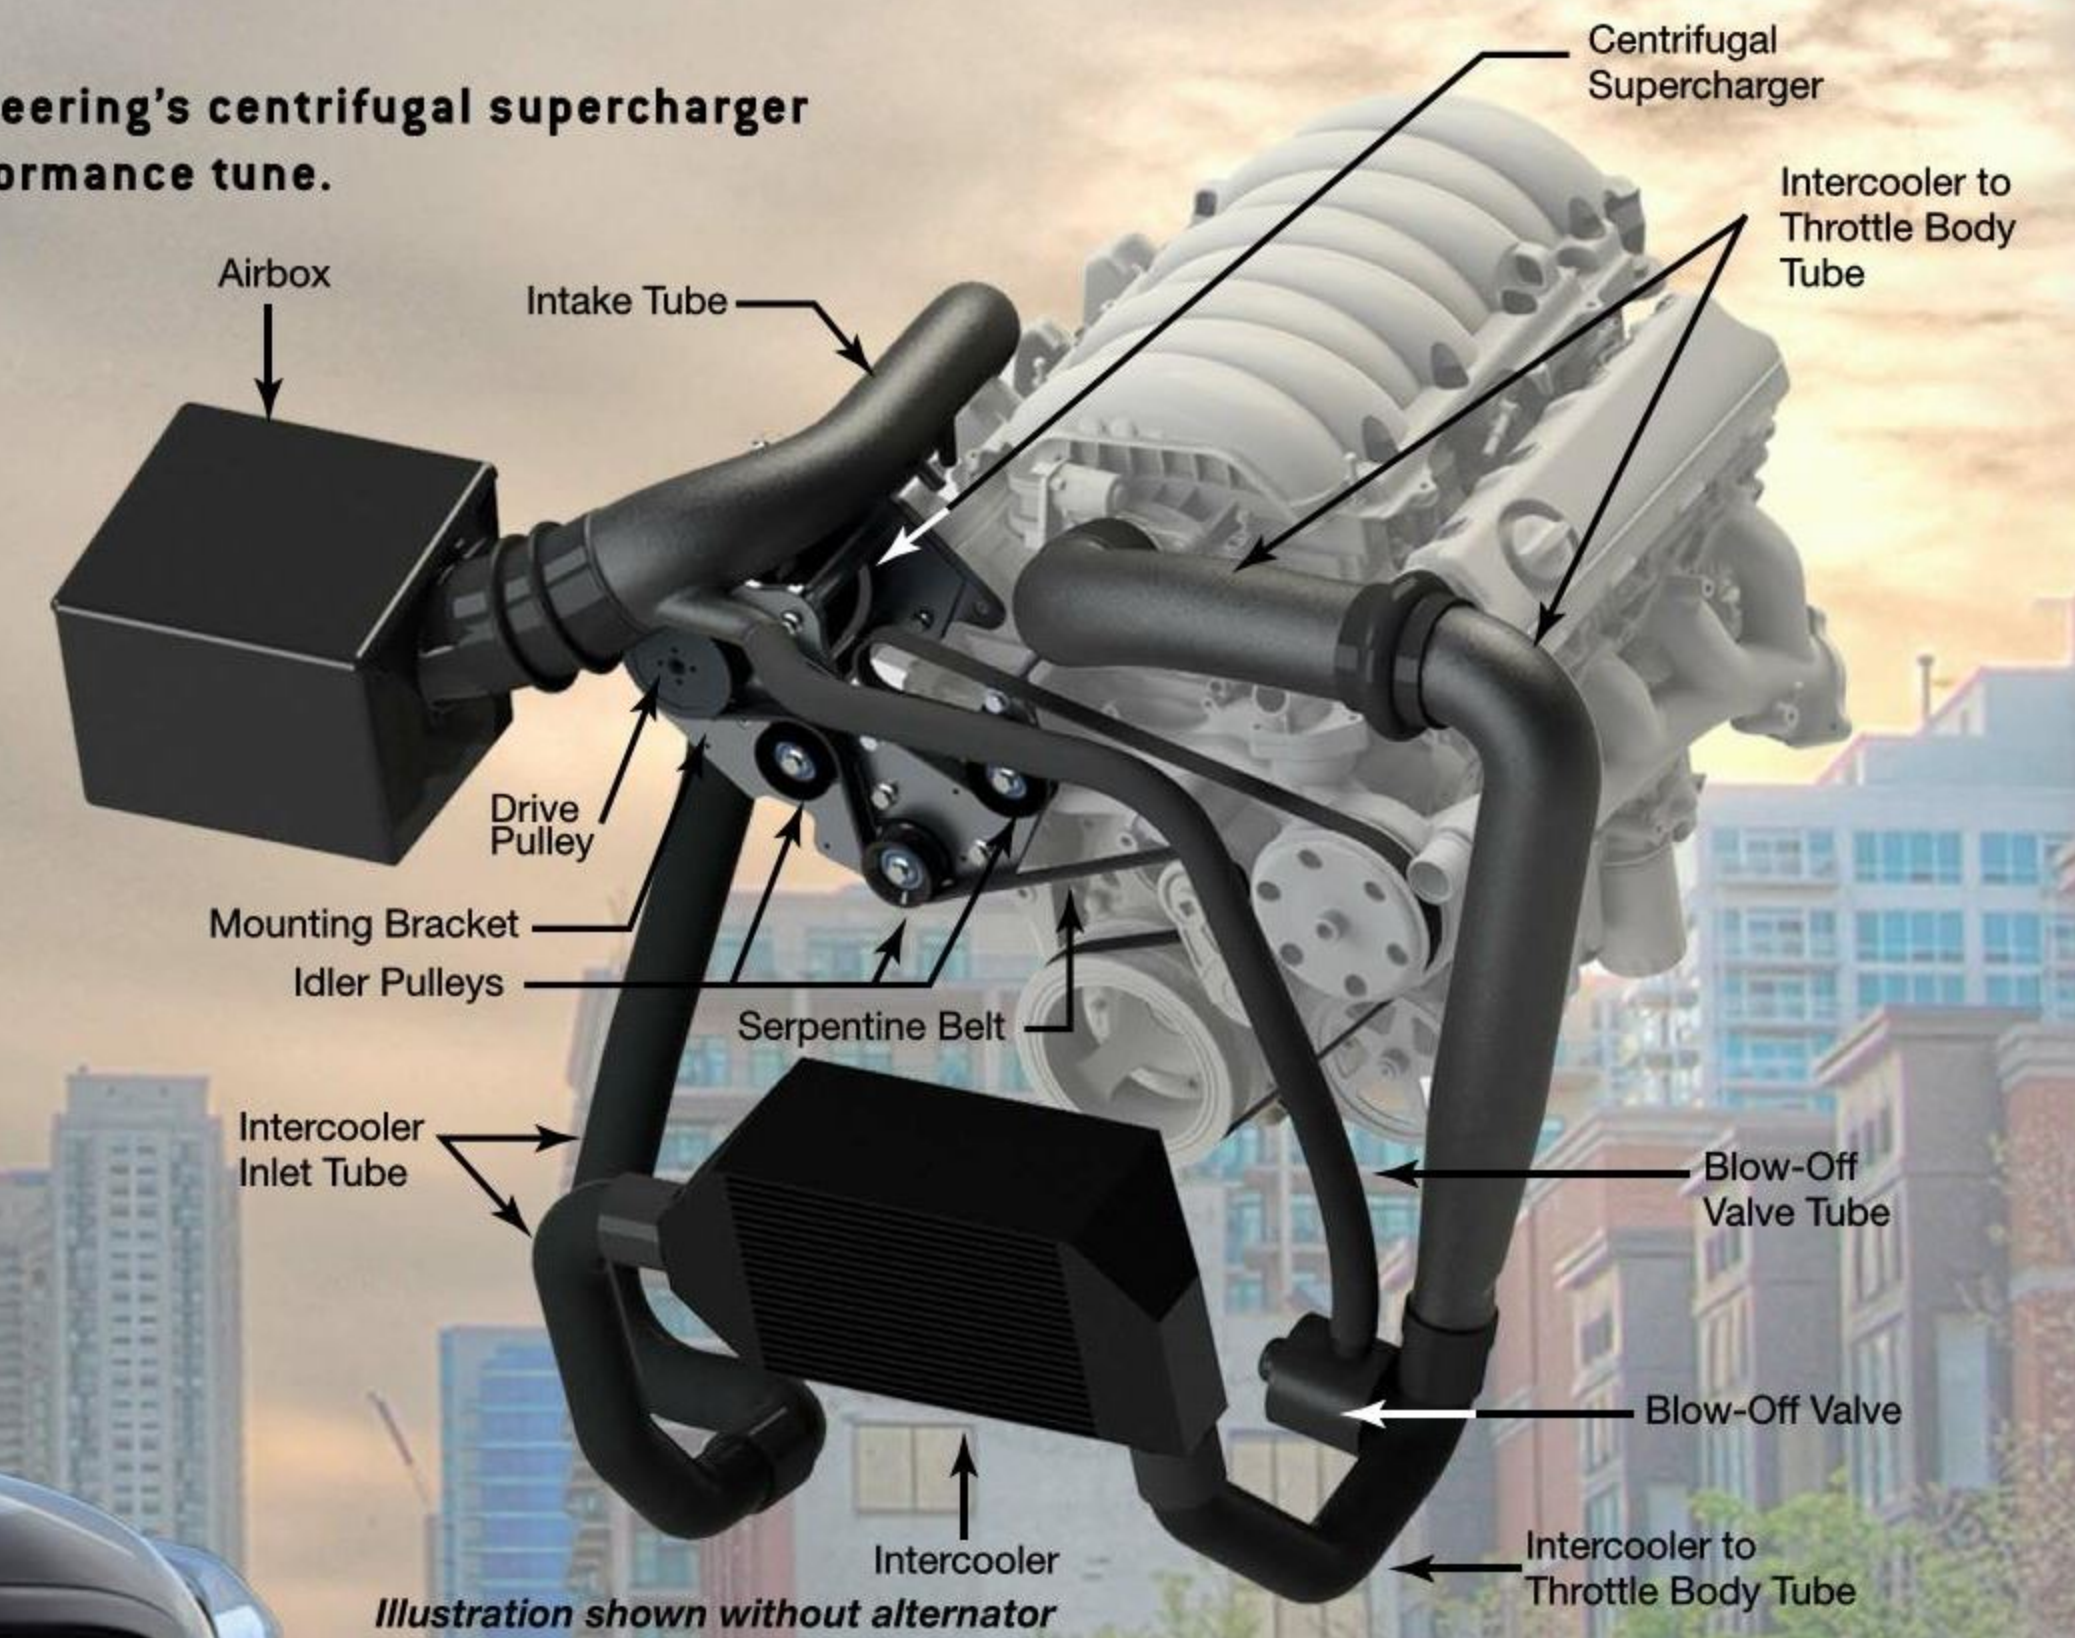

2018 575HP Sport Edition Supercharged Yukon Denali shown with chrome-finish 12-spoke wheels with SE centercaps¹, Sport Suspension Lowering Package with 2" front and 3" rear lowering springs¹, body color painted front grille surround¹, 575HP hood cowl badges², Sport Edition Supercharged door and liftgate badges², Passenger Side Exit Dual Exhaust Tips in High-Polished Stainless Steel Finish²
¹OPTIONAL ²STANDARD

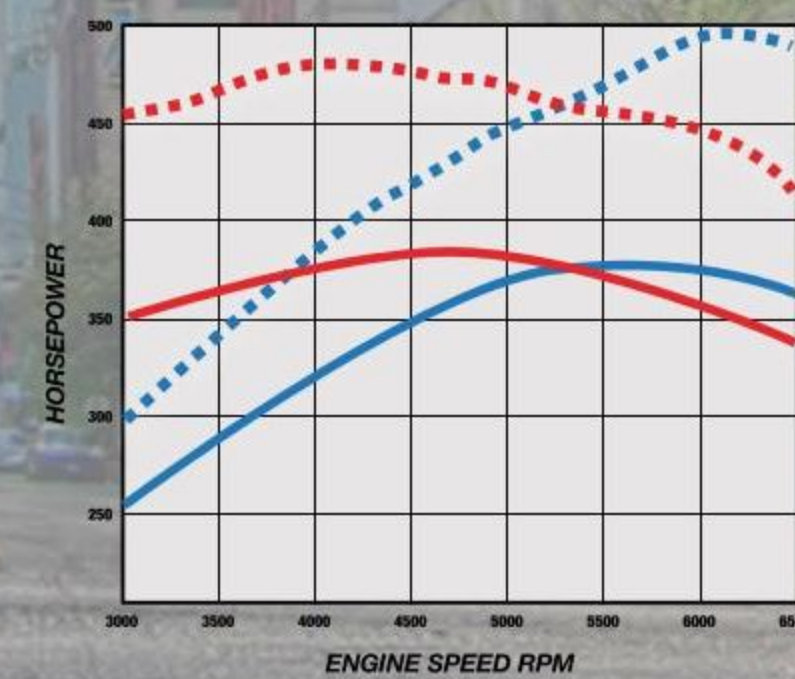

500 & 575 Horsepower

Our **SPORT EDITION SUPERCHARGED** upgrades provide 500 horsepower and 500 lb.-ft. of torque on the 5.3L engine and 575 horsepower and 575 lb.-ft. of torque on the 6.2L Denali. They are as quiet during operation as any of GM's high performance supercharged cars. For the performance enthusiast looking for a high performance Yukon, our Sport Edition Supercharged models will surely put a smile on your face, from the moment you start the engine to the first time you have to pass a slow moving vehicle on the highway.

Specialty Vehicle Engineering's centrifugal supercharger includes a custom performance tune.

2018 500HP 5.3L SPORT EDITION SUPERCHARGED YUKON FLYWHEEL HORSEPOWER and TORQUE (lb.-ft.)

2018 575HP 6.2L SPORT EDITION SUPERCHARGED YUKON FLYWHEEL HORSEPOWER and TORQUE (lb.-ft.)

STYLING

Inside and out, custom badging and embroidery showcase this Specialty Vehicle, letting everyone know your Yukon is unique.

HP HOOD BADGES

The 800HP High-Output Series and both 500HP and 575HP Sport Edition Supercharged Yukons feature Hood Cowl Badges displaying the horsepower in a chrome and red-chrome finish.

EXTERIOR BADGES

The OE-quality exterior door badges are an added touch of class. Both the High/Output Series and Sport Edition Supercharged badges feature a chrome and red-chrome finish.

EMBROIDERED HEAD RESTS AND FLOORMATS

The High-Output Series logo is embroidered on both front seat headrests and Sport Edition Supercharged models have its logo embroidered in multi-colored stitching to match the exterior badges. The Specialty Vehicle Engineering logo is embroidered on the front floor mats of every Yukon Specialty Vehicle in the same multi-colored stitching to match the headrests.

DASH PLAQUE/KEY FOBBS

Specialty Vehicle Engineering dash plaque and two key fobs are included with every Yukon Specialty Vehicle.

EXHAUST TIPS

Stainless Steel Dual Exhaust Tips are standard in high-polished stainless steel and are available painted as part of the Chrome Trim Paint Treatment option.

OPTIONS

SATIN-FINISH EXTERIOR PAINT

This optional paint treatment uses an OE-quality satin-finish clearcoat paint over the factory exterior paint, giving it a unique satin-finish appearance while maintaining the vehicles stock factory body color. Looks great over all factory Yukon colors. Available for both Sport Edition and High/Output Series Yukon Specialty Vehicles.

CHROME TRIM PAINT TREATMENT

To give the Sport Edition Supercharged and High/Output Series Yukons an even more unique appearance, our optional chrome trim paint treatment is available in charcoal or black satin-finish. All of the Yukon's exterior chrome trim is painted and when combined with the optional satin-finish exterior paint, this Yukon looks like no other on the road! (High/Output Series Yukon shown at left with Chrome Trim Paint Treatment in black satin-finish).

12-SPOKE WHEELS AVAILABLE IN THREE FINISHES

Our 12-spoke wheels provide an attractive alternative to the factory wheels available from your GMC dealer. These wheels are available in chrome-finish, charcoal satin-finish, or black satin-finish with H/O or SE centercaps and include a set of Falken STZ05 305 40/R22 tires. Optional red line wheel stripes are available.

SPORT SUSPENSION LOWERING PACKAGE

With the addition of our optional Sport Suspension Lowering package your Yukon Specialty Vehicle stays firmly planted on the road. By lowering it 2" in front and 3" in the rear with our progressive rate springs, this package provides improved handling and gives the Yukon a more aggressive stance.

2018 575HP Sport Edition Supercharged Yukon Denali shown with Satin-finish Exterior Paint¹, Black Satin-finish Chrome Trim Paint Treatment¹, Black Satin-finish 12-spoke wheels with SE centercaps¹ and Red Line Stripe¹, Sport Suspension Lowering Package with 2" front and 3" rear lowering springs¹, 575HP hood cowl badges², Sport Edition Supercharged door and liftgate badges², Passenger Side Exit High-Polished Dual Exhaust Tips² in Black Satin-finish¹
