

2019 455HP SUPERCHARGED

SYCLONE™

THE NEXT GENERATION!

Syclone, the first modern mid-size sport truck!

MOST TRUCKS ARE MADE TO HAUL STUFF. THINK OF SYCLONE™ AS A SPORTS CAR THAT HAULS ASS.

NOW IN THE SPIRIT OF THE LEGENDARY 1ST GEN. GMC SYCLONE, SPECIALTY VEHICLE ENGINEERING INTRODUCES THE 2019 LIMITED EDITION NEXT GENERATION SYCLONE™. AVAILABLE FOR THE 2019 CANYON IN 2WD AND 4WD, WITH EXTENDED CAB/ SHORT BED AND 3.6L V-6 ENGINE ONLY, IN ANY FACTORY COLOR, THESE SUPERCHARGED SPORT TRUCKS WILL GO FAST, LITERALLY! ONLY 100 2019 GMC CANYON-BASED 455HP SYCLONE™ PICKUP TRUCKS WILL BE BUILT.

455HP

The 455HP/425 ft.-lb. of torque 3.6L V-6 engine utilizes our own OE-quality centrifugal supercharger system, with a very unique head unit that features a viscous planetary drive assembly (instead of a traditional gear drive assembly) providing extremely quiet operation with no supercharger whine, that can spin up to 90,000 RPM. This eliminates power lag (ie. turbo lag), providing very smooth drivability and a linear power band that increases power all the way up to the engine's red line (6400 RPM). It also utilizes our air-to-water intercooler system to minimize heat soak, helping to maintain optimal power at all times, and finished off with a composite SYCLONE engine cover.

A sport truck with *Syclone* attitude!

NEED TO HAUL WITH A SENSE OF URGENCY? THIS EXTENDED CAB, SHORT BED PICKUP ON STEROIDS IS MORE THAN UP TO THE TASK.

THE SPORT TRUCK IS NOT A NEW IDEA HOWEVER THIS SYCLONE™ VERSION COULD EASILY QUALIFY AS THE QUICKEST LIMITED* PRODUCTION MID-SIZE PICKUP TRUCK IN THE WORLD.

* ONLY 100 2019 GMC CANYON-BASED 455HP SYCLONE™ PICKUP TRUCKS WILL BE BUILT.

- 1 Standard High performance brake upgrade including 6-piston forged front calipers (red with black SYCLONE lettering and two-piece 13.6" slotted front rotors, rear factory calipers painted red
- 2 To provide an aggressive low-rider look, the 2019 SYCLONE™ features our standard sport suspension system that lowers the truck 2" in front and 5" in the rear, and includes higher-rated front and rear performance shocks, heavy-duty rear sway bar assembly (3), along with our standard heavy-duty traction bars and bushings to help control acceleration.
- 4 Optional 4:10 to 1 performance axle ratio gear set(s) - front and rear on 4WD, rear only on 2WD
- 5 Optional higher stall speed performance torque converter

Syclone™
