

INTRODUCING  
**ISUZU STYLUS**

---

1-9-9-1

**THE NEW STYLUS SPORT SEDANS.  
DESIGNED TO APPEAL TO ALL YOUR SENSES,  
NOT MERELY YOUR COMMON SENSE.**

The trouble with a lot of economy sedans is that they're not just stingy on price. They're stingy with per-

← **A BRIGHT IDEA: FLUSH MOUNTED HALOGEN HEADLAMPS.**

formance, handling and the pure joy of driving. The Stylus took another route. Because our engineers set out to prove that a sensible sedan could be more than just another bland econo box.

**This Aero Hit Its Target.**

For starters Isuzu engineers took advantage of every aerodynamic refinement they knew. All to make this stunning sedan as slippery as some sports cars. To reduce drag,

← **CARRYING GOLF CLUBS OR SKIS? THE XS REAR SEAT FOLDS DOWN TO EXTEND THE TRUNK'S CARGO SPACE.**

the halogen headlamps are set flush with the body. And the radiator grill is tucked away beneath the sleek body

colored bumper. Yet when you're inside, you not only have the convenience of four

doors, there's more room than you'll find in a Mercedes 190E. As well as 11.4 cubic feet of luggage space.

**It's The Little Things That Count.**

Anyone who knows Isuzu's reputation for reliability and performance knows the Stylus will deliver the big things.

But the Stylus is also designed to deliver all the little touches that make a car so easy to live with. Even our S model comes standard with an upshift light so you know when to change gears. Child-proof rear door locks. A digital clock. Scotchgard™ protected upholstery. Halogen headlamps. Tinted glass. Reclining front bucket seats with wide bolsters to keep you firmly in place during spirited cornering. And even a coin and sunglass holder next to your right hand.

If you find this list impressive, slide behind the wheel of the Stylus XS. It not only comes with all the above, it boasts a 16-valve, DOHC engine, 4-wheel disc brakes, Lotus-tuned suspension, AM/FM ETR stereo,

variable intermittent wipers, a sporty rear spoiler, map light, tachometer and full instrumentation.

**Our Commitment To Safety.**

Should the unthinkable happen, you'll be glad to know that Isuzu engineers have been thinking about it. Both Stylus models are equipped with a

**WE'VE PUT A LOT OF FEATURES INTO OUR STYLUS. INCLUDING A LOT OF ROOM TO ENJOY THEM. ↗**

front crumple zone that absorbs energy, a collapsible steering column and knee pads to protect you. And as an added measure of defense, they're also the first import cars in their class to include a driver's side air bag, standard. Every time you start your Stylus, a special circuit verifies the system is fully operative. And a reassuring light on the dashboard signals the system is ready if you need it.

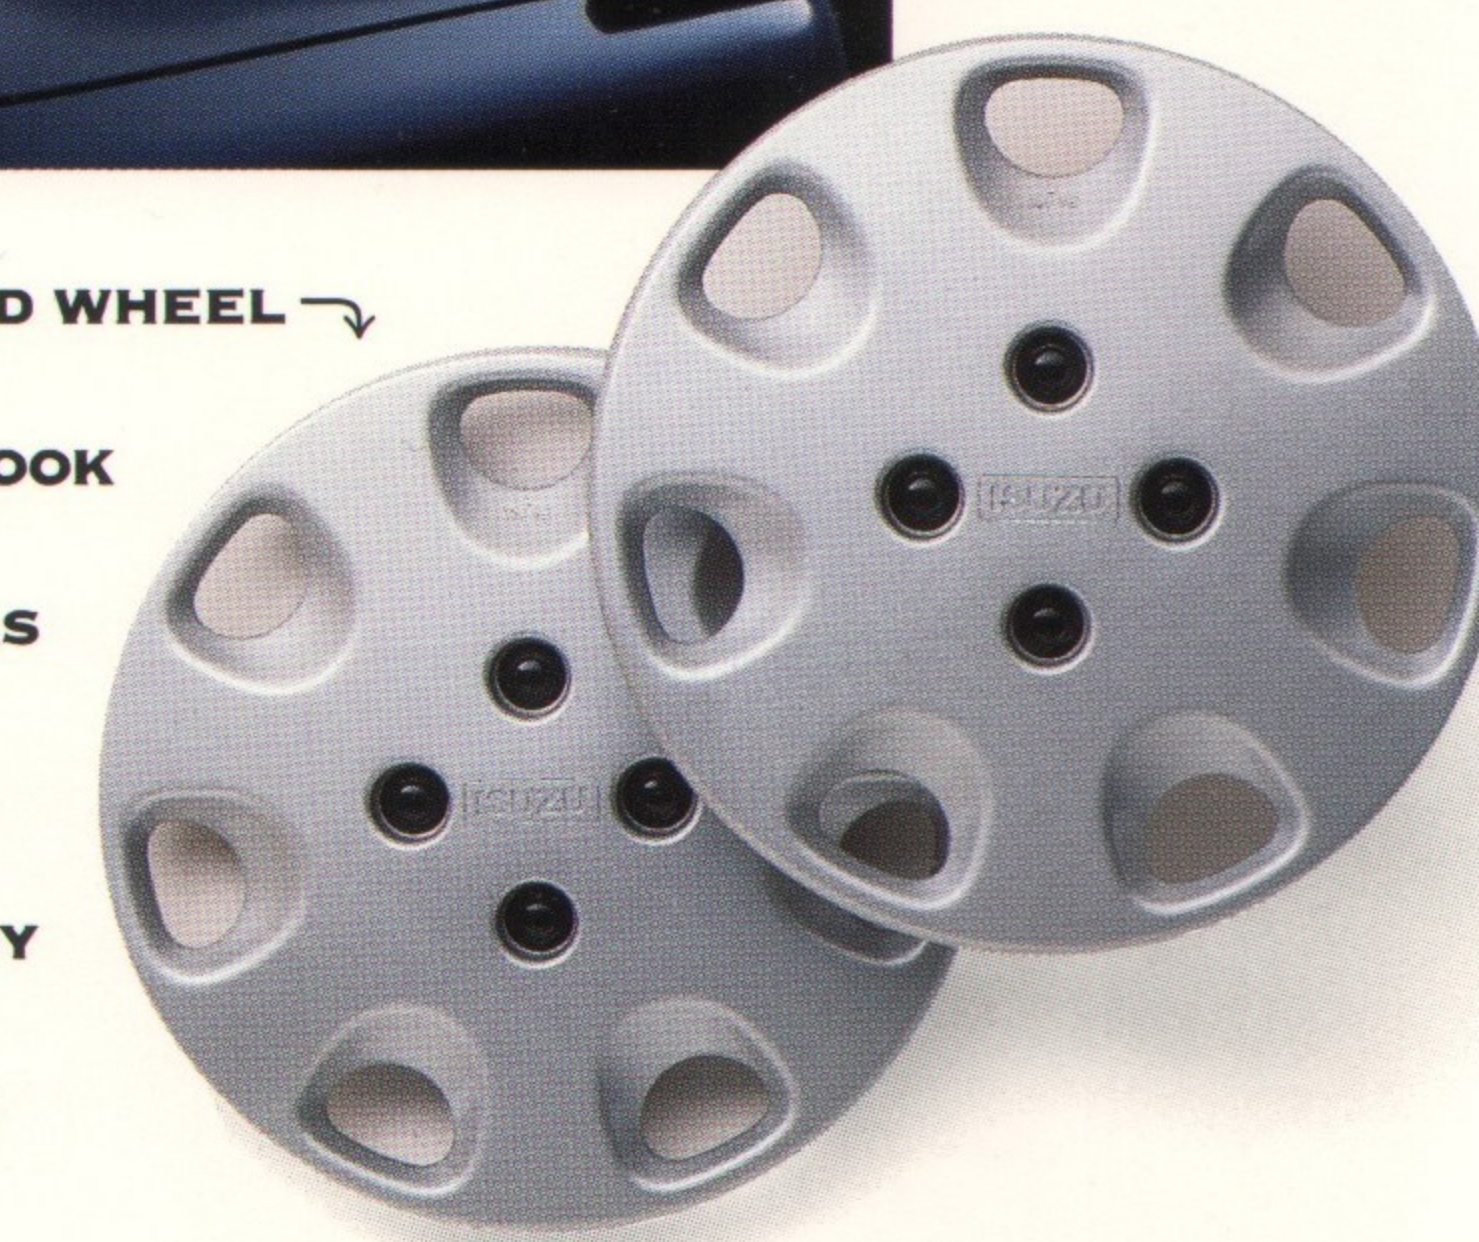

**OUR RECLINING FRONT BUCKET SEATS. AS EASY ON THE EYES AS THEY ARE ON THE BODY. ↗**

**IF YOU THINK THE SPOILER IS JUST FOR LOOKS, LOOK UNDER THE HOOD OF THE XS. ↗**

**STANDARD WHEEL COVERS LOOK ALMOST AS RACY AS OUR ALLOY WHEELS.**

**ISUZU ENGINEERS  
ARE ONLY INTERESTED IN CUTTING  
ONE KIND OF CORNER.**

At Isuzu, high tech isn't something we reserve for our higher priced cars.

↳ YOU ONLY GET THIS BADGE BY EARNING IT.

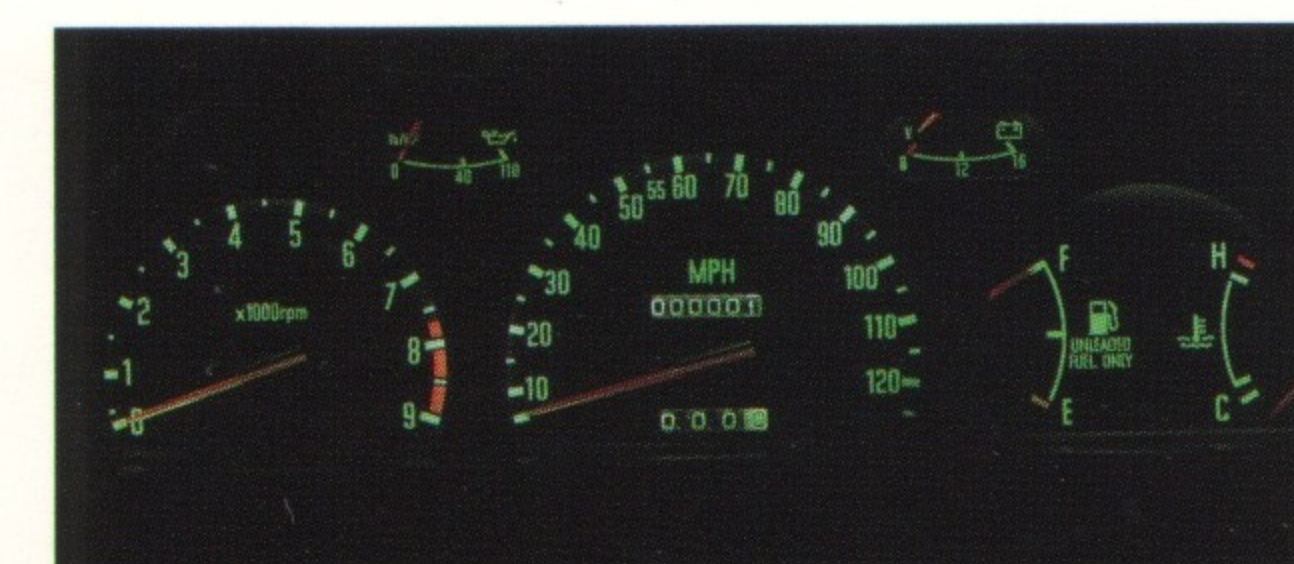

Instead we believe in equipping our most affordable sedans with many features that modern engineering and sophisticated cost-control allow.

**Underlying Advantage: Lotus.**

The engineers at Isuzu equipped the Stylus with sophisticated running gear including four-wheel independent suspension, rack and pinion steering, front MacPherson® struts, multi-link rear suspension and front and rear stabilizer bars. But then

they went one step further. And took the Stylus to Lotus, England's legendary

racing marque. Because of their unprecedented relationship (the same one that put a potent Isuzu twin-cam engine under the hood of the stunning new Lotus Elan) Lotus engineers agreed to fine-tune the suspension of the Stylus XS.

↳ TO A SERIOUS DRIVER, KNOWLEDGE IS POWER.

As a result the Stylus XS can corner around the track with the agility of a sports car. Yet even more remarkable it still provides a supple, comfortable ride around town.

**A Surprise With Every Wheel.**

Four wheel disc brakes are standard equipment on many expensive sports cars. So you'll probably be surprised to find them as standard equipment on the affordable Stylus XS. By using ventilated, fade-resistant discs in front, and solid discs in the rear, the XS gives you sure stopping power when you need it. In fact the XS requires only 156 feet to go from 60 mph to 0. But, if you prefer the Stylus S, be reassured.

With its power-assisted front discs and rear drums, its stopping power is only fractionally behind the XS. Only 17 feet behind, to be accurate.

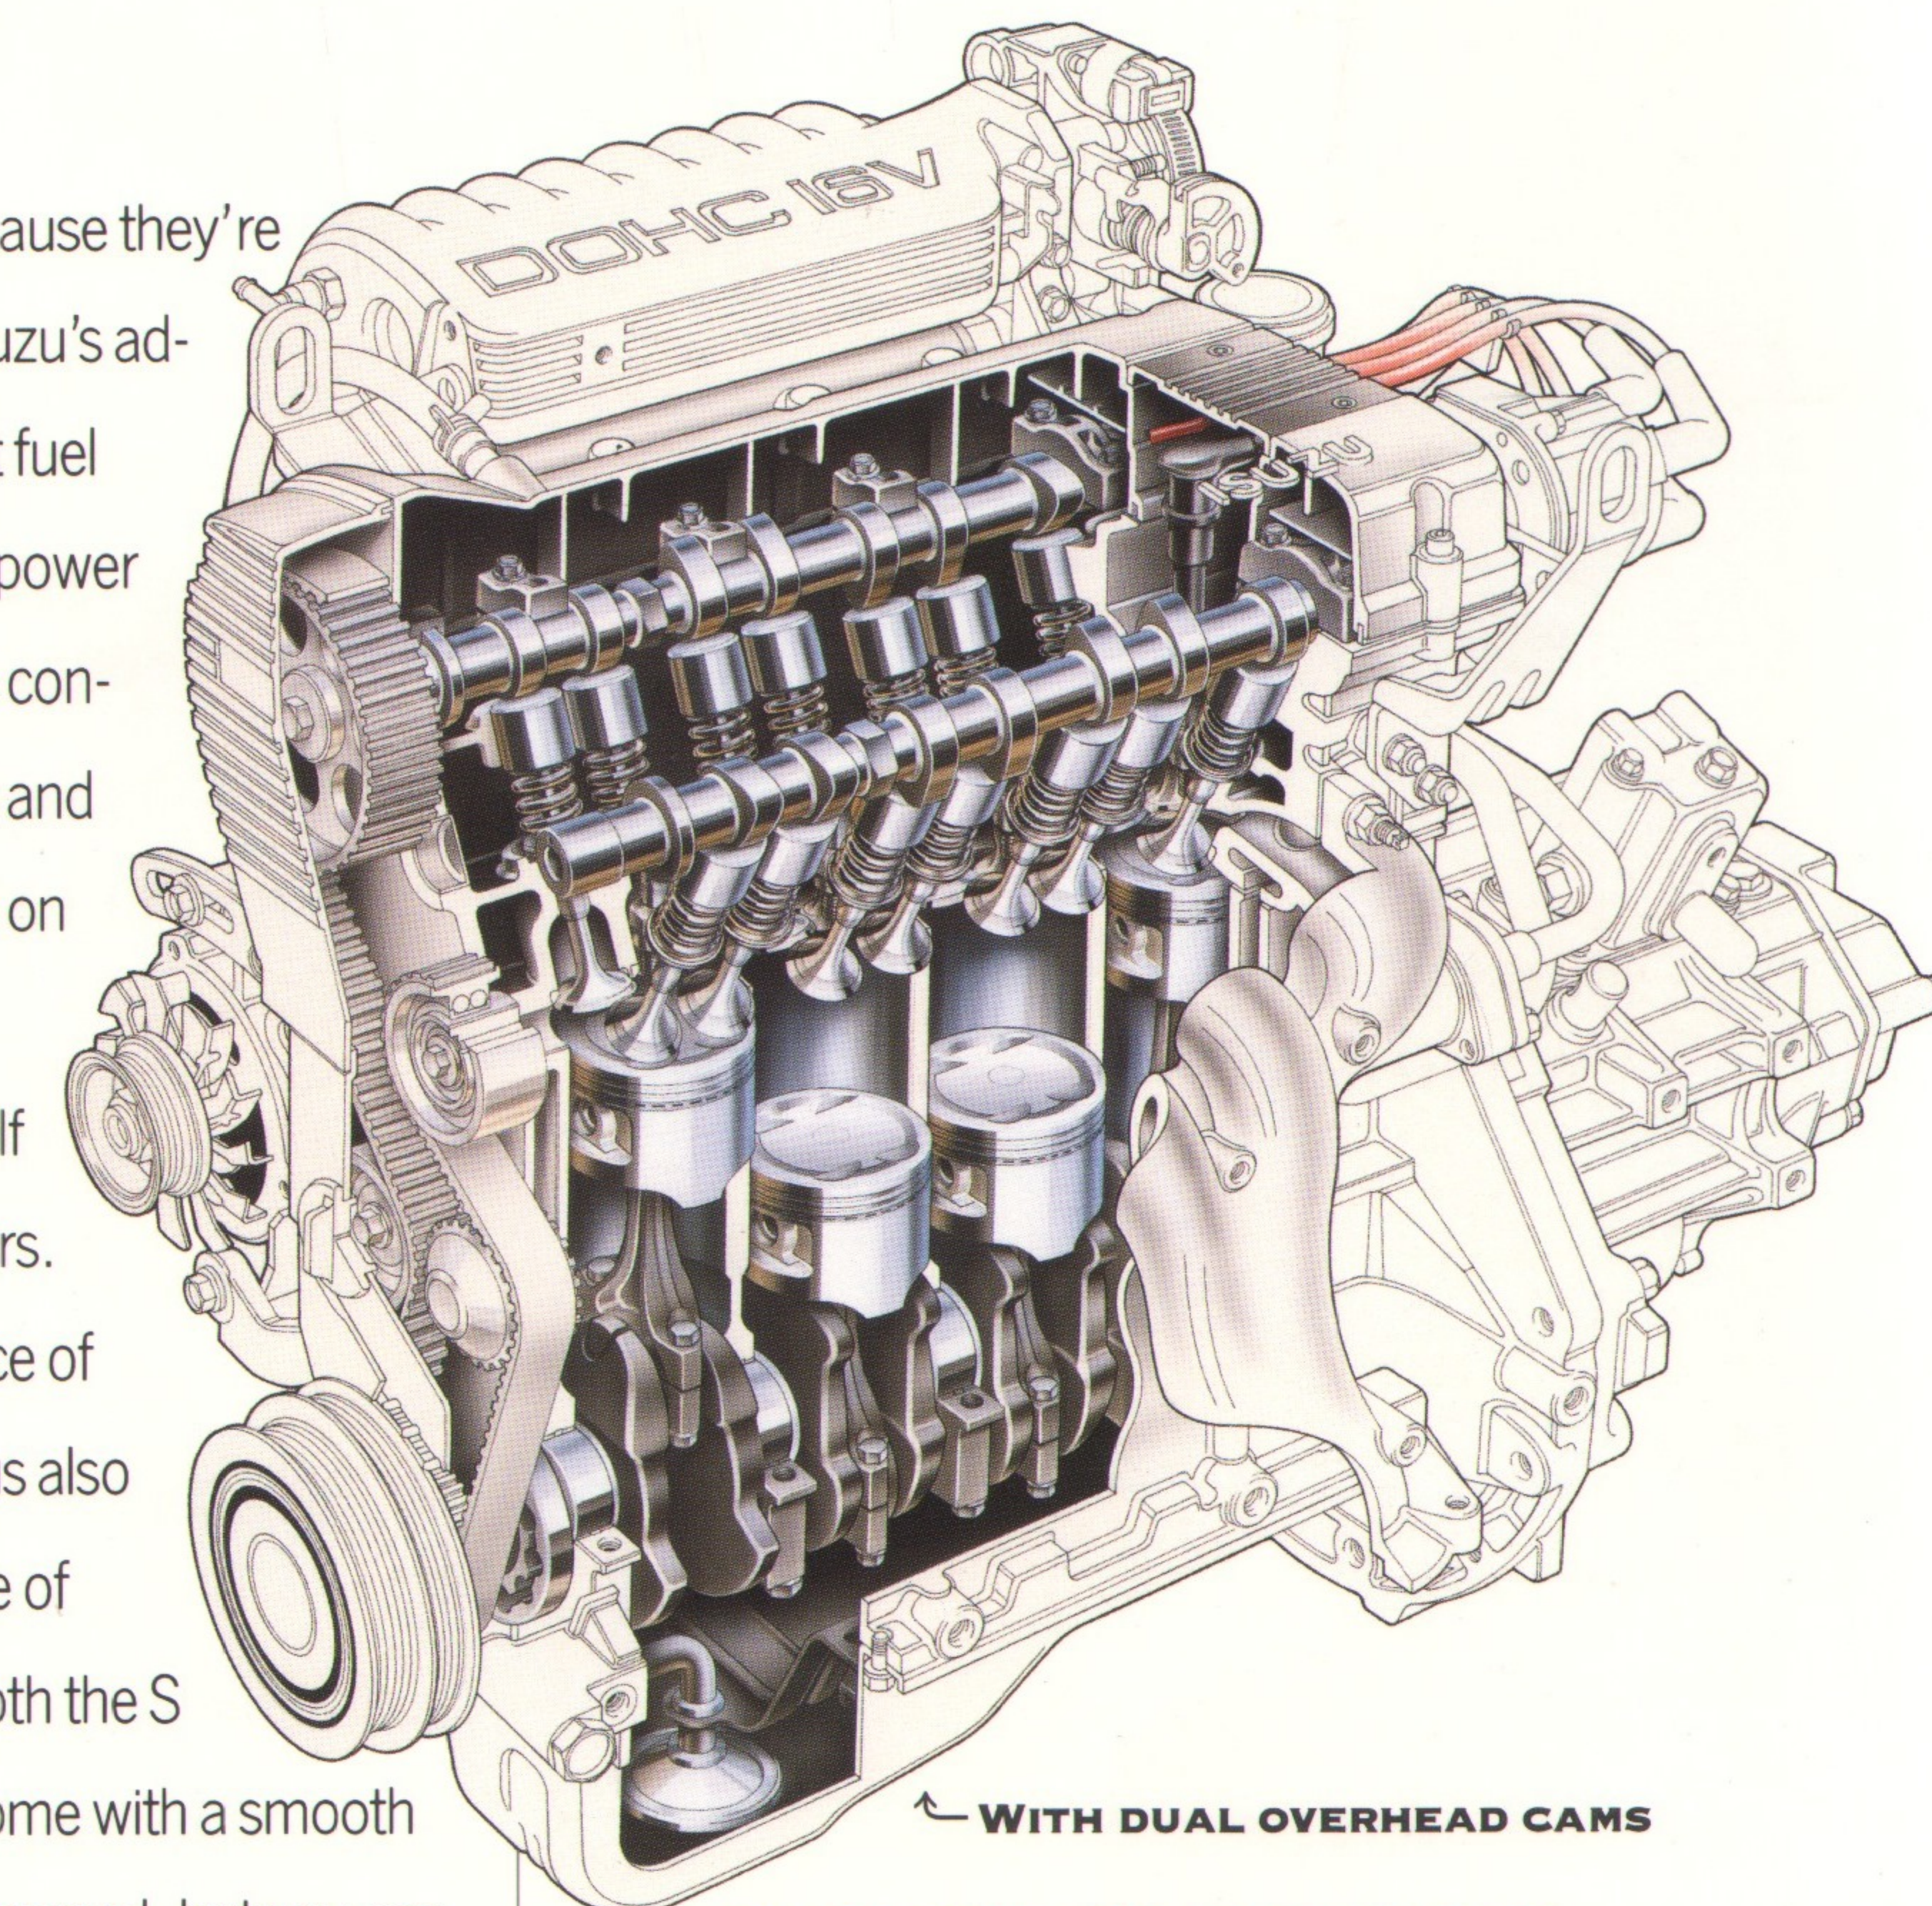

**Our Power Sources.**

At Isuzu, we believe in doing more with gasoline than merely saving it. So both our overhead cam, 12-valve engine and our dual overhead cam, 16-valve engine pump out plenty of power at

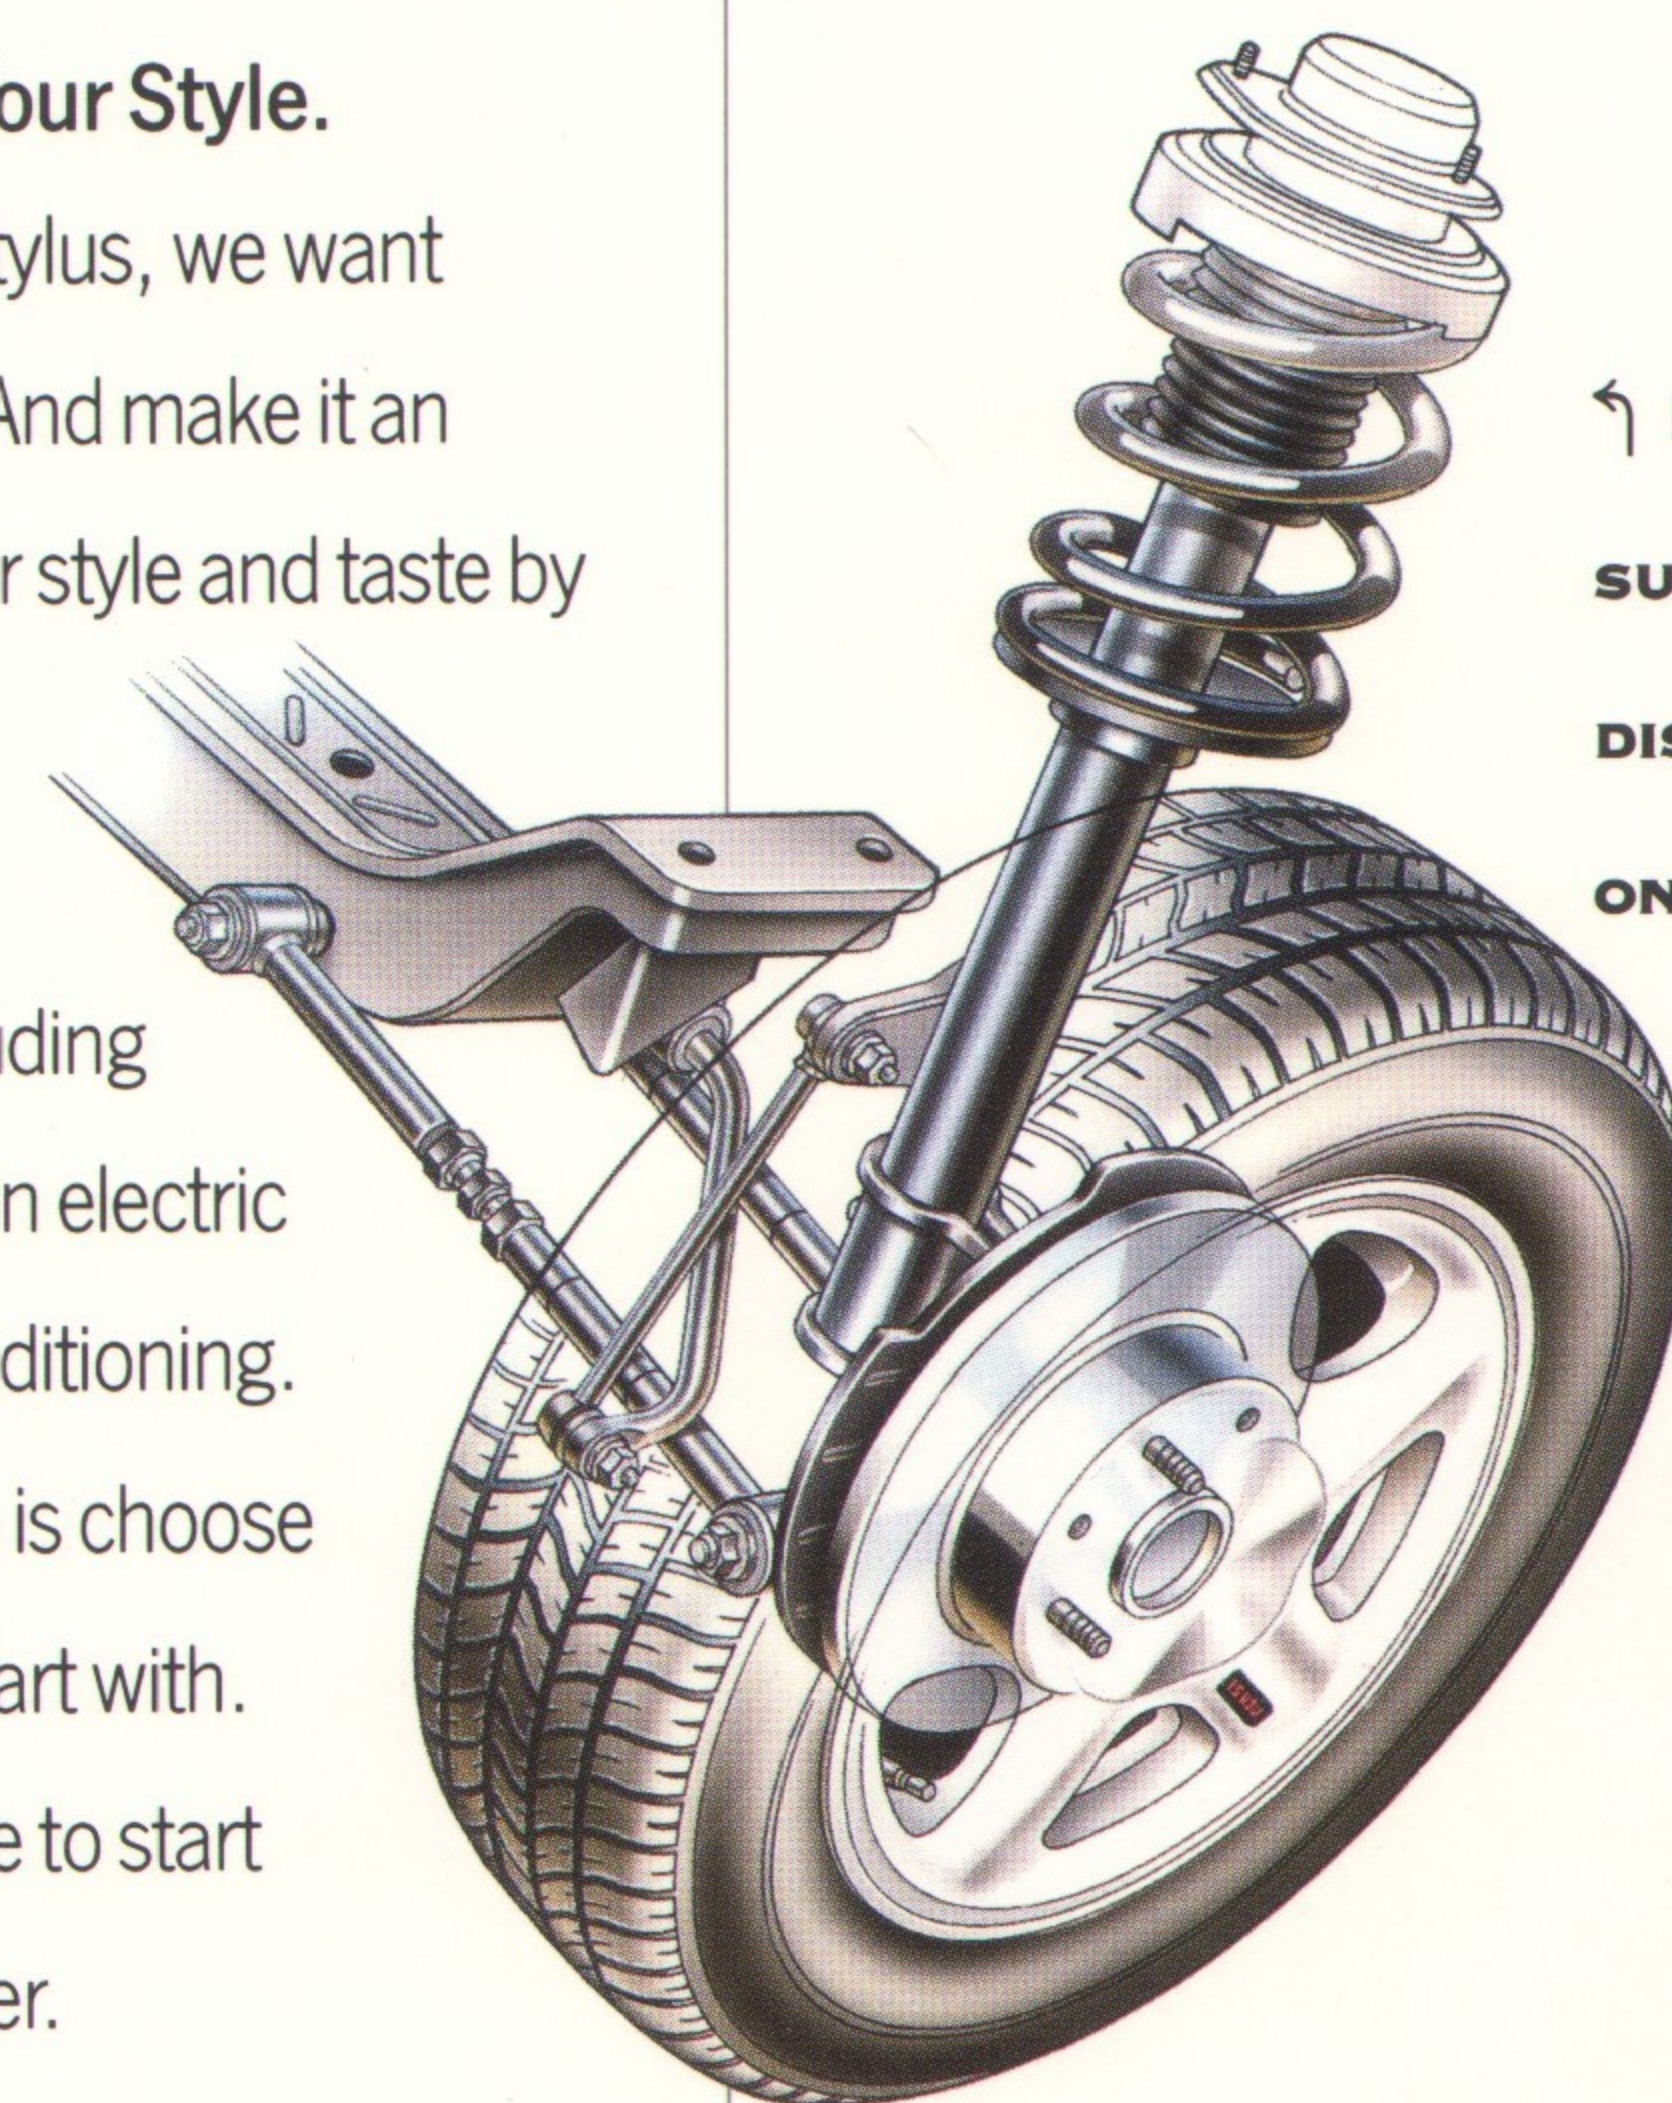

any rpm. And because they're both fitted with Isuzu's advanced multi-port fuel injection system, power and economy are constantly monitored and maximized based on altitude, air temperature and a half dozen other factors. Along with a choice of engines, the Stylus also gives you a choice of transmissions. Both the S and XS models come with a smooth shifting 5-speed manual, but you can also opt for an automatic with the S.

**Your Stylus, Your Style.**

After we build a Stylus, we want you to take over. And make it an expression of your style and taste by using our wide range of custom accessories. Including everything from an electric sunroof to air conditioning. All you have to do is choose which Stylus to start with. And the best place to start is your Isuzu dealer.

↳ WITH DUAL OVERHEAD CAMS AND 16 VALVES, 130 HORSEPOWER IS ONLY 6800 RPM'S AWAY.

↳ FOUR-WHEEL INDEPENDENT SUSPENSION AND 4-WHEEL DISC BRAKES ARE STANDARD ON THE XS.

## S P E C I F I C A T I O N S

ENGINE	1.6L I-4 SOHC	1.6L I-4 DOHC
Displacement	1588cc	1588cc
Net horsepower (SAE)	95 @ 5800 rpm	130 @ 6800 rpm
Net torque (SAE) (lbs./ft.)	97 @ 3400 rpm	102 @ 4600 rpm

### EXTERIOR DIMENSIONS (in.)

Wheelbase	96.5	96.5
Overall length	165.1	165.1

### INTERIOR DIMENSIONS (in.)

Head room (front/rear)	39.0/37.9	39.0/37.9
Leg room (front/rear)	43.3/31.9	43.3/31.9
Hip room (front/rear)	51.3/52.1	51.3/52.1
Shoulder room (front/rear)	53.6/52.8	53.6/52.8

### WEIGHTS/CAPACITIES

Cargo volume (cu. ft.)	11.4	11.4
Interior volume (cu. ft.)	89.2	89.2
Curb weight (5M/3A) (lbs.)	2261/2303	2367/-
Fuel tank (gal.)	12.4	12.4

### WHEELS/TIRES

Wheel size	5 x 13	5.5 x 14
Tire size	P175/70SR-13	P185/60HR-14
Tread (front/rear)	56.3/55.2	56.3/55.3

### MILEAGE (mpg)

5-speed manual (city/highway)	31/37	25/33
3-speed automatic (city/highway)	28/33	-

Use estimated EPA figures for comparison. Mileage may vary due to speed, weather, trip length and road conditions. Actual highway mileage will probably be less.

### COLORS (Exterior/Interior):

S: Pure White/Blue, Antique Silver/Brown. XS: Pure White/Gray. S and XS: Ebony Black/Gray, Iron Gray/Gray, Brilliant Red/Gray, Steel Blue/Blue, Cobalt Blue/Blue.

### WARRANTY

Isuzu features a standard 36-month/50,000-mile limited warranty, a 60-month/60,000-mile power train limited warranty with no deductible and a 72-month/100,000-mile rust perforation limited warranty. All warranties effective from date of first use. See dealer for details.

### THE ISUZU PROTECTION PLAN

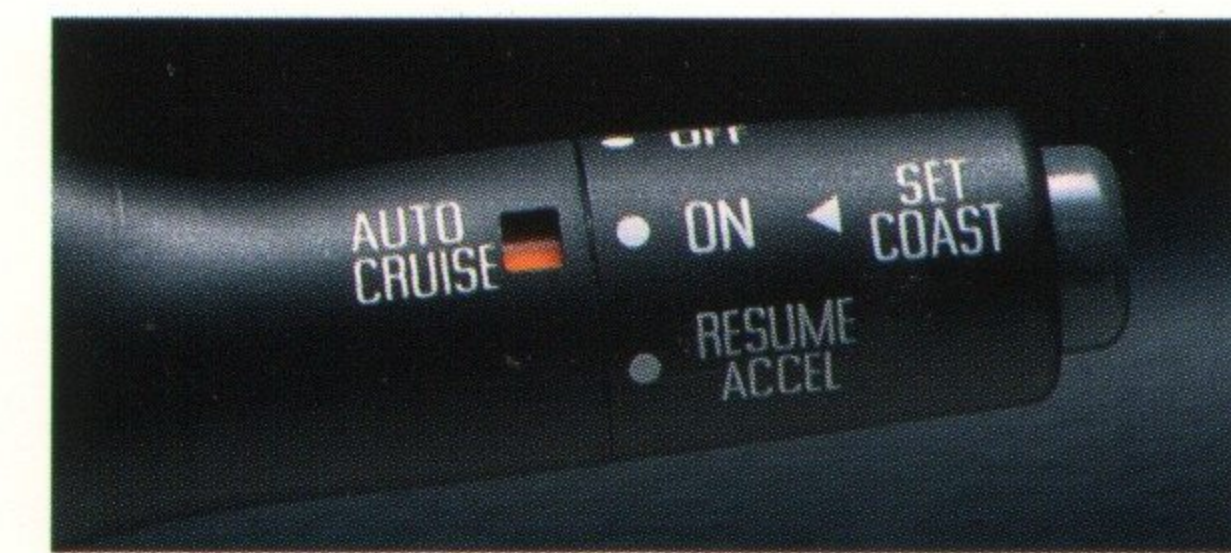

The Isuzu Protection Plan covers repairs to major components as well as towing and rental reimbursements. The Isuzu Protection Plan offers low cost coverage designed to meet your driving needs, with options up to 72-months/100,000-miles with no deductible. Available at participating dealers nationwide, the Isuzu Protection Plan is transferable and can be financed. See dealer for details.

### Safe Reasons To Buy A Stylus.

With its abundance of both practicality and style, you don't need to search for reasons to buy a Stylus. Especially when you consider its wide array of safety features. Thanks to them, you won't just feel safe in buying a Stylus. You'll feel safe in driving it, too.

### Standard Safety And Convenience Features Include:

- Driver's side air bag
- Front 3-point seat belts (2)
- Rear 3-point seat belts (2), 2-point belt (1)
- Key-in-ignition/seat belts/headlamps-on chime
- Steel-belted radial tires
- Power-assist front disc brakes
- Rear window defogger
- Side window defrosters
- Halogen headlamps

This steering wheel could save your life. The Stylus is the first import in its class to offer a driver's side air bag as a standard safety feature.

Buckle up-for life!
