

### Genuine Scirocco Accessories.

They're the extras that don't end up looking like add-on extras.

These accessories look like they belong because they match your VW exactly. And fit exactly, too.

And they're made with the same care, to the same high standards as the rest of your VW. So you can be sure of getting the same kind of lasting enjoyment from them as you expect from your VW itself.

### Here's a handy checklist of other Scirocco accessories.

Scirocco  
Accessories

When you indulge yourself  
with a racy, economical  
Scirocco...

... there's plenty left over  
for luxurious extras, too.

Hosted by  
A2Resource.com

Sporty Scirocco is an economy car as well as a performance car. It's a gas miser to help you spend less at the pump, and it's built to last so you spend less at the service bay. As you can see, economical Scirocco leaves you more money for the kinds of extras that mean extra fun and extra enjoyment.

Like the driving fun you add with a pair of penetrating **Fog Lamps** (1) for better vision in rain or fog. Or the driving convenience of **Speed Control** (2) that lets you select a constant speed for cruising, helps you get better gas mileage, and lets you relax on long trips. **Vent Shades** (3) to keep out rain and drafts. And the sheer enjoyment of music any way you like it with our **AM/FM Stereo Radio/Tapeplayer** (4).

There's a host of racy extras, like **Stripes** (5), **Scirocco Lettering** (6), **Spoilers** (7), and handsome matte-black **Hood Panel** (8). For extra carrying, there's a **Permanent Luggage Carrier** (9) and a **Lockable Ski Carrier** (10). And for extra protection, a set of **Floor Mats** (11) to protect your carpeting, sturdy steel **Bumper Overriders** (12) with rubber strips for extra cushioning, and **Splash Guards** (13) to help keep your Scirocco clean and prevent paint chipping.

Go ahead. Add the extras that mean extra fun and extra enjoyment. After all, when you own the performance car that's also an economy car, you can afford to indulge yourself.
