THE 1985 SCIROCCO

The Scirocco is the kind of sports coupe that turns heads and makes hearts beat a little faster.

Its aerodynamic body is crafted by the world-famous Karmann Coachworks. But its spirit was born in the winning tradition of its racing heritage.

The Scirocco is a sports coupe for purists, and is devoid of trendy gadgets.

The Scirocco is also a sports coupe for enthusiasts, for it boasts the most sophisticated German engineering.

Handling is crisp. Performance is exhilarating.

Perhaps most exciting of all, the Scirocco actually sports an affordable price.

After all, why should the rich have all the fun?

Although the 1985 Scirocco is new, the philosophy upon which it was built goes back to the very first Karmann Ghia introduced in America. The Karmann Ghia astonished the automotive world with its efficiency, reliability and common sense. It taught America that sophisticated engineering and value need not be mutually exclusive. And it showed that a car was meant to last longer than one or two model years.

The incomparable Karmann Ghia.

We still travel our own road

Today, we still design these basic virtues into every Volkswagen we build. And we still refuse to follow popular trends.

We demand that the laws of aerodynamics take precedence over current design fads. We believe in an evolution of excellence, the continual process of improvement and

refinement in the pursuit of perfection. We insist on the strictest quality control, with the result that every part of every Volkswagen undergoes several inspections by both man and computer. And, although we employ the latest technology in our manufacturing process, we believe in traditional craftsmanship, in artisans who maintain standards of pride and dedication no machine can ever match.

A passion for perfection

Our German engineers impart their own unabashed passion for engineering excellence and overall performance into every Volkswagen they design.

They employ advanced technology instead of automotive gimmickry. They provide outstanding efficiency without compromising stunning performance. And they engineer every Volkswagen with such precision that virtually every driving command can be executed swiftly.

As a result, you do not drive a car. You have the unique pleasure of driving a Volkswagen.

IT'S NOT A CAR. IT'S A VOLKSWAGEN

The Volkswagen 2-year Unlimited Mileage Protection Plan

For greater peace-of-mind enjoyment of your new Scirocco,

Scirocco—a mechanical masterpiece—a tribute to the craftsmen at the Karmann Coachworks facility in Osnabrück, West Germany.

we've introduced a new Protection Plan that's as simple and straightforward as a Volkswagen itself.

Your new Scirocco is protected by a 2-year unlimited mileage limited warranty on the entire vehicle (except tires), and a 3-year unlimited mileage limited warranty on rust perforation. See your U.S. Volkswagen dealer for details.

Isn't it nice to feel secure in your decision to drive a new Volkswagen?

Volkswagen World Headquarters in Wolfsburg, West Germany.

THE HEIGHT OF EXHILARATION

The thrill begins when the 1.8 liter, fuel-injected engine coupled with a 5-speed close ratio transmission roars to life.

Inside the cockpit, the full instrumentation and all controls are within fingertip reach. The leather covered steering wheel and shift knob are perfectly placed. Even the fully reclining bucket seats are adjusted to the proper height.

Nose into the sharpest S-curve you can find. Scirocco's rack and pinion

steering, sports suspension and front-wheel drive will respond instantly with a nimbleness and sure-footedness that borders on the amazing. Power vented front disc brakes, alloy wheels and steel belted radial tires are, of course, standard.

Now Scirocco's stunning performance takes you out of the realm of ordinary driving and into the rarified air of true sports coupe exhilaration.

Full instrumentation includes a standard oil temperature gauge.

Scirocco's dual diagonal braking circuits help assure safe stops.

Standard electric remote controlled heatable outside mirrors.

PERSONALIZE YOUR SCIROCCO

Since everyone's driving needs differ, a complete selection of options will help equip your Scirocco to meet your personal preferences.

To refresh you, air-conditioning and a manual sunroof are available. To entertain you, choose an electronic AM/FM stereo cassette with 4 speakers. If you'd like to let your Scirocco share some of the driving chores, order the automatic transmission and cruise control. For greater convenience, select the

rear window washer and wiper and this power package: power windows, door locks and antenna. And for sheer opulence, enjoy the luxury of pure leather upholstery.

Features and options pictured include: a sunroof, rear window wiper/washer, reclining bucket seats (std.), convenient map pocket (std.), cruise control, air-conditioning and AM/FM stereo cassette, and power windows.

FEATURES AND OPTIONS

	SCIROCCO
1.8 Standard (Optional) — (See Analysis)	
MANUAL	\$
1.8 liter 4 cylinder 16V fuel-injected engine	\$
Exhaust, Catalytic converter, transmission	\$
Electronic brake/steering system	\$
Lockwasher and digital clock	\$
MacPherson strut front suspension	\$
MacPherson rear suspension	\$
Turn and trip indicator, horn	\$
Rack and pinion steering	\$
Power assisted brakes (standard front disc/rear drum)	\$
Rear lock differential case	\$
EXTERIOR	
Painted metal exterior with energy absorbing liner and rear crash beam	\$
Anti-rattle control, wing around energy absorbing bumper	\$
Five rectangular halogen headlights	\$
Electric remote controlled convertible antenna mirror	\$
Conrad glass	\$
Large rear spoiler	\$
Wind deflector on left hand windshield wiper	\$
Wind deflector on right hand windshield wiper	\$
Wind deflector on rear window	\$
Wind deflector on rear window	\$
EXTERIOR	
Painted instrument panel with full instrumentation including speedometer and trip odometer, tachometer, digital clock	\$
Cruise control with oil temperature gauge	\$
Leather steering wheel and shift knob	\$
Reclining front seats with height adjusters and head resters	\$
Split fold-down rear seats	\$
Wind to wind louvers	\$
Lock controls for high beams, turn signal, parking lights	\$
Interior 1.8 speed wiper and washer	\$

Power windows and door lock	\$
Power window and door lock	\$
Locks and door-catchers, glove box	\$
Cruise light	\$
Interior mirror with vanity mirror	\$
EXTERIOR	
Air conditioning	\$
Automatic transmission	\$
Center console	\$
Conrad mirror	\$
Power door with power windows, power mirrors	\$
Power door with power windows, power mirrors	\$
AM/FM stereo cassette with 4 speakers	\$

TECHNICAL DATA/SPECIFICATIONS

SPECIFICATIONS

	SCIROCCO
ENGINE TYPE	4 cylinder, in-line 16V, fuel-injected
DISPLACEMENT	1.8 liter, 109 cc/in ³
MAXIMUM RPM	4000 RPM
MAXIMUM HP	120 hp @ 5300
ROOFTOP CROSSLATCH	Optional crosslatch, built on front bumper
FRONT SUSPENSION	Independent MacPherson struts, variable rate coil springs, shock absorbers
REAR SUSPENSION	Independent MacPherson struts, variable rate coil springs, shock absorbers
STEERING TYPE	Rack and pinion
TURNING CIRCLE	11.3 m
BRAKES	Front: diagonal discs with power assist. Rear: diagonal discs with power assist. ABS (optional)
DIMENSIONS	
Wheelbase	99.2"
Front track	54.3"
Rear track	54.3"
Overall length	142.7"
Overall width	64.2"
Overall height	55.4"
Ground clearance	4.3"
CAPACITIES	
Luggage capacity	14.2 cu. ft.
Fuel tank capacity	13.4 U.S. gallons
WHEELS AND TYRES	
Front wheels	193 x 13 light alloy wheels
Rear wheels	174 x 13 steel wheels
W/ AIR RELEASE (STANDARD)	OPTIONAL
EXTERIOR COLORS	
Alpine White	Tron Red Metallic
Steel Red	Black Grey Metallic
Dark Silver Metallic	Dark Blue Metallic
Graphite Black Metallic	

THE 1985 VOLKSWAGEN TRANSPORTATION SYSTEM

If the Scirocco doesn't meet your particular driving needs, consider one of the other members of the Volkswagen family.

The Golf sets new standards of versatility, performance, roominess and efficiency for hatchbacks.

The Jetta is the first affordable German road car.

The Cabriolet combines open air touring with exhilarating performance.

The Quantum Wagon is a European family wagon offering versatility, precise German engineering and outstanding driver control at an exceptionally affordable price.

The Quantum GL Sedan provides the sophisticated handling and elegant comfort of a German grand touring sedan in the classic European tradition.

The Vanagon combines the roominess and versatility of a full-size passenger van with the comfort, ease of handling and economy of a mini-van.

The Volkswagen Camper offers the camping enthusiast outstanding flexibility, comfort and convenience in a truly unique recreational vehicle.

Whichever you choose, your Volkswagen will be the single smartest purchase you can make to meet your transportation needs.
