

# Scirocco

## The quick solution to a driving need

What is at first attractive about the 1986 Scirocco is a matter of pure emotion. It's like a piece of fine art. Slip behind the wheel and

fire-up the engine. Suddenly, there's a reason for Scirocco's looks: performance. The kind of performance that hustles you from a standing start to top speed in the twinkling of an eye. A 1.8 litre fuel injected engine pumps out 90 horse-

power of thrills. The swift translation of power into action comes from your choice of the standard 5-speed sport transmission, or the velvety-smooth optional automatic. Some people look for performance; others look for style.

Smart people look at Scirocco. It's the quick solution to all your driving needs.

### This is how it's engineered:

- Front-wheel drive
- 1.8 litre fuel injected engine, 90 hp SAE net
- 5-speed manual sport transmission
- Upshift Indicator Light (manual transmission only)
- Rack and pinion steering
- Power-assisted, pressure regulated, dual diagonal hydraulic brake system
- Ventilated disc brakes front, self-adjusting drum brakes rear
- Independent MacPherson strut front suspension with coil springs, stabilizer bar
- Independent stabilizer rear axle with coil springs, telescopic shock absorbers and additional stabilizer bar
- Anti-corrosive wax/bitumin undercoating and hot wax flooding in lower body cavities

Standard alloy wheels differ from those illustrated.

## You're part of Scirocco performance

When Volkswagen designs a sports coupe, we make certain that it's equipped to perform like a sports coupe. Inside and

out. The moment you settle into Scirocco, you're surrounded by performance. In fact, you're part of the performance.

### Long-distance comfort

Fully contoured reclining sport seats with thick side bolsters surround you with lateral

support at every turn. Good performance means constant comfort. The height-adjustable front seats let the driver and passenger find the optimum posture by angling both the seat bottom and backrest. Long-distance comfort is

Scirocco's forte.

### Special space feature

A special feature is the split rear seatback. It folds forward in separate sections, together or both at once. You can carry a rear passenger and cargo at the same time.

### This is why it's comfortable and convenient:

- Space for four passengers
- Split rear seatback
- AM/FM stereo cassette Electronic Tuning Radio
- High capacity heater/fresh air blower with 3-speed fan
- Electric rear window defroster
- Tinted safety glass all around
- 2-speed windshield wiper/washer system plus intermittent setting
- Rear window wiper/washer system

- Pneumatic struts for rear hatch
- Halogen headlights
- Courtesy light with door operated switches
- Illuminated, carpeted luggage compartment
- Power remote controlled electrically heatable outside mirrors, left and right
- Instrumentation: speedometer, tachometer, odometer, trip odometer, coolant temperature gauge with warning light, tailgate lights for alternator output, oil pressure, high-beams, digital quartz clock, tachometer, fuel level gauge, brake fluid level warning light, Digital Trip Computer

## Control your emotions

Grab the leather-wrapped sport steering wheel. Notice how the controls and monitors are in logical array. The LCD clock between the tachometer

and speedometer doubles as a digital trip computer. You can monitor trip time, trip distance, average speed and fuel consumption, oil temperature, and outside air temperature. All displayed at the touch of a button. The centre console

has a voltmeter. Dual outside mirrors are power remote controlled and electrically heatable. And while you're enjoying Scirocco's driving performance, you can enjoy your favorite musical performance on the 4-speaker AM/FM ETR stereo

cassette sound system.

### This is why it's safe

- Unibody safety cell body construction with front and rear crumple zones
- Negative steering roll radius
- 3-point inertia type seat belts, front, inertia type lap belts, rear
- 4-way hazard warning lights
- Collapsible steering column
- Steering column lock

- Protective side door beams
- Lockable, concealed fuel filler cap
- Dual tone horn

### Scirocco options include:

- 3-speed automatic transmission
- Thermostatically controlled, electrically heatable front seats
- Sunroof, tilt and retractable
- Air conditioning
- Cruise control
- Power antenna

- Power central door/trunk/fuel filler locking system
- Power windows
- A selection of AM/FM stereo cassette Electronic Tuning Radios

# 1986 Scirocco Specifications

## ENGINE

Type	Water-cooled, transverse front-mounted
No. of cylinders	Four in line, single overhead cam
Bore & stroke	81.0 mm x 86.4 mm/3.19 in. x 3.40 in.
Displacement	1.8 L/109.0 cu. in.
SAE net HP @ rpm	90 HP @ 5,500 rpm
SAE net torque	100 ft. lbs. @ 3,000 rpm
Compression ratio	8.5:1
Fuel system	CIS fuel injection (continuous injection system)
Fuel requirement	Unleaded (catalytic converter)
Fuel capacity	52.0 L/11.4 imp. gal.
Oil capacity (incl. filter)	4.4 L/3.9 imp. qts.
Battery	12V/63 Amp/h
Alternator	65 Amp.
Type of ignition	Transistorized electronic, breakerless

## DRIVE TRAIN

Type	Front-wheel drive with two constant velocity joints per drive shaft
Clutch	Dry, single-plate
Manual transmission	Fully synchronized close ratio 5-speed
Automatic transmission	3-speed automatic transmission with torque converter
Gear ratios (manual)	3.45/2.11/1.44/1.13/0.89/R3.17
(automatic)	2.55/1.50/1.00/R2.43
Final drive (manual)	3.67
(automatic)	3.41

## CHASSIS

Body	Aerodynamic, all steel unitized body/chassis, bolt-on front fenders, passenger compartment designed to act as safety cell, front and rear ends designed to absorb impact energy
Front suspension	Independent MacPherson struts, coil springs, negative steering roll radius, stabilizer bar
Rear suspension	Independent stabilizer axle, coil springs and telescopic shock absorbers, additional stabilizer bar
Braking system	Power-assisted, hydraulic, dual diagonal brake circuits, ventilated disc brakes at front, self-adjusting drum brakes at rear
Parking brake	Mechanical, effective on rear wheels
Rim size	5 1/2 x 13 light alloy
Tire type/size	Tubeless radial ply steel belted 175/70 x 13 BSW
Steering system	Rock and pinion steering with energy absorbing steering wheel and column, plus maintenance-free tie rods
Turning circle	9.5 m, 31.2 ft. (curb-to-curb)

## FUEL CONSUMPTION\* AND PERFORMANCE

	5-speed manual gasoline 1.8 L	3-speed automatic gasoline 1.8 L
Combined L/100 km	8.9	9.9
City L/100 km	10.1	10.4
Highway L/100 km	7.4	9.3

## ACCELERATION:

0-80 km/h (sec.)	7.0	8.6
0-100 km/h (sec.)	10.0	12.2
Top speed km/h	180	173

## Scirocco exterior colours

Black  
Alpine White  
Bronze Grey Metallic  
Pewter Grey Metallic  
Tizian Red Metallic  
Flash Silver Metallic

## Peace of mind motoring

Of course, your new Scirocco is covered by a 24-month, unlimited mileage warranty. You can extend that coverage by purchasing a 3-year, 80,000 km, or 4-year, 100,000 km Selected Service Protection Plan offered by International Warranty. The Plan covers most major components like the engine, transmission, steering, brakes, electrical system and air conditioner just to mention a few. Towing and replacement vehicle assistance are also included. Ask your Volkswagen dealer for details.

## Every new Volkswagen is covered by a six year corrosion perforation warranty, regardless of distance driven.
