Wolfsburg Edition Golf GL and GTI. Distinctive new styling to complement their practicality.

The Wolfsburg Edition Golf GL and GTI give you the best of both worlds. You get all the practicality and versatility you need, as well as the kind of individualized styling you want.

The color keyed front bumper of the Golf GL is integrated perfectly into the body design. A front spoiler is poised to reduce drag. While the

integrated, color keyed rear bumper complete the design and add a definite air of distinction.

There's also no mistaking the Wolfsburg Edition GTI. Integrated bumpers with built-in fog lights encase its aerodynamic body. A large front spoiler with brake cooling ducts and a body-colored rear spoiler help reduce

lift at cruising speeds. Add dual round headlamps and color keyed mirror housings and you know that the GTI is really something special on the road.

Test drive the new Wolfsburg Edition Golf GL and GTI. See how aerodynamic styling and traditional Volkswagen value enhance their inherent practicality.

A WORD ABOUT UPDATED SERVICE INFORMATION

Volkswagen regularly sends its dealers useful service information about our products. Volkswagen monitors product performance in the field. We then prepare bulletins for servicing our products better and helping to avoid costly repairs. Now you can get these bulletins, too. To get ordering information, see a local Volkswagen dealer.

Volkswagen United States, Inc. believes the specifications in this brochure to be correct at time of printing. However, specifications, standard equipment and options are subject to change without notice. Some options may be unavailable when your vehicle is built. Please ask your dealer for advice concerning current availability of options and verify that your vehicle includes the optional equipment you ordered. Tires are supplied by various manufacturers: Fox, Goodyear, Goodyear, Goodyear, Pirelli, Uniroyal and Volkswagen are registered trademarks of Volkswagen AG. Sealflores save lives.
