

**D**rive your

new Cabriolet with confidence. It's built to withstand the challenges of the road. And designed to enhance your level of driving satisfaction for as long as you own it. Cabriolet is protected by a 3-year/50,000-mile bumper-to-bumper limited warranty against defects in materials and workmanship, a 3-year/50,000-mile limited powertrain warranty and a 5-year limited warranty against corrosion and rust perforation. See your authorized Volkswagen dealer for details.

**WARRANTY INFORMATION:** Volkswagen vehicles are built to endure. And you should know that. That's why we offer a bumper-to-bumper limited warranty against defects in materials and workmanship, a 3-year/50,000-mile limited powertrain warranty and a 5-year limited warranty against corrosion and rust perforation. See your authorized Volkswagen dealer for details. These warranties are subject to certain restrictions. Please refer to your Volkswagen dealer for a complete description of the terms and conditions of these warranties. Volkswagen is not responsible for consequential or incidental damages. For more information, contact your authorized Volkswagen dealer or visit us online at [www.vw.com/warranty](http://www.vw.com/warranty). ©2003 Volkswagen of America, Inc.

# CABRIOLET

1999

Cabriolet is more than just a car. It's an extension of your lifestyle. It's a personal statement that turns every trip into an exciting driving experience. Cabriolet's stylish lines stand out even among more expensive convertibles. And because it was designed for the Autobahn, Cabriolet delivers spirited performance and handling. Few driving experiences are as thrilling as racing the wind

in a convertible. And few can do it with as much freedom as the Cabriolet. It's engineered with a sport-tuned suspension, power rack and pinion steering, ventilated power front disc brakes and front-wheel drive.  All work together to produce that distinctive European driving experience we call Fahrgenüßigkeit. The unique sensation you feel only when you drive a Volkswagen.  To experience it, you have to drive a Cabriolet. You'll find that Cabriolet opens up a new dimension of driving exhilaration that's as rewarding as it is refreshing.

CABRIOLET.  
THE MOST REFRESHING WAY  
TO GET FROM  
ONE PLACE TO ANOTHER.

For the power to go  
city as well as to  
perform. It's dynamic  
1.8 liter fuel-injected  
engine accelerates  
swiftly. The 5-speed  
clutchless trans-  
mission reaches most  
new tops in each  
gear. Four speed  
options. So drive  
your heartiest  
Cabriolet back as  
good as it feels.

Keeps you ahead, far  
ahead. Subaru's  
performance technology  
is a lot cheaper  
to spend than suspension,  
steer and rear  
stabilizer bars and  
power rack and pinion  
steering deliver  
sure-footed handling  
in a Subaru, even  
on the most rough  
roads in a lifetime.

▲ For your entertainment pleasure, enjoy a color display with audio, CD, stereo, video and more. An optional upgrade for your system. An available navigation and distance tracking and light and security viewing.

Colombo. You're looking about for on the open road. Colombo has already thought of how to keep you in command. **Adapt!** Before you are even to read, reading gauges. All vital functions and switches are at your fingertips. Your driving position is comfortable and correct. Enjoy the ride. Colombo helps you keep the fun of driving under control.

▲ A supplemental air bag is built into Colombo's steering wheel. All the air bags included in the car are a standard safety feature, subject to manufacturer safety standards. All models have air bags.

## D Down the road

Even when closed, Cabstar's interior remains open and airy. The seat base folds down for extra carrying capacity. Now get the top down. You've just added unlimited freedom.

■ Cabstar's fully reclining front bucket seats are suspended in 10-year-life steel. They're fully adjustable and provide full lateral support during hard cornering.

■ Cabstar's Capri's unique leather seating surfaces with horizontal ribbed cushions fit the contours of the body. Capri is also fitted with leather headrests and a leather-trimmed steering wheel and shift knob.

■ When it comes to style, Cabstar is completely versatile. The top can fold down to provide an open-air driving experience, and it provides access to the back.

## Engineering

crafted by the master builders of Karmann Coachworks. Adapted to Cabriolet's design are special body reinforcements for security. Patented engineering features for improved driver control. And an array of performance technology that gives Cabriolet its high-spirited maneuverability. Plus Volkswagen's commitment to reliability and durability helps ensure that you'll enjoy driving your Cabriolet for many years to come.

Cabriolet is powered by an available 1.8 liter fuel-injected engine. Cabriolet's 5-speed manual transmission offers efficiency and driving pleasure. (See EPA mileage figures on page 17.)

### Engineering Features

- Cabriolet's 5-speed electronic fuel injection delivers the power you need for quick, reliable action that the engine can respond with performance that's smooth and quiet.
- To reduce high-speed drifting, Cabriolet's equipped with a 5-speed manual transmission. The transmission helps maintain the engine's optimal output for speed maintenance. Automatic transmission is optional.
- To ensure stability, precise handling and a smooth, comfortable ride, Cabriolet's patented independent front suspension utilizes MacPherson struts, coil springs, torsion bar absorbers and a 20.3mm coilover bar.
- For maximum stopping power, Cabriolet's comes from day one with front brakes on both sides and a dual diagonal braking system, which helps ensure that both the front and rear wheels' braking capabilities should use all the power that's available.

not only puts the wind in your hair, it puts performance, comfort and security within your grasp. In addition to its extensive list of standard equipment and a number of optional features that make owning a Cadillac an even greater pleasure, the best way to appreciate Cadillac is to drive one. It's the smart way to understand the distinctive European driving experience we call *fabergedgen*.

■ Cadillac's convertible top conveniently folds behind the rear seat. A unique cover protects the top and prevents a hot appearance.

■ Cadillac's standard 160-Watt stereo system sound system features a 4-speaker system for amplified sound reproduction. Central air conditioning helps you stay cool and relaxed while you make your temperature's choice.

■ Cadillac's convertible top is lined with an electrically heated seat glass window. Glass allows ventilation, the real glass window seat's electric window film.

■ The convenience of an electric heated seat system is available on the Cadillac 1000. The heated seat system and the top up or down quickly and efficiently.

Engine	
Displacement	4-cylinder, 1600 cc
Compression	10.5:1
Maximum HP (1700 RPM)	104 @ 5200
Maximum torque (4000 RPM)	160 @ 3200
0-100 mph (sec)	10.9
Top speed (mph)	130
Valve train	Overhead valve, 160 cc, 160 cc, 160 cc, 160 cc
Exhaust	Four valves per cylinder
Timing belts	Water pump, camshaft drive, valves, crank pump, alternator, power windows, etc.
Timing chain	Valve train (optional)
Oil capacity	5 quarts (oil-filled)
Oil pressure	40 psi (oil-filled)
Oil pump	Gear-driven, variable

Emissions	
City	23 mpg (city)
Highway	31 mpg (highway)
Urban	19 mpg (urban)
Combined	24 mpg (combined)

Body, Chassis and Suspension	
Body	4-door, 4-door, 4-door, 4-door
Chassis	Independent front-wheel drive, 4-link suspension, coil springs, steering with shocks
Body suspension	Independent rear-wheel drive, 4-link suspension, coil springs, steering with shocks
Steering	Power-assisted rack and pinion
Wheels	Four-spoke alloy wheels, 16" (optional) and 17" (optional) alloy wheels, all-terrain
Body color	Available in 12 colors
Wheel and tire	16" (standard) and 17" (optional) alloy wheels, all-terrain
Transmission	5-speed manual, 4-speed automatic
Drive	4-wheel drive
