

Drive your new Cabriolet with confidence. It's built to withstand the challenges of the road, and designed to enhance the level of your driving exhilaration for as long as you own it. Our confidence in our products has led us to provide a Protection Plan that's as simple and straightforward as a Volkswagen itself.

Every Cabriolet is protected by a comprehensive 3-year/50,000-mile powertrain warranty, a 4-year/unlimited mileage warranty against corrosion and rust perforation, and a 3-year/24,000-mile bumper-to-bumper warranty that covers virtually all components against defects in materials and workmanship, including light bulbs, rubber parts, even windshield wiper blades. See your authorized Volkswagen dealer for details of these limited warranties.

**A WORD ABOUT LIMITED WARRANTY RESTRICTIONS:** Volkswagen requires you to follow a strict set of instructions about your driving. Volkswagen dealers provide an Owner's Manual, and most dealers include an Owner's Manual for driving. Your vehicle is covered by Volkswagen warranties only if you follow the instructions in the Owner's Manual and drive your vehicle in compliance with the instructions in the Owner's Manual. Volkswagen does not warrant against damage caused by improper use of the vehicle, including driving over the speed limit, driving under the influence of alcohol or drugs, driving on roads with a speed limit above 50 mph, or driving on roads with a speed limit above 100 mph. Volkswagen does not warrant against damage caused by accidents, theft, fire, flood, or other external causes. Volkswagen does not warrant against damage caused by modifications to the vehicle, including the use of non-Volkswagen accessories, or damage caused by modifications to the vehicle, including the use of non-Volkswagen accessories. Volkswagen does not warrant against damage caused by modifications to the vehicle, including the use of non-Volkswagen accessories, or damage caused by modifications to the vehicle, including the use of non-Volkswagen accessories.

1992

CABRIOLET

In 1999, automotive history was made when the first Volkswagen for sale in America landed on a quiet waterfront dock. It was an experiment, but it went right and to an entire generation of car buyers it became a symbol of lasting value and reliability.

But Volkswagen brought more than just a new kind of car to America; we introduced an entire philosophy of transportation. From there, we've designed cars for the way people live and drive. Some wanted sports cars. Others needed plenty of room. Still others required something. We met all these demands, Volkswagen-style.

We pioneered the first car and the performance-oriented "sport market." We created a convertible that embodies the essence of open-air driving.

And we produced a true European road car that was affordable. Today, we also offer family car models and options, versatile flat-floors and a technologically advanced sports coupe.

Each is designed to fit a particular lifestyle, yet each is a Volkswagen to the core. Efficient. Durable. And fun to drive. In a word, each offers you Volkswagen's, the distinctly European driving experience you can appreciate only when you drive a Volkswagen.

We invite you to experience the personal driving philosophy for yourself. Take a Volkswagen out for a test drive. You'll find that it feels good and feels right. And it's a sensation you'll miss for as long as you own it.

Efficient, durable, and fun to drive. The essence of Volkswagen. The essence of Europe. The essence of the car.

From all sides of engineering, we've built a car that's fun to drive and fun to own. A car that's fun to drive and fun to own. A car that's fun to drive and fun to own. A car that's fun to drive and fun to own.

Efficient, durable, and fun to drive. The essence of Volkswagen. The essence of Europe. The essence of the car.

I like any kind of outdoor activity. So when I drive, I like to feel the sun on my face and the wind in my hair. That's why Cabriolet is my kind of car. It takes every trip I take into an open-air adventure. I put down the top. Turn up the stereo. And head for the beach to take my friends along because there's plenty of room for four, including all our gear. I never worry if the road begins to twist and turn. German engineers have built in the kind of performance technology that keeps the handling crisp. Cabriolet is designed for bumper-to-bumper fun. Driving it is a pleasure I don't experience in any other convertible. Because only a Cabriolet lets me catch some *Fahrvergnügen* while I catch some rays.

"Bumper to bumper, and a whole lot of second looks. It just wouldn't be the same without my Cabriolet!"

Standard on Cabriolet's available 3-speed automatic for superior driving performance, and fuel economy combined with maximum torque for greater stability.

Cabriolet's dynamic 1.8 liter overhead-cam engine is engineered with a fuel injection system that delivers the precise amount of fuel to each cylinder for more spirited response. Its clean-burn 3-speed transmission quickly reaches maximum torque in each gear. Acceleration is smooth and swift.

Cabriolet has the power to cruise as well as to perform. As your speed increases, so does your heartbeat. Cabriolet feels as good as it looks.

Cadillac's convertible top is lined with an absorbent fabric to help absorb rain. When it rains, it truly rains on you, not on the top. And, you'll never see your hair.

**A steep turn leaves you ahead.** Fortunately, Cadillac's contemporary performance technology includes a sport-tuned independent suspension with front and rear stabilizer bars provides sure-footed handling. And its power rack-and-pinion steering keeps you in *steer* contact with the road.

When you have to stop quickly, Cadillac's variable power front-disc brakes help bring you to a secure halt. And its front wheel drive improves traction in every kind of weather.

In a Cadillac, maneuvering on even the toughest roads is a breeze.

As you get into your Cabalot, you're thinking about how on the open road, Cabalot has already thought of how to keep you in command.

All gauges are visible for quick, easy reading. The tachometer displays engine rpm so that you can coordinate your shifting to get maximum engine response in each gear. In center console

feature oil pressure, oil temperature and water gauges to let you constantly monitor engine performance. And on the Cabalot Crew, cruise control is standard.

A four-spoke sport steering wheel with integrated air bag is leather-wrapped to convey the feel of performance. Your driving posture is comfortable and correct. You're ready to enjoy the ride.

Cabalot helps you keep the fun of driving under control.

Cabalot's center console includes oil pressure, oil temperature and water gauges to let you constantly monitor engine performance.

The instrument cluster is mounted directly in front of the driver for easy viewing.

The added safety air bag is mounted in the center of the Cabalot's steering wheel.

Adjustable leather headrests and lumbar support with side bolsters for extra comfort. The rear seat also features adjustable lumbar support for maximum comfort on the road.

Cabriolet provides enough headroom and legroom so that you and three friends can relax in complete comfort. Its fully reclining front bucket seats are contoured to fit your body lines. They're also infinitely adjustable and provide firm lateral support during hard cornering. Even the driver's seat height is adjustable for greater driving comfort. And when it comes to going

you have room. Cabriolet is exceptionally versatile. Its rear seat folds down in seconds to expand your carrying capacity and provide access to the trunk. Luxury appointments include power front windows, an AM/FM stereo-cassette sound system with six speakers, and, on the Cabriolet Convert, leather seating surfaces, heated mirrors and manual transmission shift knob.

Cabriolet Convert boasts leather seating surfaces with leather-like vinyl upholstery, heated and power windows, heated mirrors, manual transmission, and more. Cabriolet Convert styling, "bling, bling" design with four-spoke alloy wheels, leather-trimmed interior and 160-hp engine are standard on the sporty, high-capacity convertible. From driving to enjoying the outdoors in the sun or at all times.

Cadillac is crafted by the master builders of Exotic  
Continents as a true convertible from the ground up. Their  
attention to detail is legendary.

Integral to Cadillac's design are special body reinforcements  
for security. Patented engineering features for improved driver  
control. And contemporary performance technology that gives  
Cadillac its high spirited maneuverability.

Cadillac is designed to meet the needs of the driver as well  
as the demands of the road. This dedication to engineering excellence  
not only inspires confidence, it makes your Cadillac a thorough  
pleasure to drive.

Vauxhall's commitment to reliability and durability helps  
ensure that your Exoticness to enjoy driving your Cadillac for many  
years to come.

Cadillac's design only support suspension improves the contact surface for each  
wheel. Power from the front and rear drive shafts are supported by a dual  
segment timing system which helps ensure an even torque split, making them

Cadillac is powered by an  
energetic 3.8 liter fuel-injected  
engine that produces a reward-  
ing blend of power, performance  
and driving pleasure. Its  
Eighteen™ aluminum fuel injection  
delivers the exact amount of  
fuel to each cylinder for smooth,  
swift engine response.

Cadillac's structural independent front suspension, called  
MultiFlex, is a 2nd order, variable shock absorber  
with a 2.0 inch motion bar for precise handling.

Cabriolet not only puts the wind in your hair, it also puts performance, comfort and security within your grasp.

Special option seating packages have been created to built for your rear seat rider. They let you personalize your car and make owning a Cabriolet an even greater pleasure.

So the best way to appreciate a Cabriolet is to drive one.

Once behind the wheel, you'll find that it's the ideal way to enjoy all the pleasures of the open road. It's also the smart way to understand the distinctive European driving experience we call Volkswagen.

Every Volkswagen undergoes a comprehensive seat retention procedure to help prevent body rust. Paint is applied carefully and thoroughly so that it won't crack, peel or fade in years of normal service. An additional clear top coat is applied to all metal surfaces.

Volkswagen's finish painting process not only helps your Cabriolet hold its looks, it also helps it hold its value.
