

Drive your new Corrado with confidence. It's built to withstand the challenges of the road, and designed to enhance the level of your driving exhilaration for as long as you own it. Our confidence in our product has led us to provide a Protection Plan that's as simple and straightforward as a Volkswagen itself.

Every Corrado is protected by a comprehensive 3-year/50,000-mile powertrain warranty,* a 5-year/unlimited-mileage warranty against corrosion and rust perforation, and a 3-year/34,000-mile bumper-to-bumper warranty that covers virtually all components against defects in materials and workmanship, including light bulbs, adjustments, even windshield wiper blades. See your authorized Volkswagen dealer for details of these limited warranties.

A WORD ABOUT LIMITED WARRANTY INFORMATION: Volkswagen vehicles made in Mexico contain certain components that are not covered. Volkswagen vehicles imported into the U.S. from other countries may contain components that are not covered under certain limited warranties. Volkswagen will have a bulletin sent to you regarding information on such Volkswagen items.
*Volkswagen (USA) Inc. reserves the right to modify or change the terms of this warranty at any time without notice. Volkswagen will replace any defective component without charge, without labor, where applicable. Labor charges may be applicable where you require a lift. Please read your dealer for rules and restrictions. Certain conditions, restrictions and exclusions apply to this warranty. Please contact your authorized Volkswagen retailer for details. For full terms, conditions, restrictions, exclusions and limitations of coverage, please refer to the applicable limited warranty. Volkswagen (USA) Inc. is not responsible for the actions of its authorized Volkswagen retailers. ©1991 Volkswagen (USA) Inc. All rights reserved. VWUSA.COM

CORRADO

In 1980, automotive history was made when the first Volkswagen Jetta was introduced. It was an experiment, but it was a success. It was a new generation of car design that became a symbol of lasting value and reliability.

But Volkswagen brought more than just a new kind of car to America. We introduced an entire philosophy of transportation. Since then, we've designed cars for the way people live and drive. Some wanted spaciousness. Others needed plenty of room. All others required versatility. We met all these demands. Volkswagen style.

We pioneered the first car and the performance-oriented "golf" car. We created a convertible that combines the essence of open-air driving.

And we produced a true European road car that was affordable. Today, we also offer family-size sedans and wagons, versatile hatchbacks and a technologically advanced sports coupe.

Each is designed to fit a particular lifestyle, yet each is a Volkswagen to the core. Efficient. Durable. And fun to drive. In a word, each offers you Volkswagen: the distinctly European driving experience you can appreciate only when you drive a Volkswagen.

We invite you to experience the personal driving philosophy for yourself. Take a Volkswagen car for a test drive. You'll find that it feels good and feels right. And it's a sensation you'll enjoy for as long as you own it.

I consider myself a driving enthusiast. So I don't want a car that's built to "look" like a sports coupe but doesn't act like one. That's why I drive a Corrado. It has a supercharged engine and its performance is totally inspired.

It has to be, since Corrado was designed to cruise on the no-speed-limit Autobahn, as well as meet the challenges of Europe's winding country roads. Road feel is defined. Cornering is decisive. And stops are safe and secure. Do what I did, and put Corrado to your own test on the most challenging road you can find. It's the best way to see how this technologically advanced German sports coupe turns the art of driving into the art of performance. The experience is absolutely exhilarating. Volkswagen describes the feeling with a unique word: *Fahrergeraugen*. It's a sensation as unique as the Corrado itself.

"Corrado's precision performance and pinpoint control keep me at the top of my driving game!"

Corrado features 17" optional wheels from the factory, and 18" wheels and 17" 100% alloy wheels.

Corrado delivers power on demand. Paired with a three-spoke, 5-speed transmission, its 2001 supercharged 1.8 liter fuel-injected engine generates 188 horsepower. So there's no wait for these buddies. And no shortage of low-end torque. Corrado responds instantly throughout its broad power band. So you can pass cars or enter the freeway with greater confidence.

What European sports coupe offers this kind of performance and control at such an affordable price?

Consider's speed-activated rear spoiler, adaptive headlights and unique directional layout of wipers, seats. Powerful fog lights are integrated into Consider's front bumper.

Consider's performance technology is engineered to meet the challenges of every kind of driving environment.

Consider has a four-wheel independent suspension for sure-footed handling. A lock converting rear axle to help you steer steadier when cornering. And oversteer power disc brakes on all wheels for instant stopping power. Steer control is solid and reassuring.

Engineering details have been designed to give you the performance edge. Consider Consider's speed-activated

rear spoiler. It rises automatically at 45 mph to reduce rear-end lift, and lowers at speeds below 35 mph. To maintain a powerful grip on the road, Consider's large, 15" light alloy wheels are fitted with low-profile steel belted radial tires. And a four-wheel front-wheel drive improves traction and directional control.

No matter how much the road may test you, Consider will see you through with complete confidence and control.

Corsica's advanced ergonomics keep the driver in command. There are no unnecessary distractions, and all controls are located exactly where they should be.

The instrument panel features analog gauges for clarity. Switches are added to help improve tactile identification. And a tilt steering wheel ensures the proper driving position.

A long list of convenience features helps make every trip more enjoyable. Power windows and door locks can be operated with the touch of a button. Cruise control reduces fatigue during long drives. And power windows controlled mirror improve rear vision. Corsica also features an on-board multi-function computer that keeps you advised of your driving progress. The computer displays the time of day, elapsed driving time, average fuel consumption, distance recorded, average driving speed, plus oil and outside air temperatures.

In true European sports coupe tradition, Corsica makes sure you're comfortably in control at all times.

Corsica's tilt steering wheel lets you assume a comfortable driving position.

Standard cruise control lets you maintain a consistent speed settings without driving fatigue on long trips.

Corsica's analog instrument gauges let you monitor the car's performance at all times.

Cadillac's interior performs as intelligently as the rest of the car. Its 2 + 2 design provides room for four plus enough cargo space for all their luggage.

Cadillac's infinitely adjust, ultra-soft bucket seats provide firm lateral support during hard cornering. And the rear bucket seats with integral head restraints offer comfort

The split rear seatback also folds down to dramatically increase the cargo area.

The spaciousness gives Cadillac a versatility rarely found in sports cars. Cadillac is not just for the weekend. It's also for the driver with a family of friends who enjoy experiencing world-class performance in comfort.

Cadillac's interior performs as intelligently as the rest of the car. Its 2 + 2 design provides room for four plus enough cargo space for all their luggage.

The split rear seatback also folds down to dramatically increase the cargo area.

Cadillac's 4000 split rear seat with versatility in its comfort by folding down to provide 67 cubic feet of cargo space for luggage or other personal belongings.

Cummins's engineering and manufacturing excellence reflect the craftsmanship of the master car builders at the Rammer Coachworks.

Integral to Cummins's design is a passenger compartment constructed as a sturdy safety cell with front and rear crush zones for an extra measure of security. Patented engineering features, like its rear-crossing rear axle, for improved handling and driver control. And contemporary performance technology for extended maneuverability.

The Cummins is designed to meet the needs of the driver as well as the demands of the road. This dedication to engineering excellence not only inspires confidence, it makes your Cummins through pleasure to drive.

Rammer's commitment to reliability and durability helps assure that you'll continue to enjoy driving your Cummins for many years to come.

Cummins's patented 24V electronic injection produces high torque even at low speeds, an independent low-rpm torque curve, maximum torque, and torque reserve. These attributes, in three modes for low, medium, and high speeds, provide maximum fuel economy and extended maneuverability.

Cummins's 24V supercharged engine develops 150 horse power at 2600 rpm and 144 ft. lbs. of torque at 1600 rpm. The engine's Digital™ electronic management system monitors fuel injection, ignition and timing based pressure to ensure smooth and efficient response throughout its power range.

Cummins's patented multi-linking 4-wheel system (also known as the "multi-link" system) allows for better steering, better driver control, improved handling and more fuel economy.

Canada continually rewards you with remarkable performance, relaxing comfort and reassuring driver control. All at a price that's extremely affordable.

Special option-ordering packages have been created to facilitate your dealer order. They let you personalize your car and make owning a Canada car even greater pleasure.

But the best way to appreciate a Canada is to drive one. Once behind the wheel, you'll enjoy the sophisticated behavior of performance and control. It's also the smart way to understand the distinctive European driving experience we call Volkswagen. Learn more about Volkswagen - call 1-800-644-4VW25.
