

In 1942, automotive history was made when the first Volkswagen for sale in America landed on a quiet suburban street. It was an experiment. Our first car was not for an entire generation of car buyers. It became a symbol of lasting value and reliability.

Our Volkswagen brought more than just a new kind of car to America; we introduced an entire philosophy of transportation. Since then, we've designed cars for the way people live and drive. Some wanted sports cars. Others needed plenty of room. All others required versatility. We met all these demands. Volkswagen-style.

We pioneered the first car and the performance-oriented "pocket rocket." We created a convertible that embodies the essence of open-air driving.

And we produced a true European road car that was affordable. Today, we also offer family-size sedans and rugged, versatile hatchbacks and a technologically advanced sports coupe.

Each is designed to fit a particular lifestyle, yet each is a Volkswagen to the core. Efficient. Durable. And fun to drive. In a word, each offers you Volkswagen, the distinctly European driving experience you can appreciate only when you drive a Volkswagen.

We invite you to experience the personal driving philosophy for yourself. Take a Volkswagen out for a test drive. You'll find that it feels good and feels right. And it's a sensation you'll want for as long as you own it.

Our sports coupe is the most fun you can have in a car. It's a sensation you'll want for as long as you own it.

Volkswagen's advanced technology gives you the best of both worlds: the fun of driving and the reliability of a car that's built to last.

From all sides of driving, our cars are built to last. They're built to last. They're built to last. They're built to last. They're built to last.

Volkswagen can make a car of the Volkswagen philosophy. It means you'll have a car that's built to last. They're built to last. They're built to last.

I feel it every time I drive my Jetta. It's the unmistakable feeling of a true European road car. The nimble handling. The remarkable roominess and comfort. The reassuring sense of personal security. Jetta is a model of advanced technology. It's designed with everything from independent suspension and power front disc brakes, to power rack-and-pinion steering and front-wheel drive. Which shouldn't be surprising, since Jetta was born and bred to tackle the winding roads of Europe and cruise effortlessly for hours on the Autobahn. Well, Jetta continues to exceed me. It often outperforms my highest expectations. Volkswagen calls this gratifying driving experience *Fahrvergnügen*. It makes Jetta the kind of car you look forward to driving. If that's so good, you don't want the road to end.

"Jetta is a truly affordable European road car that suits my style just perfectly. *Fahrvergnügen*, anyone?"

Jetta SE 1.8 VR6 equipped 3 speed automatic includes theft-deterrent system. The Jetta SE VR6 also comes standard with 100% vinyl interior. *MSRP. Excludes tax, license and delivery.

Jetta SE 1.8 VR6 fuel injected engine answers your demand for power. Coupled to a 3 speed transmission, engine response is smooth and lively throughout the entire operating range. So you can cruise with confidence for hours on end. The Jetta SE VR6 also adds practicality and efficiency* to your driving pleasure.

Jetta not only raises the level of your driving enjoyment, it also heightens your sense of control. You see to command of the car and the road.

*See EPA website for more info.

As usual, better construction helps to ease your drive, reduce power windows and dual remote-controlled power windows at your fingertips. You'll enjoy the whole Cavalier all-American fun.

Chevy Cavalier is designed to increase both driving confidence and driving comfort. Its 1.6 liter fuel injected engine with 3 speed transmission delivers smooth, brisk acceleration. An independent suspension and power front disc brakes provide sure-footed steering, enhanced directional control and quick stopping power.

Power windows and power steering responds the proper amount of road feel. And front wheel drive delivers extra traction on varying road surfaces under all kinds of weather conditions.

Height adjustable seating from bucket seats provides firm

support, while allowing you to tailor your seating position to suit your individual needs. A wide range of standard convenience features are at your fingertips. Power windows and dual remote-controlled power windows can be adjusted at the touch of a button. And cruise control helps reduce driving fatigue on long excursions.

Chevy Cavalier not only surrounds you with luxury features, it also provides a sense of well being in all driving situations.

No matter how far you have to drive, Chevy's built-in comfort support you ride after this.

In less European road conditions, Jetta will allow you
 have more to give to smoothly and efficiently as possible.
 That's because Jetta's performance, comfort and security
 are an integral part of its design. Its passenger compartment
 is constructed as a sturdy safety cell with front and rear crush zones
 for an extra measure of security. Patented engineering features,
 like its front-venting rear seats, help improve handling and driver
 control. And contemporary performance technology provides
 outstanding ride comfort.

Jetta is designed to meet the needs of the driver as well as the
 demands of the road. This dedication to engineering excellence not
 only inspires confidence, it makes your Jetta a thorough pleasure
 to drive.

Volkswagen's commitment to reliability and durability helps
 ensure that you'll continue to enjoy driving your Jetta for many
 years to come.

Jetta GL and Turbo are
 equipped with a 1.8 liter
 four-cylinder engine that generates
 100 horsepower at 5400 rpm.
 Jetta's "Lightfoot"™ electronic
 engine management system
 controls fuel injection, idle speed
 control and warm-up response
 for altitude and weather
 changes to produce smooth
 performance under varying
 driving conditions.

With independent front suspension, torsion bar rear suspension, air shock absorbers, coil springs and steering rack shock absorbers for greater control and maneuverability.

An optional locking gas cap is standard. Jetta's electronic control and feedback system will allow you to control when your brakes are applied. Locking steering wheel, steering rack, coil springs, shock absorbers, torsion bar suspension.

Whatever jets you choose, you'll be rewarded with remarkable performance, relaxing comfort and reassuring driver control. All it's a price that's within your reach.

Special option-ordering packages have been created to facilitate your jet set order. They let you personalize your car and make owning it better in more greater pleasures.

Be the best way to appreciate a jet set is to drive one. One behind the wheel, you'll enjoy the exhilaration of a true European road car at every turn. It's also the easiest way to understand the distinctive European driving experience we call Fahrvergnügen.

"My Jetta gives the road a real workout. It sports straight-out curves and stays on a line. And does it all with no fuss!"

Every Volkswagen undergoes a comprehensive anti-rust corrosion procedure to help protect body rust. Rust is applied carefully and thoroughly so that it won't wash, peel or fade in years of normal service. An additional clear top coat is applied to all exterior colors. Volkswagen's finish painting process not only helps your Jetta hold its luster, it also helps it hold its value.

WARRANTY INFORMATION
 Your new Jetta comes with confidence. We built to withstand the challenges of the road and designed to deliver the most enjoyable driving experience for as long as you own it. It's confidence in our products that led us to create the industry's most comprehensive warranty program for a Volkswagen car. Every Jetta is protected by a comprehensive 3-year/50,000-mile powertrain warranty. In addition, we offer a 3-year/50,000-mile bumper-to-bumper warranty. And we offer a 3-year/50,000-mile warranty on the body panels. All components are covered by a 3-year/50,000-mile warranty. For more information, call 1-800-955-5151.

3-YEAR/50,000-MILE BUMPER-TO-BUMPER WARRANTY
 Volkswagen's 3-year/50,000-mile bumper-to-bumper warranty is the most comprehensive in the industry. It covers the entire car, including the engine, transmission, drivetrain, suspension, steering, and brakes. It also covers the body panels, including the hood, fenders, doors, and trunk. This warranty is available only on new cars. For more information, call 1-800-955-5151.
