

VOLKSWAGEN

1992

THE 1992 VOLKSWAGENS

WELCOME TO A STYLE OF DRIVING YOU WON'T FIND ANYWHERE ELSE.

Every 1992 Volkswagen is engineered to deliver handling and performance that is distinctly European... and uniquely Volkswagen.

This driving style has been described as solid, sure, nimble, precise -- and enjoyable. In a word, *Fahrvergnügen*.

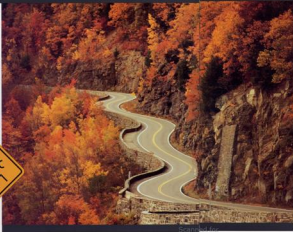

So find a stretch of winding road and discover a sense of satisfaction you won't find in any Japanese or domestic car. Experience the *Fahrvergnügen* that makes a car a Volkswagen.

OUR SAFETY RECORD IS BETTER BY DESIGN.

Our commitment to safety is at the very heart of our design philosophy. We don't build responsive performance and precision handling into every Volkswagen simply for the fun of it. We do it for the kind of active safety that helps you stay out of trouble in the first place.

Of course we all know accidents do happen -- and that's where safety features like front and rear crumple zones, safety cell construction, knee bars, rising ramp seats, and energy absorbing steering columns come in. It all adds up to a safety story that should bring you a measure of peace of mind.

And here's more good news. In an independent study conducted by the Insurance Institute for Highway Safety, Volkswagen Cabriolet and Golf

ranked first and second in terms of lowest number of fatalities (per 10,000 vehicles registered) among Two-Door Small Cars. While Jetta had the second lowest fatality rate in the Four-Door Small Car group.*

WE BECAME "GREEN" BEFORE IT BECAME FASHIONABLE.

At Volkswagen, our commitment to the planet goes back over 50 years, when we equipped our first factory with systems to preserve air and water quality.

Today, we continue to go to great lengths to make our factories safer for the environment. For example, we've eliminated asbestos and almost all heavy metals, lead and solvent from the production process.

We're also committed to recycling in the most responsible way -- while still maintaining the structural integrity of our cars. Today, nearly 90% of the material in our Volkswagens can be recycled, if separated into component parts.

And as of this year, we've produced nearly 2.2 million "alternative" fuel vehicles -- making us a world leader in the technology of engines that run on ethanol/methanol.

VOLKSWAGEN: THE RIGHT DECISION, RIGHT FROM THE BEGINNING.

From your first dealership visit to picking up your new car to after-sales service, the Volkswagen experience is marked by personal attention and attention to detail.

You'll see that attention when your sales representative walks you through our 13-point Delivery Satisfaction Checklist. Then walks you over to meet a member of the service staff.

And you'll see our commitment in our warranty coverage. Every Volkswagen is protected by a comprehensive 5-year/50,000-mile

powertrain warranty; a 8-year/ unlimited mileage warranty against corrosion and rust perforation; and a 2-year/24,000-mile bumper-to-bumper warranty that covers virtually all components against defects in materials and workmanship, including light bulbs, adjustments, even wiper blades.**

It's our way of saying we value your business. And that we're committed to working hard so you'll have no reason to take your business anywhere else.

So turn the page and have a look at our new Volkswagens. There's sure to be one that's especially satisfying for you.

*IIHS Small Car Group. **See dealer for details.

You're a driving enthusiast with a family. In the past you've had to settle for a "typical" family sedan -- one that sacrifices performance for practicality. What those days are over. Introducing Passat. Now you'll get the room you need and the driving excitement you want. So while you appreciate road room for the adults and the added-carrying capacity of Passat's unique, adjustable 60/40 split-seat seat -- you won't have to give up European road-car performance. Passat's high torque, multi-valve, fuel-injected engine delivers power on demand. And an independent suspension, four-wheel disc brakes and power rack-and-pinion steering all contribute to the kind of pure-driving pleasure we call *Fahrvergnügen*. Passat CL is perfect for the economy-minded. Or move up to the luxury of Passat GL. If you need more room, there's Passat GL Wagon with 88.7 cubic feet of cargo space (with the rear seats folded). So you can handle just about anything your family needs to transport.

Standard Features:

- Multi-adjustable fully reclining front seats
- Single-adjustable steering column
- Dual locking transmission
- Dual remote-control mirrors
- Electric rear window defroster
- Sunlight-filting headlight
- Rear seat center console
- Electric four-speaker full-power control system with supplemental power tape hole
- Wiper-adjustable rear wiper
- ABS safety rear door locks

Additional Passat GL features:

- Air conditioning
- Cruise control
- ABS safety rear window lock system
- Rear spoiler
- Dual shift valves
- Control-blending system
- Power windows/power locks

Additional Passat GL Wagon features:

- Rear window spoiler/door
- Luggage compartment cover
- Black roof rack

The more you expect from a car, the more you'll appreciate Golf GL. Golf has comfortable seating for five adults. Plus loads of cargo space — space that you can expand to nearly all cubic feet by simply folding down the rear seats. And it's not only versatile, it's a pleasure to drive. Golf comes well-equipped with an energetic 1.8 liter fuel-injected engine, responsive 5-speed transmission and fully independent suspension. So with Golf, you can maneuver deftly in and out of traffic. Take passing situations in stride. And enjoy yourself on winding country roads. It's performance like this that puts the fun back in functional. And makes the affordable Golf GL well, practically perfect.

Standard Features

- Power front door locks
- Buck seat power steering
- Power window cranking
- Dual master controlled doors
- Single vertically rolling front door
- Full instrumentation
- Electric rear window defroster
- Side locks rear door locks
- 4 door speakers
- Rear window spoiler
- Full seatbelts rear seat
- Right side vanity mirror
- Locking front/rear glove box

Need a lot of car with Fahrvergnügen, for not a lot of money? Consider Fox. It's our most affordable Volkswagen and it's loaded with the kind of performance technology that makes German engineering cars so desirable and desirable. Features like a 1.8 liter fuel injected engine, independent suspension, power front disc brakes, rack-and-pinion steering and front wheel drive. Take a look inside and you'll see we didn't hold back on the comfort and convenience features, either. Fully reclining front seats, electric rear window defroster and an erasing sports clock are standard features on Fox. And the four door Fox GL also offers plush velour upholstery, climate computing and child-safety rear door locks. Best of all, Fox is fun to drive — because Fahrvergnügen is standard, too.

Standard Features

- White exterior trim
- Power windows
- 12-speaker car stereo
- 12-speaker car stereo
- Electric rear window defroster
- Anti-theft ignition switch
- Reclining front seats
- Working sports clock
- Rear door child safety lock
- Rear wheel drive

Additional Fox GL Features

- Climate control upholstery
- Climate computing
- Child safety rear door locks
- Dual rear door child safety locks
- Front door step protectors
- Anti-theft alarm
- Wide loadable seating
- Lockable gas cap
- Right side vanity mirror
- Tinted glass

If you like to feel the sun on your face and the wind in your hair, Cabriolet is your kind of car. It turns every trip into an open-air adventure. And you can take your friends along because there's plenty of room for four (and all your gear). If the road begins to twist and turn, enjoy it. German engineers have designed the kind of performance technology that keeps handling crisp and precise. Like a sports-tuned independent suspension, rack-and-pinion steering and the spirited response of a dynamic 1.8 liter overhead-cam engine. Choose from two models: Cabriolet or the more luxurious Cabriolet Convert. And catch some Fahrvergnügen while you catch some rays.

Standard Features

- Anti-lock brake system
- ABS transmission
- Leather-upholstered interior
- Cruise control
- Fully reclining front seats
- 12-speaker radio
- Power front windows
- 100% leather convertible top
- Equipped with air-conditioned speakers
- Electrically heated glass rear window
- 170-hp engine
- 160-hp engine on top
- 160-hp engine on top

Additional Car Features

- Four-spoke steering wheel
- Fully reclining leather seatback
- Rear sport seats
- Leather-upholstered interior
- Cruise control

With all the minivans and full-size vans to choose from today, a brand-new one will have to be something special. Meet Volkswagen EuroVan. It's not a minivan. And it's not a full-size van. It's an all-new mid-size that's a perfect fit for today's active families.

Inside, EuroVan is 30% more spacious than the average minivan. So there's considerably more room for family comfort. The outside, EuroVan's dimensions are much like a minivan's. And with its broad-range 5-cylinder 2.5 liter engine, EuroVan delivers the quiet performance and easy handling that make it fun to drive. It's a quality we call Volkswagen's "IQ" course, there's more about the new EuroVan that promises years of family enjoyment. Like a number of standard safety features. Traditional Volkswagen

durability and reliability. And a selection of models ranging from comfortable to luxurious - including an RV model that sleeps four.

The all-new Volkswagen EuroVan is available in the spring of 1992. It's what happens when forty years of passenger van experience is used to create a whole new idea in family transportation.

EuroVan RV model is only 100 mph. Approved by the Department of Motor Vehicle in Massachusetts. *Available only from participating Volkswagen dealers. The new EuroVan RV will arrive later for RV-style camping and more.

EuroVan's controls and instruments are easy to read, reach, and understand. The drive is easy and comfortable and EuroVan's high seat cushions a great view of the road.

The all-new, all-size EuroVan is small on the outside, yet still offers 105 cubic storage over the roof. Available. And our dealers near you are considering a van in the first place?
