

BMW 2005 3 Series
Sports Wagon

The Ultimate
Driving Machine®

325i
325xi

One of the most versatile BMWs of all.

Don't sacrifice a thing.

BMW: Always improving on perfection.

A BMW is beautiful outside.
And rewarding inside.

Separately opening rear window allows smaller items to be easily put into the cargo area without opening the tailgate.

Rear window wiper keeps rearward visibility clear in inclement weather.

Roof rails easily accommodate additional cargo, as well as bicycles, skis, snowboards, etc., when equipped with the BMW roof rack system. (Refer to the Original BMW Accessories catalog or visit your authorized BMW center for a full selection.)

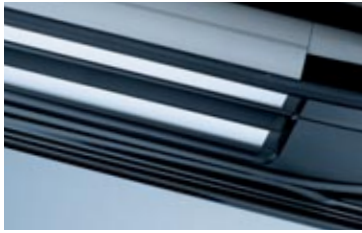

Impact-resistant side-view mirrors fold upon contact, protecting them in car washes, and helping to protect other road users in case of an accident.

Exterior – Standard I Equipment

Rain sensor uses infrared light to measure the amount of rain. When the wipers are in the "intermittent" mode, the rain sensor automatically adjusts the windshield wiping interval as needed. **Automatic headlight control** (not shown), included with rain sensor, activates headlights by means of a sensor that responds to darkness.

Chrome rocker panel strips help protect paint from scuffs and chips.

Side protection strips shield against parking lot "dings," while providing a subtle character line. (optional Sport Package wheels shown)

16 x 7.0 Star Spoke (Styling 45) alloy wheels and 205/55R-16 all-season tires work with Dynamic Stability Control to help maximize 325i and all-wheel drive 325xi traction.

Adaptive Brake Lights increase the 3 Series Sports Wagon's visibility by signaling the intensity of your braking action.
