SPECIFICATIONS AND OPTIONS ⁹⁴

The luxury you demand.
The performance you expect.

The new Bentley Flying Spur is a remarkable luxury car; for one simple reason: it is also a remarkable performance car.

Offering serene limousine comfort in a vehicle that can reach speeds of 200 mph, it is born of the belief that nothing is impossible; that the twin objectives of luxury and power can, if relentlessly pursued, be achieved.

The Flying Spur W12 and the Flying Spur W12 Mulliner.

The new Flying Spur is available in two specifications: The Flying Spur W12 and the Flying Spur W12 Mulliner – the latter representing the ultimate combination of luxury, personalisation and performance.

In the early days of the motor car, Mulliner became the coachbuilder of choice for Britain's discerning motorists, many of whom drove Bentleys. Mulliner craftsmanship soon became legendary and eventually the company became part of Bentley in 1959.

Today, the Flying Spur W12 Mulliner continues this proud tradition of handcrafted excellence. In addition to the luxurious specification of the standard Flying Spur W12, it provides a wealth of extra interior and exterior options, alongside handcrafted details throughout the car.

The Flying Spur is a remarkable, handcrafted luxury sedan. The Flying Spur W12 Mulliner takes that craftsmanship one step further.

The Flying Spur W12 Mulliner

- Additional options for interior choices
- 21" five spoke two-piece alloy wheels
- Diamond quilted seats and door panels with perforated hide
- Knurled sports gear lever
- Drilled alloy sports pedals
- Crafted to emphasise performance and its sporting look

A photograph of a city street scene during the day. In the background, there are several multi-story buildings, including a prominent one with many windows and a balcony. Trees with green and yellow leaves are in the middle ground. In the foreground, a road with white lane markings is visible. A blurred car is moving across the frame from left to right, and a blurred bus is moving from right to left. The word 'DESIGN' is overlaid in large, white, sans-serif capital letters across the center of the image.

DESIGN

A statement of intent.

With its sharply defined body shape, the new Flying Spur is a commanding presence on the road. The Bentley marque's characteristic curves meet crisp, clean new edges in a remarkably sleek silhouette.

Elegant it certainly is. Yet the power line running down the side of the body, the strong rear haunch and the wrap-around tail lamps betray the reserves of power concealed beneath the car's sculpted bonnet.

The new Flying Spur: a powerful design statement and an extraordinary luxury sedan.

The facts

- Sharp new edges to body
- Sports feature line
- Low roof
- Chrome radiator grille
- Oval exhaust
- Jewel front headlamps
- Wrap-around tail lamps with single, elliptical LEDs
- Build-plaque treadplates
- Near limitless choice of exterior colours

PERFORMANCE

As powerful as it is luxurious.

The Flying Spur immerses its occupants in absolute luxury. It is also built to deliver great power when needed.

The 6 litre W12 engine is capable of 616 bhp and produces a maximum torque of 800 Nm. It can propel the Flying Spur from 0 to 60 mph in 4.3 seconds – and on to a top speed of 200 mph. Yet it achieves all this while maintaining complete calm within.

The 8 speed transmission ensures the car is always in the optimum gear, so it is responsive at low speeds and incredibly smooth, even through multiple gear changes. The new engine management system gives the driver total control of the effortless power that is always available, while also delivering a better range.

With its exquisite interior and the power it places at your fingertips, nothing brings luxury and performance together like the new Flying Spur.

The facts

- 6 litre W12 engine producing a maximum power of 616 bhp (625 PS)
- 8 speed transmission
- All-wheel drive with 40:60 front to rear torque split
- Computer controlled self-levelling air suspension
- Maximum torque: 800 Nm from 1700rpm
- Maximum speed: 200 mph (320 km/h)
- 0–60 mph in 4.3 seconds (0–100 km/h in 4.6 seconds)

INTERIOR

Some journeys are simply not long enough.

Spend time in the new Flying Spur and you might not want to get out. The interior represents a unique marriage of traditional craftsmanship and advanced technology. You can see it in the mirror-matched veneer waistrails and dashboard, the matching veneered glasses case in the console and the picnic tables behind the front seats. You can experience it when you pick up the Touch Screen Remote or connect to the internet via the optional in-car Wi-Fi hub.

From the chrome organ stop air vent controls to the Rear Seat Entertainment system, it can take some time to appreciate everything inside the new Flying Spur. It could even be worth making those first few trips a touch longer.

The facts

- Hand upholstered leather seats
- Leather headliner
- Wide selection of interior hide colours
- Generous legroom for every occupant
- Ethically sourced, mirror-matched veneers
- Chrome organ stop air vent controls
- Touch Screen Remote control
- Rear door blinds

TECHNOLOGY

Live your digital life on the road.

The new Flying Spur can be specified with its own Wi-Fi hub, providing internet access for tablets, laptops and phones – and the internal 64 GB hard drive has enough room to share practically anything that can be stored on a modern day digital device.

The touchscreen front seat Infotainment system allows both driver and front passenger to operate the navigation system and adjust the audio, telephone, ride and comfort settings. With the optional Multimedia Specification, the rear seats include DVD players, wireless headphones and LCD screens, along with ports enabling you to connect consoles, tablets, cameras, music players and mobile phones.

Optional Multimedia Specifications: the facts

- Wi-Fi hub for internet access
- 64 GB hard drive for storing documents, music, videos and other data
- Wireless headphones for the rear seats
- 10" 1024x600 LCD screens to the back of the front seats
- Top loading DVD players with SD, HDMI and USB ports

Now you can lead from the back.

Situated in the console at the back of every Flying Spur lies a detachable, Touch Screen Remote. Relaxing in the hand upholstered rear seats, passengers can adjust the climate settings, seat heating and ventilation, radio and navigation system and optional Multimedia Specification. Back seat drivers have never enjoyed so much control.

Touch Screen Remote: the facts

- Heating, ventilation and air conditioning controls
- Seat heating control
- Radio and navigation system controls
- Multimedia control
(when Multimedia Specification is selected)
- Vehicle journey information
- Control for seat ventilation (where fitted)

Naim for Bentley sound system

The Naim for Bentley Premium Audio System was designed with the aim of delivering the best in-car audio in the world. Each of the Balanced Mode Radiator (BMR) speakers combine the functions of a separate tweeter and midrange speaker in one unit. Sited in the fascia and rear quarter panels, they make it possible to direct the sound with accuracy, while providing greater clarity across the whole audible spectrum. The result is incredible sound, wherever you sit in the car.

Naim sound system: the facts

- 1100 Watt Amplifier (13 channel)
- 8 enhanced DSP modes
- 11 Naim Speakers including dual Naim sub woofers
- Dynamic equalisation
- Speed dependent volume control
- Theatre surround sound experience

INDIVIDUAL

There may never be another car like yours.

There are countless ways to make your Flying Spur your own. For the exterior, you can choose from over 100 colours. Inside, the choice widens, with a huge range of hides and veneers to complement options for seat sandwich piping, contrast stitching, cross-stitching and cross-banding. The options are many; the combinations virtually limitless.

You can experiment online now, using the configurator at **www.bentleyconfigurator.com**. Alternatively, contact your local Bentley representative. Together, we can ensure that we create a Bentley unlike any other.

The finest finish for your car.

Whatever your choice of colour, many hours will be spent ensuring a flawless finish for your Flying Spur. Whether you opt for solid, metallic, pearlescent or satin paint, the time invested in the way your car looks will be apparent for years to come.

Bring us a colour and we'll match it.

We offer a choice of over 100 exterior colours. But even with such a wide choice, you may find you don't see exactly the colour you're looking for. Fortunately, the Bentley paint specialists are able to match any colour you bring to them – and reproduce it upon the mirror-like finish of your Bentley's bodywork.

Fine line colour collection

Fine lines can add a distinctive flourish to your Flying Spur, complementing your chosen colour and interior trim. Every fine line applied to your Bentley will be painted by hand. You can choose from a range of 28 fine line colours for your finishing touch.

Wheels

Flying Spur wheels are available in a range of designs and either a painted or polished finish. Just like the rest of the Flying Spur exterior, they were all designed at Crewe, so they match the car's proportions perfectly. For full all-weather capability, winter compound tyres are also available from your Bentley representative.

21" FIVE-SPOKE 2 PIECE ALLOY WHEEL – POLISHED

* Standard alloy. All other alloys available as a cost option.

Interior veneer

All the wood veneer used in the Flying Spur cabin is ethically sourced. Cured for 72 hours, it is treated with five layers of clear lacquer to enhance its natural beauty. The result is a series of stunning, mirror-matched surfaces that flow seamlessly into the soft, tactile leather. It takes 80 years for the burr root ball of a walnut tree to reach maturity – and just weeks in the Bentley wood shop to achieve immortality.

Interior hides

Hides are natural products, but Bentley craftsmen are perfectionists. They select only A-Grade leather from northern European herds that graze at higher altitudes, where insect bites and other disfiguring marks are less likely to be found on the animals. Bentley has never resorted to surface embossing to disguise imperfections.

Before delivery to Crewe, the hides undergo a traditional tanning process, giving them a rich, mature leather aroma. Only then is each skin pre-tensioned and examined, before it is passed to the upholsterers.

There are many hides and colour combinations to choose from, but whichever you select, you can rely on the exacting standards of the craftsmen who selected them before you.

Sunroof

The cabin of the new Flying Spur is whisper-quiet, insulating its occupants from the rigours of the road. But there are times, of course, when you want to let the sunshine in. The optional tilt-opening, tinted glass sunroof floods the interior with light. The ultra-slim mechanism, engineered exclusively for the new Flying Spur, has been designed to retain the fast, sweeping roof profile. To provide welcome shade from the sun on hot days, a colour-matched blind closes silently at the touch of a button.

Interior options

- Comfort Specification*
 - Contrast stitching
 - Cross-stitching
 - Seat sandwich piping
 - Veneer matched storage case
 - Veneered picnic tables
 - Bottle cooler
 - Deep pile overmats
 - Leather and veneer steering wheel
 - Climate boost
- * Please see Comfort & Convenience on page 96 for further information.

In the right combinations, colours come to life.

When colours are combined successfully, the result is both striking and natural. Even the subtlest adjustment of one hue can unlock the beauty of those around it. Here, our designers demonstrate the power of a well-planned palette, with a selection of their personal favourites.

'Almost Midnight'

Nothing says sophistication like a palette of rich, dark colours that complement one another as well as Brodgar, Burnt Oak and a Dark Stained Burr Walnut veneer. Portland hides on the seats bring light, space and contrast to this stylishly cool combination.

Flying Spur W12

4+1 seat configuration

Exterior colour:	Main hide:	Secondary hide:	Veneer:
Brodgar	Portland	Burnt Oak	Dark Stained Burr Walnut

'Alter Ego'

From the rich, deep, Damson exterior to the bright combination of Chestnut veneers and Saffron hide throughout the cabin, this scheme invites you to display both sides of your character, while maintaining the sensation of warmth you expect your Bentley to evoke.

Flying Spur W12 Mulliner

4+1 seat configuration

Exterior colour:	Main hide:	Secondary hide:	Veneer:
Damson	Saffron	Damson	Chestnut

‘Cool Stone’

The two-tone Portland and Imperial Blue interior provides a subtle counter to the warm, sophisticated stone grey of this car's Pale Brodgar exterior. The rich, reddish tones of the Dark Fiddleback Eucalyptus veneers lend classic style to an otherwise contemporary combination.

Flying Spur W12 Mulliner

4 seat configuration

Exterior colour:	Main hide:	Secondary hide:	Veneer:
Pale Brodgar	Portland	Imperial Blue	Dark Fiddleback Eucalyptus

‘Blue Fusion’

Open the cool, pale Fountain Blue door and plunge into this calming combination of deep Imperial Blue hides and Burr Walnut veneers. The contrast between the buzz of the street and the serene comfort inside the car is unmistakable.

Flying Spur W12

4+1 seat configuration

Exterior colour: Fountain Blue
Main hide: Imperial Blue
Secondary hide: Imperial Blue
Veneer: Burr Walnut

‘Fire on Ice’

Ensure your Flying Spur gets the attention it deserves with this eye-catching combination of cool Ghost White bodyshell and Linen-coloured hides inside, with Hotspur secondary hides turning up the heat. The smooth, silky grain of Tamo Ash veneer adds a layer of refinement to this extrovert choice.

Flying Spur W12 Mulliner

4 seat configuration

Exterior colour:	Main hide:	Secondary hide:	Veneer:
Ghost White	Linen	Hotspur	Tamo Ash

‘Monte Carlo’

The stark contrast of the deep St James' Red exterior with the Beluga hides and Piano Black veneers give this powerful combination an air of adventure and exhilaration. The Hotspur contrast stitching adds a dynamic sporting detail.

Flying Spur W12 Mulliner

4 seat configuration

Exterior colour:	Main hide:	Secondary hide:	Veneer:
St James' Red	Beluga	Beluga	Piano Black

Accessories

All accessories for the Flying Spur are tested to Bentley standards, with Crewe's designers and engineers involved in setting the specifications for each one. Accessories include protective personalised car covers for both indoor and outdoor use, self-righting wheel centre badges and winter traction aids for snow and ice. The jewelled Bentley torch features the Bentley 'B' etched into the lens, while a child seat trimmed with Bentley upholstery can even be embroidered with your child's name. For details of the full accessories range, please contact your Bentley representative.

Bentley Collection

Bentley is one of the last companies in the world from which you can still commission a bespoke, hand-built car. The Bentley Collection is no different. A beautiful selection of handmade accessories, it includes items bearing artisan brand names such as Breitling for Bentley, Anthony Holt Silversmiths and Geoffrey Parker Games.

In addition, a range of leather products has been inspired by the new Flying Spur. Taking their design cues from the flowing lines of the collar-style seats and featuring the new Flying B power vent emblem, they add a jewellery-like glamour to the collection.

To view the Bentley Collection in full, please visit our online store at www.shop.bentleymotors.com or visit your local Bentley representative.

Experience Power on Ice.

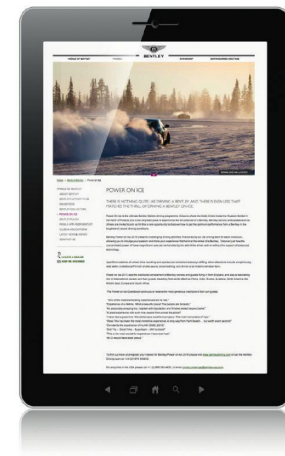

Available to owners and enthusiasts alike, the Power on Ice programme presents a rare opportunity to drive in the toughest natural conditions.

Challenging activities allow you to hone your skills at the wheel, while experiencing the sheer exhilaration of driving a Bentley on ice at great speed. Other highpoints of the trip include a husky sled safari by night, a traditional Finnish smoke sauna, snowmobiling and dinner at an historic reindeer farm.

This is a driving experience like no other. Availability is extremely limited and the trips are always popular, so to be sure of your place, please contact us as soon as possible.

To learn more, visit www.bentleydriving.com.

Tour the Bentley Factory in Crewe.

Every weekday, the Bentley factory opens its doors for a select few to enjoy a guided tour. The visit begins with a walk through 'An Unbroken Line,' the exhibition that tells Bentley's design story and showcases some of Bentley's most historic cars. Then comes the tour of the production facilities, where you can watch new Bentley cars being made.

To learn more or to book a visit, please contact Bentley on +44 (0) 1270 653618.

Financing your Flying Spur.

Choosing a Bentley is one of the wisest decisions you'll ever make, so we tailor our finance agreements to ensure you make the most of that investment. While other financiers look only at their customer, our experts create bespoke packages, based not just on your personal circumstances, but also on the car you commission.

To learn more, please contact your local Bentley representative.

Yours for the taking.

The new Flying Spur is a milestone in the development of the luxury car. It is also a milestone in the development of the performance car. Yet the story doesn't stop there. The radical new body shape remains recognisably, iconically Bentley. The technology behind the driving experience is unrivalled among vehicles of its kind. And when it comes to transporting passengers in comfort, there is nothing quite like it.

For more information, visit www.newflyingspur.com or scan the code below.

Standard Specification

DRIVETRAIN

Type:	6 litre, twin-turbocharged W12
Max Power:	616 bhp/460 kw/625PS @ 6000rpm

BODY & EXTERIOR

- Steel monocoque body structure
- 17 paint colour choices: St. James' Red, Moonbeam, Beluga, Onyx, Glacier White, Dark Sapphire, Thunder, Granite, Hallmark, White Sand, Havana, Midnight Emerald, Meteor, Blue Crystal, Cumbrian Green, Silverlake, and new colour Dark Cashmere
- Bright chrome radiator matrix grille
- Bi-xenon projector headlamps with LED signature day light running lamps, LED main beam supplementation and integrated washer jets
- Full LED rear lamps with ellipse within an ellipse-effect, inner lamp treatment
- Rear fog and reverse lamps integrated into the lower bumper
- Rear high level brake light
- Twilight sensor control and tunnel detection for lighting

- Door area lighting in lower edge of exterior mirrors and entrance lighting in lower edge of each door
- Colour coded electronic adjustable door mirrors with heating power fold and memory functions include signal repeaters
- Power latching to all doors
- Rain sensing windscreen wipers
- Acoustic layer to glass
- Keyless entry and ignition
- Door edge light
- Rear diffuser
- 19" Classic alloy wheel with bright painted and diamond turned finish and comfort tyre (market specific)
- Electronic tyre pressure monitoring system (TPMS)
- Wheel bolts with security bolt
- 'B' chrome wing vent detail on black grille
- Lower front bumper grille in black, with chrome 'wing' insert
- Oval chrome exhaust finisher
- Black winged 'B' badge to radiator shell and boot lid
- Black 'B' to wheel centres
- Power open and close boot system

INTERIOR

- Premium grade hide interior; choice of 12 colours: Beluga, Imperial Blue, Porpoise, Newmarket Tan, Saddle, Burnt Oak, Magnolia, Dark Bourbon, Portland, Brunel, Fireglow or Linen
- Veneer choice of Burr Walnut or Dark Fiddleback Eucalyptus, to fascia panels, console and door waistrails
- Leather headlining
- Choice of 2 colour splits – mono or duotone
- ISOFIX rear seat fixings
- Short rear console
- Dashboard-mounted clock by Breitling
- Boot carpet in Beluga
- 4-spoke monotone steering wheel
- Bulls-eyes air vents with chrome organ stop controls
- Footwell and front and rear console storage illumination

- 4 + 1 seat system with rear outer seats adjustments and fixed section 4 way lumbar adjustment and seat heating for outer seats. Plus 2 position manual headrest height adjustment to outer seats, 2 x 12 V sockets in the front face of the middle of the rear seat and a rear arm rest with top lid and twin cup holder
- Drivers front seat 14 way adjustment including memory and lumbar
- Passenger front seat 14 way adjustment including memory and lumbar
- Tread plates with build plaque insert
- Engine oil filler – bright 'B' cap
- Twin front arm rest
- Electrically operated blinds for rear windows

TECHNOLOGY

- Front touch screen Infotainment system with 8" high resolution screen and incorporating AM/FM radio, HDD navigation, external media interface, single DVD/CD slot, single SD card slot, integrated HVAC controls, telephone control with Bluetooth wireless connectivity, suspension settings and TPMS features – voice activation on Infotainment features (market specific)
- Touch Screen Remote (TSR) in the rear, located in the rear of the centre console and presented in a cradle. Main interface for rear environment control, media interface with front Infotainment system and provides vehicle information. (When Multimedia Specification is chosen then the TSR also controls this technology feature)
- 8 channel, 8 speaker audio system with Balanced Mode Radiator (BMR) speakers
- Multi-zone automatic climate control system
- Park distance control with graphic on Infotainment screen and audible warning
- Driver and front passenger airbags with front passenger deactivation and drivers knee airbag (market specific)
- Front and rear curtain and thorax airbags
- Volumetric ultrasonic alarm

FLYING SPUR W12 MULLINER

(in addition to standard specification)

- Choice of 21" 5-spoke 2 piece alloy wheel – painted or optional polished finish (Flying Spur W12 Mulliner is also available with any other alloy wheel)
- Lower front bumper grille in chrome, with chrome 'wing' insert
- Interior hide choice of 17 colours: Beluga, Imperial Blue, Porpoise, Newmarket Tan, Saddle, Burnt Oak, Magnolia, Dark Bourbon, Portland, Brunel, Cumbrian Green, Fireglow, Linen, Breeze, Damson, Hotspur or Saffron
- Veneer choice of Burr Walnut, Dark Fiddleback Eucalyptus, Tamo Ash, Madrona, Piano Black, Dark Stained Burr Walnut or Chestnut to fascia panels, console and door waistrails
- Leather indented headlining
- Choice of 4 colour splits – one mono or three duotone
- Diamond quilting to the seat centres and door casings
- Knurled sports gear knob
- Sports drilled foot pedals
- Embroidered Bentley wings to the front and rear headrests (these can be selected as a no cost option)
- Jewel fuel filler cap

This is a detailed specification of standard equipment for Flying Spur W12 and Flying Spur W12 Mulliner. Slight variation may occur in some markets. Please consult your Bentley representative for details.

Optional Specification

EXTERIOR OPTIONS

WHEELS & TYRES

- 19" Classic alloy bright painted and comfort tyre (optional where not standard)
- 19" Classic alloy bright painted with diamond turned and comfort tyre (optional where not standard)
- 20" 5-spoke alloy wheel – painted (optional where not standard)
- 21" 10-spoke propeller alloy wheel – painted

- 21" 10-spoke propeller alloy wheel – polished with painted centre cap
- 21" 6 twin-spoke alloy wheel – painted
- 21" 6 twin-spoke alloy wheel – polished with painted centre cap
- 21" 5-spoke 2 piece alloy wheel – painted (part of W12 Mulliner Specification)
- 21" 5-spoke 2 piece alloy wheel – polished (option on W12 Mulliner Specification)
- 20" space saver spare wheel and tyre in lieu of tyre inflation kit
- Standard brakes with red callipers
- Carbon ceramic brakes with black callipers

GLASS & ROOF

- Electric glass tilt and slide sunroof (no cost option)
- Electric glass tilt and slide sunroof with solar cells to power additional cooling

OTHER EXTERIOR OPTIONS

- 100+ additional exterior paint colours including new Damson paint and bespoke colour matching service
- Jewel fuel filler cap
- Bright lower front bumper grille on W12

INTERIOR OPTIONS

COLOUR SPECIFICATION

- Choice of 5 additional veneers: Chestnut, Dark Stained Burr Walnut, Madrona, Piano Black or Tamo Ash
- Choice of 5 additional hide colours: Cumbrian Green, Breeze, Damson, Hotspur or Saffron
- Choice of 2 additional duo colour splits
