

# FCA FLEET LAW ENFORCEMENT

1. Always drive carefully, consistent with conditions. Always wear your seat belt and obey traffic laws. 2. Based on 2019 *Ward's* Mid-Size Sport/Utility Vehicle segment. Excludes other FCA US LLC vehicles. 3. Based on 2019 EPA estimated MPG (city/hwy); 3.6L (AWD) – 18/25, 5.7L (AWD) – 14/22. Actual mileage may vary. 4. Always sit properly in designated seating positions with seat belts securely fastened at all times. 5. Always look before proceeding. An electronic drive aid is not a substitute for conscientious driving. Always be aware of your surroundings. 6. Always check visually for vehicles prior to changing lanes. 7. Check state and local laws regarding the use of remote start systems. 8. When properly equipped. 9. Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. 10. Requires compatible iPhone. See dealer for phone compatibility. Data plan rates apply. Vehicle user interface is a product of Apple. Apple CarPlay is a trademark of Apple Inc. iPhone is a trademark of Apple Inc., registered in the US and other countries. Apple terms of use and privacy statements apply. 11. To use Android Auto on your phone screen, you'll need an Android phone running 5.0 (Lollipop) or higher and the Android Auto app. Android and Android Auto are trademarks of Google LLC. 12. Always check entire surroundings visually before backing up. 13. Vehicle must be locked and system activated for alarm to sound. 14. Based on 2019 EPA estimated MPG (city/hwy); 5.7L (4WD) – 15/21. Actual mileage may vary. 15. Based on 2019 EPA estimated MPG (city/hwy); 3.6L (AWD) – 18/26, 5.7L (RWD) – 16/25, 5.7L (AWD) – 15/23. Actual mileage may vary. 16. Assumes properly equipped vehicle and 150-lb allowance for driver. Additional options, equipment, passengers and cargo weight must be subtracted. See dealer for details.

## ROLL CALL: PRESENT AND READY TO SERVE

**READY, WILLING AND ABLE. AND EACH COMMANDS ATTENTION AND RESPECT.** The purpose: serve, assist and protect. The means: exceptional levels of capability, safety and security, comfort and technology. The result: vehicle presence and proficiency for the most critical situations. With demands coming from multiple uses that span urban jurisdictions to rural patrols, these are the partners you can rely on—day in and year out.

# CHARGER PURSUIT *UNMISTAKABLE AUTHORITY*

## *PURSUIT*

If any Law Enforcement vehicle deserves official recognition, it's the long-proven and highly respected Dodge Charger Pursuit. Powered by two of the most respected engines in history and offering benchmark levels of technology. The advantages of the Charger Pursuit vehicle include:

**AVAILABLE 12.1-INCH INTERACTIVE UCONNECT® TOUCHSCREEN.** Opt for this extra-large screen on your Charger Pursuit vehicle, and you're in the know. The in-dash touchscreen eliminates the need for an in-cabin computer, relocating it to the trunk and freeing up space. Further available features of the system:

- Utilizes the current 8.4-inch Uconnect touchscreen interface for vehicle controls
- Connects current agency system interface to multiple configurations
- Agency configuration in half-screen mode includes available access to full 8.4-inch Uconnect system; agency configuration in full-screen mode provides access to real-time performance data from key operational systems
- Display panel serves as input/output device only
- Connects to optional wired or wireless keyboard/mouse

**AUTHORITATIVE BRAKES, COMPREHENSIVE TECHNOLOGY.** The Charger Pursuit vehicle has huge, 370-mm-diameter brake rotors with 32-mm-width, cast-iron front and rear calipers and iron camber-link/cross-axis ball joints that work in tandem with the multi-mode and systems-inclusive Electronic Stability Control (ESC)<sup>(1)\*</sup> system. The technology helps ensure what counts: superb vehicle control and driver confidence.

**AT YOUR SERVICE: TWO EXCEPTIONAL POWERHOUSES.** The robust and flex-fuel friendly 3.6L Pentastar® V6 churns out a no-nonsense 292 hp/260 lb-ft of torque. The optional 5.7L HEMI® V8 puts 370 hp/395 lb-ft of torque and the Multi-Displacement System (MDS)/Fuel Saver to work. Both engines are mated to the police-specific and column-mounted 5-speed automatic with AutoStick.

**A CUSTOM-MADE, OFFICER-FRIENDLY INTERIOR.** Every Dodge Charger Pursuit model addresses your comfort and well-being. Front seats are sculpted to accommodate a full-service duty belt. Controls and instrumentation are touch- and eye-friendly. The standard and available touchscreens feature full-color displays that convey critical information with fingertip simplicity.

\*All disclaimers and disclosures can be found on the back cover.

This fully equipped SUV warrants critical inspection—because it features generous room for comfort and storage for all your service equipment. To that, add two outstanding engine choices and multiple improvements over traditional models. All of it serves to set this Durango Pursuit vehicle dramatically apart.

**ALL-WHEEL DRIVE (AWD).** The Durango Pursuit SUV ramps up all-around capability with AWD that offers serious traction and road manners on a wide variety of streets and road surfaces. With the proven 2-speed transfer case, AWD is standard with both the 3.6L Pentastar® V6 and the 5.7L HEMI® V8.

**COMPLETELY OUTFITTED.** The tough-as-nails Durango Pursuit SUV is forged for service. Available amenities here include a powerful battery to churn out up to 800 cold cranking amps (CCA; on V8-equipped models); a heavy-duty 220-amp alternator, which easily handles ancillary electronics common to police work; a heavy-duty engine cooling package; a heavy-duty braking package for confident stopping and control; spotlight wiring pre-prep; a rear load-leveling suspension system—and much more.

**STANDARD POWER: THE 3.6L PENTASTAR V6.** This team player delivers strength with built-in economies of scale. The Pentastar V6 delivers 293 hp/260 lb-ft of torque—and was recently modified to include the fuel-sipping Stop/Start technology. It's backed with the fluidly smooth performance of the 8-speed automatic transmission with its intuitive console-mounted electronic T-Shifters—all powered by a robust 650 CCA battery.

**MEETING YOUR K-9 NEEDS WITH TRI-TEMPERATURE CONTROL.** The demands of certain assignments will often require added capability—and sometimes added personnel. If your department uses K-9 partners, the rear temperature control ensures their comfort and well-being while on the job.

**V8 PERFORMANCE YOU CAN COUNT ON.** With the help of one of our finest powerplants—the available 5.7L HEMI V8—you've got one of the most reliable powerhouses ever developed. The performance attributes of this legendary engine let you put 360 hp and 390 lb-ft of torque to work. That's the strength and acceleration you need—along with the bottom-line-friendly Fuel Saver Technology that works to get the most from every drop of unleaded regular gasoline. Factor in the standard—and often invaluable—2-speed transfer case with the 5.7L HEMI V8, and your team is ready to take it all on.

# DURANGO PURSUIT *FORGED FOR SERVICE*

**DURANGO PURSUIT: INDISPENSABLE ALL-WHEEL-DRIVE (AWD).** With the goal to achieve one exclusive distinction—recognition as America’s high-performance police SUV of choice—Dodge Durango Pursuit SUV models come equipped with impressive performance features as standard equipment. Primary to police work and addressing both performance and the safety and security of officers is AWD. Durango Pursuit technology employs a tough, 2-speed transfer case which ensures fluent transitions between four- and two-wheel-drive, along with stellar traction, handling and maneuverability. To that, add the legendary available 5.7L HEMI® V8 as standard powerplant. From road manners to authoritative performance to interior comfort, this SUV gives Law Enforcement everything that’s good.

**CHARGER PURSUIT ALL-WHEEL-DRIVE (AWD) MODELS. BECAUSE CONTROL IS CRITICAL.** While the rear-wheel-drive Charger Pursuit models offer outstanding traction and control on concrete, the reasons for developing an AWD version are equally as compelling. The decision depends on the specific conditions of your jurisdiction. In snowy northern climates and on unpaved surfaces, the nimble maneuverability and four-corner control afforded by AWD Pursuit make it the police vehicle of choice.

**DURANGO PURSUIT: WHERE POWER MEETS PRACTICALITY.** Moving up to a pursuit-capable SUV engineered for high-performance police work delivers multiple advantages. Count on a major expansion of interior room, giving officers carrying a full duty belt welcome space and noticeably greater comfort. The rear area also earns a badge of distinction: higher off the ground, it’s easier to access and delivers generous usable cargo room—47.7 cu ft with the second-row seat up and 84.5 cu ft when the seat is folded down. Here, even the fuel tank warrants mention: the ability to fill up with 24.6 gallons of gas lets officers patrol streets and highways in a timely and effective manner.

**CONTROLLED STOP.** The Dodge Charger Pursuit vehicles model huge, 370-mm-diameter rotors with a 32-mm width that work with cast-iron front and rear calipers and iron camber-link/cross-axis ball joints for confident and sure braking. Best of all, every pursuit-capable model employs the multi-mode Electronic Stability Control (ESC)<sup>(1)</sup> system, offering exceptional control under a wide variety of climatic conditions and over varied road surfaces.

# PERFORMANCE *STARTS HERE*

3.6L PENTASTAR® V6

5.7L HEMI® V8

Strength on duty instantly implies pure capability—and just as instantly, it confers authoritative street cred to these all-purpose Law Enforcement vehicles. Propelling our rear-wheel- or available all-wheel-drive pursuit-capable vehicles are two outstanding and long-proven engine choices: the 3.6L Pentastar V6 and the legendary 5.7L HEMI V8. The specifications behind the impeccable service:

ENGINES	DODGE CHARGER PURSUIT	DODGE DURANGO PURSUIT
3.6L Pentastar V6	292 hp @ 6,350 rpm 260 lb-ft of torque @ 4,800 rpm 18 city / 26 hwy <sup>(15)</sup>	293 hp @ 6,400 rpm 260 lb-ft of torque @ 4,000 rpm 18 city / 25 hwy / 21 combined mpg <sup>(3)</sup> (AWD)
5.7L HEMI V8 with MDS/Fuel Saver Technology	370 hp @ 5,250 rpm 395 lb-ft of torque @ 4,200 rpm 16 city / 25 hwy (RWD) <sup>(15)</sup> 15 city / 23 hwy (AWD) <sup>(15)</sup>	360 hp @ 5,150 rpm 390 lb-ft of torque @ 4,250 rpm 14 city / 22 hwy / 17 combined mpg <sup>(3)</sup> (AWD)

## TRANSMISSIONS

### 5-SPEED AUTOMATIC WITH AUTOSTICK (W5A580) – CHARGER PURSUIT

Exclusive to all Dodge Charger Pursuit models, AutoStick provides critical up- and downshifting; the technology delivers phenomenal control on the highway and gives the driver a moving solution to the varying and unpredictable dynamics of typical city and suburban driving. Inspired from the racetrack and yet delivering outstanding driver-oriented control, it offers convenient, electronically controlled rocker switches on the column-mounted shifter; access and response are instant.

### TORQUEFLITE® 8-SPEED AUTOMATIC (850RE • 8HP70) – DURANGO PURSUIT

These larger, more robust versions of the TorqueFlite 8-speed are each calibrated for their individual engines; both feature driver-interactive manual controls via the shifter and electronically modulated torque inverter clutch. The 850RE is mated to the 3.6L Pentastar V6. The 8HP70 version, paired with the 5.7L HEMI V8, adds an Eco Mode to the torque converter clutch for additional efficiencies of operation.

### TORQUEFLITE 8-SPEED AUTOMATIC (845RE) – DURANGO SPECIAL SERVICE

Compact, durable, efficient: the 845RE transmission delivers exceptional stats, with smooth shifting, fill-for-life fluid and the center console-mounted Electronic T-Shifter. All contribute to fuel efficiency. Standard on Dodge Durango Special Service with the 3.6L Pentastar V6.

# SAFETY & SECURITY

## EQUAL PROTECTION UNDER THE LAW

Every vehicle in our Law Enforcement portfolio offers multiple and uncompromising levels of protection. Universal advantages and critical vehicle-specific features include:

### FRONT AND REAR CRASH MANAGEMENT ZONES

This engineering confronts a worst-case scenario by incorporating our best efforts to reduce injury to minimal levels. Select parts of frames and chassis in all vehicles are designed to absorb energy—and often, direct it elsewhere—in the event of a frontal or rear-end collision.

### HIGH-STRENGTH STEEL SAFETY CAGE

It's another means to keep all occupants as safe and secure as possible, with resilient steel protecting in the event of a collision or rollover.

### SEVEN STANDARD AIR BAGS<sup>(4)</sup>

Air bags are obviously model-specific, but all vehicles here deliver a multitude of front, rear and side-curtain air bag technology.

### SIDE-DOOR GUARD BEAMS

In Charger and Durango Pursuit vehicles, tough metal beams inside the doors further protect against injury from potential side impacts.

### PARKVIEW<sup>®</sup> REAR BACK-UP CAMERA<sup>(12)</sup>

Standard, these are a welcome aid in monitoring the area behind the vehicle while in Reverse.

### RAIN BRAKE SUPPORT AND READY ALERT BRAKING

Two of the many properties of the comprehensive Electronic Stability Control<sup>(1)</sup> system, here addressing braking during rain and fast stops.

### PARKSENSE<sup>®</sup> REAR PARK ASSIST<sup>(5)</sup> (STANDARD) PACKAGED WITH BLIND SPOT MONITORING<sup>(6)</sup> AND REAR CROSS-PATH DETECTION<sup>(12)</sup> (AVAILABLE)

These are additional advantages that aid in overall awareness when backing up and while driving.

### AVAILABLE BALLISTIC FRONT-DOOR PANELS (CHARGER PURSUIT ONLY)

The nightmare scenario for any department: an officer confronting an armed opponent. These in-door panels provide critical protection, with the capability to withstand significant firepower.

### CROSS-CAR IMPACT BEAMS

Similar to the crash management zones, these protect in the event of a side impact.

### FRONT SEATBACK STEEL PANELS (CHARGER PURSUIT ONLY)

These available in-seat barriers provide invaluable protection against detainees in the second row.

### ACOUSTIC GLASS

Designed to shatter with minimal impact, it also serves to filter out sounds from outside, keeping the interior supremely quiet.

## CHARGER PURSUIT OFFICER PROTECTION PACKAGE

**EASILY EARNS THE BADGE OF MERIT FOR SAFETY.** Developed with expert input and welcome guidance from our Police Advisory Board, the system features expansive technology to protect officers and occupants while on duty. The Officer Protection Package delivers state-of-the-art technology, including the Surveillance Mode Module™ from InterMotive. To that, we've appended another invaluable option—the FCA Fleet Safety Group technology. The Fleet Safety Group adds the system to the standard ParkSense<sup>®</sup> Rear Park Assist<sup>(5)</sup> System, ParkView<sup>®</sup> Rear Back-Up Camera<sup>(12)</sup> and Rear Cross-Path Detection<sup>(12)</sup> System.

What it all delivers is what's needed on a 24/7/365 basis: keeping situational awareness at its highest when distractions are normal and part of everyday business—during times when officers are working in their vehicle while parked. When motion is detected, the system alerts the officer; this is technology to help protect, serve and reduce vulnerability.

**IT'S SIMPLE, PROGRAMMABLE AND FULLY FUNCTIONAL.** Customizable at the discretion of your Law Enforcement agency, basic programming of the Officer Protection Package can activate any of the following:

- Interior chimes will sound, alerting the officer of potential danger
- Front side windows, if open, will automatically rise and close
- All doors will automatically lock
- The Reverse lights will illuminate; all taillamps will flash
- Most importantly, the surrounding view will then instantly be displayed on the rear camera display

# INTERIORS *PUT COMFORT FIRST*

Pursuit-capable Charger and Durango interiors are designed to give officers generous room, convenience and comfort. Seats on Charger Pursuit feature a taller and more comfortable seat belt receiver with seat bottoms sculpted to accommodate a full duty belt. An ergonomic design puts critical electronics—lights and flashers—conveniently in the center console. Both interiors provide ample space for police work, with generous trunk or rear-end volume for the crucial equipment virtually every officer now carries as a matter of everyday business.

**TRANSMISSION SHIFTERS.** Charger Pursuit vehicles sport a shorter lever and a column-mounted shifter that leaves room in the center console for additional accessory switch controls. AutoStick engineering allows the driver to upshift or downshift, based on driving strategies, road conditions and personal preference.

Durango Pursuit models feature a class-exclusive<sup>(2)</sup> electronic 8-speed automatic transmission that helps provide notable efficiency, impressive acceleration and seamless shifting.

**FORCES OF FLEXIBILITY.** Versatile cargo storage is a must-have. Durango Pursuit models include two in-floor, hinged, latching storage bins, while Charger Pursuit models offer convenient, available trunk trays that keep key electronics elevated and preserve trunk room.

**STANDARD IN-DASH MULTIVIEW TOUCHSCREENS** feature dynamic full-color displays and offer a vast array of information—all with the touch of a fingertip.

Properly secure all cargo.

# ARMED FOR UPFITS

A

B

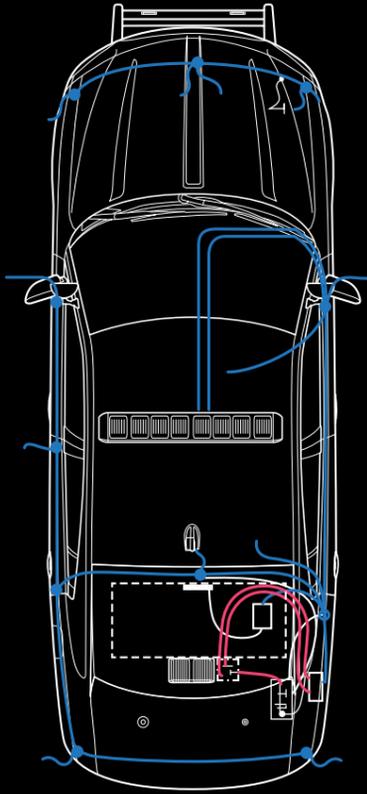

B

C

D

**BASE POLICE PREP PACKAGE (AYE).**  
Our comprehensive Police Prep Package is the start; all options build on this. Included are:

- Front and Rear Wire Harness
- Power Distribution Center
- Siren Speaker and Bracket
- Slide-out Trunk Tray
- Cooling Fan
- Wire Prep Package

**COMPREHENSIVE ELECTRICAL ENGINEERING AT YOUR SERVICE: THE WIRE PREP PACKAGE (AYW) AND POWER DISTRIBUTION CENTER (XWK) INCLUDED IN BASE POLICE PREP PACKAGE.**

You're planning on customizing your police vehicle for ideal service. Charger Pursuit models supply electrical engineering at its best to accomplish it. Count on a full wiring harness and electrical distribution center that support fast, economical upfits, designed to save upfit time—and help your department save money. Included are:

- A 220-amp Power Distribution Center
- Two 100-amp main fuses and relays for all added circuits
- 13 pre-wired light head locations with power for lightbars and interior lighting needs
- Clearly labeled circuits for all police equipment, with coded wires and connectors throughout the system
- Complete system grounding points for easy and reliable connections
- Horn sense circuits with trunk accessibility to this frequently used device
- Timer jumper wire with ignition sense
- An overall design that simplifies the installation of cameras, computers, ticket printers and modems

E

Hood (M3F)

Roof (M3G)

Deck Lid (M3H)

Front Doors (M2B)

All Doors (M2C)

**ONCE YOU'RE ARMED WITH THE BASE PREP PACKAGE, UPFITS ARE EASY.** A big advantage to the Charger Pursuit vehicle is its designed-in versatility—which you'll realize with a number of Accessories available through the Mopar® Custom Shop. Customizing your cruiser to exact specs and needs is simple. Mopar offers easy-to-order à la carte aftermarket products from established suppliers, and you'll enjoy competitive pricing, fast responses and convenient invoicing through your dealer.

**A // BALLISTIC DOOR PANELS (XDV, XDG)**

The nightmare of any officer is to encounter gunfire. Our available ballistic front-door panels can withstand significant firepower.

**B // LED LIGHTING**

The convenience of the Base Police Prep Package (AYE) allows for seamless integration of additional electronic aftermarket upfits.

**C // POLICE CENTER CONSOLE (CUG)**

Aluminum and steel console measures 24 inches in length with a tilt-and-swivel armrest, cup holder, filler plates to enclose console top and two ports for 12-volt ignition power; includes standard USB and auxiliary input jacks for mobile devices.

**D // FRONT SEATBACK STEEL PANELS (CBT)**

They're invaluable protection against rear-seat detainees who might have a sharp object.

**E // VINYL GRAPHIC VEHICLE WRAPS**

Chip-resistant, ready-to-protect and under warranty, these wraps personalize the identity of your Charger Pursuit and fit with custom-cut accuracy. Wraps can be applied to the hood (M3F), roof (M3G), deck lid (M3H), front doors (M2B) and all doors (M2C).

**WIRE PREP PACKAGE (AYW)**

Indispensable to police operations, the Wire Prep Package includes all harnesses for easy aftermarket installation of electronics.

**SPARE TIRE RELOCATION BRACKET (TBH)**

Required with the Base Police Prep Package (AYE). Spare tire is relocated to fit beneath, not behind, the trunk tray.

# DURANGO SSV

The Durango Special Service Vehicle is ideal for rescue and patrol needs. This Special Service Vehicle stands out with its sleek lines and bold profile. A bold split-crosshair grille is flanked by deeply browed headlamps, while an aerodynamic body-color liftgate spoiler helps reduce drag and adds visual drama.

**POWERFUL IN EVERY WAY.** Choose between two capable engines: the standard 3.6L Pentastar® V6 (RWD) or available 5.7L HEMI® V8 (RWD). The Durango Special Service Vehicle also comes standard with the fully electronic automatic transmission for efficient acceleration and smooth shifting.

Ready Alert Braking anticipates situations when the driver may initiate an emergency stop and sets the brake pads against the rotors, decreasing the time required for full brake application.

A powerful battery supplies up to 800 cold cranking amps (on V8-equipped models). The heavy-duty 220-amp alternator works hard to support ancillary electronics common to police work. A heavy-duty engine cooling package, a heavy-duty braking package for confident stopping and control, spotlight wiring pre-prep, and a rear load-leveling suspension system also help support the demands made of this vehicle.

Trailer towing isn't a problem—thanks to the available Trailer Tow Group IV. This package boosts capacity to special service levels—Trailer Sway Control<sup>(1)</sup> recognizes an excessively swaying trailer and will adjust the throttle and apply brake pressure to help keep the trailer and vehicle under control.

Properly secure all cargo.

Certain aspects of police and Special Service assignments go beyond typical tasks and conventional terrains. When the assignment and geography require the capability of a full-size truck, here's the solution that's capably answered many a problem: the Ram 1500 Classic Special Service pickup.

**STANDARD EQUIPMENT THAT EXCEEDS STANDARD THINKING.** Here, only our premium powerhouse will do: the legendary 5.7L HEMI® V8 with Variable Valve Timing and the fuel-sipping Multi-Displacement System (MDS)/Fuel Saver Technology. Churning out no-nonsense performance figures—395 hp backed with 410 lb-ft of torque—this Crew Cab Ram 1500 Classic delivers standard payload capacity that maxes out at 1,530 lb<sup>(G)</sup> and, when equipped with the available 3.92 axle ratio, up to 10,220 lb<sup>(G)</sup> of unbridled towing capability. Standard configuration is everything you need for the suburb or the desert: terrain-mastering 4x4 transaxle. Heavy-duty 220-amp alternator that easily handles all those necessary added-on electronics. Heavy-duty engine cooling package. Spotlight wiring pre-prep. And in back, a Class IV hitch receiver below an all-purpose 5-foot, 7-inch bed that includes a factory-installed spray-in bedliner.

**THE AVAILABLE RAMBOX® SYSTEM.** It defined convenience from Day One of its introduction, and it continues to serve as the means to store, carry and organize cargo. The RamBox Cargo Management System is based around pure—and often, police-specific—practicality.

On each side of the fully functional cargo bed—yes, it easily handles typical 4x8 sheets of construction materials—are two waterproof, lockable, drainable and illuminated storage bins. Designed for complete versatility, they're ideal for transporting supplies. An added advantage: they each accommodate a number of Accessories from Mopar®, including made-to-fit holsters that secure shotguns and long rifles.

**THE INSIDE STORY: SPACE. TECHNOLOGY. CONVENIENCE.** Start with the fact that this Crew Cab model provides ample room for five occupants. Now add the good stuff: convenient 8-speed automatic rotary dial shifter. Put it all together, and you've just outfitted your team with one of the most reliable partners on the force: the Ram 1500 Classic Special Service pickup.

# RAM 1500 CLASSIC SSV

# RAM PROMASTER®

24

RAM PROMASTER®

It's everything at once: spacious, yet surprisingly nimble. Fully functional, yet with astonishing adaptability should you want to customize it. Intuitive, yet responsive—with exceptional power, braking capability and outstanding versatility.

From front to back, Ram ProMaster® Cargo Van gives your department groundbreaking comfort, convenience and performance. Standard front-wheel drive translates into nimble maneuverability and handling and enables both the two- or three-person front-seats-only configuration and the low-to-the-ground step-in height. Factor in accountant-pleasing low cost of ownership and impressive resale value, and you've got the van that vaults into first-place consideration.

**STANDOUT ENGINEERING. EVERYWHERE.** If you're going to consider anything, consider everything. Standard 3.6L Pentastar® V6 with Variable Valve Timing mated to the proven 6-speed automatic. 280 hp. 260 lb-ft of torque. Four body lengths, including an extended body version. Multiple wheelbase lengths. Standard or available High Roof. Standard Electronic Stability Control<sup>(1)</sup> system and standard high-mounted ParkView® Rear Back-Up Camera.<sup>(2)</sup>

**OUR VALUES ARE IMPRESSIVE. SO IS THE RETAINED VALUE.** When efficiencies are built in, you're automatically counting on bottom-line economics of operation—seen from both the driver's and the accountant's point of view. Among the Ram ProMaster Cargo Van advantages: oil change intervals so infrequent, you can go up to 10,000 miles between changes. Turning diameters so small, our short wheelbase version is a mere 36.3 feet. A step-in height so short, it's a mere 21.3 inches from ground to floor. Head room so generous, the standard roof measures in at 66.3 inches; with the available High Roof, it's a stand-out 77.1 inches from floor to ceiling. Finally, interior space so ample, you can load a typical pallet through the rear door or sliding side door—or use the same space for an upfit that'll accommodate a small gang of detainees for transport.

Put it all together, and in a world of look-alike cadets, this singular van stands out with commanding presence. The all-purpose, do-everything Ram ProMaster Cargo Van.
