1987 CHRYSILER LEBARON

HRYSLER LEBARON.

Chrysler continues to be on the leading edge of the the LeBaron series. The 1987 Chrysler LeBaron are the latest refinements. of this leadership. Contemporary. Comfortable and quiet. With all the frontwheel drive technology Chrysler has pioneered. And built with quality backed by the famed 5/50 Limited Warranty (see page II for details). Drive a 1987 Chrysler LeBaron and you'll understand very to be the best.

bout this catalog. We have tried to make this catalog as complete as ossible. However, since the time of printing, some of the information you'll nd here may have been updated, Your déaler has details, and you should ask m for current information before ordering.

STANDARD AND OPTIONAL FEATURES

The 1987 Chrysler LeBaron four-door sedan and Town & Country Station Wagon have a host of standard features and comfort and convenience options that make driving them or riding in them consistently pleasant experiences. 1. The optional 2.5-liter EFI balance-shaft engine (standard on Town & Country Station Wagon) offers increased low-end torque and exceptionally smooth performance in all speed ranges. All Chrysler-built engines are designed to be durable, efficient and easy to service. 2. The optional 2.2-liter multipoint EFI turbocharged engine has 146-horsepower for outstanding performance. 3. Standard gas-charged dual-path front Iso-Struts and coil springs split road shock loads to subdue them more effectively for a quieter, smoother ride. 4. Power-assisted rack-and-pinion steering for smooth, precise control is standard. 5. The standard power-assisted front vented disc/rear self-adjusting drum brake system is split diagonally to provide dependable stopping power. 6. All 1987 Chrysler LeBarons are built with extensive corrosion-resistant provisions including a seven-step dip-and-spray process.

Options that extend the pleasures of LeBaron fourdoor sedan and Town & Country Station Wagon include the popular items shown here. 7. Included only in the Luxury Equipment Discount Package, driver and passenger visor/vanity mirrors make personal care convenient. 8. The power driver's seat offers quick, safe fingertip adjustment. 9. The new electronic speed control provides accurate fingertip control of highway cruising for increased fuel efficiency by enabling you to drive at a constant speed. It is mounted in the multifunction control lever on the steering column. 10. The tilt steering column, available only in the Deluxe Convenience Package, allows the driver to select one of six steering wheel positions for increased comfort. 11. The electric rear window defroster, available only in some option packages, provides quick, convenient removal of frost or moisture. 12. The LeBaron offers two wheel cover choices: the standard premium wheel covers, or the optional wire wheel covers. 13. The optional air conditioning is integrated into the bi-level ventilation to increase air circulation and help reduce cold spots.* 14. The AM stereo†/FM stereo radio with electronic tuning, integral digital clock and four speakers is standard. 15. A premium AM stereo[†]/FM stereo radio with electronic tuning, integral digital clock, cassette tape player with automatic reverse, Dynamic Noise Reduction[‡] and six speakers is optional.

^{*}There are special engine cooling requirements for field-installed air conditioning. Failure to follow these requirements may invalidate warranty. See your dealer for details.

†Some AM stereo broadcasting may not be compatible with this radio.

^{*}Dynamic Noise Reduction is a trademark of the National Semiconductor Corporation.
