

1987 CHRYSLER

NEW YORKER

C

HRYSLER NEW YORKER

A respect for tradition. That's what keeps classical New Yorker luxuriously comfortable. A resolve to improve. That's what makes contemporary New Yorker powerfully efficient. A union of the established and the innovative; a collaboration of the familiar and the refined. That's how New Yorker became the ultimate high-technology luxury sedan.

New Yorker: the incorporation of yesterday's fondness for big-car room and ride with today's preference for electronic performance and reliability... and with the Chrysler-assured value that will still be here tomorrow.

Chrysler. Driving To Be The Best.

About this catalog. We have tried to make this catalog as complete as possible. And we hope you will find it useful. However, since the time of printing, some of the information you'll find here may have been updated. Your dealer has details, and you should ask him for current information before ordering.

Some of the equipment shown or described throughout this catalog is available at extra cost.

New Yorker, shown in Dark Cordovan Pearl Coat.

There's another word for New Yorker luxury. Several words, in fact. Rich. Dark. Deep. Warm. Interior comfort so enveloping that you are surrounded by an array of life-softening touches: reclining seats with folding armrests; dual power remote control mirrors; electronically tuned radio; power windows; overhead and center storage consoles. The New Yorker tradition of luxury is preserved.

Corinthian leather with vinyl trim 50/50 seats, shown in Dark Cordovan (available only as part of the Luxury Equipment Discount Package).

New Yorker is classical styling, contemporized. New Yorker is deep-seated luxury, personalized. Despite its distinctive appearance and full comfort, New Yorker is all business: a modern efficiency that implements the most current engineering ideas with the latest advances in materials. In the fashion of our times, New Yorker is economically* lightweight, but is no lightweight performer. A 2.5-liter EFI high-torque engine, designed to power Chrysler's larger front-drive cars, is standard. A 2.2-liter EFI turbo is also available.

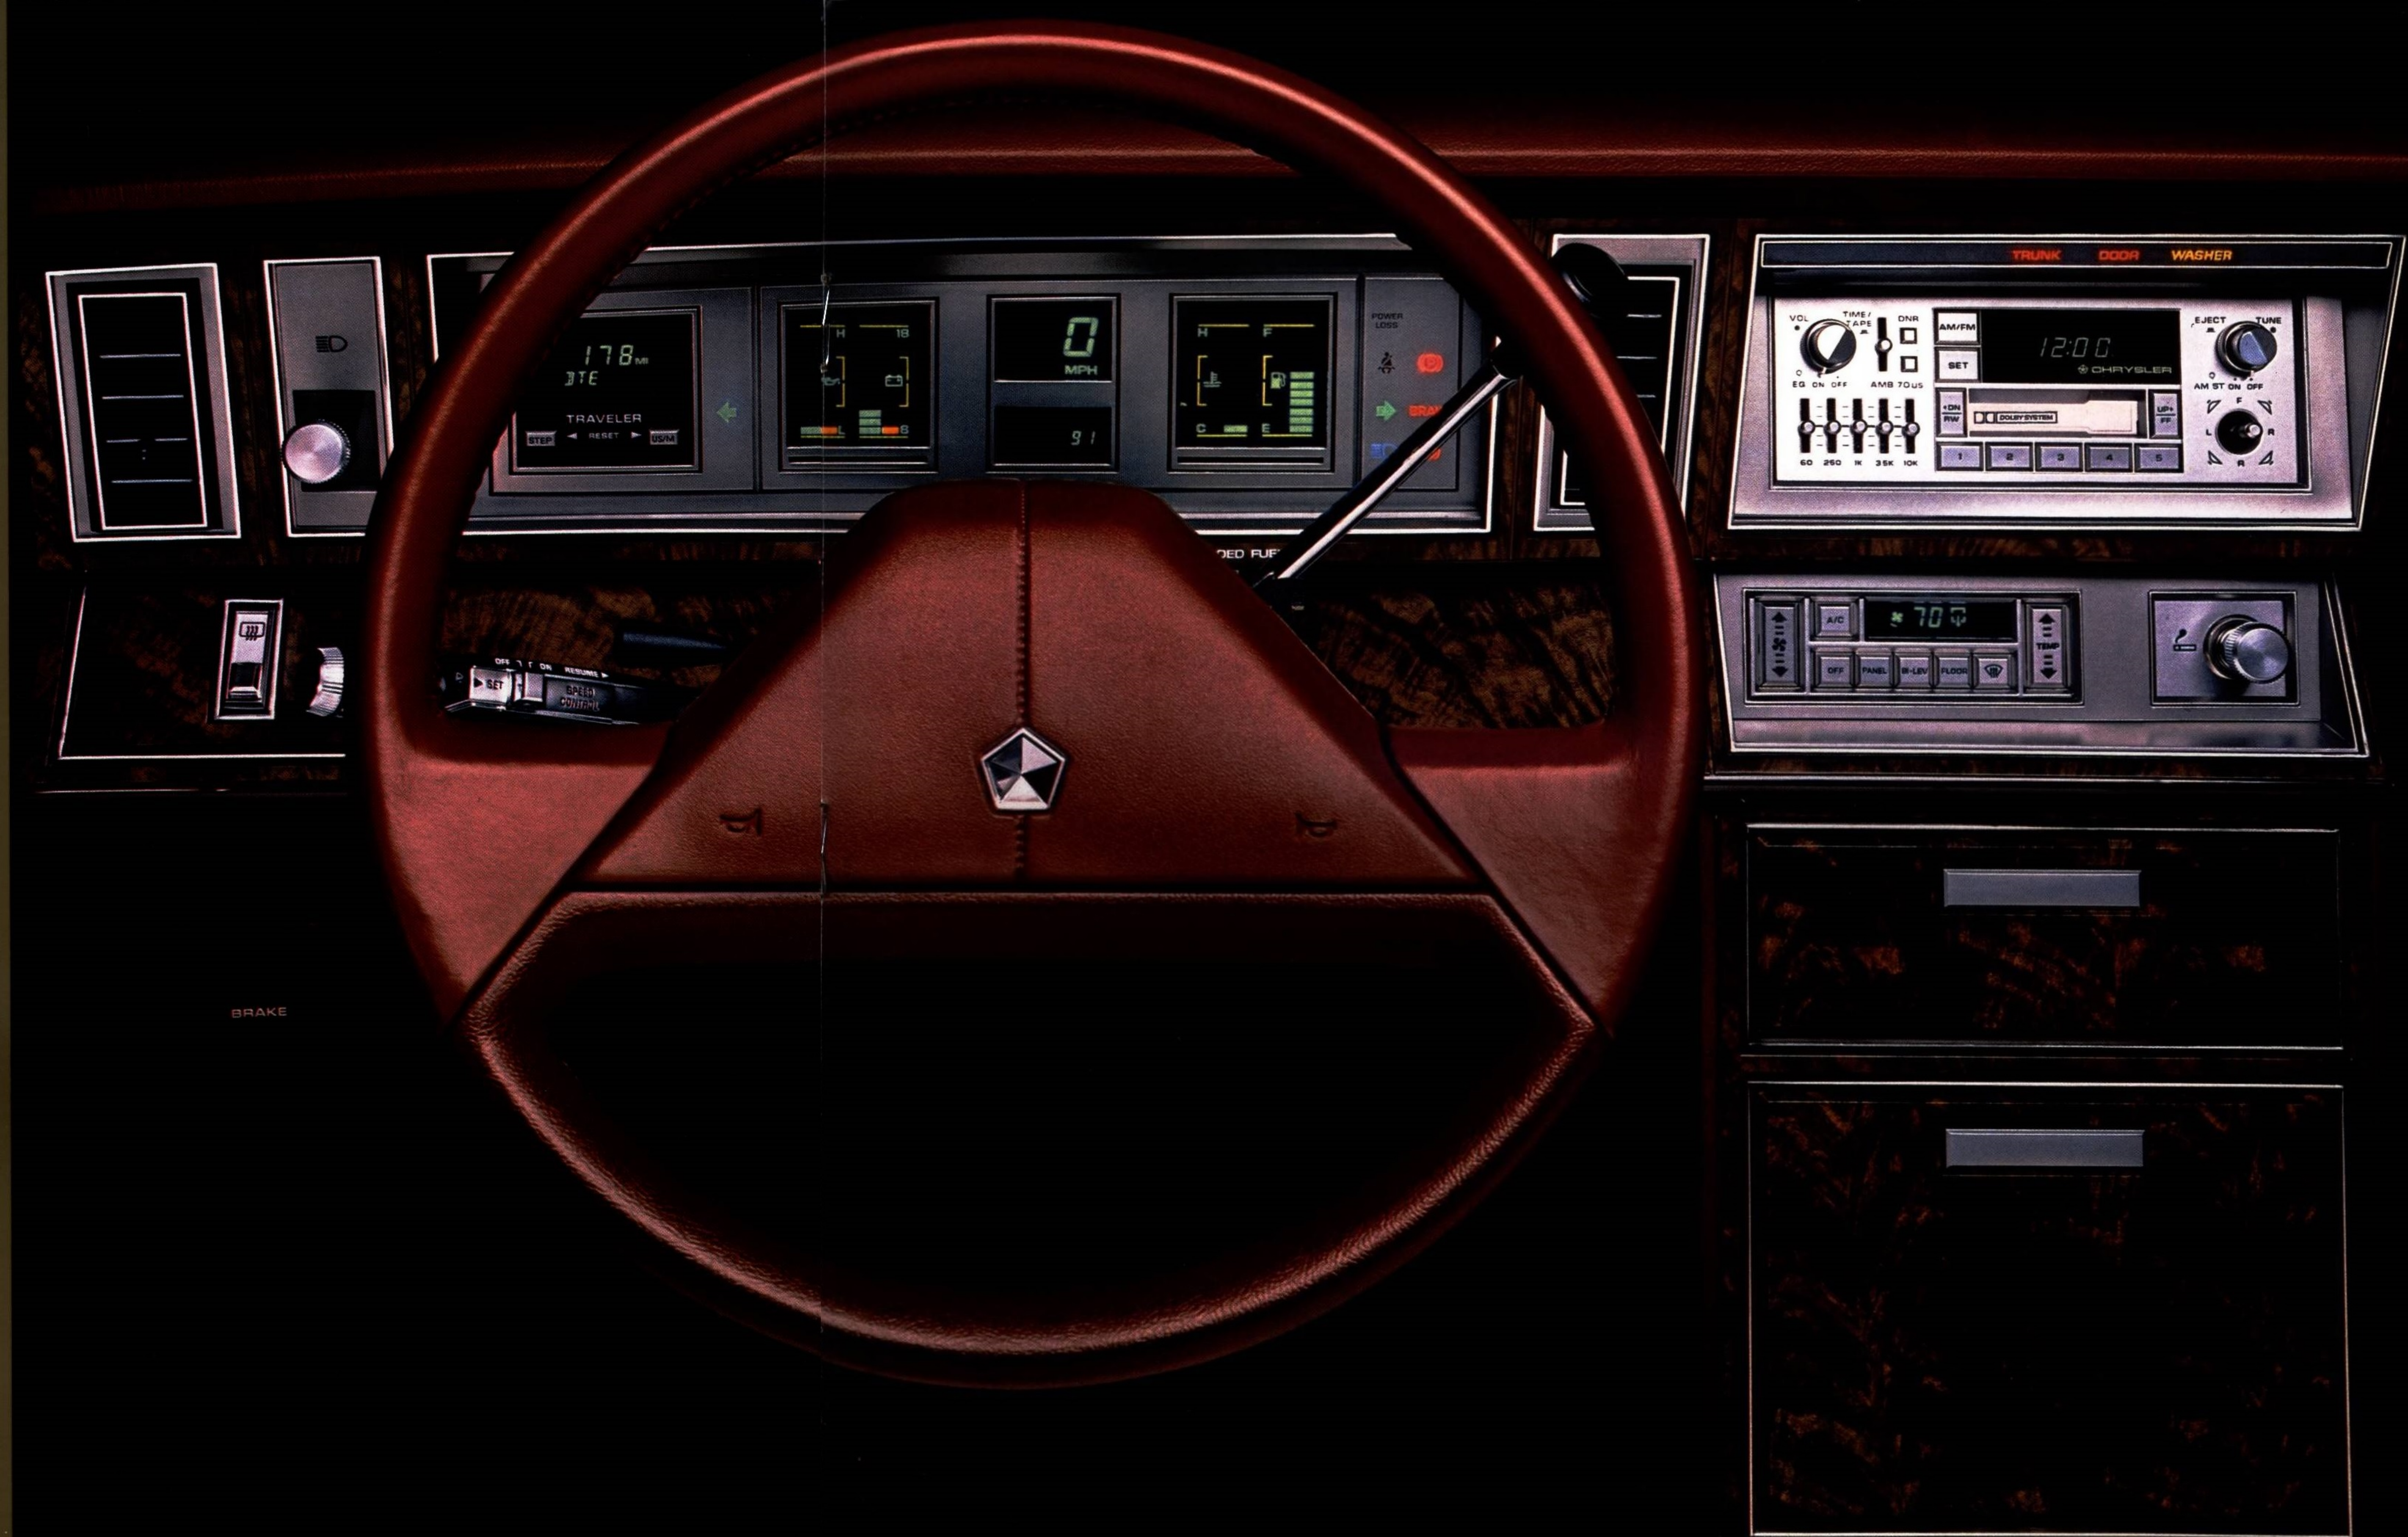

*With 2.5-liter engine and automatic transaxle: 22 EPA estimated city mpg, 27 estimated highway mpg.

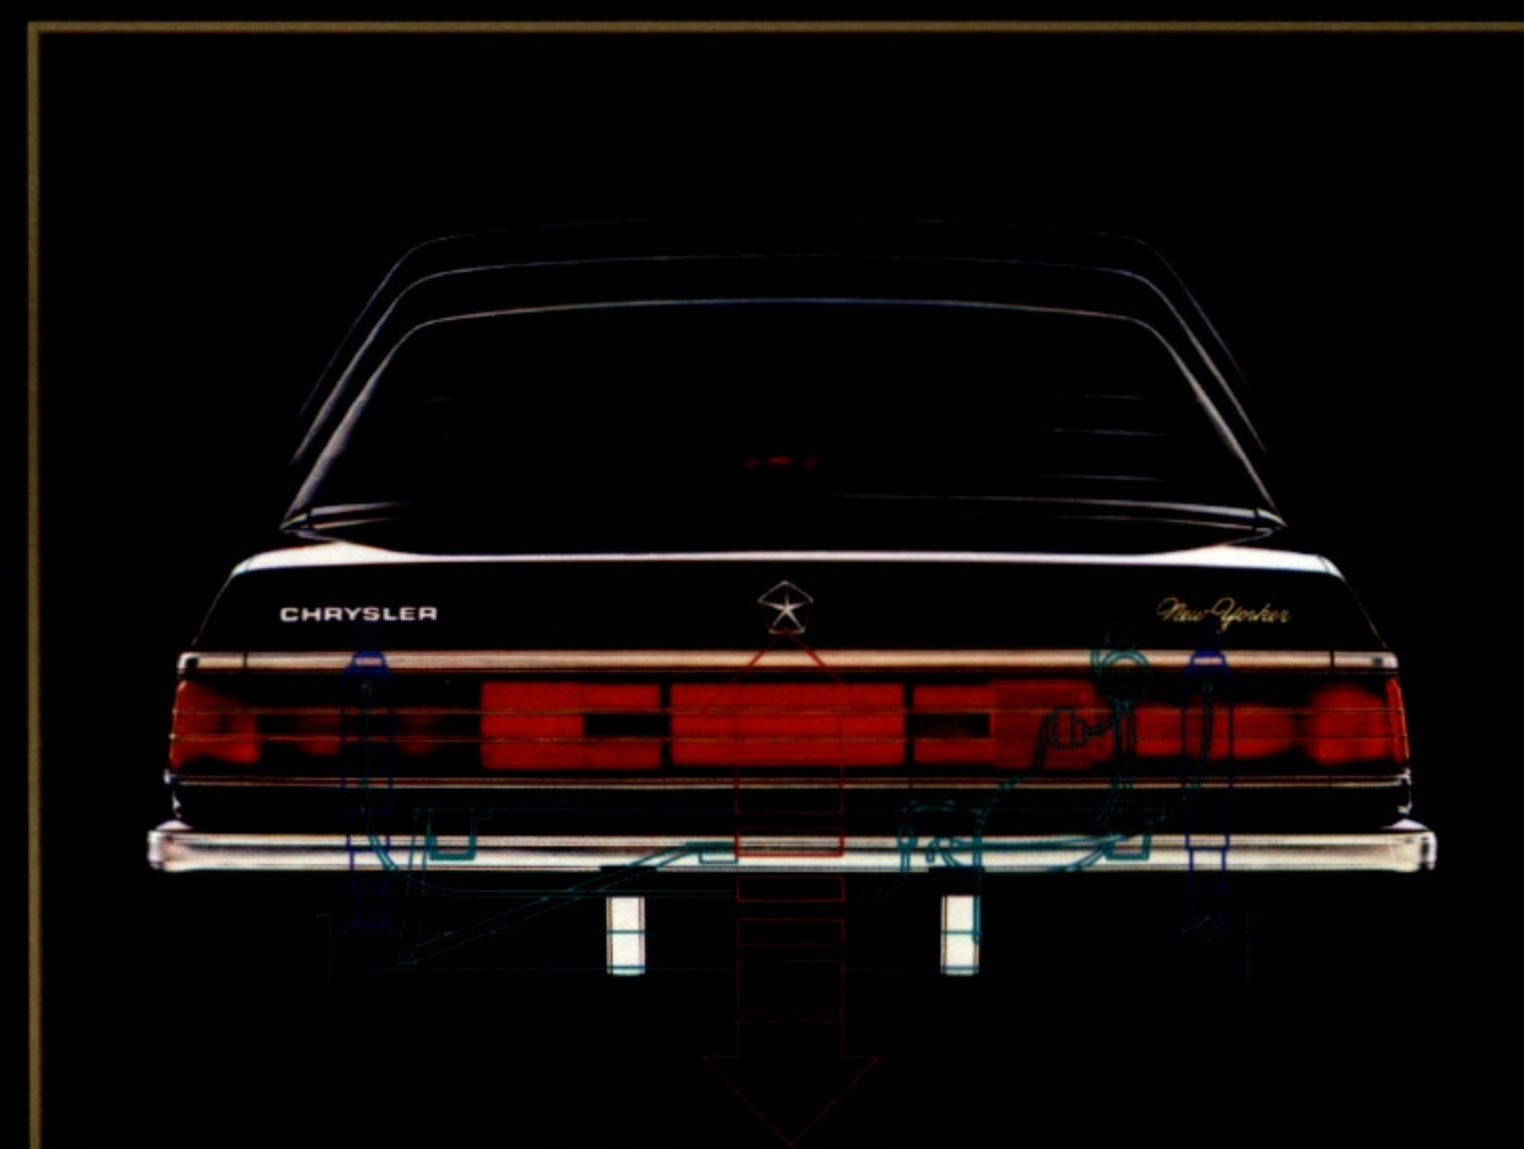

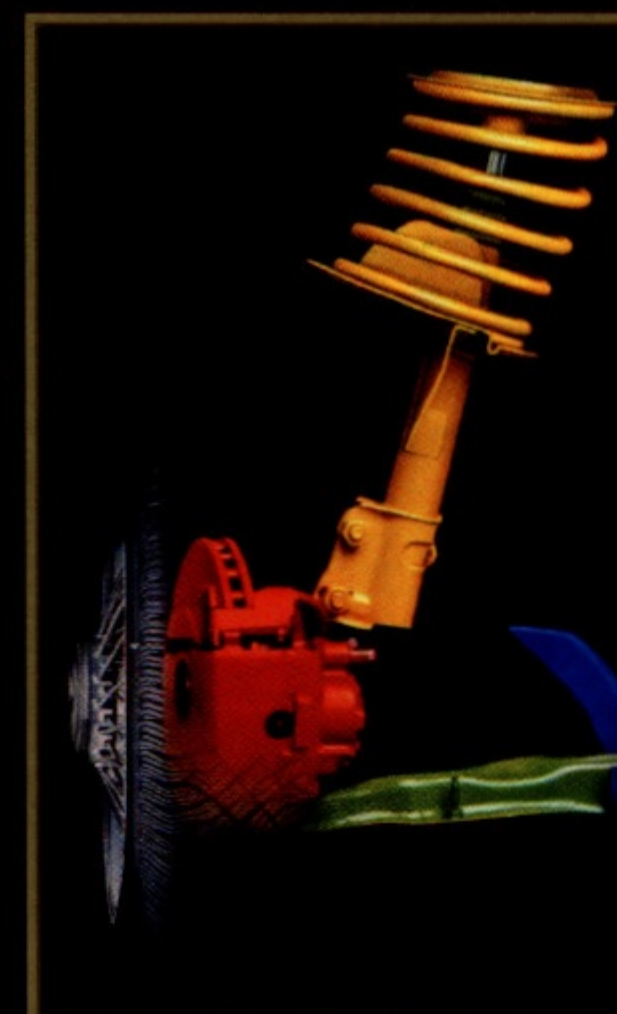

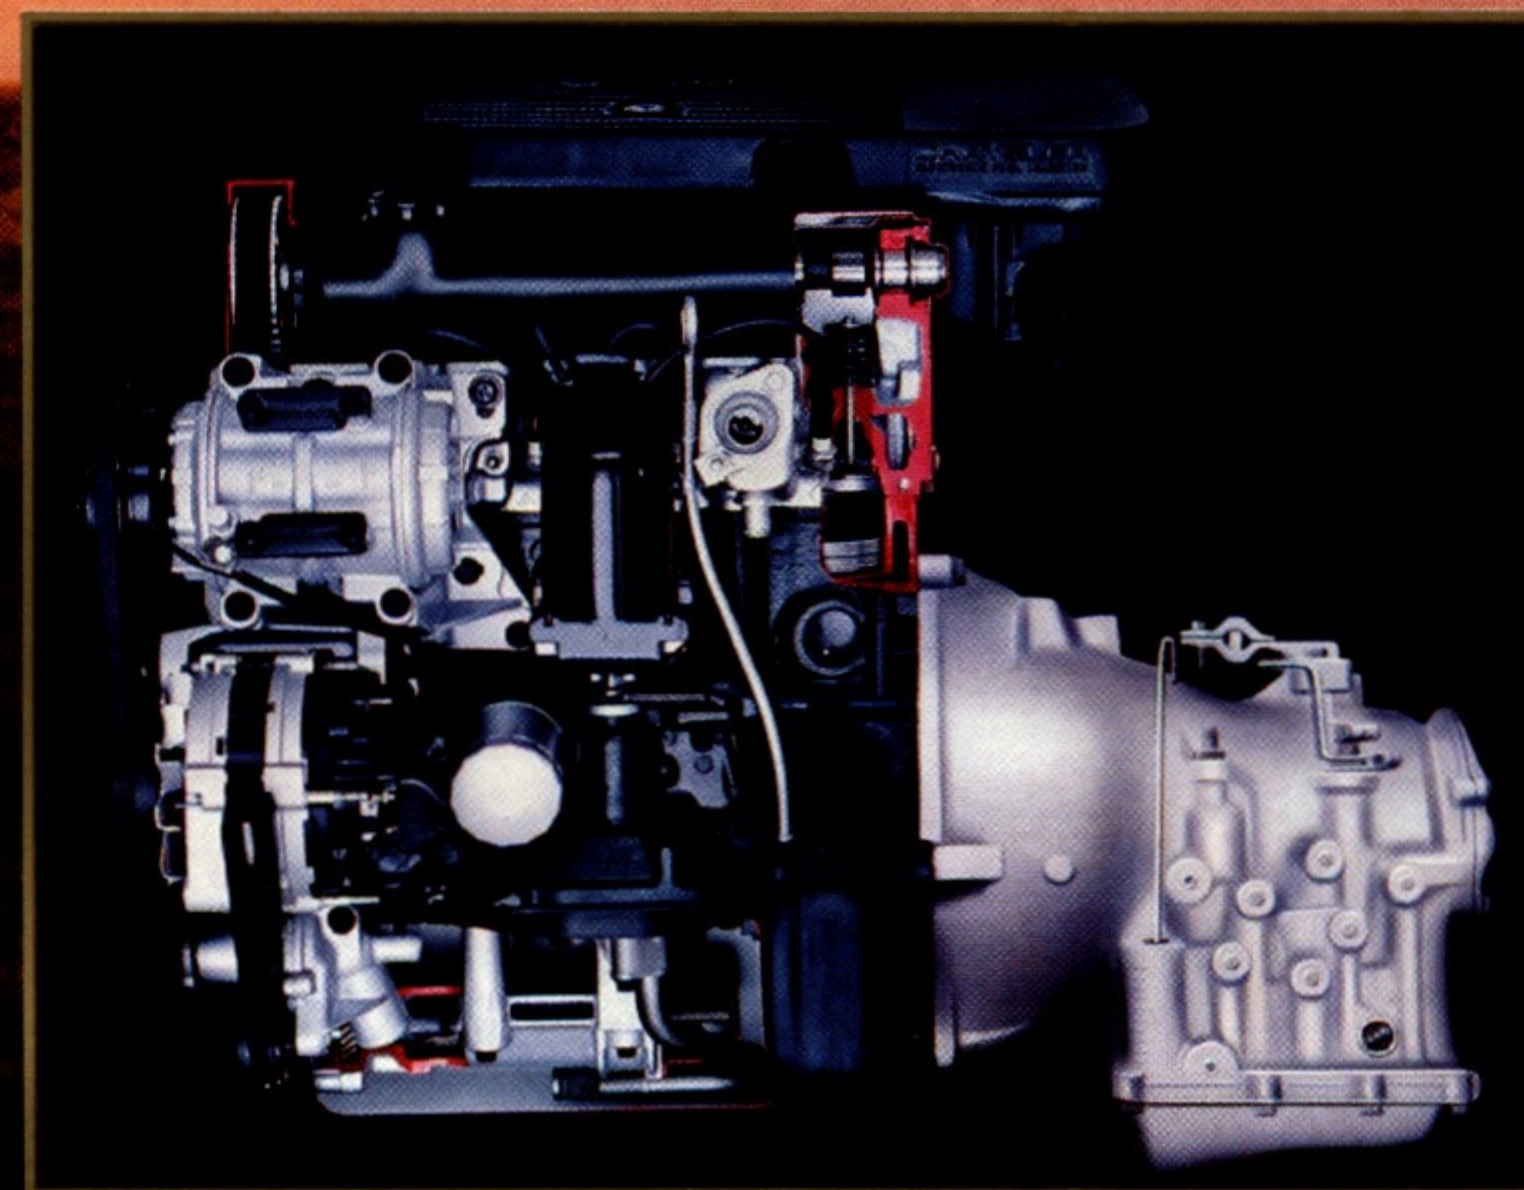

New Yorker, shown in Black Clear Coat.

There is something dazzling about a digital readout...the numbers flashing electronically onward as you power up from 0 to 55. Electronics is the new fascination, the new style, perhaps even a new kind of high-tech elegance. And if it's elegant and electronic, New Yorker has it: a six-function electronic monitoring system; a message center to warn of open doors or low fluids; an electronic Voice Alert system; an electronic trip computer that calculates fuel consumption, trip time and distance, and miles-to-empty. It's a new kind of elegance.

New Yorker

An automobile's luxury cannot be separated from its performance. Only an automobile that responds to the expectations of its driver, and to the demands of the road, can properly be called luxurious. Technologically advanced New Yorker has been programmed to give the appropriate performance and handling responses. The standard 2.5-liter EFI engine features a fast-burn cylinder head for quicker, more complete fuel combustion, and vibration reducing balance shafts for luxuriously smooth operation. A turbo engine is available for greater acceleration and passing power. Luxury is the comfort of a big-car ride provided by New Yorker's gas-charged suspension system...and by the load-leveling system* that automatically adjusts the rear suspension to additional weight. It is New Yorker's easy-handling power-assisted rack-and-pinion steering. Finally, luxury is the contentment that comes from trusting New Yorker's dependability. That dependability is backed by Chrysler's 5/50 Limited Warranty.† With protection such as that, New Yorker offers the ultimate luxury: the peace of mind that comes from having made a wise decision.

*Available only as part of the Luxury Equipment Discount Package.
†See details on page 14.

OPTIONS

1. Tilt steering column. For relaxed driving, adjust the steering column to any one of six positions.*

2. Power Door Locks. Controls are located in left armrest with the controls for the standard power windows and outside mirrors.

3. Power antenna. This feature can prevent antenna damage caused accidentally or by vandalism. Antenna is automatically lowered when radio or ignition is turned off and raised when radio is turned on†.

4. Ultimate Sound System stereo radio is the optimum Chrysler sound system. It includes AM stereo‡/FM stereo radio; electronic tuning; memory scan; up-and-down scan; Dynamic Noise Reduction§; cassette tape player with automatic reverse, Dolby Noise Reduction§ and metal tape capability; five-band graphic equalizer; joystick balance/fader control; ambience sound control; six-speaker system; integral digital clock, and 20 station presets.

5. Automatic temperature control is actuated by a microprocessor. Automatic controls provide faster warmup or cooldown of passenger compartment. Soft-touch controls offer precise adjustments for rate and direction of air flow.

6. Electronic speed control precisely maintains selected miles-per-hour speed within 0.5 mph.*

7. Corinthian leather 50/50 seats with vinyl trim are individually adjustable with four-way adjustable head restraints, dual folding center armrests and reclining seatbacks. Pockets on both seatbacks and on both front cushion facings.†

8. Illuminated vanity mirrors are concealed on the backs of both the driver's and passenger's sun visors†.

*Available only as part of the Deluxe Convenience Package or the Luxury Equipment Discount Package.

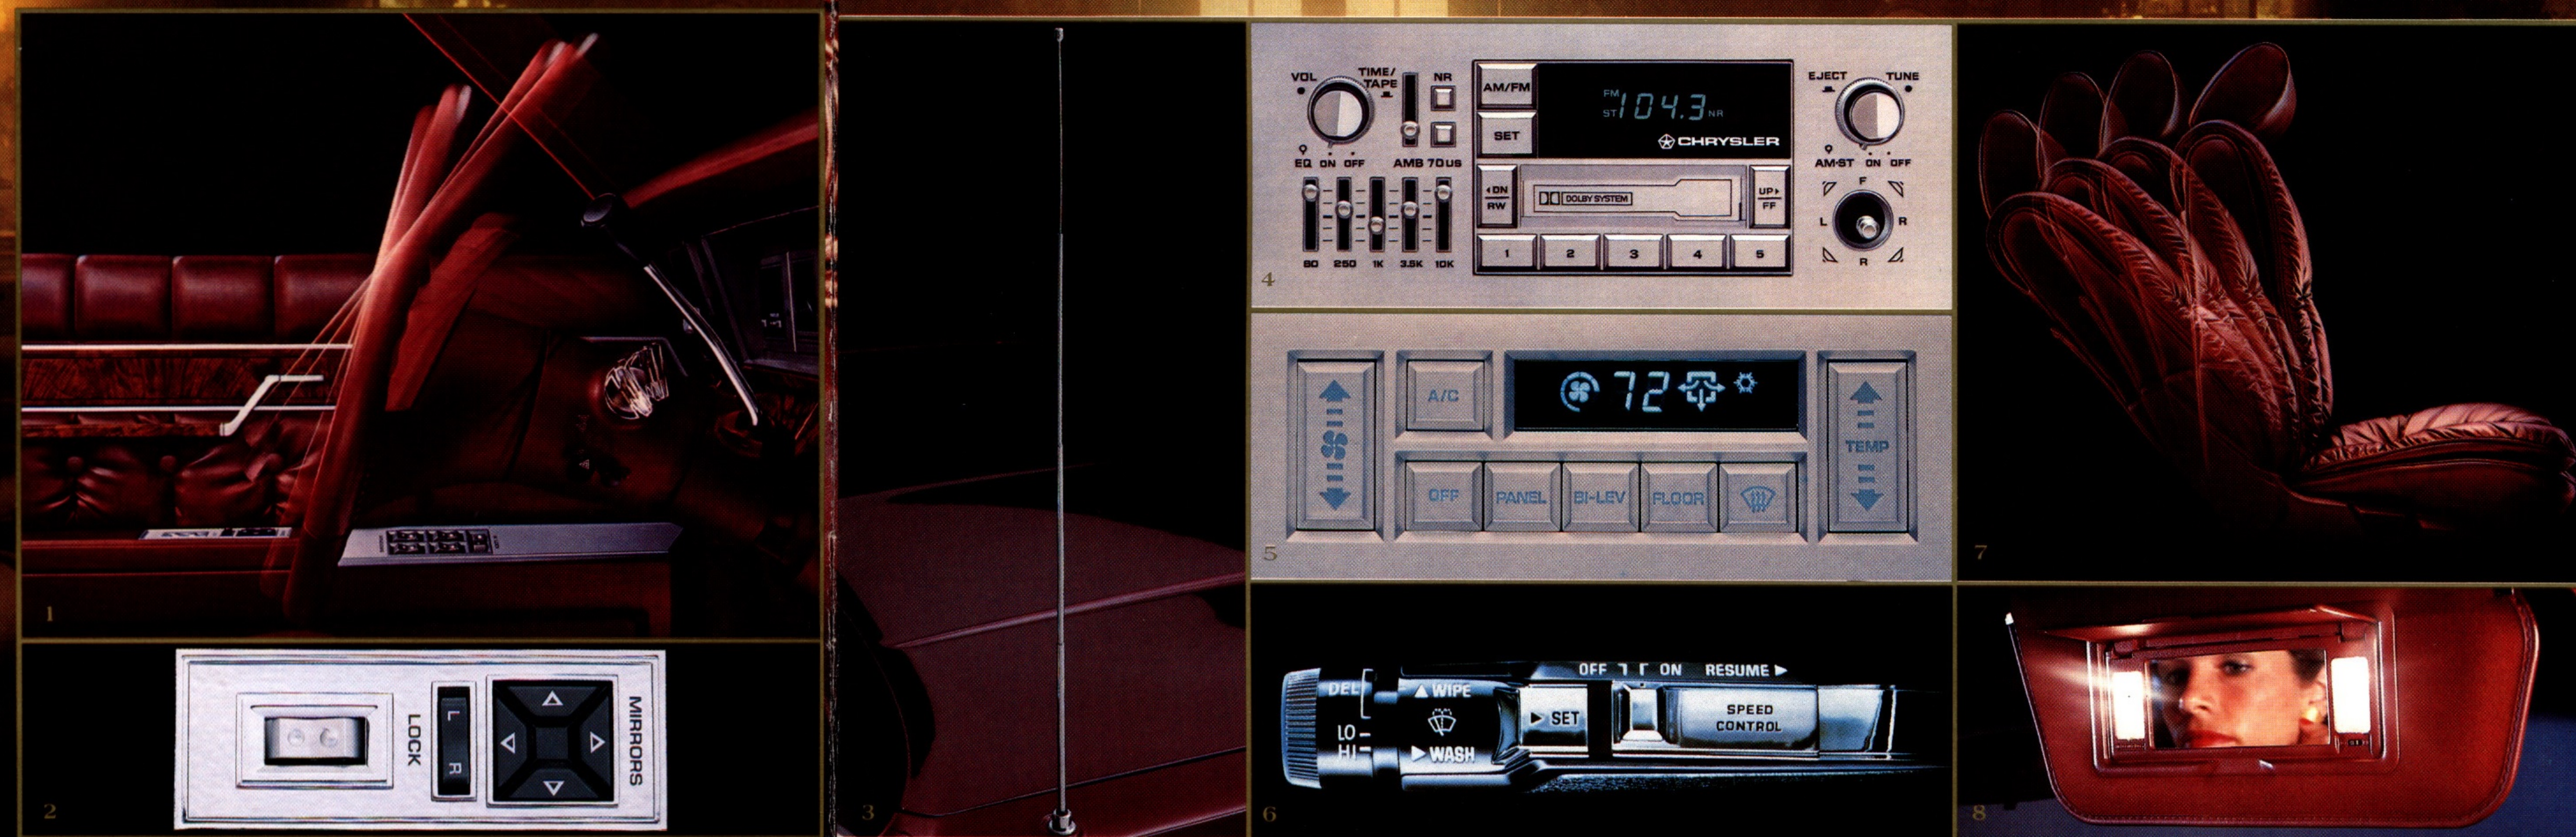

†Available only as part of the Luxury Equipment Discount Package.

DELUXE CONVENIENCE PACKAGE

• Electronic speed control* • Tilt steering column*

*Available in package only.

5/50 LIMITED WARRANTY

Upon expiration of the basic 12-month or 12,000-mile new vehicle limited warranty, limited warranty coverage is extended on power train components to five years or 50,000 miles (two years or 24,000 miles for fleet and lease vehicles), plus outer panel rust-through protection of five years or 50,000 miles. A deductible may be required. Export vehicles excluded. See copy at your dealer.

OPTIONAL SERVICE CONTRACT

Chrysler Service Contracts provide you with additional peace of mind protection for your new vehicle. Coverage starts on the specified major components after your vehicle's basic 12-month or 12,000-mile limited warranty expires and continues for five years or 50,000 miles from the original warranty start date. A deductible applies. Allowances for car rental and towing are also included. See copy at your dealer.

PROTECTION PACKAGE

• Bodyside protective molding, color-keyed* • Form-fitted floor mats, front and rear, carpeted* • Undercoating*

*Available in package only.

REAR DEFROSTER PACKAGE

• 500-amp maintenance-free battery* • Electric rear window defroster (required on all passenger vehicles registered in New York state)*

*Available in package only.

DIMENSIONS, WEIGHT AND CAPACITY

• Length: 187.2" • Width: 68.0" • Height: 53.1" • Wheelbase: 103.3" • Turning Diameter: 36.2' • Curb Weight (estimate): 2,757 lbs • Trunk Capacity: 17.1 cu ft • Passenger Capacity: 6 • Fuel Capacity: 14 gal

All product illustrations and specifications are based on authorized information. Although descriptions are believed correct at publication approval, accuracy cannot be guaranteed. Chrysler Motors reserves the right to make changes from time to time, without notice or obligation, in prices, specifications, colors and materials, and to change or discontinue models. See your dealer for the latest information.

POWER TRAIN CHART¹

Type	Displacement	Bore & Stroke	Compression Ratio	Horsepower	Torque	Transaxle Availability
				SAE Net @ RPM		
4-cylinder OHC: standard	2.5-liter (153 CID) electronic fuel injection; with balance shafts	3.44" x 4.09"	9.0:1	100 hp @ 4,800	133 lb-ft @ 2,800	Automatic (3.02 OTGR); standard
4-cylinder OHC: optional	2.2-liter (135 CID) turbocharged; electronic fuel injection ²	3.44" x 3.62"	8.1:1	146 hp @ 5,200	170 lb-ft @ 3,600	Automatic (3.02 OTGR); standard

OTGR—Overall top gear ratio.

¹Emissions controls and testing required at extra cost on all vehicles registered in California; not available otherwise.

²Turbocharged engine includes dress-up, multipoint fuel injection, and turbo identification. Premium unleaded fuel recommended. Turbocharged engine not recommended for trailer towing, and such use may invalidate warranty.

Corinthian leather with vinyl trim individually adjustable pillow-style 50/50 seats with four-way adjustable head restraints, dual folding center armrests and reclining seatbacks. Both front seatbacks and seat cushion facings have pockets. Rear seat has integral headrests and folding center armrests. Available in Twilight Blue, Charcoal, Cordovan, Almond.

Standard on New Yorker four-door sedan. Velvet cloth individually adjustable pillow-style 50/50 seats with four-way adjustable head restraints, dual folding center armrests and reclining seatbacks. Both front seatbacks and seat cushion facings have pockets. Rear seat has integral headrests and folding center armrest. Available in Twilight Blue, Charcoal, Cordovan, Almond.

CONSIDER LEASING

More consumers are considering leasing as an alternative to buying. Leasing a new Chrysler New Yorker usually involves a small security deposit and a first month's lease payment. Monthly payments are usually less than financing a new car purchase. Ask your dealer for details.

MOPAR parts are engineered by Chrysler Motors for use in your new Chrysler New Yorker. When replacement is necessary, be sure to specify MOPAR parts. Used by professional mechanics all over the world.
