

2007 ENTOURAGE

 **HYUNDAI**

Hyundai proudly introduces the 2007 Entourage. In addition to delivering a whole new level of premium comfort, versatility and quality, this exceptional minivan surrounds your family with an impressive combination of standard safety technologies that is unsurpassed by its class competitors. It also lets you take security and confidence along for the ride. So you don't have to leave any of the comforts of home at home.

NOW ALL THE COMFORT

AND SECURITY OF HOME

EXTEND WAY PAST YOUR

FRONT DOOR.

 **HYUNDAI**

The spacious Entourage interior holds two perfect worlds: yours and theirs. Relax in an entirely grown up, contemporary setting while the kids enjoy their idea of perfection in the comfy world behind you. Since the Entourage has a long wheelbase, your passengers have plenty of leg room in any of the three rows. And to keep everyone engaged, there's even an available rear DVD entertainment system screening this week's favorite movie.

- DUAL FRONT AUTOMATIC TEMPERATURE CONTROL WITH 2ND-ROW MANUAL CONTROLS ON SE AND LIMITED
- 8-WAY HEATED POWER DRIVER SEAT ON LIMITED
- POWER-ADJUSTABLE FOOT PEDALS*

- INTEGRATED MEMORY SYSTEM*
- ELECTROCHROMIC REARVIEW MIRROR WITH HOMELINK® INTEGRATED TRANSCEIVER ON LIMITED
- REAR DVD ENTERTAINMENT SYSTEM*

* Available as part of an option package
HomeLink is a registered trademark of Johnson Controls, Inc.

- MORE INTERIOR VOLUME THAN HONDA ODYSSEY OR CHRYSLER TOWN & COUNTRY
- SEATS UP TO SEVEN COMFORTABLY
- FRONT AND 2ND-ROW CAPTAIN CHAIRS
- SLIDE-ADJUSTABLE, FOLDING AND REMOVABLE 2ND-ROW SEATS WITH TRAY TABLE SEATBACKS
- HYUNDAI HIDEAWAY™ 3RD-ROW FOLD-FLAT SEATS

The Entourage makes it easy to be a super-parent by providing more than ten different seat configurations, 2nd-row multi-functional seats, a front folding table with four cupholders and endless storage possibilities. In fact, every corner of the Entourage's expansive 172.3 cubic feet of cabin space is filled with thoughtful features intended to keep your busy life running smoothly—and your passengers smiling all the way home.

Large Storage Possibilities

A remarkable 141.5 cubic feet of cargo space as well as multiple seat configurations will fit almost any situation. The 3rd-row 60/40 split seats easily fold flush into the floor. Both of the 2nd-row seats slide independently—forward and backward—and can be folded into convenient tables or removed for even more storage space. With roof side rails and available cross rails, you'll wonder how you ever managed without the endless versatility of the Entourage.

Comfort

Whether headed to the coast or to Grandma's house, the available power front seats will keep the driver and front passenger in custom-fitted comfort mile after mile, while the leather-trimmed interior on the Limited will keep everyone relaxed for the long haul.

Music

With the available premium audio system that features Infinity® 660-watt Logic7 surround sound, an in-dash 6-disc CD changer, 12-channel digital amplifier and 13 speakers, the new Entourage takes your ears to an all-new level in sound.

Infinity is a registered trademark of Harman International Industries, Inc.

Always have power and convenience right at your fingertips. Not only are the Entourage's power-sliding side doors a highly desirable option, they're also the quickest way to get everyone in and out. And thanks to an innovative remote, you'll have easy access. Plus, you can activate the power door locks and the available power tailgate, even with both hands full and both eyes on energetic kids.

Six Airbags

The Entourage's standard airbag system¹ includes advanced dual front airbags with an Occupant Classification System, front side impact airbags, and side-curtain airbags that extend from front to rear to protect every row.

¹The Supplemental Restraint System (SRS) is designed to work with the 3-point seatbelt system. The SRS deploys in certain frontal and/or side-impact conditions where significant injury is likely. The SRS is not a substitute for seatbelts, which should be worn at all times. Children under the age of 13 should be restrained securely in the rear seat. NEVER place a rear-facing child seat in the front seat of a vehicle that has a passenger-side airbag.

Hyundai believes that safety shouldn't be a luxury. As proof of our unwavering commitment to safety for everyone, we built the Entourage with the most precious cargo in mind: your family. Along with unsurpassed standard safety technologies in the minivan class, Entourage's reinforced steel body structure protects your family and anyone else who catches a ride home from the game.

Electronic Stability Control

ESC¹ with Traction Control is an active safety system that helps keep the vehicle on its intended path by automatically applying the brakes to individual wheels and adjusting throttle input as required.

¹Electronic Stability Control (ESC) with Traction Control System (TCS) cannot control your vehicle's stability under all driving situations. ESC with TCS is not a substitute for safe driving practices. No system, no matter how advanced, can overcome physics or correct poor driving. The driver is always responsible for controlling the vehicle, and must use caution to avoid loss of control in all driving conditions. Speed, road conditions and driver steering input will affect whether ESC with TCS can help prevent loss of control. See Owner's Manual for details.

Structural Integrity

The 2007 Entourage's reinforced unibody construction is intelligently engineered to absorb collision energy. High-tensile steel provides solid structural integrity, while front and rear crumple zones, bodyside reinforcements, hood-buckling creases and an energy-absorbing steering column help protect you in an impact from any direction.

Active Head Restraints

Designed to further protect the front occupants in a rear collision, this standard safety feature helps prevent whiplash by moving forward to reduce the gap between your head and the head restraint.

Backup Warning Sensors

Even backing up is safer in the Entourage. With a progressive sequence of beeps, the available warning sensors let the driver know if they detect something in the vehicle's path.

Child-seat Anchors

The Entourage features the LATCH child-seat attachment system in both the 2nd- and 3rd-row seats to help ensure accurate and easy installation every time. So even the smallest passengers receive uncompromising protection.

Tire Pressure Monitoring System

TPMS sensors monitor air pressure in the front and rear tires and alert the driver as to which tire's air pressure is critically low. This system is a standard feature on all Entourage models.

Yes, the Entourage may have the perfect interior for your kids, but its graceful, contemporary exterior was designed with you in mind. From its strong, wide stance and sculpted hood lines to its sleek headlights and chrome accents, the Entourage's stylish design is one you can feel good about, even when it's just sitting in the driveway.
