 **HYUNDAI**

2007 TUCSON | INTRODUCTION

DON'T BE SURPRISED IF
YOUR COMMUTE TURNS
INTO A ROAD TRIP.

It's no wonder the Tucson received the award for "Highest Ranked Compact Multi-Activity Vehicle In Initial Quality"™ from J.D. Power and Associates. Along with exceptional build-quality, it features advanced safety technologies, versatile cargo space and a long list of amenities to make every journey an adventure. Whether you're heading across town or cross-country, the ready-for-anything Tucson will get you there in comfort and style. So what are you waiting for? It's time to start driving.

LIMITED IN PLATINUM

 **HYUNDAI**

SE IN MESA RED

2007 TUCSON | PERFORMANCE

It's a big world out there. And the Tucson's 2.7-liter, double overhead cam V6 engine delivers 173-horsepower and 178 lb.-ft. of torque for taking it all on, mile after mile. Making the journey even more exciting is our 4-speed automatic with SHIFTRONIC, which gives you the sporting option of clutchless manual shifting. Of course, 4-wheel-drive is also available. Enjoy your trip.

- 2.0-LITER, 4-CYLINDER ENGINE ON GLS
- 2.7-LITER, ALL-ALUMINUM V6 ENGINE ON SE AND LIMITED
- 4-WHEEL INDEPENDENT SUSPENSION WITH MACPHERSON-STRUT FRONT AND MULTI-LINK REAR
- 4-SPEED AUTOMATIC TRANSMISSION WITH SHIFTRONIC®
- GAS-CHARGED HYDRAULIC SHOCK ABSORBERS
- AVAILABLE 4-WHEEL-DRIVE
- 16-INCH ALLOY WHEELS

SE IN NORDIC WHITE

2007 TUCSON | FEATURES

- HEATED POWER SIDE MIRRORS
- REMOTE KEYLESS ENTRY SYSTEM
- WINDSHIELD SUNSHADE BAND
- FRONT FOG LIGHTS ON SE AND LIMITED
- AVAILABLE POWER TILT-AND-SLIDE SUNROOF

Small Storage Possibilities

We're happy to put everything in its place. Especially with a two-tier center console, a dividable glove compartment and even an overhead console with a sunglass holder.

Automatic Temperature Control

Limited's temperature control with Air Quality System monitors cabin air and automatically makes adjustments as needed to maintain optimal comfort.

Electrochromic Rearview Mirror

The Limited's electrochromic auto-dimming rearview mirror not only reduces glare from lights behind you, but also features a compass to keep you moving forward in the right direction.

In the spirit of keeping your options open, we give you almost everything standard. From the heated power side mirrors and a remote keyless entry system to three convenient 12-volt outlets and large bottle holders, the Tucson is loaded with an impressive array of useful features. It is designed and fully equipped to make every trip worth the trip. So no matter where you find yourself, you've already found your oasis.

2007 TUCSON | INTERIOR

Spontaneity comes easily when someone else has thought of everything. And we've filled the Tucson with some of the most thoughtful features. From one serious audio system and ample storage for almost anything you might want to bring along, to refreshing air conditioning and a height-adjustable center console with two-tier storage, the Tucson is loaded with things that make it easy to be easygoing.

- AIR CONDITIONING* WITH CABIN AIR FILTER
- MULTI-FUNCTION TRIP COMPUTER ON SE AND LIMITED
- POWER WINDOWS WITH DRIVER'S AUTO-DOWN
- TILT STEERING WHEEL
- EIGHT BEVERAGE HOLDERS
- HEATED FRONT SEATS ON LIMITED†

2007 TUCSON | VERSATILITY

Have versatility, will travel. That's pretty much the motto with 125.3 cubic feet of total interior volume. And with the fold-flat front passenger seat and 60/40 split fold-flat rear seatback, the Tucson offers virtually endless storage-configuration possibilities. So, your travel plans will always remain flexible.

- **FOLD-FLAT FRONT PASSENGER SEAT**
- **60/40 SPLIT FOLD-FLAT REAR SEATBACK**
- **SIX FLUSH-MOUNTED METAL TIE-DOWNS**
- **SUB-CARGO-FLOOR STORAGE**
- **AVAILABLE RETRACTABLE CARGO COVER**
- **CARGO NET ON SE AND LIMITED**

2007 TUCSON | SAFETY

At Hyundai, we understand that it's not just where you go, but how safely you get there. And it is our unwavering commitment to your safety that really keeps us going. Just look at the Tucson's long list of standard safety features and reinforced body structure, all engineered to help protect you and your passengers. This vehicle is bound to make every journey a safe and happy one.

Anti-lock Braking System

For stopping power, the Tucson comes standard with 4-wheel disc brakes. They feature ABS, Brake Assist and EBD to help the driver maintain steering control in adverse conditions.

Electronic Stability Control

ESC¹ with Traction Control is an active safety system that helps keep the vehicle on its intended path by automatically applying the brakes to individual wheels and adjusting throttle input as required.

¹Electronic Stability Control (ESC) with Traction Control System (TCS) cannot control your vehicle's stability under all driving situations. ESC with TCS is not a substitute for safe driving practices. No system, no matter how advanced, can overcome physics or correct poor driving. The driver is always responsible for controlling the vehicle and must use caution to avoid loss of control in all driving conditions. Speed, road conditions and driver steering input will affect whether ESC with TCS can help prevent loss of control. See Owner's Manual for details.

Structural Integrity

The Tucson's robust body structure is intelligently engineered to absorb collision energy. Its high-tensile-steel unibody construction is further enhanced by steel roof rails, side-impact door beams and front and rear crumple zones for all-around protection.

2007 TUCSON | SAFETY

Six Airbags

Tucson's comprehensive airbag system[†] includes advanced dual front airbags and front side-impact airbags, plus front and rear side-curtain airbags. It's not surprising that the Tucson's safety is complimented with an NHTSA 5-star crash safety rating.

[†]The Supplemental Restraint System (SRS) is designed to work with the 3-point seatbelt system. The SRS deploys in certain frontal and/or side-impact conditions where significant injury is likely. The SRS is not a substitute for seatbelts, which should be worn at all times. Children under the age of 13 should be restrained securely in the rear seat. NEVER place a rear-facing child seat in the front seat of a vehicle that has a passenger-side airbag.

Child-seat Anchors

In the Tucson, even the smallest passengers receive uncompromising protection. Installing child seats securely is easy and fast, thanks to the standard LATCH child-seat-attachment system.¹

Tire Pressure Monitoring System

TPMS sensors monitor air pressure in all four tires and alert the driver when a tire's air pressure is low. This system is a standard feature on SE and Limited models.

Energy-absorbing Steering Column

An NHTSA report^{**} reveals that the energy-absorbing steering column is second only to the seatbelt system as an effective safety device when it comes to protecting the driver in a frontal collision.

NHTSA Crash Safety Rating

The Hyundai Tucson has received the U.S. government's highest crash safety rating of 5 stars for both front and side-impact collisions.*

* Government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (www.safercar.gov). 2006 model tested.

**From NHTSA's report, "Lives Saved by Federal Motor Vehicle Safety Standards and Other Vehicle Safety Technologies 1960-2002," October 2004.

¹ Child restraint system designs vary. Always consult instructions provided by manufacturer before installing.

GLS IN OBSIDIAN BLACK

2007 TUCSON | STYLING

The Tucson will turn your first impression into a lasting one. Its rugged good looks are not easy to forget. From its strong, sleek lines that stretch from hood to bumper comes a bold, adventurous style—one that will suit you whether you're in the mood for black tie or in search of the endless blue horizon.
