

# NEVER MET A BIG JOB IT DIDN'T LIKE.

When you combine Silverado HD with the available Duramax 6.6L Turbo-Diesel V8 engine and the Allison® 1000 Series six-speed automatic transmission, you get more horsepower and torque than any other heavy-duty diesel! The standard Vortec 6.0L V8 isn't short on muscle, either, and it's paired with a Hydra-Matic six-speed automatic transmission. A GM segment-exclusive<sup>2</sup> automatic locking rear differential is available. And three cab configurations, two box lengths, 2WD and 4x4, and both single and dual rear wheel offerings add up to 21 cab/box/drive/rear-wheel combinations.

Silverado 3500HD Big Dooley Crew Cab Long Box LTZ 4x4 in Black with available features.
