ALERO

START DRIVING IN COLOR

Some cars are mere transportation. Others are a little more entertaining. Then there's the **OLDSMOBILE ALERO**.

Engineered with the exclusive Active Response System, Alero hotlinks you to the car in a way

that makes even your commute a one-of-a-kind experience. **UNCOMMONLY AGILE** and fun to drive, it elevates

CONFIDENCE AND CONTROL into an entirely new dimension. "Sure it handles the curves," you say, "but how does it

handle my daily routine?" How does a roomy, comfortable **5-PASSENGER CABIN** and standard equipment

you won't find on the competition sound? It's all in Alero. Whether you need two doors or four—whether you

choose the GX, GL or GLS—Alero is one car that transforms everyday driving into a **UNIQUELY VIVID** event.

Alero GLS Sedan in Sterling.

START COLLECTING HAIRPINS

What makes Alero more fun? We call it the **ACTIVE RESPONSE SYSTEM**, and it helps you grab hold of any corner you choose. Sixteen individual features work together to actively connect you to the road with **MORE REFINED** manners, more **AGILE RESPONSE** and a more **ACCURATE FEEL** for the car. That translates to you as **NIMBLE HANDLING** to help hug hairpin turns. A **SMOOTH**, forgiving ride to soften up rough spots. Swift, **REFINED POWER** right when you want it. The tools you need to dial up the fun factor, and your **DRIVING CONFIDENCE**, whether you're stopping, starting or steering. For a complete explanation, turn the page. Then visit WWW.ALERO.COM/ARS.

MEET THE ACTIVE RESPONSE SYSTEM.

BORN TO BE NIMBLE

A **4-wheel Independent Suspension** lets each wheel respond individually to ensure nimble handling and a smooth ride. **Low Mass Aluminum Components** further help keep the tires planted to the pavement for a smooth, road-hugging ride.

FEEL THE ROAD

With a stiffness rating on par with some of Europe's finest, the Alero's **Rigid Body Structure** tunes in to the road while tuning out distracting vibrations, noises and rattles.

MORE TIRE, MORE FEEL

Wide, **Low-profile Tires** give you greater contact with the pavement. So you get a better connection and more control.

FUN-TUNED INTERIOR

Direct-mounted Seats are specially tuned so you feel less of the bumps, more of every curve, hill and highway. Direct mounting means less wobble and flex, while **Ergonomically Designed Gauges and Controls** are easy to read, easy to reach.

PRECISION STEERING

Direct-mounted Rack-and-Pinion Steering provides a feeling of precision, no wandering or drifting off course. And for hands-on control, the **Thick Steering Wheel** is easy to grasp for a feeling of confidence right down to your fingertips.

STOP AND GO WITH CONTROL

The **Antilock Braking System** helps you maintain steering control when braking hard on slick roads. Under acceleration, **All-speed Traction Control** enhances traction by reducing wheelspin on most slippery surfaces.

REFINED POWER

A **Hydroformed Engine Cradle** is created from a single piece of steel for better structural stiffness. It complements the **Torque-axis Design with Hydraulic Engine Mounts** so when you step on the gas, you feel less vibration and more exhilaration.

PERFORMANCE ON CALL

Tailored Throttle Response provides the smooth, progressive power you want, exactly when you want it.

GET THE RIGHT GEAR

Alero's **Electronic Automatic Transmission** is specially calibrated to smoothly select the right gear for your driving needs, whether you're accelerating onto a freeway or just cruising.

CONFIDENCE-INSPIRING BRAKING

Alero's responsive **4-wheel Disc Brakes** provide firm, positive braking with reduced fade.

LESS NOISE, MORE FUN

To help keep the fun nice and quiet, we used extensive **Noise Reduction Components**. Like sound dampening insulation, thicker glass and sleeker outside mirrors.

Alero GLS Coupe in Sandstone. Shown with available equipment.

OUTRUN THE ROUTINE with either of two refined and **RESPONSIVE ENGINES**: a **2.4-LITER DOHC** 4-cylinder with 150 hp and a broad torque curve, or the **3.4-LITER V6** with a full 170 hp and 200 lb-ft of torque. No matter which you choose, when you put in the call for **MORE POWER**, there's always an immediate answer. And thanks to liquid-filled engine mounts, the V6's rigid block and the four's dual balance shafts, the response is **IMPRESSIVELY SMOOTH**. While these engines help you get acquainted with the passing lane, they also help ensure you won't be on a first-name basis with your mechanic. **LOW-MAINTENANCE** features include long-life engine coolant and transmission fluid, along with platinum-tipped plugs that last up to **100,000 MILES**.* And chain-driven cams in the 4-cylinder absolve you from having to change a timing belt.

*Maintenance needs vary with different uses and driving conditions. See the Owner's Manual for more information.
Vehicles with DEX-COOL brand coolant must be refilled *only* with DEX-COOL.

DUAL CAMSHAFTS, MORE GO

The 4-cylinder's dual overhead cams enhance engine breathing to boost power. Dual balance shafts nearly eradicate vibration.

POWER ON DEMAND

The available 3.4-liter V6 has a broad, flat torque curve peaking at 200 lb-ft. So there's always plenty of passing power on call.

GET INTO GEAR

Shift for yourself with the available 5-speed manual transmission. Or leave it to the slick computer-controlled 4-speed automatic.

START ENJOYING OPEN SPACES

Inside Alero's **ERGONOMICALLY DESIGNED** interior, you'll find your movements remarkably unencumbered. You could attribute this to the open, **AIRY-FEELING CABIN** with its roomy **SEATING FOR FIVE** and plenty of space for storage. Or to the driver's seat, specially designed with deep, supportive side and bottom bolsters for **ENHANCED COMFORT**—and an enhanced connection with the car. Or perhaps to the **EASY-TO-REACH** controls arrayed at your fingertips and the neatly organized instruments framed within the **ARTFUL CURVES** of the dash. But we prefer to credit the fact that you can enjoy driving anywhere in an Alero. You'll run out of road before you run out of comfort.

*Scientists call it
Adult Driver's Dilemma:*

*Go for the fun car or
one that fits the family?*

At last a cure: Alero.

*In both the Coupe and Sedan,
twin tuned seats up front
and spacious 3-across seating
in back ensure Alero is
roomy and comfortable enough
for everyone to enjoy.*

5 PASSENGERS

in Neutral. Shown with available equipment.

Alero GL Sedan. Shown with available equipment.

FEATURES

Why is it that the typical list of “standard equipment” usually seems well below standard? We consider basics like **AIR CONDITIONING, POWER DOOR LOCKS, CRUISE CONTROL** and a **CD PLAYER** essentials, not extravagances. They’re standard on every Alero. As are dual cupholders, **AMPLE STORAGE SPACES**—including an overhead bin and large glove box with left-side release for easier driver operation—and a 70/30 **SPLIT-FOLDING REAR SEAT**. GL and GLS models feature **STANDARD POWER CONTROLS** for the windows, side mirrors and driver’s seat height. Standard on GLS and available on GL is the 6-way power driver’s seat adjustment feature.

EXTRA-LARGE TRUNK

Two things you can never have too much of: fun and cargo space. Alero has you covered on both fronts with a one-of-a-kind driving experience and 14.6 cu ft of trunk space. And the trunk’s low liftover height makes loading easy.

A COMFORT FIT

The Sedan's front shoulder belts are height adjustable to fit almost every person precisely. Alero is indeed engineered for comfort.

FOR YOUR CONVENIENCE

Front-door storage pockets in GL and GLS models keep essentials for the road handy.

HANDS ON THE WHEEL

No searching for hidden buttons. All functions for the cruise control are mounted right on the wheel.

ULTIMATE SOUND

Alero's Premium Sound system (standard in GLS and available in GL) features a potent 200 watts of clean power and eight speakers to give you sharp reproduction.

POWER ON THE RUN

Two power outlets can handle portable electronic gear. There's also a space to store the equipment.

VERSATILE SPACE

Thanks to Alero's 70/30 split-folding rear seat, you can carry long cargo without losing the entire rear seating area.

Alero GL Sedan in Midnight Blue. Shown with available equipment.

IS IT STYLE OR SUBSTANCE?

Even with its smooth shape, Alero has an edge. You see it in the **SCULPTED BODY**, the available **6-SPOKE ALLOY WHEELS**, the roofline that makes Alero look like it's accelerating, even while it's standing still. Then there are the **JEWEL-LIKE LAMPS**, giving the impression you can see into the car's soul from the front or rear. You can make your own statement with the optional **REAR SPOILER**.* Yet you'll still make it quietly—Alero whispers through the atmosphere with an **AERODYNAMICALLY OPTIMIZED** design, including flush-mounted glass for **REDUCED TURBULENCE** and wind roar. Finally, to ensure Alero **STAYS LOOKING NEW**, we used 2-sided galvanized dent-resistant steel, mirrors that spring back if struck, and radio antennas integrated into the rear glass and out of the path of flying objects. Proving that, like all true originals, Alero will age well.

*Standard on GLS Coupe and GL2 Coupe/Sedan.

YES

LARGE TAIL LAMPS

You can see danger ahead and stop in time. But what about those behind you? More visible brake lamps are designed to reduce the chance of a rear-end collision.

ILLUMINATING LIGHTING

Daytime running lamps make you more visible to oncoming traffic, even in bright sunlight. At night, halogen headlamps and available foglamps make objects more visible to you.

ANTILOCK BRAKES

When you need to brake hard, Alero's standard ABS helps keep the wheels from locking up. So you can stop with more stability and steer around potential hazards.

AVOIDANCE

Your best defense in a collision is avoiding it altogether. So we equip every Alero with 4-wheel disc brakes with ABS and traction control to help you avoid danger. Halogen headlamps with automatic control, available foglamps and expansive outward visibility make it easier to spot trouble, while daytime running lamps make it easier for others to see and avoid you.

LARGE MIRRORS

It's easier to avoid other cars when you can see them. That's why we outfitted Alero with bigger side mirrors, giving you a broader view of what's behind you.

ALL-SPEED TRACTION CONTROL

It's not optional. It's standard, helping to minimize wheelspin any time you want to accelerate—from a stop, at speed or zipping out of a precarious situation.

PROTECTION

Designed to help protect occupants in a collision, Alero's rigid body structure helped it earn a 4-star rating for the driver and front passenger in a U.S. government frontal crash test. Additional defenses include front and rear crush zones, steel beams and energy-absorbing materials in the doors, high-strength pillars, driver and front-passenger air bags,* and rear child safety-seat upper anchors.

*Always use safety belts and proper child restraints, even with air bags. Children are safer when properly secured in a rear seat. See the Owner's Manual for more safety information.

SECURITY

Even before you start the car, Alero helps keep you more secure with the PASSLock II theft-deterrent system and rundown protection to preserve the battery if you've left inside lights on. Other features include automatic power door locks, rear-door child security locks and an available keyless entry system, with panic feature, that lets you lock the doors by remote control.

START SOMETHING NEW. OLDSMOBILE OFFERS A
COMPLETE LINE OF FIVE VEHICLES WHICH UNIQUELY COMBINE SOPHISTICATION WITH AGILITY. ONE LOOK WILL TELL YOU THESE
VEHICLES ARE DIFFERENT: REFINED, BUT WITH A BIT OF AN EDGE. ONE DRIVE WILL TELL YOU THE REST OF THE STORY. FINELY TUNED STEERING AND SUSPEN-
SION SYSTEMS, ENGINES AND INTERIOR DESIGNS ALL WORKING IN CONCERT, DELIVERING A FEELING OF COMPLETE CONTROL
TO YOU, THE DRIVER. FROM YOUR FIRST LOOK TO YOUR FIRST DRIVE, YOU'LL KNOW WHAT WE MEAN WHEN WE SAY "START SOMETHING."

- Gold-tinted front and rear emblems, Alero and Oldsmobile lettering on rear panel.
- [Not available with Sterling (12) or Bronze Mist (76) exterior colors.]

SPECIAL FEATURE HIGHLIGHTS

LOW-MAINTENANCE FEATURES

Alero offers a number of features to save you time and money throughout your ownership period:

- Maintenance-free battery
- Maintenance-free steel timing chain (2.4-liter DOHC 4-cylinder engine)
- 100,000-mile tune-up interval*
- Long-life fluids, including coolant, brake fluid, and automatic transmission fluid that will last up to 100,000 miles or more (excludes normal maintenance)
- Long-life stainless steel exhaust system
- Spring-away outside rearview mirrors
- 5-mph bumpers

OWNERCARE FEATURES

Alero offers an extensive ownercare package throughout the warranty period:

- 24-hour Roadside Assistance
- Courtesy Transportation
- 3-year/36,000-mile Bumper-to-Bumper Limited Warranty
- 6-year/100,000-mile corrosion warranty

A WORD ABOUT OLDSMOBILE

The Occupant Protection, Crash Avoidance and Security/Theft Deterrence sections below contain a partial listing of Alero safety features. See your dealer for complete details.

USE YOUR GM CARD

When you use The GM Card, you receive 5% Earnings* on your purchases toward the purchase or lease of an eligible new GM car or truck (excluding Saturn, Saab, and EV1 unless subject to a special promotion). These Earnings can save you hundreds, even thousands, toward a new GM car or truck. To apply for your GM Card, call 1-800-8GM-CARD 24 hours a day. Visit us online at www.gmcard.com. *See the applicable Earnings and use rules for your GM Card (either the GM Card Earnings Program Rules or The GM Card Redemption Allowance Program Rules) for terms, conditions, and limitations.

SMARTLEASE BY GMAC

SMARTLEASE lets qualified customers pay for the expected depreciation of the vehicle over a period of time, plus a rent charge, taxes and fees, rather than paying for the entire vehicle as you would with traditional financing. This typically means with SMARTLEASE you'll be able to drive a new vehicle every few years or drive a better-equipped model. Ask your Oldsmobile dealer for more information or call 1-800-32-SMART.

FOR OCCUPANT PROTECTION

Adjustable front shoulder belt guides (Sedan) • Driver and front-passenger air bags • Automatic door locks • Rear outboard adjustable shoulder belt guides • Safety belt cinch capability for child seats • Rear door child-security locks (Sedan) • Power window lockout (Sedan) • Child restraint upper tether anchors • Safety belt energy management

A NOTE ON CHILD SAFETY

Always use safety belts and proper child restraints, even with air bags. Children are safer when properly secured in a rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active air bag. See your vehicle Owner's Manual and child safety seat instructions for more safety information.

FOR CRASH AVOIDANCE

Front and rear antilock brakes • Brake/transmission shift interlock • Front and rear disc brakes • Audible brake wear indicators • Maintenance-free battery • Tires with built-in tread wear indicators • Traction control • Automatic daytime running lamps • Door warning reflectors • Halogen headlamps • Rear window defogger • Front side-window defogger • Tinted glass windshield • Automatic exterior lamp control • Outside power rearview mirrors

FOR SECURITY/THEFT DETERRENCE

Anti-lockout feature • Battery-rundown protection • Laser-etched VIN plate • PASSLock theft-deterrent system • Remote deck release • Remote hood release

A WORD ABOUT THIS CATALOG

We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment specifications, models and availability. Since information may have been updated since the time of printing, please check with your Oldsmobile dealer for complete details. Oldsmobile reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times.

THE GM MOBILITY PROGRAM

Oldsmobile recognizes the importance of mobility to everyone's life and, therefore, offers financial assistance to persons with disabilities through the General Motors Mobility Program. This program can provide up to \$1,000 reimbursement toward the cost of eligible aftermarket adaptive equipment for drivers and passengers. For details and free resource information, call: 1-800-323-9935 (TTY users: 1-800-833-9935).

ASSEMBLY

Oldsmobiles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM Worldwide. We sometimes find it necessary to produce Oldsmobiles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

ENGINES

Oldsmobiles are equipped with engines produced by different operating units of GM, its subsidiaries or suppliers to GM Worldwide.

UPDATED SERVICE INFORMATION

Oldsmobile dealers receive useful service bulletins about Oldsmobile products. You can order them by calling 1-800-551-4123.

BUMPER-TO-BUMPER LIMITED WARRANTY

For three years or 36,000 miles (whichever comes first), every part of your new Alero is warranted for repairs to correct any vehicle defect related to materials or workmanship, including tires. With this limited warranty, there's no deductible, which means we'll pay for any repairs beyond normal maintenance. All body sheet metal components are warranted against rust-through from corrosion for six years or 100,000 miles, whichever comes first. There is also no deductible for rust-through repairs. Application of additional rust-inhibiting materials is not required or recommended. See your Oldsmobile dealer for the terms of this limited warranty.

OWNER AFTERCARE

Throughout our three-year/36,000-mile (whichever comes first) Bumper-to-Bumper Limited Warranty, we also offer Courtesy Transportation, free trip routing and 24-hour roadside assistance by calling 1-800-442-OLDS. At Oldsmobile, we're committed to your satisfaction long after the purchase of your car.

Visit us at www.oldsmobile.com or call 1-800-255-6537 for information on any Oldsmobile product. For more information about Alero, visit our website at www.alero.com, or call toll free 1-877-ALERO4U.
