

05 SAFARI | SAVANA

GMC

Serious movers of
people and cargo.

When a car-based minivan simply isn't enough vehicle to meet your needs, GMC has the answer. Our mid-size Safaris and full-size Savanas are serious vans loaded with serious truck engineering. Like rugged structures. Renowned Vortec engines. And a choice of rear-wheel-drive or all-wheel-drive (AWD) powertrains. At the same time, Safari and Savana are comfortable, smooth-riding vehicles that handle every passenger with care. They also feature highly versatile interiors capable of carrying huge amounts of cargo when that's the task at hand.

Safari and Savana. Legendary movers of people and cargo, from the engineers at GMC.

SAFARI instrument panel.

SAFARI. PRACTICALLY, IT'S PERFECT.

SAFARI OFFERS STANDARD SEATING for eight people in a comfortable, spacious and well-equipped passenger compartment. It's also a highly satisfying vehicle to drive. You sit tall in Safari, with a commanding view of the road. Handsome, easy-to-read analogue gauges keep you informed about a range of vehicle functions. The heating, ventilation and air conditioning system is powerful and simple to operate, even when you are wearing gloves. Other standard features you'll appreciate include dual front cupholders, multiple auxiliary power outlets and a quality sound system complete with a CD player.

- a. Standard on Safari SLE and SLT, the overhead console includes storage compartments, 4 map/reading lights, an electronic compass, an exterior temperature readout and a trip odometer. SLT adds HomeLink universal 3-channel transmitter controls shown.
- b. A fold-down centre armrest with convenience tray and dual cupholders is an integral component of Safari SLT's standard 3-passenger 2nd-row seat.
- c. A CD player is standard on every Safari. A premium audio system with CD and cassette tape players, 8 speakers and other upscale features are standard on Safari SLT and available on Safari SLE.

SAVANA SLE interior, showing left-hand swing-out side door available on regular wheelbase models.

SAVANA. ROOM AND COMFORT FOR UP TO FIFTEEN.

SAVANA IS THE PEOPLE MOVER par excellence. The standard seating package on 2500 and 3500 series models accommodates an even dozen occupants. If that's not enough, 3500 series long-wheelbase models offer an available package with five rows of seats and room enough for as many as fifteen people. Entry and exit are easy, with generously sized standard right-hand side and available left-hand side swing-out doors. All passengers will find their journey comfortable and entertaining, too, thanks to Savana's supportive seats, standard air conditioning, front and rear heaters and a range of available quality audio systems.

- a. Savana offers an excellent choice of sound systems, including the AM/FM stereo with integral 6-disc CD changer shown here.
- b. Savana provides its driver with clear analogue instruments and well-positioned controls. For added convenience, the instrument panel includes a pair of auxiliary 12-volt power outlets.
- c. Wide-opening right-hand side doors provide excellent access to Savana's interior, regardless of whether you're loading passengers or cargo. Or choose the available right-hand side sliding door, at no extra charge. Swing-out left-hand side doors are available on regular wheelbase models.

Savacious

ROOM TO DO MORE. MUCH, MUCH MORE.

SAFARI

- a. Safari SL and SLE models feature swing-out rear load doors. A Dutch door package shown, including an electrically released liftgate and split sidegates, is standard on Safari SLT and available on SL and SLE.
- b. With all 3 rows of seats in place, Safari carries up to 8 occupants and 1170 L (41.3 cu. ft.) of cargo.

SAVANA

- c. The 3rd-row seat is easily removed when necessary to accommodate extra cargo. In this configuration, Safari can accommodate 5 occupants and 2957 L (104.4 cu. ft.) of cargo.
- d. For maximum cargo-carrying capacity, the 2nd-row seat can also be removed. That creates a load floor more than 2.5 metres long and allows a cargo capacity of 4825 L (170.4 cu. ft.).

WITH A GMC VAN, you have the capacity and versatility you need for everything you want to do. Safari offers more interior space than any front-wheel-drive minivan.* Then there's Savana's voluminous interior, which is so large it seems almost capable of swallowing a minivan whole. Why limit yourself with anything less than a GMC van?

*Based on 2004 Model Year data for the GM Medium Van segment and the latest published competitive information available at time of printing. Excludes other GM vehicles.

SERIES/MODEL	WHEELBASE mm (in.)	SEATING CAPACITY

QUALITY TRUCKS RIGHT DOWN TO THEIR BONES.

Savana cargo vans offer the added convenience of available Savana Pro and Pro Plus packages, which include 3 handy rear access panels. For more information on GMC Savana cargo vans, please ask your Sales Consultant for the GMC Commercial Trucks brochure.

GMC TRUCK TECHNOLOGY is ever-present in the Safari and Savana passenger vans. Take Savana's sturdy steel ladder frame, shown above. A rigid, three-piece welded design with fully boxed side rails, it contributes to excellent quality, durability and crashworthiness. Or Safari's uniframe body with front stub frame. These are just some of the many robust, precision-engineered components that have helped make Savana and Safari legends among North American van drivers.

Strong

SAVANA SLE shown in Polo Green Metallic.

05 **PERFORMANCE**

LEGENDARY VORTEC POWER TO TACKLE EVERY CHALLENGE.

BRING ON YOUR HEAVY HAULING AND TOWING ASSIGNMENTS. Thanks to renowned Vortec power under the hood, Safari and Savana have more than enough muscle to handle them. Safari features a standard 190 horsepower Vortec 4300 V6 and a maximum trailer towing rating of up to 2449 kg (5400 lb.).* Savana's engine choices start with the Vortec 4300 V6 and extend all the way up to a 300 horsepower Vortec 6000 V8 capable of towing as much as 4445 kg (9800 lb.).* A proven electronically controlled four-speed automatic transmission is standard in every GMC van, and heavy-duty transmissions are used exclusively in Savana 2500 and 3500 models.

*When properly equipped.

- a. The Vortec 6000 V8 with 300hp @ 4400 rpm and 360 lb.-ft. of torque @ 4000 rpm is standard on Savana 2500 and 3500 models.
- b. Four-wheel disc brakes and an anti-lock braking system (ABS) are standard on all Safari and Savana models. Dynamic Rear Proportioning electronically adjusts the application of the rear brakes to help improve brake balance and reduce stopping distances.
- c. A Tow/Haul mode is integrated into every Safari and Savana transmission. At the touch of a button, it provides a revised shift pattern for improved performance when you're carrying a heavy load or towing a trailer. Savana dash-mounted activation switch shown.

ENGINEERED FOR FOUR-SEASON SAFETY.

Safari and Savana cut through winter driving conditions with confidence, thanks to such traction-maximizing features as ABS and available all-wheel drive (AWD). The StabiliTrak vehicle stability enhancement system, standard on Savana 3500 passenger models, helps control potentially dangerous lateral skids on most surfaces.

Heated, power-adjustable exterior rear-view mirrors are available on Savana, with or without integrated turn signal indicators.

Available on Safari and Savana 1500, all-wheel drive (AWD) helps keep you from getting stuck by sensing when a wheel is starting to slip and automatically redistributing torque to the wheels with superior traction.

CRASH PREVENTION AND PASSENGER PROTECTION are equally high priorities in Safari and Savana. Four-wheel disc brakes with ABS, dual frontal air bags and LATCH provisions for securely attaching child safety seats are just a few of the standard safety features you'll find on every model.

For over a century, GMC has advanced the state of the art in trucks by the intelligent application of technology. Case in point: OnStar. OnStar uses advanced communications technology to enhance your peace of mind whenever you're in your GMC Truck. All it takes is the touch of a single OnStar button inside your vehicle to connect you with one of our Advisors at the OnStar Centre.* They are standing by, ready to provide support 24 hours a day, 365 days a year.

What can OnStar Advisors do for you? They not only provide information and a range of other direct assistance services – but also, in an emergency, they will contact emergency service providers. And if air bags are deployed in your vehicle, an Advisor will contact you to determine if you need assistance. Your Advisor can also perform a remote diagnostic check of your engine and the electrical components in your vehicle.

Another convenient feature is OnStar Personal Calling,** which uses a button to activate the hands-free, voice-activated wireless phone that's integrated into your vehicle. It's there just in case your hand-held cellphone is lost, forgotten or has a low battery. Even better, there are no additional monthly system access fees, or additional long distance and roaming charges. And as a new customer, you will receive 30 trial minutes.

Knowing you have OnStar on board provides a powerful sense of added security. Just ask the more than 100,000 people who have become OnStar subscribers in Canada. How hard does OnStar work for you? The facts speak for themselves: every month in Canada OnStar Advisors handle an average of 7,100 routing calls, 2,000 emergency calls, 1,900 door unlocks, and 1,050 Roadside Assistance dispatches.

The OnStar System with one year of the Safe & Sound Plan is available on all Savana models. OnStar also offers the available Directions & Connections plan that provides route information, as well as a host of other convenience services. See your dealer for more details about the plans for Savana.

*Subscription Agreement necessary. OnStar services require vehicle electrical system and wireless service to be available and operating for features to function properly. OnStar relies on existing emergency service providers as well as wireless and satellite technologies and is subject to their limitations. Due to the transition of the wireless industry from analogue to digital technology, as of January 1, 2008, OnStar plans to offer service only through equipment that operates on the digital network, which may require the purchase of a system upgrade. Call 1-888-4ONSTAR (1-888-466-7827), see your OnStar Owner's Guide, or visit www.onstarcanada.com for system information and details.

**Requires OnStar Personal Calling-enabled vehicle, existing OnStar service contract and prepaid calling minutes. OnStar voice recognition system may not recognize all voices. Available in most markets.

a. Splash guards – Made from fortified, rubber-reinforced polypropylene. Various styles available.

b. Hood air deflector – Protects your vehicle's hood and windshield from insects and small road debris.

c. Running boards – Various styles available. See dealer parts department for details.

d. Floor mats – Waffle-moulded to gather snow and mud. Front mats feature GMC logo.

QUALITY ACCESSORIES TO MAKE YOUR VAN TRULY, UNIQUELY YOURS.

Take the styling and functionality of your new GMC van to an even higher level and reflect exactly who you are with the addition of GM Accessories. They are the only accessories that are integrated into the process of designing your vehicle, ensuring excellent fit, finish and functionality. And only GM Accessories are backed by GM's 3-year/ 60,000 km TOTAL™ Warranty.* They can also be included in your new-vehicle lease or finance agreement through GMAC. Ask your dealer for a complete list of the GM Accessories available for Safari and Savana, or visit gmcanada.com

*Whichever comes first, when permanently installed by the dealer at the time you purchase or lease your new vehicle.

GM Accessories for Safari and Savana include:

- Moulded hood protector
- Vinyl floor mats
- Painted running boards
- Moulded splash guards
- Hitch-mounted bike carrier.

PREFERRED EQUIPMENT GROUPS

Shown below are the Preferred Equipment Groups (PEGs) available on GMC Savana. PEGs are packages of popular options that have been assembled to add value and make ordering easier. PEGs are subject to change without notice. Please note that features included in PEGs are not always available as individual options. For more information on Preferred Equipment Groups, please see your Sales Consultant.

You can upgrade the SL Passenger model by adding these features: • Power windows and door locks • Tilt adjustable steering column and cruise control • Auxiliary Lighting Package – reading and underhood lights • Dual visor mirrors, RH illuminated

You can easily upgrade the SLE Passenger model by adding these popular features: • Front and rear air conditioning (standard on 3500 LWB model) • Deep-tinted glass behind front doors • Remote keyless entry system • Power remote-control, heated foldaway exterior mirrors • Electrochromic auto-dimming interior rear-view mirror with compass and exterior temperature display • Leather-wrapped steering wheel • Aluminum wheels (1500 models only)

A word about this brochure

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your GMC dealer for complete details. General Motors of Canada Limited reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times.

Privacy Statement

At General Motors of Canada Limited ("GM Canada") we respect your privacy and value our relationship with you. Your personal information will be protected, will never be sold, and will be used only by GM Canada, our affiliates, dealers/retailers, and service suppliers (only to provide services). If you wish to be removed from GM Canada marketing communications; would like to limit only certain marketing communications from us; would like a listing of our specific uses or further information about those with whom your information is shared; or for further information about our Privacy Policy and practices, please contact us at 1-800-GM-DRIVE (1-800-463-7483) or through our Web site at www.gmcanada.com

A word about assembly

GMCs are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in GMCs. Certain equipment ordered may be unavailable at the time of assembly and we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.

Trademark

The marks appearing in this Safari/Savana brochure including, but not limited to: General Motors, GM, the GM Canada emblem, the GM Canada Web site address, the GM Accessories logo, GMC, the GMC logo, Canyon, Envoy, Jimmy, Safari, Savana, Sierra, Yukon, and their respective logos, emblems, slogans and vehicle model names and body designs; and other marks such as PASSLock, SMARTLEASE, Solar-Ray, StabiliTrak, TOTAL Warranty and Vortec are all trademarks of General Motors Corporation and/or General Motors of Canada Limited, its subsidiaries, affiliates or licensors.

GMAC is a registered trademark of the General Motors Acceptance Corporation.

OnStar, the OnStar logo and the OnStar button are all registered trademarks of the OnStar Corporation.

TheftLock is a registered trademark of Delphi Automotive Systems.

HomeLink is a registered trademark of the Prince Corporation.

Radio Data System (RDS) is a registered trademark of the U.S. National Association of Broadcasters.

Copyright

Savana Exterior Colours

Colours may not be exactly as illustrated due to restrictions of the printing process. Please see your Sales Consultant for specific colour and model availability.

05 SAFARI | SAVANA

At GMC, we set the highest possible standards for ourselves and our vehicles. Only the best is good enough – and only until we find a way to make it even better. This relentless pursuit of improvement has been going on for over a century now, and for 2005, it's resulted in the finest line of pickups, vans and SUVs we've ever built. If you believe, as we do, in only settling for the best, one of them could be for you.

COMMITMENT

We're committed to engineering and manufacturing GMC Safari and Savana so that they are an absolute pleasure to drive. And that's just the beginning. We're also committed to making the ownership experience just as responsive to your specific needs. You'll find that our comprehensive support programs make it easier to purchase or lease a GMC. They also help to protect you and your vehicle down the road. A powerful example of the level of protection you can expect is the GM TOTAL™ Warranty. It's so thorough it covers your vehicle from the roof right down to the tires. So when you drive off the lot of your GMC dealership, you can do so with total confidence. Peace of mind is knowing that your vehicle is built for the long haul, and is backed by a comprehensive warranty.

THE GM TOTAL™ Warranty:†

The GM TOTAL™ Warranty is your promise of total warranty protection. It covers every new GMC Safari or Savana for 3 years or 60,000 km.* Complete vehicle repairs are covered,** including parts and labour, with no deductible. The warranty includes:

- 3-year/60,000 km* complete vehicle repair coverage
- 6-year/160,000 km* corrosion perforation coverage
- 8-year/130,000 km* coverage on catalytic converters and powertrain control modules (PCMs).

*Whichever comes first. **To correct any defects in material or workmanship occurring during the warranty period. Regular maintenance is not included, nor is excessive wear and tear caused by reckless or negligent driving.

OTHER OWNERSHIP PRIVILEGES AND PROGRAMS:†

- Roadside Assistance – 24/7 service via toll-free number during your warranty period, anywhere in Canada or the United States
- Courtesy Transportation – may be offered during warranty period
- GM Protection Plan (GMPP) – the only extended service contract backed by the resources and commitment of General Motors; GMPP may be purchased at the time of your sale or lease, or subsequently
- GM Mobility Program – you may be eligible for reimbursement of up to \$1000 (taxes included) for adaptive equipment for your GM vehicle
- GM Accessories – personalize your vehicle with GM Accessories, specifically engineered for your new GM vehicle
- GM Goodwrench Service – with GM-certified technicians and GM-approved parts, nobody knows your GM vehicle better.

TO HELP YOU PURCHASE OR LEASE A NEW VEHICLE:

- GMAC Financing – on-the-spot financing at your GM dealership††
- GMAC SMARTLEASE – a smart alternative to traditional financing††
- GM Graduate Program – recent graduates may qualify for up to \$1000 (taxes included) off any new GM vehicle†
- The GM Card – eligible cardholders may be able to redeem up to \$3500 in GM Card® Earnings toward the total purchase price or lease down payment on selected vehicles. For more information on The GM Card please call 1-800-461-3279.†

INFORMATION RESOURCES:

You can find more information about these programs from your GM dealer, or at these information centres:

- The GM Web site at gmcanada.com
- The GM Customer Communication Marketing Centre at 1-800-GM-DRIVE (1-800-463-7483 or 1-800-263-3830 for TDD users) – for information about any GM product or service, including The GM Card and the GM Mobility Program
- For information about GMAC visit the GM Web site or call 1-800-616-4622.

†Conditions and limitations apply.

††Subject to eligibility.
