

# NEW 2019 TRANSIT CONNECT VAN

## Capable, Smart, and Versatile

Transit Connect continues to provide a capable solution for your business needs, and the third generation is smarter than ever with a multitude of new driver-assist features.

### Transit Connect Van Offers the Most Driver-Assist Features in its Class<sup>1</sup>

- Pre-Collision Assist with Pedestrian Detection Standard<sup>2</sup>
- Lane Keeping System<sup>3</sup>
- Blind Spot Information System with Cross Traffic Alert
- Side-Wind Stabilization Standard
- Diesel Engine
- Wireless Phone Charging<sup>4</sup>
- Embedded Modem Standard<sup>5</sup>

### New 2019 Transit Connect Passenger Wagon

And for those who go directly from their work week to their weekend, Transit Connect Passenger Wagon is an alternative to SUVs and conventional minivans. It offers capability and versatility, plus it is expected to be one of the most affordable seven-passenger vehicles in the United States.

# NEW 2019 TRANSIT CONNECT VAN

## Capable, Smart, and Versatile

### CAPABLE

- Two New Engines
  - 2.0L 4-cylinder direct injection gas engine
  - 1.5L EcoBlue diesel engine – targeted to have EPA-estimated highway 30 MPG
    - Both engines offer:
      - ✓ Auto Start-Stop
      - ✓ 8-Speed Automatic Transmission
      - ✓ EcoMode and EcoCoach
  - 2.5L IVCT gaseous fuel prep engine (fleet only option) CNG/Propane adaptability
  - Unsurpassed towing capability of 2,000 lbs. with available tow package
  - 180-Degree Rear Swing Out Cargo Doors or Rear Liftgate
  - Dual-Sliding Side Doors
  - HID headlamps

### SMART

#### Driver Assist Technology

- Standard
  - Pre-Collision Assist with Pedestrian Detection
  - Side-Wind Stabilization
- Available
  - Adaptive Cruise Control
  - BLIS with Cross Traffic Alert
  - Lane Keeping System

#### Smart Technology

- FordPass Connect with 4G LTE Modem
- Wireless Charging

### VERSATILE

- 6-way manual driver seat and 4-way manual passenger seat with fold-flat back
- New interior materials and enhanced seat comfort
- Redesigned Instrument Panel with available 6.5" floating screen (standard on XLT)
- Most configurations in its class
- Side panels let you promote your company with a mobile billboard

<sup>1</sup> Class is Small Vans based on Ford segmentation.

<sup>2</sup> Driver-assist features are supplemental and do not replace the driver's attention, judgment and the need to control the vehicle. Pre-Collision Assist with Pedestrian Detection can detect pedestrians, but not all conditions and does not replace safe driving.

<sup>3</sup> Lane-Keeping System does not control steering.

<sup>4</sup> Not all phones are compatible with wireless charging. Available wireless phone charger supports Qi and PMA standards.

<sup>5</sup> Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices when driving.
