We are so confident in the well-made, reliable Oasis, we back it with one of the longest basic warranties in its class—36 months/50,000 miles. The powertrain warranty lasts for 60 months or 60,000 miles. And you can get even longer coverage with the Isuzu Protection Plan. We also provide 24-hour Roadside Assistance for the first five years or 60,000 miles. Once you buy a new Oasis, our owner 800 line can answer questions about its care. You can learn more about Isuzu webigles on your own by a backing a great way to be a long for \$100.000 miles.

<sup>\*</sup>Use estimated EPA figures for comparison. Your mileage may vary due to speed, weather, trip length and road conditions.

<sup>&</sup>lt;sup>3</sup>Towing capacity assumes driver, one passenger and required trailering equipment. Subtract weight of additional passengers, equipment and cargo for final towing capacity. Always use an approved hitch and trailer brakes.
