

2020 Hyundai

SONATA Hybrid

¹The smart trunk will open when your Proximity Key is within 40 inches of the detection area for at least 3 seconds. Radio transmitters and other vehicle smart keys may interfere with the normal operation of this feature. See Owner's Manual for further details and limitations. Always close your trunk before operating the vehicle. ²EPA estimates for comparison only. Mileage may vary. Your actual mileage will vary with options, driving conditions, driving habits and the vehicle's condition. Driving range estimate based on fuel tank capacity and EPA-estimated combined MPG rating. ³Claim based on comparison of specifications on manufacturer websites at the time of printing. ⁴Near Field Communication (NFC) digital smartphone key requires a compatible Android smartphone and an appropriately equipped 2020 Sonata vehicle. Not all Android devices are compatible. Sonata vehicle must be equipped with a smart key and push button start, wireless device charging, and Audio Video Navigation System 5.0 (or newer) or Display Audio 2.0. Features and specifications subject to change. See your Owner's Manual or visit your local Hyundai dealer for additional details and limitations. ⁵Complimentary maintenance includes Hyundai-approved oil and oil filter change (except for electric vehicles and fuel cell electric vehicles) plus tire rotation at normal factory-scheduled intervals for 3 years or 36,000 miles, whichever comes first. Offer valid only for new 2020 Hyundai models purchased or leased on or after February 1, 2020. See your Hyundai dealer for further details and limitations. ⁶Hyundai is among the Top 3 Brands in the J.D. Power 2019 U.S. Initial Quality Study of new vehicle owners' experience with their own vehicle after 90 days of ownership. Visit [jdpower.com/awards](https://www.jdpower.com/awards). ⁷Available on Limited trim only. As with any solar panel, electricity generation will be impacted if panels are not exposed to direct sunlight. See Owner's Manual for further details and limitations.

SONATA Hybrid Limited in Calypso Red

Designed to save fuel. And fuel desire.

It's great that hybrid vehicles help save fuel. But at Hyundai, our belief in better led us to design a hybrid that fuels something else – your passion for a stylish sedan. Hyundai designers gave the new Sonata Hybrid a sensuous sportiness that starts with its unique grille. Stealthy LED Daytime Running Lights peer from beneath the hood, illuminating the leading edge of a long hood line defined by an extended band of chrome that curves uninterrupted around the side glass. To emphasize its ground-hugging stance, ultra-wide taillights frame a rear spoiler that graces the lid of Sonata Hybrid's hands-free smart trunk.¹

Now look closely at that sleek roofline. On the Limited model, it conceals an innovative new solar roof panel designed to soak up sunlight and charge the hybrid battery. It's one of many ways the 2020 Sonata Hybrid turns advanced technologies into tangible benefits. Another benefit you're sure to appreciate is the impressive fuel economy – our Blue model delivers an EPA-estimated 52 MPG with a 686-mile driving range.²

Inside the refined interior, there's an available first-in-class 12.3" digital instrument cluster that lets you customize the gauges and information you want displayed.³ For your listening pleasure, there's Hyundai's first-ever collaboration with the audio innovators at Bose.[®] To ensure every occupant enjoys a truly phenomenal audio experience, the available Bose premium sound system uses Centerpoint[®] surround sound technology.

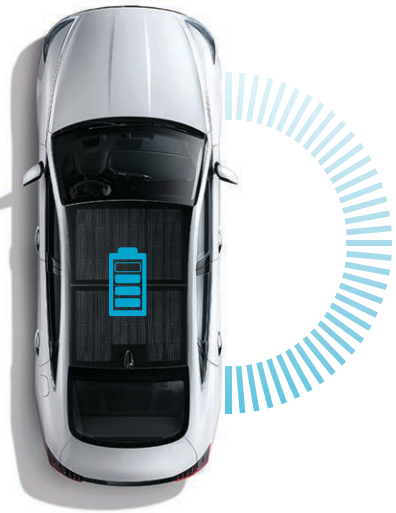

Then there's the Hyundai Digital Key. Install it on your compatible Android™ smartphone, and the SEL and Limited's front doors unlock when your phone is placed on the door handle.⁴ Place your phone on the center console's wireless charging pad, and the engine's push button start is enabled. You can assign a digital key to multiple drivers, and two drivers can use their digital key to retrieve personalized radio presets, instrument cluster display preferences and driver seat/side mirror settings – all securely stored in the Blue Link[®] cloud. Now that's fuel for thought.

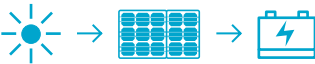

Free oil & oil filter change plus tire rotation
for 3 years/36,000 miles⁵

Solar Roof Charging System

Fun In The Sun

Sonata Hybrid Limited features a solar roof that ensures the sun is always on your side. The solar roof system uses sunlight to help provide an additional charge to the car's hybrid battery and prevent battery discharge.⁷

Surround View Monitor
Hidden LED Daytime Running Lights

Hands-free smart trunk

Your time is at a premium. Here's where you can spend it wisely.

With all the time you spend driving, what's the return on your investment? It's a question that drives us to make Hyundai vehicles more comfortable, more personalized and more secure. In the 2020 Sonata Hybrid, it led us to craft a cabin that reduces road noise and vibration, so you can savor some true quiet time. And to help give the interior best-in-class headroom and legroom,¹ Hyundai engineers found a more space-saving place to locate the car's high-voltage battery.

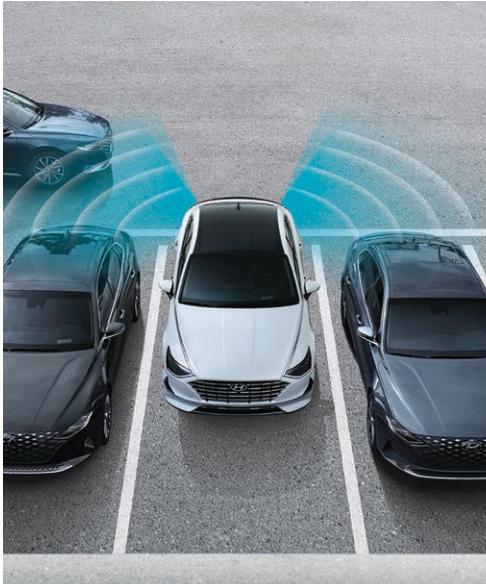

Notice how the climate controls and electronic gear selection buttons are placed exactly where your fingertips expect them. For seamless access to your smartphone apps and music files, the standard 8" display audio system integrates Apple CarPlay[®] and Android Auto[™].² An available 10.25" multimedia navigation system helps alleviate freeway stress with junction view lane guidance, tilted bird's-eye views and subscription-free traffic updates.

To create a new level of personalization, an available feature called Remote Driver Profile Management lets you quickly recall saved presets for your car's driver seat, side mirrors, audio and navigation systems, then send them to your Sonata Hybrid before walking out the door.³ A wise use of time, indeed.

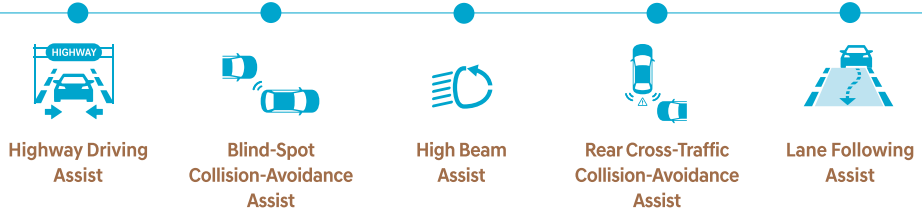

Hyundai SmartSense Safety Technologies⁴

Blind-Spot View Monitor⁵
Forward Collision-Avoidance Assist
with Pedestrian Detection

Rear Cross-Traffic Collision-Avoidance Assist

360 Degrees Of Protection

Sonata Hybrid completely surrounds you and your passengers with a wide range of features that enhance your safety. From cameras to ultrasonic and radar sensors, our sophisticated safety technologies act as extra sets of eyes when you drive or park. We call it Hyundai SmartSense. You'll know it as peace of mind.

¹Claim based on comparison of specifications on manufacturer websites. ²Apple CarPlay works with iPhone 5s, iPhone 5c, iPhone 5 and later models running the latest version of iOS 7 and above. Apple is a registered trademark of Apple Inc. Android Auto works with smartphones running on Android 5.0 Lollipop and higher. Android, Android Auto, Google Play and other marks are trademarks of Google Inc. ³Requires active Blue Link subscription with Remote package. ⁴Standard and available safety features vary by model and trim level. Refer to the back of this brochure for details. ⁵Standard on Limited trim. Blind-Spot View Monitor (BVM) assists the driver in changing lanes by providing a live view of the blind spots on either side of the vehicle and an audible alert if another vehicle is detected. Turn signal must be activated and other system limitations apply. Do not rely exclusively on BVM. It is the driver's responsibility to be aware of the surroundings and ensure it is clear before changing lanes or directions. See Owner's Manual for further details and limitations.

Is Sonata Hybrid a car? Or a computer on wheels?

With everything Sonata Hybrid's available Blue Link® connected car technologies can do, it's a fair question. We're constantly asking how we can make everything about driving and owning a Hyundai better. That means making it a totally seamless – and highly customizable – part of your daily life.

Hyundai Blue Link keeps you connected to your digital life with features that allow you to interact with your car in powerful, practical ways.¹ And Blue Link continues to expand the wide range of Connected Care, Guidance and Remote services available with its complimentary 3-year activation.

Enhancements to Blue Link's remote features go beyond letting you start the car's engine and climate controls (including the front seat's heating or ventilation) from the comfort of your home or office.² Sonata Hybrid Limited owners can also do things like adjust their profile preference for the cabin's ambient lighting. Want a quick update on your battery levels? The MyHyundai app lets you remotely check by consulting your smartphone or asking your Amazon Echo® or Google Home™ virtual assistant.³ And to keep everyone powered up when you're on the road, there's available wireless device charging⁴ and a rear-seat USB charge port.

Amazon Echo® integration

Wireless charging pad

¹The 2020 Hyundai Sonata Hybrid includes 3 years of the Blue Link Connected Care, Remote and Guidance (factory-equipped navigation required) packages. All trials require an active Blue Link subscription agreement subject to the Connected Services Terms and Conditions. Three-year term starts from the new vehicle date-of-first-use, is available for new vehicle purchases and leases, and is transferable to subsequent owners subject to the Terms and Conditions. Only use Blue Link and corresponding devices when safe to do so. Cellular and GPS coverage is required. Features, specifications, and fees are subject to change. For more on details and limitations, visit hyundai.com or your authorized Hyundai dealer. ²Requires active Blue Link Remote package subscription. ³Requires Blue Link Remote package. Amazon, Alexa and all related logos and motion marks are trademarks of Amazon.com, Inc. or its affiliates. Google Assistant and Google Home are trademarks of Google Inc. ⁴Qi wireless charging function is based on smartphone compatibility and/or specific accessory cases. Not available on Sonata Hybrid Blue. ⁵Requires active Blue Link Guidance package and vehicle equipped with navigation system.

Automatic Emergency Assistance

Blue Link Connected Care offers 24/7 SOS Emergency Assistance and Automatic Collision Notification that calls for help if you're in an accident where airbags deploy.

On-Demand Diagnostics

Run vehicle diagnostics from your car's touchscreen display, report issues at the press of a button, and receive Monthly Vehicle Health Reports or maintenance reminders by email.

Destination Send-to-Car

Use your smartphone to find restaurants or points of interest that may not yet be updated on your car's maps, then send the destination to your Sonata Hybrid's navigation system.⁵

Service Link

Conveniently schedule your car for service from the driver's seat of your Sonata Hybrid or MyHyundai smartphone app.

Car Finder

Our Car Finder smartphone app feature lets you navigate your way through crowded parking lots back to your Sonata Hybrid.

Remote Controls

With the myHyundai app, you can check the status of your Sonata Hybrid from just about anywhere. Wondering if your trunk is closed or how much fuel is in your tank? Your app knows the answers to these questions, and more.²
