

FordS-MAX

Feel the difference

0.965237 of a millimetre

That's the thickness of a clay shaving. And to our designers it can make all the difference, as they hone and refine their clay prototype until they find the perfect expression of energy in motion.

The result is what we call Ford kinetic Design and we're passionate about it.

Bold, beautiful lines that you can't help falling in love with.

Actual size.

Evolution of the species

The pursuit of perfection can be utterly addictive. It demands attention to even the smallest detail. It drives you to accept nothing less than the very best in every single aspect of a car's design. Ford S-MAX has evolved. And it shows.

Model shown is a Ford S-MAX Titanium X Sport in Panther Black metallic paint (option).

Sporting icon

As in nature, evolution in car design improves the breed. And now, with advanced EcoBoost SCTi petrol engine technology, 'Ford Power' starter button and the new PowerShift automatic transmission, Ford S-MAX is more than ever a true sporting icon.

Model shown is a Ford S-MAX Titanium X Sport 2.0 EcoBoost SCTi 240 PS, PowerShift automatic in Ice White pearlescent paint (Option), with Touchscreen Navigation PLUS system (Option).

Night vision

Ford S-MAX welcomes you inside with premium quality materials – enhanced with subtle refinements like LED interior lighting, a redesigned overhead console with additional stowage and child observation mirror – and even a light in the tailgate (standard on Titanium and Titanium X Sport).

Model shown is a Ford S-MAX Titanium X Sport with Alcantara/leather seat trim, variable climate control front seats (Option), Adaptive Cruise Control (ACC) with Forward Alert (FA) and IVDC with CCD (includes Keyless entry) (Option), Tyre Pressure Monitoring System (Option), and Touchscreen Navigation PLUS system (includes Rear-view camera and USB port) (Option).

Ford S-MAX's progression is demonstrated to powerful effect by its bold new frontal design. The product of our 'Ford kinetic Design' philosophy, it gives the appearance of motion, even when Ford S-MAX is standing still.

Model shown is a Ford S-MAX Titanium X Sport in Ice White pearlescent paint. (Option)

Ford Fold Flat System with Activity Kit Accessory

Perfect if you live an active, sporty lifestyle that involves transporting large items, such as mountain bikes or a coolbox, that you want to keep safely in place when you're on the move. (Activity Kit is available as an accessory)

Capless refuelling with Ford Easy Fuel
No dirty fuel caps to touch. Plus Ford Easy Fuel with its unique safeguard ensures nobody accidentally fills up with the wrong fuel. (Standard)

Ford S-MAX has been designed to make your everyday life easier. Innovative, insightful features, such as the Ford Fold Flat System (FFS) and luggage area light, will soon have you wondering how you ever got by without them.

Smart thinking

Blind Spot Information System

Blind Spot Information System is a high-tech visual aid that's designed to make longer journeys a far more relaxing experience. As another vehicle – a car, van or lorry – enters your blind spot, Blind Spot Information System alerts you with a discreet warning lamp built into the driver's door mirror. (Option)

Underfloor stowage
Keep valuable items away from prying eyes.

Ford Fold Flat System (FFS)

Shown below and left: Each second and third row rear seat folds flat individually in seconds, creating a myriad of passenger and load-carrying possibilities. Second row seats also slide forward and back to optimise leg room and second row seat backs tilt for improved comfort.

Second row centre seat belt retainer
Simply let go of the belt and the catch glides out of the way into its 'parked' position. (Standard)

Taking care of the small things
Neatly hidden within the rear doors when not in use, the integrated sunblinds can be easily raised to protect rear occupants from the sun's rays. (Included as part of optional Space Pack)

Full-length panorama roof

The one-piece panorama roof provides a sense of freedom and has smooth-gliding power-operated sunblinds for when you want some shade. There is also a child observation mirror to keep an eye on the kids. (Option on Titanium, standard on Titanium X Sport).

Boosting efficiency

Our excellent range of turbo diesel engines are joined in Ford S-MAX by the first of a next generation of high-efficiency EcoBoost SCTi turbocharged petrol engines, which combine higher power and a broader spread of torque with reduced emissions and lower fuel consumption. The range-topping 2.0 EcoBoost SCTi delivers 240 PS, with combined fuel consumption of nearly 35 mpg.

The cockpit of a Ford S-MAX is a great place to be. Designed from the start to be a true driver's car, Ford S-MAX rewards your expertise with precision and composure, fully complemented by advanced turbocharged petrol and diesel engines, and our sophisticated new Ford PowerShift automatic transmission.

A great place to be

Feel the power, not the shift

Ford PowerShift is the next generation of automatic transmissions, featuring a new state-of-the-art 6-speed dual clutch automatic transmission.

Ford PowerShift cleverly selects the next appropriate gear at exactly the right moment, delivering lightning-fast gear changes with no disruption to the flow of power.

Ford PowerShift truly delivers improved fuel economy compared to a conventional automatic and has a manual mode that allows you to switch gears at the flick of the lever.

'Ford Power' engine start/stop button

Start the car without ever holding the key. Just keep the key fob with you in your pocket or bag. (Standard on Titanium and Titanium X Sport)

Fingertip controls

The left-hand steering wheel-mounted toggle switch (shown) puts you in charge of the audio system. The right-hand toggle lets you move easily through the instrument cluster menus, providing simple, logical control of the system's many functions.

Interactive Vehicle Dynamic Control (IVDC)

IVDC (also called Driver Select Suspension) delivers notable improvements to handling, stability and braking performance. Each damper is adjusted five times per second to guarantee the best possible occupant comfort and road contact. You can also switch between suspension modes – sport, normal and comfort – as the mood takes you. (Available with Adaptive Cruise Control (ACC) on Titanium and Titanium X Sport, at extra cost).

Only the best

Not only have we improved the quality of the leather used for the seat trim in Ford S-MAX, we have even paid extra attention to the stitching pattern.

Ford S-MAX's exquisitely-detailed interior is tangible evidence of our unrelenting commitment to quality. Ford has engineered every single component for dependability, safety and strength with one objective clearly in mind: quality that's built to last.

Attention to detail

Premium detailing

Front door spears are finished in brushed chrome. (Standard on Titanium)

Premium quality

Image shows Ford S-MAX Titanium 2.0 163 PS TDCi PowerShift automatic with Windsor leather seats in Dark Ebony (option), variable climate control front seats (option), and IVDC with CCD (available as an option with Adaptive Cruise Control (ACC) and Forward Alert (FA), at extra cost)

Relentless testing

During its development, we test drove Ford S-MAX the equivalent of 87 times around the globe. Pushed it through the extremes of real-world weather from -40°C to +80°C and tested it over and over again. It's a car you can rely on, right down to the smallest ball bearing.

Premium finishes

The lower front grille features new chrome surround and Piano Black finish on Ford S-MAX Titanium

LED daytime running lights

Offering increased visibility to other road users – particularly in poor weather – the new LED daytime running lights are typical of the attention to detail to be found throughout Ford S-MAX. This stylish design detail is also more energy efficient than dipped headlights due to its use of the latest LED technology. (Standard on Titanium and Titanium X Sport)

Active safety

The same superbly-balanced chassis and precise steering that make Ford S-MAX such a pleasure to drive also help it respond with poise and predictability in an emergency situation.

Ford S-MAX's advanced Intelligent Protection System (IPS) uses a range of sophisticated technologies to keep you protected, including an ultra-high strength steel safety cage, an anti-lock braking system (ABS) with electronic brake-force distribution (EBD), and front, curtain and driver's knee airbags. All contribute to Ford S-MAX being awarded a maximum '5-star' Adult Occupant Rating in Euro NCAP crash tests – the highest ever rating for a car in this class.

Intelligent protection

The Ford S-MAX IPS includes:

1. Driver's and front passenger's airbags*
2. Driver's and front passenger's side impact airbags
3. Side curtain airbags for first- and second-row seats
4. Driver's knee bolster airbag
5. Collapsible steering column and pedals for optimised protection of driver's legs and feet.
6. Robust computer-optimised body structure with ultra-rigid safety cell and crumple zones
7. Pre-tensioners, load-limiting retractors and height-adjustable mounts on front seat belts
8. Anti-submarining seat bases
9. Anti-lock brakes (ABS) with electronic brake-force distribution (EBD) and Emergency Brake Assist (EBA) (included with ESP)
10. Emergency Brake Warning

Note: A child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag. The safest place for children is properly restrained on the second row seats.

*Front passenger's airbag deactivation switch is available as a Dealer-fitted option.

Quickclear heated windscreen

Ford's ground-breaking heated windscreen quickly melts ice and then keeps your view frost-free as you drive. It can also demist the inside of the screen in a matter of moments. (Standard)

Emergency Brake Warning

The brake lights automatically flash during emergency braking, giving following drivers advance warning of a potentially hazardous situation. (Standard)

Tyre Pressure Monitoring System

Tyre Pressure Monitoring System alerts you in case of deflation (image shown here is with Ford Convers+ instrumentation). (Option)

Halogen Adaptive Front Lighting System (AFS) with static cornering lights

Depending on the vehicle, direction and speed, AFS swivels the low beam headlights by up to 15 degrees to aim in the direction you are heading.

(Not available on S-MAX in the UK)

Lane Departure Warning

Lane Departure Warning alerts the driver if they stray from their lane on the motorway** without using the indicator, by sending vibrations through the steering wheel. Lane Departure Warning also includes Driver Alert and Auto High Beam. Please ask your Ford Dealer for details. (Option, available as part of Driver Assistance Packs)

**Operates at speeds over 40 mph on multi-lane roads with clearly visible lane markings.

Ford EConetic Technology is designed to reduce your cost of ownership through improved fuel economy and lower CO₂ emissions, without any compromise on style or driving quality. Much of this technology is brought together in our EConetic models, which deliver some of the lowest fuel consumption and CO₂ emissions in the Ford range. In the near future our EConetic Technology will expand to include electric and hybrid-electric vehicles, biofuel-capable vehicles, plug-in hybrids and hydrogen fuel cell-powered vehicles.

What can
Ford EConetic
Technology
do for you?

Ford EConetic Technology

- Ford EcoBoost fuel-efficient petrol engines (see right)
- Ford Duratorq TDCi advanced diesel engines – provide exceptional fuel economy and low CO₂ emissions
- Ford PowerShift dual clutch automatic transmission – combines the efficiency of manual transmission with the convenience of a conventional automatic
- Ford Auto-Start-Stop (see right)
- Ford Smart Regenerative Charging – charges the battery every time you brake
- Ford Electric Power-Assisted Steering – a more efficient system that uses less engine power
- Active Grille Shutter – improves aerodynamics and lowers fuel consumption
- Ford Eco Mode driver information system – shows you when you're achieving optimum fuel efficiency
- Shift Indicator – advises you when to change gear for maximum fuel efficiency

Ford EcoBoost

With direct petrol injection, turbocharging and variable valve timing, Ford EcoBoost petrol engines deliver power and torque consistent with larger displacement engines. For example, the 1.6 EcoBoost 160 PS engine in Ford S-MAX has more power than the previous 2.0 Duratec petrol engine, and yet it achieves around 15% better fuel economy and 13% lower CO₂ emissions.

Ford Auto-Start-Stop

When your vehicle is idling at a standstill, the engine automatically shuts down to save fuel consumption. When you want to drive off, the engine immediately restarts.

Electric and Hybrid vehicles

Our electrically-powered vehicles will produce zero emissions. Rechargeable through wall outlets and targeted to get up to 100 miles per charge, they'll be ideal for a daily commute and trips around town. In addition, two next-generation hybrid models are under development.

Working for a cleaner tomorrow

At Ford, we've been quietly and consistently reducing our impact on the environment. Here are just a few headlines:

- Since 2000, we've reduced manufacturing plant energy consumption by over 27% and CO₂ emissions by 31% worldwide
- Between 2003 and 2008, Ford reduced water consumption in its plants across Europe by 40%
- Solar/photovoltaic panels on the roof of our Bridgend engine plant in the UK generate enough power to light an area of around 10,000 square metres
- Almost 300 parts used in European Ford vehicles are made from recycled non-metallic materials – potentially avoiding 17,000 tonnes of waste going to landfill sites every year

Two 85m high wind turbines provide the equivalent electricity needed to power Ford's Dagenham Diesel Centre. With a combined maximum output of 3.6MW, they generate over 6.7million KWh of electricity every year, enough power equivalent to that required to run the plant.

Our Cologne plant utilises hydro-electric power from Norway and Sweden. This reduces CO₂ emissions by 190,000 tonnes a year. Shipping their finished vehicles on Rhine river barges means fewer truck journeys and less fuel consumed to further reduce CO₂ emissions.

Zetec

The S-MAX Zetec effortlessly merges stylish design with a flexible and spacious interior.

Key features include:

- 16" alloy wheels
- 7 seats with Ford Fold Flat Seat system (2nd and 3rd row seats)
- Power rear door child locks
- Air conditioning with Dual-zone Electronic Automatic Temperature Control (DEATC)
- Park Assist – Front and Rear Sensors
- Stereo CD/radio
- Ford Easy Fuel capless refuelling system with mis-fuelling inhibitor
- Thatcham Approved alarm
- Electrically-operated front and rear windows
- Electrically-operated and heated mirrors
- Sports-style front seats
- Driver's seat electric height adjustment with manual lumbar support
- Bluetooth® with Voice Control System
- Short overhead console with stowage and sunglasses holder
- Electronic tailgate release
- Rake-and reach-adjustable steering column
- Ford Intelligent Protection System (IPS)
- Front fog lights
- ISOFIX attachments for child seat (outer seats on 2nd row only; available on all three 2nd row seats from late 2010)

Image above: Model shown is a Ford S-MAX Zetec with Moondust Silver metallic paint (Option)
Image opposite: Model shown is a Ford S-MAX Zetec with Daphne in Silver and cruise control (Option)

Air conditioning with Dual-zone Electronic Automatic Temperature Control (DEATC)
 Can be adjusted separately for the driver and front passenger.

Ford Easy Fuel capless refuelling system
 The Ford Easy Fuel capless refuelling system features a mis-fuelling inhibitor that can tell the difference between the fuel pump nozzles used for petrol and diesel.

Leather-wrapped steering wheel
 Includes toggle switches to control audio and instrument cluster menu.

Front fog lights
 Front fog lights for increased visibility in poor driving condition.

Distinctive handbrake design integrates perfectly into centre console with stowage and cup holder

Titanium

Beneath the bold exterior of the S-MAX Titanium lies a world of innovative technology and contemporary luxury.

Additional to Zetec:

- 17" spoke alloy wheels
- Ford Convers+ premium instrument cluster with colour display
- Sony CD audio system with DAB radio and USB/MP3/iPod® connectivity port
- 'Ford Power' starter button
- Cruise control with Adjustable Speed Limiting Device
- Solar Reflect windscreen
- Rear seat air conditioning vents
- Soft-feel leather-trimmed steering wheel
- Privacy glass
- Chrome finish side window surround
- Brushed stainless steel front door scuff plates
- Front footwell lights and submarine lighting
- Automatic headlights and autowipers with rain sensor
- Door mirror-mounted puddle lights
- Auto-dimming automatic rear-view mirror
- Enhanced interior lighting
- Luxury woven headliner
- Front and rear carpet floor mats
- Overhead console with A5 stowage, sunglasses holder and child observation mirror
- Chrome surround on lower radiator grille

Image above: Model shown is a Ford S-MAX Titanium 2.0 EcoBoost SCTi 203 PS, PowerShift automatic with Panther Black metallic paint (Option)
Image opposite: Model shown is a Ford S-MAX Titanium with Vector/Lux in Ebony interior with Premium Sound System (Option).

LED daytime running lights
(Standard)

Chrome finish side window surround
(Standard)

Enhanced LED interior lighting
(Standard)

Overhead console with sunglasses holder and child observation mirror
(Standard. Optional Panorama roof version shown)

17" alloy wheels
(Standard)

Titanium X Sport

Titanium X Sport is the ultimate expression of the Ford S-MAX: an exclusive combination of sports styling, premium quality, enhanced dynamic ability and functional excellence.

Additional to Titanium:

- 18" 5-spoke alloy wheels
- Alcantara/leather seat trim with red stitching
- Unique sports interior styling, including red detail stitching to steering wheel, door panel inserts, gearshift gaiter, and carpet mats
- Full-length panorama roof with power sunblind
- Bi-xenon HID headlights with static cornering lights
- Front bumper skirt
- Side skirts
- Rear bumper skirt with integrated diffuser
- Rear spoiler
- Pedal set with footrest with aluminium pedals
- Sport suspension

Image above: Model shown is a Ford S-MAX Titanium X Sport 2.2 TDCi 200 PS, 6 speed manual, with Touchscreen Navigation PLUS system (Option) with Ice White pearlescent paint (Option)
Image opposite: Model shown is a Ford S-MAX Titanium X Sport, 2.0 TDCi 163 PS, 6-speed manual, with Premium Sound System (Option) with Ice White pearlescent paint (Option)

Pedal set with aluminium covers

**2.0 EcoBoost with PowerShift automatic transmission only.

Ford S-MAX Individual Interior Styling Pack

The exclusive full-leather trim, available in two different eye-catching designs in different colour versions, takes the interior design to a higher level of luxury with obsessive attention to detail and only the finest-quality leathers. (Option, please refer to the colour and trim pages for availability)

Pack content (option on Titanium)

- Unique premium full-leather seat trim in two versions
- Unique floor mats and pedal set with aluminium covers
- Polished stainless steel front scuff plates with 'Individual' script
- Front seats, heated and with 8-way power adjustment, including manual lumbar adjust*
- Memory function for driver's seat and power-foldable exterior mirrors

*Not available with variable climate control front seats

Pedal set with aluminium covers

Smart touches include the pedal set and footrest, with aluminium covers and non-slip surfaces, which emphasise the car's dynamic character. (Standard on Titanium X Sport; also available as an Accessory)

Rear spoiler

The body colour rear spoiler blends perfectly with the exterior of the S-MAX. (Standard on Titanium X Sport; also available as an accessory)

Rear lower bumper

The body colour rear lower bumper skirt, integrated rear diffuser in Gloss Black and tailpipe-finisher* in polished stainless steel combine to make your Ford S-MAX stand out on the road.

*The shape of the tailpipe-finisher depends on the engine fitted to your vehicle. Please ask your Dealer for further details.

Scuff plates

Elegant polished stainless steel scuff plates, with 'Individual' script, help to protect the paintwork and make entering your Ford S-MAX an even more rewarding experience (front doors). (Part of optional 'Individual Pack')

The Ford Individual Exterior Styling Pack is designed to boost your Ford S-MAX's dynamic appearance. The body colour front lower valance panel and front lower grille in Gloss Black set the sporty tone. Unique body colour side skirts give the car a road-hugging stance, while the body colour rear spoiler and rear lower bumper with integrated diffuser in Gloss Black round the look off perfectly (Standard on Titanium X Sport; also available as an Accessory).

Ford Individual

Eibach suspension-lowering kit*
The Eibach suspension-lowering kit enhances driving performance and handling as well as providing a more dynamic stance. Lowers the car by approximately 30 mm. (Accessory)

Every part of the Ford S-MAX is designed to be admired. And with a choice of stunning sporty wheel designs, attracting second glances will become second nature. For added safety in the event of a puncture, opt for the innovative runflat tyres with Tyre Pressure Monitoring System (available with 17" 5x2-spoke alloy wheel).

Wheels

Image left shows 18" 5-spoke alloy wheel.
(Standard on Titanium X Sport, option on Zetec and Titanium, also available as an accessory)

Note The 18" wheels available on Ford S-MAX are designed to deliver more sporting driving characteristics and a firmer ride quality compared to standard 16" and 17" wheels.

16" 5-spoke alloy wheel
(Accessory)

16" 5x3-spoke alloy wheel
(Standard on Zetec also available as an Accessory)

17" 5x2-spoke sparkle Silver-painted alloy wheel
(Standard on Titanium, and option and accessory) Also available with optional runflat tyres.

17" 5-spoke machined alloy wheel
(Accessory. Also available in sparkle silver-painted finish)

17" 9-spoke alloy wheel
(Accessory)

17" 10-spoke alloy wheel
(Accessory)

Ford Individual 17" 5-spoke mystique silver-painted alloy wheel
(Accessory)

17" 15-spoke alloy wheel
(Accessory)

18" 5-spoke "Mystique" alloy wheel
(Accessory)

18" 5-spoke Y-design alloy wheel
(Accessory)

Crystal clear sound

If you enjoy high-quality sound reproduction at home you'll love the optional Premium Sound System. (Option available with Sony DAB Audio on Titanium and Titanium X Sport). Hi-fi loudspeaker shown is the Muon by KEF.

Bluetooth® with Voice Control System

Enables you to make hands-free calls, while the Voice Control System technology lets you control your Bluetooth®-compatible mobile phone (mobile phone not included), audio, Touchscreen navigation (where specified) and air conditioning systems with the sound of your voice. (Standard)

Ford S-MAX is now available with the finest-quality audio systems we have ever offered – with the pleasure of concert-quality sound within your car.

Music to your ears

USB interface

Built-in connectivity for your iPod®, MP3 player or USB stick. Lets you listen to, and operate, your player via the car's audio system, with the playlist shown in the Convers+ display. (Convers+ standard on Titanium and Titanium X Sport; option on Zetec). A dedicated connector cable is available as an accessory (Part No. 1529487) for operating most MP3 players and iPods®. (Standard on Titanium and Titanium X Sport; Option as part of Sony DAB audio system on Zetec)

Note The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company Limited and its associated companies is under licence. Other trademarks and trade names are those of their respective owners.
iPod is a trademark of Apple Corporation
Note: It is an offence for drivers to use a hand-held mobile phone or similar device while driving.

Sony DAB audio systems

Add a new dimension to your in-car music with Sony DAB audio systems. Featuring Programme Type (PTY) and Digital Sound Processing, the Sony CD stereo radio/CD/MP3 player with DAB radio, has 40 programmable stations and eight premium speakers for enhanced sound quality. Includes USB/MP3/iPod® connectivity port. Bluetooth® audio streaming compatible with certain mobile phones. See your Ford Dealer for details. (Standard on Titanium X and Titanium X Sport; also available as an option on Zetec).

Human Machine Interface (HMI) with Enhanced cluster display

The HMI system with Enhanced cluster display puts you in control of the following optional features: Adaptive Cruise Control (ACC) with Forward Alert (FA), Tyre Pressure Monitoring System (TPMS).

In addition, it provides the turn-by-turn icons of the navigation system and displays a message when the setting of the Interactive Vehicle Dynamic Control (IVDC) is changed.

Ford Individual MultiMedia DVD system

Features a built-in DVD player with two independently-operated LCD 7" screens, remote control and two wireless headphones. So even your most demanding passengers can enjoy movies and computer games (and includes Keyless entry). (Option on Titanium and Titanium X Sport).

Model 6000 radio/CD

This stereo radio/CD player features 'Keycode' anti-theft coding, RDS EON, 24 programmable stations and eight speakers. Remote control functionality via the left steering wheel toggle switch. Includes AUX connection for external music devices. (Standard on Zetec).

Touchscreen Navigation system with 7" colour touchscreen

A 7" touchscreen with colour map and turn-by-turn instructions to your destination are displayed in the instrument cluster. Features a USB connector for your iPod®, MP3 compatibility, SD card, remote control and eight speakers. (Option on Zetec).

Bluetooth audio streaming compatibility with certain mobile phones (see your Ford Dealer for details).

Touchscreen Navigation PLUS system with 7" colour touchscreen and rear-view camera

A 7" colour touchscreen and turn-by-turn instructions to your destination are displayed in the instrument cluster. It also features nine premium speakers and well-defined chrome switch detailing that perfectly matches the premium interior, and a rear-view camera. (Option on Titanium and Titanium X Sport).

Bluetooth Audio streaming compatibility with certain mobile phones (see your Ford Dealer for details).

Rear spoiler*

The rear spoiler blends perfectly with the exterior of the S-MAX. (Standard on Titanium X Sport; available as an accessory on Titanium and Zetec).

Scuff plates with 'S-MAX' script*
Polished stainless steel scuff plates with 'S-MAX' script both welcome and protect your paintwork. (Accessory)

Leave nothing and no-one behind with Ford S-MAX's innovative stowage solutions.

Choose more

Britax Römer child seat*

Provides optimum all-round protection and comfort. Various child seats available for all ages, also with ISOFIX. Removable and washable cover. (Accessory)

Thule foldable roof box*

Can be folded away for easy storage: the ideal space-saving solution for carrying luggage at a moment's notice. Shown in conjunction with roof carrier. (Accessory)

Roof base carrier*

Base for all roof transportation accessories (lockable). (Accessory)

Luggage floor net*

Elasticated net attached to luggage compartment floor. (Accessory)

ClimAir® wind deflector*

Reduces air turbulence and noise, allowing you a more enjoyable drive with the windows down, even during light rain. (Accessory, available for front and rear windows)

Rubber and velour floor mats*

Tailored to protect your interior from dirt and wet. Available as rubber* (shown here) and velour* floor mats for front and rear. Driver's mat is fixed to prevent slippage.

Contoured mudflaps*

Available as sets for front and rear. (Accessory)

Activity Kit*

Using a series of aluminium bars* that are fitted in the rear, this innovative kit allows items to be securely locked in place. From bikes and scuba gear to coolboxes and skis, the only limit is your imagination.

Waeco coolbox*

High-performance 35-litre capacity box cools down to 30°C below the ambient temperature, to a minimum of 1°C. Integrated 230V AC connector. (Accessory)

Thule interior bike carrier*

Up to three bike carriers can be fixed to the activity kit. (Accessory)

Detachable tow bar**

For extra transport and stowage capability. Also available as fixed version. (Accessory)

Premium load protection net with load barrier*

Stops items rolling or sliding out when the tailgate is open and offers additional stowage capability. (Accessory)

Load protection net*

This durable retention net keeps your items secure in the luggage compartment while you're on the move. Meets European ECE-17 07/DIN 75410-2 safety requirements. (Accessory)

Dog guard system*

Robust, full-height dog guard system keeps dogs or luggage safely in the luggage compartment (removable when not in use). Can be ordered for fitment either behind the 2nd row or the 1st and 2nd row of seats. Meets European ECE-17.07/DIN 75410-2 safety requirements. (Accessory)

Reversible luggage compartment mat*

Tailored to fit the Ford S-MAX. Reversible design offers choice of carpet or durable rubber surface that is ideal for carrying wet or dirty items. (Accessory)

Unique side fender grille*

Special dynamic shape to make your Ford S-MAX look even sportier. Available in gloss black, Anthracite and silver.

Activity Kit*

A wide variety of things can be transported with the Activity Kit (accessory). The Waeco coolbox and the Thule interior bike carrier are shown here. (Accessory)

*Available as an accessory.

**Available as an option and accessory.

Making life easy

Our range of finance, insurance, service and assistance options is designed with just one thing in mind – making life easy for you.

Ford Credit

When it comes to financing your vehicle, your Ford Dealer can remove the need for lengthy phone calls, endless online surfing and form-filling. They can help you complete an application and will get a decision, usually within 15 minutes.

So what can your Ford Dealer provide?

Ford Options offers increased flexibility and gives you the opportunity to drive a new Ford more often. At the end of the agreement you can Renew, Return or Retain your Ford.

Ford Acquire is ideal if you're a private or business user who wants a straightforward financing plan to own your vehicle. Simply put down a deposit, pay the remainder, plus interest, over an agreed period and the vehicle becomes yours.

Ford Business Partner Contract Hire* provides an affordable, convenient and flexible way to finance your business vehicle. Business Users only.

Ford Insure** is our comprehensive motor insurance product, designed specifically for Ford drivers.

For more information on our finance products please visit ford.co.uk.

Finance subject to status. Guarantees/indemnities may be required, Freepost Ford Credit.

*Business Partner Contract Hire is provided by Lex Vehicle Leasing Limited, trading as Ford Business Partner, Heathside Park, Heathside Park Road, Stockport SK3 0RB.

**Ford Insure is underwritten and administered by Royal & Sun Alliance Insurance plc, which is authorised and regulated by the Financial Services Authority. FCE Bank plc is authorised and regulated by the Financial Services Authority and acts as an insurance intermediary in relation to Ford Insure. Calls may be recorded and monitored.

Services

Ford Protect

Your new Ford is protected by a 3-year/60,000-mile Ford Protect Classic Plan Warranty, and comes with Ford Assistance roadside cover throughout the UK and Europe for 1 year. You can also upgrade to a Ford Protect Premium Plan, giving you the option of scheduled servicing and extended Ford Assistance.

Configure your Ford online

Choose and change bodystyle, colour, trim and options, and instantly see how your new Ford will look. You can view it from multiple angles. A handy tally of your choices and their price breakdown helps you keep to your budget.

Ford Service

Like any vehicle, your new Ford needs servicing regularly to keep it in the best condition and to maintain its value. The Ford authorised repairer network is independently quality checked to ensure the highest standards of workmanship are maintained. Ford has the largest repairer network in the UK, and uses Ford-trained technicians, Ford-specific tools and the latest computerised diagnostic equipment specifically for your Ford.

Ford Accident Repair Centres

Should your Ford require accident repair, an approved Ford Accident Repair Centre is the best place to return your vehicle to its pre-accident condition. Repairers displaying the Ford Accident Repair Centre sign meet the rigorous customer service, technical and quality standards demanded by Ford. Ford trained technicians, the latest repair equipment and the use of original parts mean that the future safety and value of your vehicle are assured.

Contacts

Ford Customer Relationship Centre

In the unlikely event that your Ford Dealer can't help you or if you need to speak to us directly, call 0845 841 1111 at local rates.

Ford Rental – local service nationwide

Car and van rental from our latest model range. Contact your local Ford Dealer for more information.

Talkback – the company car drivers’ club

This is your club for extended test drives, special events, and advice on tax and buying issues. Join free, even if you don't drive a Ford, on www.talkbackclub.com or call 0845 605 55 66.

Ford Mobility

Our MAGIC care centre provides free information on all motoring and mobility issues, including special offers for HRDLA and Motability recipients. Call free on 0800 240 241.

*In 4th gear. *Ford test figures. **All CO₂ emissions figures in g/km and fuel consumption figures in L/100 km are from officially approved tests in accordance with 80/1268/EEC as amended. The CO₂ emissions and fuel consumption test figures shown in the chart do not express or imply any guarantee of the fuel consumption of a car of the class in question. All the figures are based on tests conducted on vehicles with Core equipment level and with standard wheels and tyres; optional or accessory wheels and tyres may have an effect on the emissions and fuel consumption of a vehicle. **Urban** An engine started from cold in laboratory conditions operated at varying speeds, maximum 50 km/h, average 19 km/h over a theoretical distance of 4 km. **Extra Urban** Conducted immediately after the urban cycle, it consists of half steady speed driving and half varying speed driving, maximum 120 km/h over a distance of 7 km. **Combined** This is an average of the two parts of the test, weighted by the distances covered in each part. **Note** All petrol engines are equipped with a catalytic converter.

Illustrations, descriptions and specifications. This brochure was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Optional Fitment/Pack', etc., you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of carefully selected products from our suppliers, which are featured under their own brands. All supplier branded products are subject to warranty terms defined by the relevant suppliers and do not lie within the responsibility of Ford. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. Other trademarks and trade names are those of their respective owners.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular car. The cars themselves have not been tested and there are inevitably differences between individual cars of the same model. In addition, a car may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the car has been driven and the standard of maintenance, will affect its fuel consumption. **Insurance groups** are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.
