

We design and build your Ford to feel as good after many years of service as it did the day you picked it up. And to drive just as beautifully, too.

Sustainability

Using advanced technology, we're committed to creating vehicles with improved fuel economy, reduced CO₂ emissions and a lower overall cost of ownership.

Safety

Ford's Intelligent Protection System uses sophisticated technology designed to help prevent an accident and, if one should happen, to help protect you.

Smart

Vehicles with smart, intuitive technologies designed to connect you to your world and many clever solutions that make life a little easier.

Speak to your Ford Dealer today about how we can help you make the most out of your vehicle ownership experience.

Complimentary State Auto Club Roadside Assistance and Membership.

Our commitment to your complete satisfaction plays a major role in everything we do. That is why we provide a 12 month Roadside Assistance package including State Auto Club Membership for all Retail and Blue Fleet Customers (with fleets less than 5 vehicles).

This package gives you access to the largest network of roadside assistance providers in the country, so you can be assured that you have non-stop coverage every day of the year.

The benefits of being a member are not limited to the peace of mind of 24/7 roadside assistance. You also have access to a wide range of member benefits including Show Your Card & Save. In addition, you will maintain any benefits accrued through your existing years of membership (where applicable).

Complimentary State Auto Club Roadside Assistance & Membership is valid for eligible Ford vehicles and is available from participating Authorised Ford Dealers of mind. For more information about myFord Warranties and Insurance, only. Visit your local Ford Dealer or refer to ford.com.au for more information and full terms and conditions.

Warranties & Service.

3 year/100,000km new car warranty.#

For three years or 100,000km, whichever comes first, your Ford is covered against any defects in factory materials or workmanship. This also applies to Genuine Ford Accessories you may have had fitted before you took delivery.

5 year warranty against perforation corrosion.*

It's reassuring to know that the original body of your gleaming new Ford is guaranteed against perforation corrosion for the first five years of its life. If perforation corrosion occurs, we'll fix it for free.

myFord Warranties and Insurance.

When you first turn the key of your brand new Ford you want to do so without a care in the world. Our range of myFord products gives you that extra peace visit your participating Ford Dealer for further details on the plans that best suit your needs. Terms, conditions and eligibility criteria apply.

12 months/15,000km service intervals.

Under normal driving conditions service intervals are 12 months or 15.000km.

FORD **SERVICE**

At Ford, we are committed to providing an outstanding ownership experience. For example, we think you should always know what you're going to pay for a standard service, before you go in. So we offer a Service Price Promise for the life of your car, which means we'll publish the maximum price you'll pay for your next A or B logbook service at participating Authorised Ford Dealers on all vehicles built from 2007.

However our service doesn't end at the service garage. With each standard service at a participating Auto Club Dealer, Retail and Small Business

Customers (fleets of less than five vehicles) will also receive up to 12 months Auto Club Membership (including free Roadside Assistance), for up to seven years. Eligible customers will even have access to a free loan car with any scheduled service, through participating dealers. Why do we do all this? Because at Ford, we think that's what service should be.

For more details visit your participating local Ford Dealer or visit ford.com.au/service/t-and-c for full terms and conditions.

This brochure details specifications and features of the PX Ranger MKII. Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions. Not all features will be available on the entire PX Ranger MKII model range. Please visit our website www.ford.com.au for more information.

This brochure is designed to provide you with a general introduction to the Ford Products (including available optional equipment) referred to, and should be read in conjunction with the latest specification sheet. Image and Illustratons are for information purposes and are indicative only. Because of changes in conditions and circumstances Ford* reserves the right, subject to all applicable laws, at any time, at its discretion, and without notice, to discontinue or change the features, designs, materials, colours and other specifications and the prices of its products, and to either permanently or temporarily withdraw any such products from the market without incurring any liability to any prospective purchaser or purchasers. The latest specification sheet should be referred to for information on the availability, ordering and use of features and optional equipment. Always consult an authorised Ford Dealer for the latest information with respect to features, specifications, prices, optional equipment and availability before deciding to place an order.

*FORD MOTOR COMPANY OF ALISTRALIA LIMITED. (A.R.N. 30 0.04 116 223) Registered Office: Level 1, 600 Victoria St. Richmond, Victoria 3121, Australia, P.X. Ranger MKII Brochure, Printed January 2016, BHEOLOGISE, FROND 2061

A suite of state-of-the-art technologies available on the Ranger XLT and Wildtrak help make Ranger Australia's most advanced truck. Think Strategically placed cameras. Think Ultrasonic sensors. Think sophisticated radar.

Set your speed, keep your distance. Adaptive Cruise Control, unlike conventional cruise control, can adjust to the flow of traffic. Simply set your cruising speed, and the system slows down when traffic does, then returns to your pre-set speed when traffic clears.

Scans the road ahead, looking for trouble. If the Forward Collision Warning¹ system senses a possible collision, you're alerted by a heads-up display on the windscreen. The brakes are then pre-loaded for enhanced stopping power.

Stick to the speed limit with the Adjustable Speed Limiter.² Set a maximum speed and the system helps you not to exceed it. Need to overtake a slow vehicle? Manually override the system by stepping on the accelerator pedal.

Never lose focus. If you accidentally move out of your lane, Lane Keeping Aid^{3.} applies steering torque to get you back on track. If you don't react, the system alerts you by vibrating the steering wheel.

RANGER

3.2L TDCi Diesel engine 520 480 440 400 360 320 240 1500 2000 2500 3000 3500 4000 4500 RPM

BIG POWERSMALL APPETITE

The heart of Ranger just got an upgrade. The fuel-efficient 2.2 TDCi diesel engine is now stronger than ever, while the powerful 3.2 TDCi is even more economical. So you can spend more time on the move for less.

3.2L TDC

Ranger's new generation 5-cylinder 3.2L TDCi diesel engine^{1.} delivers the power and torque you'd expect from a Ranger, but with improved fuel efficiency.

910 – 1305 kg – Payload capacity². 3,500 kg – Max. towing capability³. 147kW – Power 470Nm – Torque

2.2L TDCi

More power. Greater torque. Improved fuel efficiency. Ranger's upgraded 4-cylinder 2.2L TDCi diesel engine pumps out the extra power you need to get the job done.

1060-1450 kg – Payload capacity^{2.} 3,500 kg – Max. towing capability^{3.} 118kW – Power 385Nm – Torque

Manual and Auto Transmission

The highly advanced 6-speed automatic transmission delivers effortlessly smooth performance. The ratios have been selected to maximise real world driveability and smoothness. Driver Recognition software enables the transmission to adjust shift patterns to fit driver preferences — such as conserving fuel or switching to Sports Mode to instantly access a more sporty and decisive shift pattern. The Sports Mode also allows the driver to take full control and manually shift gears at any time, which is great for overtaking or for towing.

The Ranger's 6-speed manual transmission gives you ultimate control. A Shift Indicator Lamp signals the driver when to shift to optimize fuel economy, the cable shifter provides improved driveline isolation and shift feel, and the single-mass flywheel reduces gear rattle. These features combine to provide an engaging driving experience.

The manual transmission also now enables Auto Stop/Start.^{4.} This innovative technology automatically stops and smoothly restarts the engine when the vehicle comes to a stop to improve fuel economy and reduce emissions.^{5.}

1. Excludes XL Plus models. 2. Subject to State and Territory regulations. Payload is defined as the Gross Vehicle Mass minus kerb mass. Payload is the maximum combined value of occupants, cargo, added options, added structures and ow ball download (when towing). GVM must not be exceeded. 3. Braked towing capacity on 4x2 Hi-Rider and 4x4 models when fitted with a Genuine Ford Tow pack and accessory Tow Ball. Subject to state and territory towing regulations. 4. De-activation will not occur in all stopping situations. 5. Standard on manual transmission 2.2L and 3.2L Hi-Rider and 4x4 models.

Ranger 4x4 Wildtrak shown in Pride Orange. Overseas model shown.

MAKE LIGHT WORK OF BIG CHALLENGES

The Ford Ranger's ultra-strength chassis, high-torque engines, and superior suspension help you tow, haul and move with ease.

Tested in the real world. The Ranger has survived harsh torture tests in some of the toughest climates and terrains.

Big, strong chassis. The Ranger combines an ultra-high-strength steel chassis and a superior suspension design to deliver a stronger, smoother ride.

Tow more. Sweat less. Ranger's up to 3,500kg^{1.} towing capacity with Trailer Sway Control lets you handle big loads with greater confidence.

Payload capacity up to 1,450kg.² The 2015 Ranger is strong enough to haul even the most backbreaking loads.

1. Braked towing capacity on 4x2 Hi-Rider and 4x4 models when fitted with a Genuine Ford Tow pack and accessory Tow Ball. Subject to state and territory towing regulations: 2.1,450kg payload available on 4x2 XL Single Cab Chassis Hi-Rider 2.2L Diesel manual only. Please refer to specification table for all other models payload details.

COMFORT OUT OF YOUR COMFORT ZONE

The 2015 Ranger's interior is durable, spacious, and has been crafted for a quieter ride. Giving you a Ranger that's more comfortable, more functional, and helps keep you in command.

A dual TFT instrument cluster in XLT and Wildtrak models displays vehicle information – from performance to navigation to entertainment, it's all there on a low-glare, high-quality flat screen.

Stretch Out. The legroom in our Double Cabs makes life more comfortable for your passengers.

A laptop-sized glovebox helps you store the essentials for staying connected on the go.

Hello. Goodbye. Enjoy the ride. The Ranger Wildtrak ambient lighting system^{1.} illuminates to welcome you when you enter the vehicle, and helps you see more when you exit. You can even choose between seven ambient lighting colours that automatically switch on at night.

Work smarter. Play harder. Our next generation SYNC™ 2^{1.} in Ranger XLT and Wildtrak models let's you continue to work, whilst you drive without taking your hands off the wheel or your eyes off the road. Just by saying a few simple words.

Let your fingers do the talking. View vehicle information on the new, 8-inch LCD touchscreen.¹

Keep on track with Satellite Navigation^{1.} Listen to real-time traffic condition updates, voice-guided directions, and view detailed maps on the 8-inch touchscreen.

Connect more devices in more ways with SYNC™ 2's Media Hub.² Use the USB ports to access your music and photos.

Turn Ranger into a WiFi® hotspot.¹ Connect your WiFi®-enabled smartphone to SYNC™ 2 to create an Internet access point for everyone in the car.

YOUR OFF-ROAD OFFICE

When your truck doubles as your office, a functional design makes all the difference. The smarter 2015 Ranger range delivers functional features designed to conquer any challenge.

Park with confidence. Whether reversing into a tight parking spot or hitching up a trailer, the Rear Camera^{1.} available on XLT and Wildtrak models gives you the ability to position yourself exactly where you want it. Combined with parking sensors,^{2.} which give an audible and visible warning to alert you to nearby objects, you can park almost anywhere.

Do more. Wherever you are. A 230V power inverter^{3.} in Ranger's super and double cab models powers your electrical equipment, wherever the job finds you.

See more at night in your rear tray when loading and unloading, with a new load box illumination lights.^{4.}

Auto headlamps come on automatically when there's not enough ambient light.

1. Rear view camera standard on Wildtrak and included with optional technology pack on XLT. 2. Rear park assist standard on XLT and Wildtrak models. Front park assist standard on Wildtrak models only. 3. Super and Double Cab models only. Not available in XL Plus models. 4. Standard on pick-up models excluding XL Plus.

BUILT TOUGHBUILT SMART

Ranger is packed full of safety and driver assist features that keep you in control. It's no surprise that it has earned a 5 star ANCAP rating.

Engineered for Safety. Tough needs to be backed up by common sense safety, which the Ranger is engineered to deliver across the range. With six airbags – including seat side and curtain airbags – along with a reinforced safety cell, the Ranger helps make every journey a safer one.

Control where you need it most. You can drive with greater confidence and peace of mind with Ranger's Dynamic Stability Program which includes the following intelligent driver assist features:

Roll-Over Mitigation reduces the risk of getting into a roll-over situation.

 $\label{eq:hill-launch-Assist} \textbf{Hill-Launch-Assist} \ \textbf{helps} \ \textbf{you} \ \textbf{pull-away} \ \textbf{on steep inclines}.$

Hill Descent Control^{1.} helps you stay in control on steep downhill grades.

Trailer Sway Control provides stability and greater control when towing.

Traction Control maximises traction and helps you avoid wheel spin.

Adaptive Load Control calculates the Ranger's weight and adjusts the Dynamic Stability Control to optimise safety and driving performance.

Emergency Brake Assist applies maximum brake pressure in an emergency stopping situation.

Single Cab

This is the all-round workhorse you can always rely on. You have all the technology and comfort you want up-front and an exceptional load capability in the back.

S = Standard. O = Factory Option that can be ordered before a vehicle is manufactured. A = Accessory that can be added at any time. P = Part of a pack. — = Not available.

5. For SYNC™ compatibility, visit the www.ford.com.au/sync 6. Rear bumper body colour, excludes rear bumper sensor device. 7. Prestige paint is an option that incurs an additional charge. 8. Kerb weight and payload values quoted are based on vehicle certification data and are subject to variation. When loading vehicles, it is the operator's responsibility to ensure: weight of fully loaded vehicle does not exceed GVM. Front and rear individual axle load limits are not individually exceeded. The combined weight of the fully loaded vehicle (including tow ball download when towing) and trailer does not exceed the GCM. Compliance with State and Territory towing regulations. Payload is the combined value of occupants, luggage, cargo, accessories, added structures and tow ball download (when towing). Kerb weight and payload. (when towing) kerb weight and payload.

1. Driver-assistance features are supplemental and do not replace the driver's judgement. Function may not operate in some driving and road conditions or adverse weather. May help avoid or minimise impact of a collision. 2. In the event of a crash which deploys an airbag or activates the fuel pump shut off, Emergency Assistance can use a mobile phone to dial emergency services. 3. Driver-assistance features are supplemental and do not replace the driver's judgement. Function may not operate in some driving and road conditions or adverse weather. Uses sensors. Operates at speeds over 65km/n on multi-lane roads with clearly visible lane markings. 4. IPod is a registered trademark of Apple inc. and is used under licence. Connection cables sold separately. 5. S = Standard. O = Factory Option that can be ordered before a vehicle is manufactured. A = Accessory that can be added at any time. P = Part of a pack. — = Not available.

additional charge. 10. Kerb Mass includes the vehicle with a full tank of fuel, without occupants, luggage or cargo and with all standard equipment. Additional weight of optional features must be taken into account when calculating kerb weight.

11. Subject to State and Territory regulations. Payload is defined as the Gross Vehicle Mass minus the kerb mass. Payload is the maximum combined value of occupants, cargo, added options, added structures and tow ball download (when towing).

GVM must not be exceeded.

1. Fuel consumption and emissions as per Australian Design Rule 81/02 (combined cycle). Note that the actual fuel consumption will depend on many factors including the driver's habits, prevailing conditions and the vehicle's equipment, condition and use. 2. Braked towing capacity when fitted with a Genuine Ford Tow pack and accessory Tow Ball, subject to State and Territory towing regulations. The weight of the vehicle must not exceed the Gross Vehicle Mass (GVM). The combined weight of the fully loaded vehicle and trailer must not exceed the Gross Combination Mass (GCM). Maximum individual axle loads must not be exceeded. Tow ball downforce must be taken into account when calculating payload. Tow ball download must be a minimum of 10% of the towed weight for all model variants. For further details please refer to the Owner's Manual.
