

5700XE

PHANTOM II

GRAPHICS PACKAGE

Serious trucks.™

THE PHANTOM II GRAPHICS PACKAGE

Here at Western Star we make badass trucks built exactly to your spec. So why not take that customization further with the Phantom II Graphics Package on your 5700XE? Consisting of four modular components, the Phantom II Graphics Package can be customized as you see fit. Choose one, two, three or all four components for your 5700XE sleeper or daycab to create a look that's all your own.

GRAPHICS KIT 067-008

VINYL COMPONENTS

They not only look tough, they can also cut down on glare to help reduce driver fatigue. And since the vinyl graphics are applied at the Western Star PDI Center right after production, you can get the truck you want right from the factory.

Best of all, these vinyl graphics offer a great value compared to a traditional painted design, and can be easily removed if you choose. Just ask your Western Star dealer for pricing.
