

Ford EVEREST

Go Further

FREEDOM IS WAITING

Choose the 3.2L TDCi diesel engine with 6-speed auto transmission or the extraordinary 2.0L Bi-Turbo engine with 10-speed auto that delivers 157kW of power and 500Nm of peak torque, with greater engine refinement and outstanding fuel economy. RWD or 4WD, five seats or seven, the Everest is ready to discover what lies beyond the road's end.

Titanium model shown.

Smart Technology

The Everest has the smarts. Lane Departure Warning and Lane Keeping System⁴ can help you stay on track on long road trips. Reverse with confidence with a full and clear vision of what's behind you. If the Everest senses there's an obstacle in your way, the rear parking sensors will sound to alert you. If Adaptive Cruise Control with Forward Collision Alert on Trend and Titanium models senses slow moving traffic in front, it will slow down the vehicle too.⁴

Everest Rear Wheel Drive

If you're looking for size, technology and safety to take on the city and beyond, the Everest Ambiente and Trend RWD models are the perfect fit. With Satellite Navigation, Rear View Camera, Rear Parking Sensors and a commanding road presence you'll feel comfortable and in control. Plus, you can fit up to three child seats in the 5-seater Ambiente and five in the 7-seater models⁶, to help keep the family moving.

ONE EPIC SUV

Our most adventurous SUV is incredibly dynamic on the road and is right at home off-roading it. The design is bold and aerodynamic on the outside, with advanced technology on the inside. The 2.0L Bi-Turbo Diesel with 10-speed automatic transmission takes power and fuel efficiency to the next level. So get ready to free your SUV and see what this Everest can really do.

Notes

Big Towing Capacity

Be ready for any task, no matter how big. Everest Trend and Titanium models with the Bi-Turbo diesel engine can tow even heavier loads with a maximum rated towing capability of 3,100kg¹.

Keyless Entry & Push Button Start

Set off without ever taking the key out of your pocket. Just open the door to unlock the Everest and press a button to start the engine.

Panoramic Power Sunroof

Open up your world and experience life under clear blue skies with a glass panoramic sun roof that comprises nearly 50% of the Everest Titanium's roof space and includes a powered sun blind.

Terrain Management System

Tackle any surface², on-road or off, at the turn of a dial. With Terrain Management System³, on 4WD models you can shift modes to maximize traction and stability whether you're on snow, mud, grass, sand, rock or road.

Pre-Collision Assist with Pedestrian Detection (Autonomous Emergency Braking)

This feature is designed to scan the traffic ahead and warn you if it senses the possibility of a collision with traffic or pedestrians. If a collision is likely, it can apply the brakes⁴.

Extraordinary Capability

The Everest 4WD will confidently wade through water up to 800mm deep⁵ and with a high ground clearance of 227mm. Uphill isn't a battle either, thanks to Hill Launch Assist⁴. And on the way back, Hill Descent Control⁴.

Total Comfort

The Everest's interior is designed to get you and everything you need comfortably from A to B and beyond. Whether you choose the 5-seater Ambiente with optional 3rd row, or the more luxurious leather appointed 7-seater Trend or Titanium models⁶, it's easy to switch between cargo and people.
