**Offers easy  
operation.**

Tinted glass panel provides an open-sky effect in any weather.

That effect easily becomes a reality with fingertip control in pleasant weather.

(1) Simply turn the lock at the rear of the sliding panel; (2) release the two self-locking catches located at the front of the panel and (3) slide the Sky Roof back to the desired position.

Sky Roof's advanced construction protects against air and moisture leaks when closed. Opened, Sky Roof's aerodynamic design lets you enjoy pleasant weather while traveling, without bothersome wind disturbance.
