

FM330

Easy-going personality. Hard-working design.

2006 MITSUBISHI FUSO

FM330: Strength your company can build on.

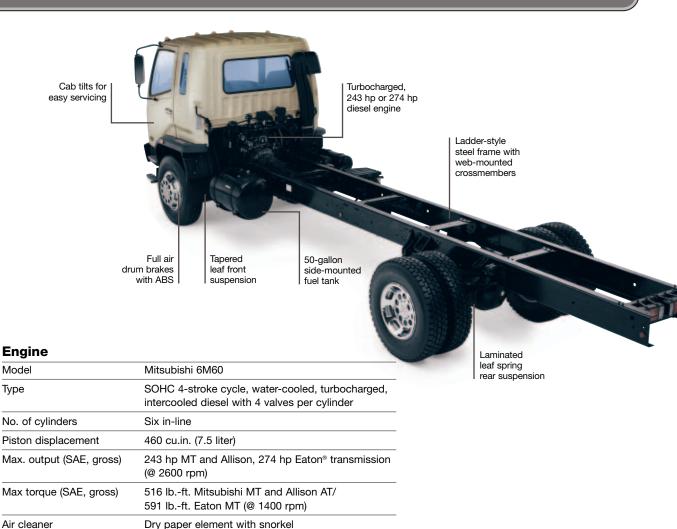

The largest payloads call for stronger frames, big power and lots of torque. Mitsubishi Fuso's FM330 model offers all three in abundance. Its rugged ladder-style frame with web-mounted crossmembers can handle bodies up to 28'. Its direct-injected, intercooled, turbocharged 6-cylinder diesel engine delivers day-in day-out dependability and is easy to maintain. The FM330's cab is most accommodating with a 6-way adjustable driver's suspension seat, tilt/telescoping steering wheel, superior wide-angle visibility and a fully trimmed interior that's exceptionally roomy and quiet. Mitsubishi Fuso cabovers work harder for your business. And the FM330's productivity comes up big, every time.

= M330

- Open-grate steps for safe entry/exit
- · Spacious interior is fully trimmed
- Fixed console between seats with cup holders
- Contoured, color-coordinated front bumper
