

# A7

Audi A7

Audi  
Truth in Engineering

THE TRUTH IS,  
NOTHING LOOKS  
IT'S FOR PEOPLE  
TO FIT IN SO MU  
OUT. IT'S  
A COUP

### Inspirations that build an icon.

The alchemy needed to build an automotive icon is elusive. Sure, it's found, partly, on an assembly line, with committed artisans taking pride in every stitch they oversee. It's also on a drafting board, sketched by visionaries looking to further expand what we look for in automotive design lines. But it's also in the countless inspirations, ones little and large, that not only capture a bold thought or striking idea, but execute them. Examples of these can be found in the foundational stories we tell about our company and our vehicles. These stories show how an abstract idea can turn into a powerful, sculpted machine, and then how that machine can help forge an iconic reputation for a brand. Out of the inspirations we find in engineering, art and the large world of ideas, we have created a fearless, iconic company of substance and luxury: Audi.

LIKE AN A7.  
WHO DON'T WANT  
CH AS TO STAND  
ENGINEERING  
BY OVERTHROW-  
ING CONVENTION.

---

### *Enlighten*

A new light on illumination just happened to be a design boon.

# Constantly looking forward, toward design and your delight.

There's something to be said for refusing to take the easy route. It keeps life interesting—and unpredictable. You can see this expressed boldly in the Audi A7. Its captivating lines and striking silhouette convey a clear message: design isn't characterized by convention here. Take notice of the signature Singleframe® grille and sloping roofline. Together they speak volumes about our affection for timeless style. But there's more to this storyline than just attractive sheet metal. An extensive list of advanced technologies—MMI® touch, Google Earth™ imagery, and an embedded Wi-Fi® hotspot for passenger use, to name just a few, are taking the automobile far into the 21st century<sup>1</sup>. And when it comes to performance, you can rest assured that the 310-hp supercharged TFSI® V6 engine and legendary quattro® all-wheel drive will lay to rest any notion that this car will ever sit on the sidelines.

---

<sup>1</sup> Always pay careful attention to the road, and do not drive while distracted. The features and technologies discussed above are optional, may require an additional subscription with separate terms and conditions, and should be used only when it is safe and appropriate. The Wi-Fi® hotspot feature is intended for passenger use only. <sup>2</sup> Based on brightness comparison to the sun and 5,500 K color temperature. Full LED headlights are an optional upgrade.

---

#### Full LED headlights

The Audi A7 offers available full LED headlights. With an approximate lifespan of 10,000 hours, these lights are the closest recreation of daylight yet? Bright and stylish, they offer signature Audi brilliance.

#### **Adaptive rear spoiler**

Automatically deployed at speeds over 80 mph, the adaptive rear spoiler helps provide additional downforce to enhance the dynamic performance of the A7!

### *Design*

We do not follow design trends. We set them.

## We've appropriated countless hours to developing character.

It's easy to see that a character can make or break a story, that's why every line on the Audi A7 tells a very compelling tale. But perhaps its most brilliant line is something we call the Tornado line. Bisecting the body profile, it runs strongly through the middle of the vehicle to give it a bold, progressive stance that tells the world that there's pedigree here, but not a predictable one. It's the kind of crafted line that makes a character memorable.

1 Always obey all speed and traffic laws.

An aerial, high-angle photograph of a winding asphalt road that curves through a lush, green valley. The road is the central focus, leading the eye from the bottom center towards the top right. The surrounding landscape is a mix of vibrant green grass and rolling hills, with some shadows cast across the terrain. The overall mood is serene and dynamic, suggesting a journey through nature.

## What good is a mold if you don't plan on breaking it?

We think the best way to honor great design is to shatter its conventions completely. This was our mindset when we set out to create the Audi A7. Audi designers were given a blank canvas, and the typical constraints of design were lifted. The result? A sculpted body that was shaped from the ground up instead of molded by conventional, top-down thinking. You see the difference in every curve of the A7. Each line, slope and angle represents a novel approach to design, giving style a muscular profile—and muscle a sleek side. Think of driving one as art appreciation in its most dynamic form.

2015 AUDI A7 TDI® PREMIUM PLUS SHOWN IN ICE SILVER METALLIC WITH AVAILABLE EQUIPMENT.

**Crafting a language without words.**

### *Craftsmanship*

We've ensured that every stitch represents the detail that we put into every aspect of an Audi vehicle.

These aren't just cars to us. They are a symbol of our passion for exceptional design. That's why our designers held nothing back when it came to creating a unique space, even going so far as to replicate shapes throughout the vehicle, inside and out. Notice how the shape of the decorative inlay around the inside door handle echoes the window behind the rear passenger door. And the way the aluminum trim surrounding the windows closely mirrors the aluminum trim accenting the interior wood inlays. This kind of unique design pairing was done to enhance the connection between the interior and exterior.

#### Decorative inlays

Beautifully crafted wood inlays add a warm and sophisticated touch to an already regal interior. And with numerous finishes available, you can be sure this space will be all yours.

## It only feels imaginary.

If you're going to daydream at the office, we suggest you start here. Take a moment to indulge in the wraparound curve of the Audi A7 dashboard. See how it integrates intuitively with the overall driver-centric layout and three-spoke multifunction steering wheel with shift paddles. Discover how the highly acclaimed fit and finish is reflected in places you wouldn't expect, like the virtually seamless panel gaps. Then admire the precision deployment of the ultrathin eight-inch MMI® display rising from the top of the Aluminum-optic air-vent bezel. Now imagine you just shifted into Drive. Welcome to your new reality.

## Being practical has some stylish perks.

Whoever said being practical can't turn heads hasn't sat inside an Audi A7. Our innovative design team rewrote the rules for interior appointments and built style with purpose in mind. With luxurious materials and eight-way power front seats and four-zone automatic climate control, you literally create a unique cabin environment tailored to the moment at hand. Just consider its split folding 60/40 rear seatbacks and cavernous cargo space as more proof of this. This is true for the smallest details too, like an available heated steering wheel, or heated and available ventilated front seats that help keep you focused on how much you love every moment in here.

### Four-zone automatic climate control

Personal attention has been taken to new heights in the A7. With the four-zone automatic climate control, almost every person in the vehicle has the ability to dial in their ideal temperature.

### Cargo capacity

With 24.5 cu ft of cargo capacity with the seatbacks in place, you'd be forgiven for thinking the A7 might moonlight as a much larger vehicle. And with all that extra space, you can forget about deciding between bringing an extra golf bag or more clothes. Bring it all.

### Power rear tailgate and hands-free release

Carefully integrated into the rear design, the power rear tailgate on the A7 gives you programmable endpoints so you can adjust the opening to the height you choose to better accommodate personal preferences and tighter spaces.

2015 AUDI A7 3.0T PRESTIGE SHOWN WITH VELVET BEIGE LEATHER AND AVAILABLE EQUIPMENT.

ENGINE // 4.0-liter turbocharged TFSI® V8 developing 420 hp and 406 lb-ft of torque

DRIVETRAIN // quattro® all-wheel drive with sport differential  
Seven-speed S tronic® dual-clutch transmission

CHASSIS // S7 tuned Audi adaptive air suspension, Audi drive select

BRAKES // 15.7" ventilated front disc brakes with S7 logo, 14.0" ventilated rear disc brakes

PERFORMANCE // Top track speed of 155 mph<sup>1</sup>

## Experience an internal combustion all your own.

We don't believe in hiding our true intentions—as with all Audi performance models, the visceral reaction you get at first glance is more than validated when you get behind the wheel. The bold, muscular body and S specific design cues of the Audi S7 are constant reminders that this is a performance car above all else. A 420-hp, 4.0-liter TFSI® V8, high-performance brakes and the relentless grip of quattro® all-wheel drive and a sport differential make clear the real intent of the S7. One only has to peek at the driver-oriented interior featuring signature sport seats and available Carbon Atlas decorative inlays to know that this is a luxury sports car that doesn't hold anything back. This isn't the model for the faint of heart.

**Audi Sport**  
Truth in Engineering

The story doesn't stop here. There's more on the full range of S, RS, and R8 Audi performance models in the **2015 Audi Sport brochure**. See your dealer or go to [audiusa.com](http://audiusa.com) for details.

### Torque vectoring

It's a handling feature so quick that it seems to respond to your impulses instead of your steering input. An evolution of cross-axle lock, this system works within quattro®, utilizing ESC and ABS to help sense traction loss from the inside cornering tire.

### Seasonal stability

There is a reason quattro® all-wheel drive is a friend in foul weather.<sup>1</sup> Under normal driving conditions, the center differential splits torque at a ratio of 40:60, front to rear, but as conditions change and become more challenging, the ratio is optimized to help maximize grip.

### Power out

Torque vectoring distributes power to the outside wheels when turning, helping give you added control in the corners.

**85:15**

**When accelerating**, power is shifted to the rear wheels for extra rear traction.

**Under normal driving conditions**, power slightly favors the rear axle.

<sup>1</sup> When driving during cold, rainy, snowy or icy weather conditions, ensure that your vehicle is equipped with appropriate all-season or winter tires. Even with appropriate tires, you must always drive in a manner appropriate for the weather, visibility and road conditions. <sup>2</sup> Always obey all speed and traffic laws.

**A little added confidence  
can help powerfully steer  
you in the right direction.**

There's an elegant sense of assurance when you are in control. In the case of quattro® all-wheel drive, the elegance is created by a sophisticated system developed by Audi engineers to help you with the ability to gain more control when road and weather conditions aren't their best. Through enhanced grip on twisting mountain roads and powder-dusted streets—to say nothing of the precision you'll feel in taking corners in perfect conditions—quattro® works with drivers who want peace of mind as much as power. Because it was built and honed to transfer the necessary amount of power to the appropriate wheels when accelerating and turning,<sup>2</sup> quattro® helps enhance Audi performance, but the real story just might be how quattro® helps engineer confidence in good drivers.

quattro® seamlessly transfers power as needed as driving conditions change.

**30:70**

When traction is limited at either axle, power is shifted to the axle with the most traction.

**C** **Comfort mode**  
Perfect for those long highway stretches, this setting adds optimized steering and a closer shift pattern to help provide a more relaxed drive.

**D** **Dynamic mode**  
Tighter steering and a more responsive throttle give this setting an aggressive feel and focused performance.

**A** **Auto mode**  
The best of both worlds, dialed to automatically adjust settings for a seamless combination of comfort and responsiveness based on your driving style and road conditions.

**I Individual mode**

Take the turn your way—this mode allows you to adjust the steering, throttle and transmission upshifts to your style.

At Audi, we believe you should be the ultimate master of your road-going domain. That's why we created the Audi drive select system. It gives you the ability to adjust the vehicle's steering, throttle response and transmission shift characteristics with the utmost of ease. And with four modes to choose from, when almost any kind of road comes into question, Audi drive select will let you answer.

# This is how power accelerates.

For us, losing weight has nothing to do with vanity. It's all about making us stronger and more agile. By reducing the weight of the chassis and engine, we are able to harness more power more quickly—and, not incidentally, more efficiently<sup>1</sup> That means the Audi A7, equipped with the supercharged 3.0-liter TFSI® engine, delivers the potent acceleration of a traditional V8 with the efficiency of a V6<sup>1</sup> Improved miles per gallon<sup>1</sup> and more beats per minute? We call that a win-win.

## Induction technology—TVS supercharger

Compressing the airflow to the engine forces more air into the cylinder and, ultimately, more power from each ignition, helping to improve the engine's power-to-displacement ratio.

Four-vane w/160° twist    Three-vane w/60° twist

### More twist for power

Modern supercharger rotor-vanes have a 160° twisted shape for higher pressures and improved efficiency. And by using a four-vane design instead of a three-vane design, thermal efficiency and air-handling characteristics are improved without increasing the size of the supercharger unit.

## Performance

The adage “good things come in small packages” has never been more true.

310 horsepower

325 lb-ft of torque

## 3.0 TFSI V6

The 310-horsepower 3.0-liter TFSI V6 engine is paired with FSI® direct injection and a belt-driven supercharger that has counter-rotating four-vane rotors that force air through dual intercoolers at boosted pressures. It is this combination of engineering achievements that allows for nearly instantaneous buildup of 325 lb-ft of torque directly off idle engine speeds.

## Start-stop efficiency system

As an intelligent vehicle system, this highly effective engine management program can lower fuel consumption as well as CO<sub>2</sub> emissions by automatically shutting off your engine while you wait at a red light or, perhaps, during certain stop-and-go driving. Once you are ready to resume, or if other critical vehicle systems require it, the engine will restart nearly instantaneously<sup>1</sup>

---

### Eight-speed Tiptronic® automatic transmission

As the perfect compromise between a dedicated manual and an automatic gearbox, the eight-speed Tiptronic® automatic transmission in the Audi A7 offers eight optimized, carefully chosen gear ratios. Selected automatically or via its console-mounted shifter or steering wheel with shift paddles, precise shifts are delivered without sacrificing the smooth action of the Tiptronic® automatic. A high final drive ratio allows optimization of lower gears, yet the transmission's upper range emphasizes fuel economy—particularly at highway speeds.<sup>1</sup>

gear	
1ST	4.714:1
2ND	3.143:1
3RD	2.106:1
4TH	1.667:1
5TH	1.285:1
6TH	1.000:1
7TH	0.839:1
8TH	0.667:1
	ratio

## With efficiency comes great power.

Legendary engineering has shifted gears once again. Not content with a heritage of performance, we've developed an even more responsive and efficient way of applying power. Our revolutionary eight-speed Tiptronic® automatic transmission with Dynamic Shift Program (DSP) helps to enhance performance while also allowing you to command upshifts or downshifts through the steering wheel-mounted shift paddles. A new gear has been found—what you do with it is your choice.

---

<sup>1</sup> 2015 EPA estimates and emissions data not available at time of printing. See [www.fueleconomy.gov](http://www.fueleconomy.gov) for updated information. Your mileage and emissions will vary and depend on several factors, including your driving habits and vehicle condition.

# Fuel for thought.

We thought you should know: Diesel sports a greater power density than traditional gasoline, which means that a gallon of diesel fuel has about 15% more energy than a comparable amount of gas, and combusts more efficiently in the engine. The TDI® clean diesel engine available in the A7 has achieved ultra-low emissions vehicle (Bin-5/ULEV II) status in all 50 states while producing approximately 17% fewer CO<sub>2</sub> emissions than its comparable gasoline-fueled engine.<sup>1</sup> And the brainy attributes don't hide the brawn—in fact, Audi has dominated the 24 Hours of Le Mans over the years with TDI® prototype race cars. With these facts in mind, maybe you are thinking that a TDI® might be your choice—which goes to show that clean diesel really is fuel for thought.

## → → → TDI® clean diesel

↑ ↑

### Diesel packs more energy

On average, one gallon of diesel contains about 147,000 BTUs, versus 125,000 for gasoline.

+

↑ ↑

### Making diesel cleaner

A new refinement process has reduced sulfur in diesel fuel by more than 97% in years past.

+

↑ ↑

### Variable vane turbocharger

Adding turbo power to clean diesel engines, our variable vane turbocharger produces impressive torque punch at mid-range highway speeds.<sup>2</sup>

+

↑ ↑

### Piezo direct injection

Precise injections help lower the combustion noise normally associated with diesel engines, while optimizing the distribution of fuel in the combustion chamber, helping to further reduce exhaust emissions.

<sup>1</sup> 17% fewer CO<sub>2</sub> emissions based on 2014 EPA emissions data versus its comparable gasoline-powered model. See [www.fueleconomy.gov](http://www.fueleconomy.gov) for details. Your vehicle emissions will vary and depends on several factors, including your driving habits and vehicle condition. <sup>2</sup> Always obey all speed and traffic laws. <sup>3</sup> EPA estimates. Your mileage will vary and depends on several factors, including your driving habits and vehicle condition. See [www.fueleconomy.gov](http://www.fueleconomy.gov) for details. <sup>4</sup> 24 city/38 highway mpg (2015 A7 3.0-liter TDI® clean diesel V6 with eight-speed Tiptronic® automatic transmission and quattro® all-wheel drive). 2015 EPA estimates. Range based on EPA estimates of 24 mpg city/38 mpg highway and a 19.2-gallon fuel tank. Your mileage will vary and depends on several factors, including your driving habits and vehicle condition. <sup>5</sup> 38% better mileage over comparable gasoline engines is based on 2015 A7 TDI® model's 29 combined mpg as rated by the EPA vs. the 2014 EPA-rated gasoline-powered equivalent. Your mileage will vary and depends on several factors, including your driving habits and vehicle condition.

## mileage

24 city/38 highway/29 combined mpg<sup>3</sup>

## range

Up to 460 (city) or 729 (highway) miles per tank<sup>4</sup>

## torque

428 lb-ft of torque along with 240 hp from the 3.0-liter TDI<sup>®</sup> clean diesel V6

+

=

up to  
**38%**  
more efficiency

### Combustion

Combining a high compression ratio with direct injection makes combustion more efficient, and produces emissions cleaner than those of engines with a lower compression ratio.

### After-exhaust treatment

With innovative diesel particulate filters and the nontoxic AdBlue<sup>®</sup> reducing agent, we help eliminate up to 95% of diesel NO<sub>x</sub> emissions.

### Increased fuel efficiency

Another way diesel creates fewer emissions is that it gets better mileage, up to 38% more mpg than comparable gasoline engines, in fact.<sup>5</sup>

There is more information on the TDI<sup>®</sup> clean diesel model line in the 2015 TDI<sup>®</sup> clean diesel brochure. For details, see your dealer, go to [audiusa.com](http://audiusa.com) or download the digital brochure from the Audi library app.

## Driver Assistance

We're solving problems before you even know you have them.

# A little insight into the things you cannot see.

Audi strives to constantly up the ante on the driver assistance tools built right into the Audi A7, and they're all designed to work in tandem with you, wherever you go. Whether it's available advanced technologies like night vision assistant that uses infrared technology to help detect pedestrians, or radar sensors that Audi side assist utilizes to help inform you of vehicles approaching from the side and rear, you'll find that we've developed them to work together to help keep you aware of your surroundings. The whole suite of available driver assistance features can be found in the A7. It's another testament to the effort Audi puts into helping ensure that you're not the only one keeping an eye on the road.

### Audi adaptive cruise control with stop & go

Using long-range radar and a camera, the available Audi adaptive cruise control with stop & go helps read the traffic conditions and adjusts the speed, helping to bring the vehicle to a full stop before accelerating when traffic flow resumes.

### Audi pre sense® plus

The available Audi pre sense plus offers comprehensive driving assistance with sensors in the front, side and rear. After visual, physical and aural collision warnings, there are four distinct phases for automatic preparation for the unavoidable: an upsurge of brake pressure, safety belt pretensioning, partial braking, and sunroof and window preparation. In severe cases, Audi pre sense plus will engage full braking and deceleration.

### Audi active lane assist

Operating at speeds above 38 mph, this available system helps detect when the vehicle begins to leave the lane without signaling. Then, through gentle, corrective steering efforts, it helps the vehicle remain in the lane and vibrates the steering wheel as an additional warning. This way, Audi active lane assist complements the driver's decision-making process and further solidifies the bond between driver and machine.

### Corner view cameras

Giving you a nearly 360-degree view around the vehicle, the available corner view cameras help make parking easier thanks to combined camera images from the front, rear and sides of the vehicle.

### Night vision assistant

Using infrared technology to detect what lies ahead, this available feature uses thermal-imaging technology to help you detect trouble. Pedestrians can be detected over 300 feet in front of the vehicle, while objects can be detected over 900 feet ahead—all shown on the 7" color driver information system.

### Head-up display

With easy-to-view, accurate visual information right at eye level, this available feature displays important driving information and even pedestrian-detection warnings when equipped with the optional night vision assistant.

The **Audi side assist** uses radar sensors and two different optical warnings to help keep the driver informed about what is approaching from hard-to-see angles behind and to the side of the vehicle.

# We don't see safety as an option, or a luxury.

Audi engineers don't equate strength with size. Big is just big—strong is a more flexible concept. While you may not think about weight savings when it comes to strength, we'd like you to take a second and think again. The aluminum hybrid construction developed by Audi engineers is a lightweight and unyielding revolutionary technology that offers an innovative approach to both weight savings and strength. Airbag technology<sup>1</sup> is designed to respond differently based on seat position, and specially constructed crumple zones give way upon impact to help mitigate potential injury in a collision. All of this, combined with the rigidity of laser seam-welded joints that enhance the strength of every Audi we make, helps diminish the impact of an unavoidable event.

Dramatization<sup>2</sup>

## Safety

Working to spread a “bend, don't break” philosophy.

### ESC and ABS

Computerized technology that works in perfect sync with the Anti-lock Brake System (ABS), Electronic Stability Control (ESC) helps minimize any loss of stability, applying brake pressure to individual wheels and reducing throttle input to help counter oversteer or understeer when the vehicle needs it.

### Ten airbags

A full complement of ten airbags<sup>1</sup> is available in the A7 to offer additional protection in the event of a collision. Front-impact airbags for both driver and front passenger are designed to specifically target and protect the head during collisions, for added protection.<sup>1</sup>

<sup>1</sup> Airbags are supplemental restraints only and will not deploy in all crash circumstances. Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age. <sup>2</sup> This is a dramatization and does not depict what will happen in a collision. All bags will not inflate simultaneously in real-world collisions, and, if multiple bags do deploy, they will be in various stages of inflating/deflating and will never all be inflated at the same time.

Referring to all dedicated measures that help protect the car's occupants against injury, the **passive safety** measures in the A7 include its safety belt system, ten available airbags, the rigid occupant cell and crumple zones at the front and rear of the vehicle.

# A7

#### Tailor-made blanks

Developed to make the best possible use of the body's potential, tailor-made blanks are the result of a special manufacturing process that can help strengthen the upper zone of the B-pillars, while the lower zone is designed to help mitigate the impact in the event of a side collision.

- *sheet aluminum*

- *cold-formed steel*

### MMI System

Putting your needs front and center.

## A touch of genius is simplicity itself.

A lot can be said with a simple touch. Case in point, MMI® touch. A revolution in intelligent simplicity, MMI touch with handwriting recognition is a technology that gives you the ability to give commands and retrieve media simply by its recognizing a few strokes of your finger. Access information such as music files, contact information and destinations through the MMI touch—or give input to Audi connect®, an innovative infotainment system infused with the power of Google™ technology<sup>1,2</sup> Now staying in touch with your world isn't just a good gesture, it's one simple gesture.

### MMI touch

Developed by the Audi Human Machine Interface (HMI) team, MMI touch illustrates why making something simple to use can be so complex. The HMI team designed a system so advanced, it can read almost anyone's handwriting—even if you choose to write with your non-dominant hand.

### Function buttons

Helping you navigate through the MMI system with ease are four well-placed function buttons. Each button correlates to a command at the corner of the screen and, when pressed, takes you to your desired selection.

<sup>1</sup> Always pay careful attention to the road, and do not drive while distracted. The features and technologies discussed above are optional, may require an additional subscription with separate terms and conditions, and should be used only when it is safe and appropriate. The Wi-Fi® hotspot feature is intended for passenger use only. <sup>2</sup> See Infotainment/Technology section of the Featured Content page for important information regarding MMI® navigation plus and required SiriusXM® subscriptions.

---

#### SiriusXM® Satellite Radio

Go ahead. Crisscross the country. We assure you, you'll never run out of entertainment options, with over 150 channels of music, talk, sports and news?

---

#### Audi media

The media function opens up a world of options with the MMI navigation plus, allowing you to control the Audi music interface, Secure Digital (SD) card slots, hard disk drive (HDD) audio jukebox or DVD, and BLUETOOTH® streaming audio from a compatible device.<sup>1,2</sup>

---

#### MMI navigation plus

Count on the advanced navigation system to home in on your destination with stunning precision while putting a little more depth in your journey with help from Google Earth™<sup>1</sup>

---

#### BLUETOOTH® wireless technology

Unlock your compatible mobile phone's potential through the MMI system. Simply pair them up and start enjoying near complete control at the touch of a button.

# Tell us what you're looking for and we'll deliver you to it.

Don't reach—relax. While touchscreens are seemingly everywhere, they don't need to be in your vehicle. With Audi connect®, you may never have to reach out again.<sup>1</sup> Thanks to Google Voice™ Local Search, Audi connect allows you to quickly search Google™ by simple voice commands (use only when the car is stationary).<sup>1</sup> The crisp display is mounted farther up, closer to the windshield and near your sight line to the road ahead. For those times when you are feeling tactile, we've placed toggle buttons near the gear shifter, where your hand naturally rests when using them. So while other automobile manufacturers still want you to reach out, we've found a few ways for you to make information a lot more accessible while your hands are on the wheel.<sup>1</sup>

## SiriusXM® Traffic

Get traffic information overlaid onto 3D satellite imagery to visualize a true aerial view of your route, and let the MMI navigation plus system reconfigure your route to help avoid traffic.<sup>1,2</sup>

## News feeds

Stay on top of the news by having headlines and stories delivered right to your MMI® display.<sup>1</sup>

## POI

### Point-of-interest

The point-of-interest search with voice control means that the digital world is with you on every journey.<sup>1</sup>

## myAudi

### myAudi features

Plan travel from your personal computer. Send your desired destinations to your vehicle ahead of time and access your route from your vehicle later.<sup>1</sup>

## Mobile Wi-Fi® hotspot

Provides high-speed connectivity for up to eight passenger devices through an onboard wireless hub.<sup>1</sup>

<sup>1</sup> Always pay careful attention to the road, and do not drive while distracted. The features and technologies discussed above are optional, may require an additional subscription with separate terms and conditions, and should be used only when it is safe and appropriate. The Wi-Fi® hotspot feature is intended for passenger use only. <sup>2</sup> See Infotainment/Technology section of the Featured Content page for important information regarding MMI® navigation plus and required SiriusXM® subscriptions. <sup>3</sup> Parking feature is not available everywhere and requires participation by parking provider.

### Google Earth™ with 3D satellite imagery

With Google Earth™ integration, you'll enjoy 3D satellite imagery, including Google Maps Street View, displayed right on the MMI display.<sup>1</sup>

### Weather information

Current local conditions and forecasts for your destination can help you prepare for your trip.<sup>1</sup>

### Google Voice™ Local Search

Simply tell your Audi what you are in the mood for, then let the cloud-processing power of Google™ speech recognition interpret your request and bring up a list of destinations in the area of your choice.<sup>1</sup>

### Google Maps Street View

With Google Maps Street View, your vehicle can show you a driver's-eye view of your destination right before you arrive so it's easy to recognize.<sup>1</sup>

### Parking information

Search for parking in your area of interest, check space availability and set your selection as a destination to help navigate directly to the garage entrance.<sup>1,3</sup>

### City events

Get information about current events, exciting locations and places of interest at your travel destination, current location or other chosen location instantly.<sup>1</sup>

### Travel info

Discover local landmarks in your area of interest, set them as your destinations, and let your vehicle lead the way as you explore the world around you.<sup>1</sup>

## Sound

Audi is Latin for "listen," so you know we take sound very seriously.

52 Hz

### Low note on a kick drum

True bass tones are something you feel more than hear, and when a kick drum hits you with a frequency of 52 Hz, you definitely feel it. Knowing this, Audi sound engineers worked to reproduce sounds at this level for an exceptionally realistic experience.

2,093 Hz

### High note on a piano

Even at a frequency of 2,093 Hz, the equivalent of the double high C note found on a piano, the sound system clearly and effortlessly reproduces the sound, giving you front row seats to every symphony.

## Lend us your ear.

It's been said that people only hear what they want to. That what they don't like just goes in one ear and out the other. Well, for those people and everyone else, we offer two sound systems that make every note worthy of your eardrum's full attention. From perfectly sculpted high notes to a crystal clear mid-range to deep-diving lows, the available BOSE® and Bang and Olufsen® sound systems are a veritable orchestra of engineering that fills the cabin with faithfully rendered, thrilling sound. So whether you're the type that wants to be soothed by sound or the type that wants to be inspired by it, we promise, if you take a moment to listen, that what you'll hear will be utterly impossible to ignore.

261 Hz

### Singing middle C

At a frequency of around 261 Hz, you'll find middle C. It is around this frequency that much of the brilliantly orchestrated sound is reproduced by the numerous, strategically placed speakers.

#### **Bang & Olufsen® Advanced Sound System**

The passion of Bang & Olufsen® matches well with Audi. Just consider the remarkable available Bang & Olufsen® Advanced Sound System. By focusing on design and performance together, it has become the symbol of acoustic perfection. Bang & Olufsen® engineers help to craft meticulously rendered sound through 15 speakers (including two innovative retractable aluminum acoustic lenses) and an impressive 1,300 watts through the sealed speaker cabinets and ICEpower® amp. The result: sound as captivating to your ears as an Audi is on your eyes.

#### **BOSE® Surround Sound System**

Hitting the right note on every drive, the available BOSE® Surround Sound System turns your Audi into a 14-speaker powerhouse with the help of innovative sound engineering and optimized speaker placement. Add to that AudioPilot® noise compensation, which helps maintain a consistent volume under varying speeds and road conditions, and you get an acoustic listening environment that rivals any live performance.

Unlike with high-frequency sounds, the brain cannot detect where low bass frequencies are coming from, making it seem as if the sound is hitting both ears at the same time. Because of this, Bang & Olufsen® sound engineers only had to design one custom-fitted subwoofer to reproduce the kind of deep, cabin-filling bass that brings music to life.

---

#### LED taillights

LEDs are among the most luminous taillights available. And, like Audi vehicles, they are efficient, technologically advanced and long-lasting.

## Envy might be an emotion we intended to craft.

Give that person you just passed something to remember you by!<sup>1</sup> The gorgeous, swooping lines of the Audi A7 culminate in a spectacular finish, highlighted by the unmistakable look of its LED taillights. The last thing they'll see will surely leave them pining for more. They just better take it all in while they can, because from this angle you won't be around for long.

---

<sup>1</sup> Always obey all speed and traffic laws.

## Premium Plus

### A7 Premium Plus featured highlights

- ▶ Xenon plus headlights with LED daytime running lights
- ▶ LED taillights and rear fog lights
- ▶ Power-adjustable, power-folding, auto-dimming, heated exterior side mirrors with memory
- ▶ Power tailgate with hands-free release
- ▶ Adaptive rear spoiler
- ▶ Four-zone automatic climate control
- ▶ Three-spoke multifunction steering wheel with shift paddles
- ▶ Sunroof
- ▶ Leather seating surfaces
- ▶ Eight-way power front seats and four-way power lumbar adjustment for driver
- ▶ Driver seat memory
- ▶ Heated front seats
- ▶ Split folding 60/40 rear seatbacks
- ▶ MMI® navigation plus with voice control system<sup>1</sup>
- ▶ MMI® touch with handwriting-recognition technology
- ▶ Audi connect® with six-month trial subscription<sup>2</sup>
- ▶ 7" color driver information system
- ▶ SiriusXM® Satellite Radio with 90-day trial subscription<sup>3</sup>
- ▶ SiriusXM® Traffic with four-year subscription<sup>3</sup>
- ▶ Audi music interface with iPod® integration
- ▶ BLUETOOTH® streaming audio<sup>4</sup>
- ▶ BLUETOOTH® wireless technology preparation for mobile phone<sup>4</sup>
- ▶ Audi advanced key—keyless start, stop and entry<sup>5</sup>
- ▶ Audi side assist with Audi pre sense® rear
- ▶ Audi drive select
- ▶ Parking system plus with rear view camera (front and rear acoustic parking sensors)

### Available packages and stand-alone options

- ▶ Cold Weather package
- ▶ Driver Assistance package
- ▶ 20" Sport package
- ▶ 19" Sport package
- ▶ Full LED headlights
- ▶ BOSE® Surround Sound System with 14 speakers, AudioPilot® noise-compensation and 630 watts
- ▶ Rear-passenger thorax side airbags<sup>6</sup>
- ▶ Dark Brown Walnut Wood decorative inlays
- ▶ Black cloth headliner (with Black or Nougat Brown leather)

1. MMI® navigation plus depends on signals from the worldwide Global Positioning Satellite network. The vehicle's electrical system and existing wireless and satellite technologies must be available and operating properly for the system to function. The system is designed to provide you with suggested routes in locating addresses, destinations and other points of interest. Changes in street names, construction zones, traffic flow, points of interest and other road system changes are beyond the control of Audi of America, Inc. Complete detailed mapping of lanes, roads, streets, toll roads, highways, etc., is not possible, therefore you may encounter discrepancies between the mapping and your actual location. Please rely on your individual judgment in determining whether or not to follow a suggested MMI® navigation plus route. For mapping updates please see your Audi dealer or call 1-800-FOR-AUDI for details. 2. Always pay careful attention to the road, and do not drive while distracted. The features and technologies discussed above are optional, may require an additional subscription with separate terms and conditions, and should be used only when it is safe and appropriate. The Wi-Fi® hotspot feature is intended for passenger use only. 3. SiriusXM® Satellite Radio and Traffic subscriptions sold separately or as a package after trial expires. SiriusXM® Traffic service available in select markets. Subscriptions are governed by SiriusXM® Customer Agreement (see www.siriusxm.com) and are continuous until you call SiriusXM® to cancel. SiriusXM® U.S. Satellite Service available only to those 18 and older in the 48 contiguous U.S.A., D.C. and Puerto Rico (with coverage limitations). 4. Requires compatible device. 5. Some Audi models are equipped with a keyless ignition feature. The details as to how the system works can vary, and Audi owners should consult their owner's literature or an authorized Audi dealer if they have further questions about the operation of this feature. Please note that Audi warns against leaving the vehicle unattended with the engine running, particularly in enclosed spaces. 6. Airbags are supplemental restraints only and will not deploy in all crash circumstances. Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age. 7. High-performance tires are designed for better performance and handling in warm climates. When driving in cold, snowy or icy weather, you should equip your vehicle with four all-season or winter tires, which offer better traction under those conditions. We suggest you use the Audi-recommended winter or all-season tires specified for your Audi. High-performance tires also have a lower aspect ratio that aids performance and handling. Driving over rough or damaged road surfaces, as well as debris, curbs and other obstacles, can cause serious damage to wheels, tires, vehicle body and suspension parts. Be careful to avoid road hazards and reduce your speed, especially if your vehicle is equipped with low-profile tires. Please also remember when making your selection that, while these tires deliver responsive handling, they may ride less comfortably and make more noise than others. Finally, these tires may wear more quickly than other choices. It is important that the inflation pressure is regularly checked and maintained at recommended levels.

## Prestige

The following highlighted features of the A7 Prestige add to or replace the highlighted features of the A7 Premium Plus

- ▶ Full LED headlights
- ▶ S line® exterior appearance
- ▶ Power tilt and telescopic adjustable steering column
- ▶ Ambient LED interior lighting
- ▶ Perforated leather seating surfaces
- ▶ Ventilated front seats
- ▶ Head-up display with navigation information
- ▶ BOSE® Surround Sound System with 14 speakers, AudioPilot® noise-compensation and 630 watts

### Available packages and stand-alone options

■ Standard    — Not applicable

1. MMI® navigation plus depends on signals from the worldwide Global Positioning Satellite network. The vehicle's electrical system and existing wireless and satellite technologies must be available and operating properly for the system to function. The system is designed to provide you with suggested routes in locating addresses, destinations and other points of interest. Changes in street names, construction zones, traffic flow, points of interest and other road system changes are beyond the control of Audi of America, Inc. Complete detailed mapping of lanes, roads, streets, toll roads, highways, etc., is not possible, therefore you may encounter discrepancies between the mapping and your actual location. Please rely on your individual judgment in determining whether or not to follow a suggested MMI® navigation plus route. For mapping updates please see your Audi dealer or call 1-800-FOR-AUDI for details. 2. See the Audi connect® page for important information about Audi connect®. 3. SiriusXM Satellite Radio and SiriusXM Traffic subscriptions are sold separately or as a package after trial period and are continuous until you call SiriusXM to cancel. See Customer Agreement for complete terms and more information at [www.siriusxm.com](http://www.siriusxm.com). SiriusXM Traffic service available in select markets. SiriusXM U.S. Satellite Service available only to those in the 48 contiguous U.S.A., D.C. and Puerto Rico (with coverage limitations). 4. Requires compatible device. 5. Some Audi models are equipped with a keyless ignition feature. The details as to how the system works can vary, and Audi owners should consult their owner's literature or an authorized Audi dealer if they have further questions about the operation of this feature. Please note that Audi warns against leaving the vehicle unattended with the engine running, particularly in enclosed spaces.

**Black on black, no matter**

**what color you choose.**

If the A7 makes a statement, the Audi A7 Prestige with Black Optic package is an outright declaration. First off, unique 20" double-spoke design wheels set this vehicle apart, even at a standstill. Add to that a striking Black Singleframe® grille and the already muscular and sporty look provided by the Prestige model, and you'll see why some things never go out of style.

## Accessories

Add distinction, versatility and the ultimate in self-expression with Audi Genuine Accessories. Whether you load the cargo carrier with climbing gear or add a set of stylish new wheels, we have the accessories that will help enhance every facet of your lifestyle. When purchased from an authorized dealer, all pieces are

### Aluminum bike rack

This locking holder fits 20- to 80-mm bike frames with both wheels on the bike and helps keep the bike upright as you secure it in place.<sup>2,3</sup>

### Base carrier bars

Attached to strong side brackets, these are the durable foundation of the Audi roof-rack system.<sup>2</sup>

### Ski and snowboard racks

This rack transports your equipment to the slopes easily and securely. The standard attachment (shown) holds two sets of skis or two snowboards. A deluxe attachment is also available.<sup>2,3</sup>

## Other accessories

### Audi Genuine Sport and Design Accessories

Your Audi vehicle features a bold, aggressive stance and strong, stunning lines. Enhance it by adding Audi Genuine Sport and Design Accessories. All are carefully scrutinized in the design and development process. So while they're striking in appearance, they've also passed rigorous quality assessments, including corrosion testing. If you're looking for a bolder appearance or a finishing touch, there is a solution designed by Audi that makes every mile more enjoyable—and more yours.

### Audi Genuine Alloy Wheels

Strike the perfect balance between breathtaking design and awe-inspiring performance with Audi Genuine Alloy Wheels. Audi experts have meticulously designed these wheels especially for each Audi model. They're engineered to the highest standards and endure rigorous testing to help ensure long-term quality. Experience eye-catching style that is yours and yours alone. Nothing enhances the bold, dynamic look of your Audi vehicle faster.

<sup>1</sup> Audi Genuine Accessories purchased from an authorized Audi dealer are covered for the greater of: (1) the accessory limited warranty period (12 months or 12,000 miles, whichever occurs first) from the time of purchase; or (2) the remainder of the Audi New Vehicle Limited Warranty period (4 years or 50,000 miles, whichever occurs first). See your authorized Audi dealer for details. <sup>2</sup> All roof-rack system attachments require the base carrier bars. All attachments sold separately. <sup>3</sup> Recreational equipment, sporting equipment and luggage not included.

backed by your vehicle's 4-year/50,000-mile limited warranty or for 12 months/12,000 miles from the accessory purchase date, whichever is greater.<sup>1</sup> If you're looking to personalize or protect the vehicle you love, we have an Audi designed solution that works for you.

#### 20" 5-arm parabolic wheels

Add an impressive finishing touch with this eye-catching design. Anthracite with machine-polished spokes.

#### 19" 5-V spoke wheels

Show off the dramatic profile and superior performance of the Diamond Silver 5-V spoke design on your A7.

#### All-weather cargo mat

Custom fit for your A7, the raised outside edge of the cargo mat helps contain spills and protect cargo-area carpeting from stains. The textured material helps control load shifting.

#### Valve stem caps

Emblazoned with the iconic Audi rings, these handsome caps complement the unique design of the wheels on your Audi.

#### All-weather floor mats

Deep-ribbed, channeled design helps protect your vehicle's floor from water, mud, sand and snow. Black mats are available in sets of two for front or rear. Front mats feature the A7 or S7 logo.

#### Load-protection film

This custom-fit transparent film helps protect the rear bumper from scratches while loading and unloading. The red outline depicts the coverage area.

### Audi TravelSpace Transport Accessories

For every season and every getaway, Audi takes you there. Never leave the necessary gear behind. Be ready for any journey with Audi TravelSpace Transport Accessories. The list includes bike racks, ski racks, a variety of water sports equipment carriers and various sizes of cargo carriers. Wherever you go, make sure everything fits with a variety of intelligent and innovative solutions. Accessories designed for your active, passionate lifestyle.

### Audi Genuine Electronics Accessories

The illuminating technology that graces each Audi vehicle provides the inspiration for Audi Genuine Electronics Accessories. Similarly, all of these accessories are impressively advanced and inspiring. Our audio options let you enhance your listening pleasure. Other accessory options help promote more convenient travel. All are designed and tested to help ensure compatibility with the vehicle's electrical systems, allowing you to enjoy every aspect of Audi technology with almost all your senses. Demand the best and drive with added confidence.

### Audi Guard Comfort and Protection Accessories

Help protect what you love. Audi Guard Comfort and Protection Accessories offer functional, practical items that help keep your Audi in pristine condition. Choose from such useful items as trunk liners that help make clean-up quick and easy or an easy-to-use storage cover that helps shield the vehicle. Use them all to help reduce wear and tear and keep the vehicle looking like new—inside and out. All are engineered to stringent Audi standards, so you can be assured of their quality and durability.

Note: A word about this brochure. Audi of America, Inc., believes the specifications in this brochure to be correct at the time of printing. However, specifications, standard equipment, options, fabrics, and colors are subject to change without notice. Some equipment may be unavailable when your vehicle is built. Please ask your dealer for advice concerning current availability of standard and optional equipment, and your dealer will verify that your vehicle will include the equipment you ordered. Vehicles in this brochure are shown with optional equipment. See your dealer for complete details on the Audi New Vehicle Limited Warranty, twelve-year limited warranty against corrosion perforation, and Audi 24/7 Roadside Assistance.
