

Nissan Intelligent Mobility moves you one step ahead. In cars that feel like an extension of you, helping you see more and sense more, reacting with you, and sometimes even for you. Nissan Intelligent Mobility is about a better future – moving through life with greater confidence, excitement and connection to the world around you.

2021
LEAF®

¹2021 EPA range of 149 miles for LEAF® S, SV; 226 miles for LEAF S PLUS; 215 miles for LEAF SV PLUS, SL PLUS. 2021 EPA Fuel Economy Estimates 123 City MPGe/99 Highway MPGe/111 Combined MPGe for LEAF S and SV; 118 City MPGe/97 Highway MPGe/108 Combined MPGe for LEAF S PLUS; 114 City MPGe/94 Highway MPGe/104 Combined MPGe for LEAF SV PLUS and SL PLUS. Based on EPA formula of 33.7 kW/hour equal to one gallon of gasoline energy. Actual range will vary with trim levels, options, and driving conditions; see Customer Disclosure Form for details. ²Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. ³Nissan Safety Shield technologies can't prevent all collisions or warn in all situations. See Owner's Manual for important safety information. ⁴Availability of features vary by vehicle model year, model, trim level, packaging, and options. Please see Owner's Manual for important feature information. ⁵Monitor traffic conditions and use conventional brake as needed to prevent collisions. See Owner's Manual for safety information. ⁶ProPILOT Assist cannot prevent collisions. It is the driver's responsibility to be in control of the vehicle at all times. Always monitor traffic conditions and keep both hands on the steering wheel. System operates only when lane markings are detected. Does not function in all weather, traffic and road conditions. System has limited control capability and the driver may need to steer, brake or accelerate at any time to maintain safety. See Owner's Manual for safety information. ⁷Automatic Emergency Braking with Pedestrian Detection cannot prevent all collisions and may not provide warning or braking in all conditions. Driver should monitor traffic conditions and brake as needed to prevent collisions. See Owner's Manual for safety information. ⁸Rear Automatic Braking cannot prevent all collisions and may not provide warning or braking in all conditions. Driver should always turn and check surroundings before driving and brake as needed to prevent collisions. See Owner's Manual for safety information. ⁹Rear Cross Traffic Alert may not detect all vehicles. See Owner's Manual for safety information. ¹⁰Blind Spot Warning cannot prevent collisions and may not detect every object or warn in all situations. Driver should always turn and look before changing lanes. See Owner's Manual for safety information. ¹¹Lane Departure Warning only operates when lane markings are able to be detected. See Owner's Manual for safety information. ¹²Use feature only when safe and legal. Compatible device and service required. Subject to third party service availability. For more information see [NissanUSA.com/connect/legal](https://www.nissanusa.com/connect/legal). ¹³Use the text messaging feature after stopping your vehicle in a safe location. If you have to use the feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. Compatible smartphone required. Text rates and/or data usage may apply. ¹⁴Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. ¹⁵Available feature. ¹⁶Some chargers may not be compatible with your LEAF. Contact charger manufacturer before purchase for information on compatibility and warranty. Nissan does not warrant and is not responsible for loss, including consequential, incidental, or other damages, caused by charger defects or incompatibility. ¹⁷Charging capacity and times may vary based on battery temperature. ¹⁸Public charging networks are provided by independent companies, and are not within Nissan's control. Availability of charging stations not guaranteed. ¹⁹Zero Gravity seats for driver and outboard passengers only. ²⁰Leather appointments. ²¹Extra cost option. ²²Available with SV/SV PLUS Technology Package only. ²³Intelligent Forward Collision Warning cannot prevent collisions. See Owner's Manual for safety information. ²⁴Intelligent Lane Intervention only operates when lane markings are detectable. See Owner's Manual for safety information. ²⁵Intelligent Blind Spot Intervention cannot prevent all collisions and may not detect every object or warn in all situations. Driver should always turn and look before changing lanes. See Owner's Manual for safety information. ²⁶RearView Monitor may not detect every object and does not eliminate blind spots or warn of moving objects. See Owner's Manual for safety information. ²⁷Does not detect people or cargo. Always check rear seat before exiting. See Owner's Manual for safety information. ²⁸Intelligent Cruise Control uses limited braking and is not a collision avoidance or warning system. Driver should monitor traffic conditions and brake as needed to prevent collisions. See Owner's Manual for safety information. ²⁹Intelligent Around View® Monitor cannot eliminate blind spots and may not detect every object. Driver should always turn and check surroundings before driving. See Owner's Manual for safety information. ³⁰Intelligent Driver Alertness cannot provide a warning in every situation. See Owner's Manual for safety information. ³¹Genuine Nissan Accessories are covered by Nissan's Limited Warranty on Genuine Nissan Replacement Parts, Genuine NISMO® 5-Tune Parts, and Genuine Nissan Accessories for the longer of 12 months/12,000 miles (whichever occurs first) or the remaining period under the 3-year/36,000-mile (whichever occurs first) Nissan New Vehicle Limited Warranty. Terms and conditions apply. See dealer, Warranty Information Booklet, or [parts.NissanUSA.com](https://www.parts.nissanusa.com) for details. ³²Cargo and load capacity limited by weight and distribution. Always secure cargo. ³³Zero tailpipe emissions. ³⁴Brake Assist cannot prevent all collisions and may not provide warning or braking in all conditions. Driver should monitor traffic conditions and brake as needed to prevent collisions. See Owner's Manual for safety information. ³⁵Sonar System may not detect every object. Driver should always check surroundings before driving. See Owner's Manual for safety information. ³⁶Intelligent Trace Control cannot prevent collisions or loss of control. Driver should remain in control of vehicle at all times. See Owner's Manual for safety information. ³⁷Vehicle Dynamic Control cannot prevent collisions due to abrupt steering, carelessness, or dangerous driving techniques. It should remain on when driving, except when freeing the vehicle from mud or snow. See Owner's Manual for safety information. ³⁸Air bags are only a supplemental restraint system. Always wear your seat belt. Rear-facing child restraints should not be placed in the front-passenger's seat. All children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents. See Owner's Manual for safety information. ³⁹Tire Pressure Monitoring System is not a substitute for regular tire pressure checks. See Owner's Manual for safety information. ⁴⁰Vehicle must be on for the Easy-Fill Tire Alert to operate. ⁴¹For a period of 36 months/36,000 miles from the date the vehicle is delivered to the first retail buyer or otherwise put into use, whichever is earlier. Zero Emission

There's excitement. Then there's the kind of excitement that makes every moment behind the wheel a rush. Up to 226 miles of range on Nissan LEAF® S PLUS means your destination possibilities have opened up.¹ Put your compatible smartphone on the big screen and connect to your world.² Drive with more confidence, thanks to a suite of standard Nissan Safety Shield® 360 features that can look out all around you.³ The 2021 Nissan LEAF. This is how driving should feel. This is Nissan Intelligent Mobility.⁴

EPA RANGE UP TO
226
MILES ON S PLUS¹
SL PLUS shown with
EPA range up to 215 miles.¹

Nissan LEAF® SL PLUS shown in Two-tone Pearl White TriCoat/Super Black.

Feel the rush of instant acceleration

It's a thrill you never saw coming. Nissan LEAF's 100% electric drive-train delivers instant acceleration as soon as you touch the pedal. Turn the wheel, and the fun continues, with a battery pack that sits low in the chassis, letting you hug the road.

e-Pedal – One-pedal driving

Imagine having the option to drive with one pedal. Just press down for an instant rush and ease off to slow down and come to a stop. It's not only fun, but encourages you to drive more efficiently, and can help extend your range.¹ Of course, going back to driving with two pedals is as easy as flipping a switch.⁵

Confidence has never come this easy

Helps keep you centered –
even in gentle curves⁶

Helps maintain your preset
speed and distance⁶

Can even come to a
complete stop⁶

ProPILOT Assist

With available ProPILOT Assist, the Nissan LEAF® helps out with daily highway driving – helping you follow the car ahead at a preset distance or helping keep you centered in your lane. It can even bring you to a full stop based on the traffic flow, and can bring you back up to speed when traffic starts moving again. It all adds up to a more confident, enjoyable drive.⁶

Nissan Safety Shield® 360

Nissan Intelligent Mobility is changing how you move forever with technology that makes you feel more connected, confident, and excited.

As part of Nissan Intelligent Mobility, Safety Shield 360 consists of features that help you see more, sense more, and can give you an assist when you need it. The following features are standard on Nissan LEAF.^{3, 4}

Automatic Emergency Braking with Pedestrian Detection⁷

Rear Automatic Braking⁸

Rear Cross Traffic Alert⁹

Blind Spot Warning¹⁰

Lane Departure Warning¹¹

High Beam Assist

Blind Spot Warning¹⁰

There's nothing like seeing it on the big screen

People to see? Places to be? Just ask Siri®. Equipped with Siri® voice control, standard Apple CarPlay® brings your contacts, favorite messaging apps, Apple Music® playlists, Apple Maps, and more on board to your Nissan LEAF. Simply plug in your compatible iPhone® and go.^{2, 12}

With standard Android Auto,™ you can keep your eyes on the road and hands on the wheel while using your voice to help you with your day. Ask Google to play your favorite song, navigate home, or respond to a text hands-free. Just say, "Hey Google" or long-press the voice control button on your steering wheel.^{12, 13, 14}

Get your day started with NissanConnect® EV & Services

Your Nissan LEAF® is powered up and you're connected – and you haven't even stepped out of the house yet. The NissanConnect® EV Skill with Amazon Alexa or the NissanConnect® EV Action on Google makes it possible. Or just use the NissanConnect® EV & Services app on your compatible smartphone to lock and unlock your doors, heat or cool your cabin while charging, and more.^{2, 12, 15}

Connect the way you want

With NissanConnect® technologies, you can tailor how you stay in touch. Plug in and access your compatible smartphone. Available Nissan Door to Door Navigation makes driving to your next destination seamless. Bluetooth® and hands-free texting mean it's easier than ever to connect with your world. And you'll stay charged up with three standard USB ports, and a standard USB-C port.^{2, 12, 13, 14}

Charging at home

Charge overnight, when electricity rates are often lower, using an available 240-V plug.¹⁶

It's never been easier to get a home charger installed with Amazon Home Services.

AT-HOME 240-V CHARGING¹⁷

62 kWh BATTERY:

EPA Range up to 226 Miles on Nissan LEAF S PLUS¹
Approx. 11.5 Hours = Full Charge¹⁷

40 kWh BATTERY:

EPA Range up to 149 Miles on Nissan LEAF S and SV¹
Approx. 8 Hours = Full Charge¹⁷

EPA Range up to 215 miles as shown on Nissan LEAF SL PLUS.

Charging on the go

An ever-expanding network of public EV charging stations means you've got a lot of options for your next charge. Just use the available menu on your Nissan LEAF's center touch-screen display – you can even filter for the type of charger you are looking for, type of payment method, and more.^{12, 18}

PUBLIC DC QUICK CHARGING^{17, 18}

62 kWh BATTERY:

EPA Range up to 226 Miles on Nissan LEAF S PLUS¹
Approx. 45 Minutes = 80% Charge¹⁷ (100 kW)
Approx. 60 Minutes = 80% Charge¹⁷ (50 kW)

40 kWh BATTERY:

EPA Range up to 149 Miles on Nissan LEAF S and SV¹
Approx. 40 Minutes = 80% Charge¹⁷ (50 kW)

EPA Range up to 215 miles as shown on Nissan LEAF SL PLUS.

Available 120-V/240-V portable charge cable.¹⁶

Grab hold of a driver-centric design

It's all around you. Bold lines, distinctive touches, and the sense that this is a vehicle like no other. The Nissan LEAF®'s driver-centric environment proves you don't have to sacrifice comfort or convenience when driving electric. With features like a telescoping D-shaped steering wheel, distinctive center console, and a "floating" touch-screen display that puts your compatible iPhone® on center stage with Apple CarPlay,^{®12} it's clear this interior was designed with you in mind.
