Stingray Coupe

Stingray Convertible shown in large illustration.

CORVETTE

Standard Features

Corvette has always been the kind of car that makes everyday driving a little more fun. And weekend trips a little more like vacations. The 1973 Vette is certainly no exception.

Standard features include a new front-end appearance with a newly styled resilient body-color bumper, new grille and parking lights. There's a new domed hood with carburetor air induction. And new chute-type functional front fender air outlets. There are new side-guard door beams and a new stronger front bumper. New body mounting and insulation make for a quieter ride, while new GR70-15 steel-belted radial ply black-wall tires make for important durability and a softer, quieter ride at highway speeds.

Of 10 colors offered, seven are new. Convertible fans who choose the available hardtop can have it with a black vinyl covering. Very handsome.

Also standard: Steel-reinforced fiberglass body. Power-operated retractable dual headlights. Front and rear air spoilers. Removable roof panel sections and new built-in rear window on the coupe. Removable hardtop styling for the convertible. Recessed outside door handles. Keyless door locking. Full door-glass styling. Tinted glass in all windows. New Hide-A-Way windshield wipers. Twin rear-deck air exhaust grilles. Wheel trim rings and center caps. Four-wheel disc brakes—self-adjusting. Positraction rear axle. All-welded ladder-type frame. Four-wheel independent suspension. Suspension matched to power team.

Ball-race steering. Sealed side-terminal Delco Energizer battery. Aircraft-type instrumentation. Flow-through ventilation. Folding seat back latches. Center console. Day-night inside rearview mirror. Console-mounted parking brake control. Sport-styled steering wheel.

Tachometer. Trip odometer. Rally-type electric clock. Ammeter, oil pressure, fuel and temperature gauges. Courtesy light with automatic door switches. Suspended accelerator pedal. Rear compartment stowage wells. Warning light for door ajar. Delcotron generator with built-in solid-state regulator.

Interiors

- Standard all-vinyl bucket-seat interior luxury for the '73 Corvette comes in five color choices: black, blue, medium saddle, red and dark saddle.
- A Custom Interior is available in black, medium saddle or dark saddle. Includes leather seat panels, plush cut-pile carpeting, special door trim with carpeted lower panels, plus rich wood-grain accents on doors and console.

Reassurance Features

- Outside rearview mirror
- Dual master cylinder brake system with warning light
- Starter safety switch
- Improved bumper system.

ANTI-THEFT

- Audio alarm system.
- Anti-theft ignition key warning buzzer.
- Anti-theft steering column lock.

Power Mates

ENGINES

All 1973 Corvette engines are equipped with advanced exhaust emission control systems, and are designed to operate efficiently on all regular grade gasolines including low-lead or no-lead. In addition to the lower exhaust emissions attainable, there are benefits in longer life for your spark plugs, exhaust system and other engine components. If these no-lead, low-lead gasolines are not available, any leaded regular grade gasoline with a research octane number of 91 or higher may be used.

- Turbo-Fire 350-4 V8, standard. Four-barrel carburetor. Compression ratio—8.5:1. Hydraulic valve lifters.
- Turbo-Fire Special 350-4 V8, available. Four-barrel carburetor. Compression ratio—9.0:1. Hydraulic valve lifters.
- Turbo-Jet 454-4 V8, available. Four-barrel carburetor. Compression ratio—8.25:1. Hydraulic valve lifters.

TRANSMISSIONS

- 4-SPEED manual, standard. Wide-range, fully synchronized. Console-mounted shift lever. Gear ratios: first—2.52:1, second—1.88:1, third—1.46:1, fourth—1.00:1. Also available in close-ratio version: first—2.20:1, second—1.64:1, third—1.27:1, fourth—1.00:1. (Close-ratio not available with standard engine.)
- TURBO HYDRA-MATIC, available. Console-mounted shift. Can be shifted manually through three forward ranges, or left in "drive" for automatic shifting.

Engines	SAE net hpt	4-Speed	Turbo Hydra-matic
Turbo-Fire 350-4 V8*	190 @ 4400 RPM	*	•
Turbo-Fire Special 350-4 V8	250 @ 5200 RPM	*	•
Turbo-Jet 454-4 V8	275 @ 4400 RPM	*	•

*Standard.
†Net horsepower ratings, in accordance with Society of Automotive Engineers standards, represent the power output of engines as installed in the automobiles.
