THE BMW i3 120Ah.

The BMW i3 120Ah is shown above in Imperial Blue metallic paint with Frozen Grey highlight and optional 20" BMW i Double-spoke style 430 wheels in Bicolour.

■ Standard equipment □ Optional equipment

# THE BMW i3 120Ah.

## EXTERIOR

- 19" BMW i light alloy Turbine style 429 wheels, Bicolour
- LED headlights
- Dynamic brake lights
- Exterior mirrors, electrically folding with anti-dazzle
- Carbon fibre reinforced plastic (CFRP) body structure
- A-pillar and roof moulding in High-gloss Black and Chrome optic highlight
- Exterior mirror caps in High-gloss Black
- Rear spoiler, Black with integrated LED brake light
- Kidney grille, High-gloss Black with Chrome contrast edging

## INTERIOR

- Seat heating, front
- Heat protection glazing with green-tint
- Extended storage
- Aragats Grey / Black Neutronic cloth upholstery
- Multi-function leather steering wheel, two-spoke – Black with unique BMW i Blue accent
- Interior trim, Andesit Silver metallic effect
- Interior world, Atelier
- Slide through light-weight front seats, with contrast highlighting in BMW i Blue

## SAFETY & TECHNOLOGY

- Park Distance Control, rear
- Rain sensor with automatic wiper and headlight activation
- Conditioned Based Servicing
- Remote control, including integrated key

## BATTERY & CHARGING

- Digital Charging Service (12 months as standard)
- 2.4kW AC charging
- AC fast charge cable
- Li-Ion Battery with active cooling with 38kWh usable energy content
- BMW eDrive motor
- DC Rapid Charge preparation
- Fast charging AC multi-phase capability
- Illuminated charging socket with visual display of charge status

## AUDIO & COMMUNICATION

- Navigation system –BMW Professional Multimedia
- Apple CarPlay® preparation
- BMW ConnectedDrive Services, comprising:
  - BMW Apps interface
  - BMW Emergency Call
  - BMW Online Services
  - BMW TeleServices
  - Connected eDrive Services
  - Real Time Traffic Information (RTTI)
- Bluetooth hands-free facility with USB audio interface
- DAB digital radio
- BMW Professional radio without CD player

THE BMW i3s 120Ah.

The BMW i3s 120Ah is shown above in Fluid Black non-metallic paint with BMW i Blue highlight.

■ Standard equipment □ Optional equipment

# THE BMW i3s 120Ah.

In addition / replacement to i3 models

## EXTERIOR

- 20" BMW i light alloy Double-spoke style 431 wheels, Bicolour with mixed tyres
- Front bumper with i3s specific High-gloss Black inlay and highlights (finished in BMW i Blue or Frozen Grey)
- High-gloss Black wheel arch extensions and wider track (+40mm)
- A-pillar and roof moulding in High-gloss Black
- i3s badge on rear tailgate
- Kidney grille, High-gloss Black with Chrome contrast edging

## INTERIOR

- Front floor mat with i3s model designation in the centre

## SAFETY & TECHNOLOGY

- Additional 14hp of engine power, additional 20Nm of torque and 0.4 seconds reduction in 0-62mph (0-100km/h) time
- Additional SPORT driving mode with adapted sport driving pedal behaviour
- Sport suspension (10mm lower)
- i3s specific steering characteristics

The BMW i3s 120Ah is shown above in Fluid Black non-metallic paint with BMW i Blue highlight.

Blue Ridge Mountain with Frozen Grey highlight

Fluid Black with BMW i Blue highlight

# INTERIOR WORLDS.

## ■ ATELIER.

The Atelier interior world is characterised by the gentle contrast of Dark interior trim, Grey cloth combination and individual Blue accents. The trim in the instrument panel and the door areas is made from the mallow plant kenaf. This innovative material is a particularly distinctive design feature of the standard interior world. Not only is it a lightweight material, but its subtly blended surface has the natural look of felt.

## □ LOFT.

With the light Grey tones of the seats, sections of the dashboard and the side panels, the Loft interior world is characterised by an especially purist aesthetic. The modern cloth combination for the seats in both the front and rear is manufactured from recycled synthetic material, similar to that used in high-quality functional wear. This same material provides optimum comfort by means of its temperature-regulating properties.

## □ LODGE.

Like no other equipment variation, the Lodge interior world embodies the new and contemporary premium concept of BMW i. The especially aesthetic combination of matt wood, soft leather and soft wool is essentially without equal in the automotive world. The Eucalyptus and Oak wood are obtained only from certified and environmentally-friendly lumber companies. The wood is neither bleached, painted nor lacquered and thus retains its surface colour and texture. The standard interior trim is Eucalyptus wood, matt. As shown below, the Dark Oak, matt is available as a no cost option.

## □ SUITE.

The Suite interior world is defined by the generous use of leather in a warm, Dark Truffle colour. In the instrument panel area, it creates a stylish contrast to the contoured wooden elements made of Dark Oak. On the door panels, the leather harmonises with the individual fabric elements. Despite the vehicle's luxurious character, the BMW i designers only integrate the soft leather surfaces where the driver can feel them and therefore needs them, such as on the armrests.

# OPTIONAL EQUIPMENT HIGHLIGHTS.

## AUXILIARY CABIN HEATING SYSTEM.

The auxiliary heating system features an inverted air-conditioning system that draws in ambient air and heats it with a heat pump. Compared with a conventional heating system, up to 50% higher energy efficiency in heating is possible at constant heating comfort. This can improve battery range by up to approximately 30%.

## ELECTRIC GLASS SUNROOF.

The electric glass sunroof features sun protection glass, tilt and slide function and an integrated wind deflector.

## eDRIVE EXTERIOR SOUND.

The eDrive exterior sound is an artificial sound at low speeds, below approximately 20mph [32km/h]. This sound is set to be active by default when starting the vehicle but can be turned off in the iDrive system.

## COMFORT ACCESS.

Comfort Access allows keyless access to the vehicle via both the driver and front passenger doors as well as the bootlid.

## SEAT BELTS.

The seat belts for all four seats appear in BMW i Blue. They provide the same functionality as the standard three-point seat belts.

## HARMAN/KARDON LOUDSPEAKER SYSTEM.

The harman/kardon loudspeaker system with surround mode has a 360W digital amplifier, vehicle-specific equalising and 12 speakers.

# CHARGING.

Soon after purchasing an electric car, you'll find that charging becomes more of an intuitive routine than a specific operation. Thanks to the portfolio of 360° ELECTRIC Products and Services, which provide easy and convenient charging, you can always rely on your BMW i3.

Using the cable provided, you can charge the high voltage battery via a conventional<sup>1</sup> socket. However, for regular fast charging BMW recommends the BMW i Wallbox for a convenient home solution. With the BMW i Wallbox Connect, AC fast charging can take less than 5 hours (0-80%). For rapid charging, the standard DC rapid-charge function is the perfect solution for the BMW i3. Charging up at a suitable public charging point, for example, a DC rapid-charge facility takes approximately 42 minutes (0-80%).

For more information please visit [www.bmw.ie/charging](http://www.bmw.ie/charging)

	Standard charge	AC Fast charge	AC Rapid Charge	DC Rapid charge
Specification	AC Type 2 / Mode 2 Charging / up to 2.3kW / 10Amps	AC Type 2 / Mode 3 Charging / 7.4kW / 32Amps	AC Type 2 / Mode 3 Charging / 11kW / 3 x 16Amps	DC Combo 2 / Mode 4 Charging / 50kW
Approximate Charging time	< 15 hours for 0-80% State of Charge	< 4.9 hours for 0-80% State of Charge	< 3.2 hours for 0-80% State of Charge	< 42 minutes for 0-80% State of Charge

The design of the charging cable may vary from images shown. <sup>1</sup> = It is advised that domestic electrical wiring is checked by a qualified electrician.

# HOME CHARGING.

## FOR FAST AND SAFE CHARGING AT HOME.

The progressive and ergonomically designed BMW i Wallbox Connect fulfils the important requirements of safety and comfort making it the ideal home charging solution. With the standard charging cable, you can charge your BMW i3 from 0-80% at home via a conventional socket<sup>1</sup> in around fifteen hours. However, charging at home is made even easier with the BMW i Wallbox Connect. With a charging capacity of up to 11kW the lithium-ion high-voltage battery in the BMW i3 and BMW i3s is charged 0-80% in around 3.2 hours<sup>2</sup>.

The ergonomic, high-quality design of the BMW i Wallbox Connect provides maximum charging convenience with the ability to wrap the cable around the Wallbox. The BMW i Wallbox Connect also features RFID chip card authentication for secured charging of up to three different vehicles. For even greater convenience, the BMW i Wallbox Connect is WiFi enabled for simple integration to your home network<sup>^</sup> and can be controlled via the BMW iV smartphone app (iOS, Android), where session energy consumption can be viewed. Furthermore, 'Intelligent Charging' is possible in connection with the additional Digital Charging Service available from BMW.

Collectively these are all aspects that have a positive impact on cost and ultimately ensures a sustainable charging experience.

For responsible charging, the BMW i3 comes with a seven day timer to aid charging at night, when renewable energy makes a higher proportion of the energy supply and when demand is at its lowest.

For more information please visit [www.bmw.ie/charging](http://www.bmw.ie/charging)

BMW i Wallbox Connect

<sup>1</sup> = It is advised that domestic electrical wiring is checked by a qualified electrician. <sup>2</sup> = Dependent on local electricity infrastructure and the selected optional equipment. <sup>^</sup> = Compatibility and survey dependent, additional costs may apply. \* = Subject to OLEV subsidy and qualification which may be liable to change. The design of the charging cable may vary from images shown.

## PUBLIC CHARGING.

ChargeNow is a service from BMW i which, in partnership with BP Chargemaster, enables customers in the UK to access the largest network of public charging points nationwide with a single card – the BMW i ChargeNow charging card. Charging points in the ChargeNow network are displayed using the BMW i ConnectedDrive Services in the specially developed navigation system, making it especially quick and easy to find and use public charging points in conjunction with the BMW i Public Charging cable supplied with the vehicle.

Furthermore, their availability<sup>†</sup> is displayed in real time, indicating whether the points are available for use.

For a monthly fee of £7.85 and pay-as-you-charge access, payment is simple and cashless via the ChargeNow card. You will also receive a detailed itemised statement once a month and can access your account information online.

For more information please visit [www.bmw.ie/charging](http://www.bmw.ie/charging)

BMW i Public Charging Cable

The design of the charging cable may vary from images shown.

# ASSISTANCE SERVICES.

## ASSISTANCE SERVICES.

BMW's portfolio of assistance services offers a broad range of solutions for all daily challenges that customers face. For BMW i drivers, the range of services for BMW vehicles has been complemented with specific eMobility services to make running an electric vehicle simple.

BMW ConnectedDrive applications assist you with charging as well as using your BMW i vehicle. Your BMW i3 will, for example, notify you via your Smartphone application about the current charging

status, inform you about the battery State of Charge or remind you if the vehicle needs to be recharged to maintain the battery. And of course BMW i Mobile Care will support you 24 hours a day, 7 days a week in case there is an unforeseen event.

Your BMW i3 also comes with an eight year / 100,000 mile high voltage battery warranty as standard, to accompany the three year unlimited mileage vehicle warranty.

## BMW i MOBILE CARE.

With the purchase of a BMW i3 and i3s, the comprehensive BMW i Mobile Care package is automatically provided. This ensures that professional help is available via telephone for any unforeseen events that could affect the vehicle or charging infrastructure and, if needed, provides rapid assistance at your location. In the event of an emergency,

assistance is available 24 hours a day, wherever you are in the UK, and help is on hand to either recover your vehicle to the most appropriate BMW i Retailer or to find the most practical way to recharge it. In the unfortunate event of your vehicle being off the road, we provide a two-day car hire period so that you can remain mobile, minimising any inconvenience\*.

\* = Mobility will result in the loan of a vehicle and like for like replacements are not applicable as part of the BMW i Mobile Care terms.

# WHEELS & TYRES.

## 20" BMW i LIGHT ALLOY DOUBLE-SPOKE STYLE 431 WHEELS, JET BLACK.

20" BMW i light alloy Double-spoke style 431 wheels, Jet Black, front 5.5J x 20 with 175/55 R20 tyres, rear 6J x 20 with 195/50 R20 tyres.

Optional for BMW i3s.

## 20" BMW i LIGHT ALLOY DOUBLE-SPOKE STYLE 431 WHEELS.

20" BMW i light alloy Double-spoke style 431 wheels, front 5.5J x 20 with 175/55 R20 tyres, rear 6J x 20 with 195/50 R20 tyres.

Standard for BMW i3s.

## 20" BMW i LIGHT ALLOY DOUBLE-SPOKE STYLE 430 WHEELS, BICOLOUR.

20" BMW i light alloy Double-spoke style 430 wheels, Bicolour, front 5J x 20 with 155/60 R20 tyres, rear 5.5J x 20 with 175/55 R20 tyres.

Optional for BMW i3.

## 19" BMW i LIGHT ALLOY TURBINE STYLE 428 WHEELS, BICOLOUR.

19" BMW i light alloy Turbine style 428 wheels, Bicolour, front 5J x 19 with 155/70 R19 tyres, rear 5.5J x 19 175/60 R19 tyres.

Optional for BMW i3.

## 19" BMW i LIGHT ALLOY TURBINE STYLE 429 WHEELS, BICOLOUR.

19" BMW i light alloy Turbine style 429 wheels, Bicolour, front 5J x 19 with 155/70 R19 tyres, rear 5.5J x 19 with 175/60 R19 tyres.

Standard for BMW i3.

## 19" BMW i LIGHT ALLOY STREAMLINE STAR-SPOKE STYLE 427 WHEELS.

19" BMW i light alloy Streamline Star-spoke style 427 wheels, 5J x 19 with 155/70 R19 tyres.

Optional for BMW i3.

# GENUINE BMW i ACCESSORIES.

A BMW i3 always delivers a special drive and Genuine BMW i Accessories make the experience better still. Combining great ideas, immaculate design and sheer practicality to create innovative solutions, Genuine BMW i Accessories are available in many categories: exterior, interior, communications & information and transport & luggage compartment solutions. Your BMW i Agent will be pleased to advise you on the complete range of Genuine BMW i Accessories. For further information, please visit [www.bmw.ie/en/topics/owners/bmw-service-parts-accessories](http://www.bmw.ie/en/topics/owners/bmw-service-parts-accessories)

The design of the charging cable may vary from images shown.

# TECHNICAL INFORMATION.

	i3 120Ah	i3s 120Ah
--	----------	-----------

	i3 120Ah	i3s 120Ah
Power output (hp)	170	184
0-62mph / 0-100km/h (secs)	7.3	6.9
Fuel consumption – combined (mpg / l/100km)*	n/a	n/a
CO <sub>2</sub> emissions – combined (g/km)*	0	0
Electric energy consumption – weighted combined (miles/kWh)*	3.9-4.0	3.8
Electric energy consumption – weighted combined (km/kWh)*	11.5-11.1	11.5-11.1
Pure Electric Range – combined (miles)*	182.1-188.9	173.4-175.2
Pure Electric Range – combined (km)*	293.0-304.0	279.0-282.0

\* = These figures were obtained after the battery had been fully charged. The BMW i3 and i3s 120Ah is a battery electric vehicle requiring mains electricity for charging. There is a new test for fuel consumption, CO<sub>2</sub> and electric range figures. The electric range shown was achieved using the new test procedure. Figures shown are for comparability purposes. Only compare fuel consumption, CO<sub>2</sub> and electric range figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, accessories fitted (post-registration), variations in weather, driving styles and vehicle load. The CO<sub>2</sub> figures shown above have been determined according to the WLTP test. The CO<sub>2</sub> figures were previously based on the NEDC equivalent.
